2016

A Health Maintenance Organization (High and Standard option)

This plan's health coverage qualifies as minimum essential coverage and meets the minimum value standard for the benefits it provides. See page 4 for details.

IMPORTANT

- Rates: Back Cover
- Changes for 2016: Page 17
- Summary of benefits: Page 100

Serving: **Kansas City Metropolitan Area (Kansas and Missouri)**

Enrollment in this plan is limited. You must live or work in our geographic service area to enroll. See page 16 for requirements.

Enrollment codes:

- HA1 High Option - Self Only**
- HA3 High Option - Self Plus One**
- HA2 High Option - Self and Family**

- HA4 Standard Option - Self Only**
- HA6 Standard Option - Self Plus One**
- HA5 Standard Option - Self and Family**

Special notice: This Plan will not offer its High Deductible Health Plan (HDHP) for 2016. Members in enrollment 9H who do not change health plans during Open Season will be automatically enrolled in the Standard Option (code HA) for 2016.

Authorized for distribution by the:

**United States
Office of Personnel Management**

RI 73-128

Important Notice from Aetna About Our Prescription Drug Coverage and Medicare

The Office of Personnel Management (OPM) has determined that Aetna Open Access prescription drug coverage is, on average, expected to pay out as much as the standard Medicare prescription drug coverage will pay for all plan participants and is considered Creditable Coverage. This means you do not need to enroll in Medicare Part D and pay extra for prescription drug coverage. If you decide to enroll in Medicare Part D later, you will not have to pay a penalty for late enrollment as long as you keep your FEHB coverage.

However, if you choose to enroll in Medicare Part D, you can keep your FEHB coverage and your FEHB plan will coordinate benefits with Medicare.

Remember: If you are an annuitant and you cancel your FEHB coverage, you may not re-enroll in the FEHB program.

Please be advised

If you lose or drop your FEHB coverage and go 63 days or longer without prescription drug coverage that's as least as good as Medicare's prescription drug coverage, your monthly Medicare Part D premium will go up a least 1% per month for every month that you did not have that coverage. For example, if you go 19 months without Medicare Part D prescription drug coverage, your premium will always be at least 19 percent higher than what many other people pay. You will have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the Annual Coordinated Election Period (October 15 through December 7) to enroll in Medicare Part D.

Medicare's Low Income Benefits

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA) online at www.socialsecurity.gov, or call the SSA at 1-800-772-1213 (TTY 1-800-325-0778).

You can get more information about Medicare prescription drug plans and the coverage offered in your area from these places:

- Visit www.medicare.gov for personalized help,
- Call 1-800-MEDICARE (1-800-633-4227), (TTY: 1-877-486-2048).

Introduction

This brochure describes the benefits of Aetna* under our contract (CS 1948) with the United States Office of Personnel Management, as authorized by the Federal Employees Health Benefits law. Customer Service may be reached at 1-800-537-9384 or through our website: www.aetnafeds.com. The address for Aetna administrative office is:

Aetna
Federal Plans
PO Box 550
Blue Bell, PA 19422-0550

This brochure is the official statement of benefits. No verbal statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self and Family coverage, each eligible family member is also entitled to these benefits. If you enroll in Self Plus One coverage, you and one eligible family member that you designate when you enroll are entitled to these benefits. You do not have a right to benefits that were available before January 1, 2016, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each Plan annually. Benefit changes are effective January 1, 2016 and changes are summarized on page 17. Rates are shown at the end of this brochure.

Coverage under this plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirements. Please visit the Internal Revenue Service (IRS) website at www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision for more information on the individual requirement for MEC.

The ACA establishes a minimum value for the standard of benefits of a health plan. The minimum value standard is 60% (actuarial value). The health coverage of this plan does meet the minimum value standard for the benefits the plan provides.

* The Aetna companies that offer, underwrite or administer benefits coverage are Aetna Health Inc., Aetna Life Insurance Company, and Aetna Dental Inc.

Plain Language

All FEHB brochures are written in plain language to make them easy to understand. Here are some examples,

- Except for necessary technical terms, we use common words. For instance, “you” means the enrollee or family member, “we” means Aetna.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean.
- Our brochure and other FEHB Plans’ brochures have the same format and similar descriptions to help you compare plans.

Stop Health Care Fraud!

Fraud increases the cost of health care for everyone and increases your Federal Employees Health Benefits Program premium.

OPM’s Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

Protect Yourself From Fraud – Here are some things that you can do to prevent fraud:

- Do not give your Plan identification (ID) number over the telephone or to people you do not know, except to your health care providers, authorized health benefits plan or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.

- Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review explanations of benefits (EOBs) statements that you receive from us.
- Periodically review your claims history for accuracy to ensure we have not been billed for services you did not receive.
- Do not ask your doctor to make false entries on certificates, bills or records in order to get us to pay for an item or service.
- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
 - Call the provider and ask for an explanation. There may be an error.
 - If the provider does not resolve the matter, call us at 1-800/537-9384 and explain the situation.
 - If we do not resolve the issue:

CALL - THE HEALTH CARE FRAUD HOTLINE

877-499-7295

OR go to:

www.opm.gov/our-inspector-general/hotline-to-report-fraud-waste-or-abuse/complaint-form/

The online reporting form is the desired method of reporting fraud in order to ensure accuracy and a quicker response time.

You can also write to:

**United States Office of Personnel Management
Office of the Inspector General Fraud Hotline
1900 E Street NW Room 6400
Washington, DC 20415-1100**

- Do not maintain as a family member on your policy:
 - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise)
 - Your child is age 26 or over (unless he/she was disabled and incapable of self-support prior to age 26)
- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage.
- Fraud or intentional misrepresentation of material fact is prohibited under the Plan. You can be prosecuted for fraud and your agency may take action against you. Examples of fraud include, falsifying a claim to obtain FEHB benefits, trying to or obtaining service or coverage for yourself or for someone who is not eligible for coverage, or enrolling in the Plan when you are no longer eligible.
- If your enrollment continues after you are no longer eligible for coverage (i.e., you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed by your provider for services received. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member is no longer eligible to use your health insurance coverage.

Preventing Medical Mistakes

An influential report from the Institute of Medicine estimates that up to 98,000 Americans die every year from medical mistakes in hospitals alone. That's about 3,230 preventable deaths in the FEHB Program a year. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. By asking questions, learning more and understanding your risks, you can improve the safety of your own health care, and that of your family members. Take these simple steps:

1. Ask questions if you have doubts or concerns.

- Ask questions and make sure you understand the answers.
- Choose a doctor with whom you feel comfortable talking.
- Take a relative or friend with you to help you ask questions and understand answers.

2. Keep and bring a list of all the medicines you take.

- Bring the actual medicines or give your doctor and pharmacist a list of all the medicines and dosage that you take, including non-prescription (over-the-counter) medicines and nutritional supplements.
- Tell your doctor and pharmacist about any drug, food, and other allergies you have, such as to latex.
- Ask about any risks or side effects of the medication and what to avoid while taking it. Be sure to write down what your doctor or pharmacist says.
- Make sure your medicine is what the doctor ordered. Ask the pharmacist about your medicine if it looks different than you expected.
- Read the label and patient package insert when you get your medicine, including all warnings and instructions
- Know how to use your medicine. Especially note the times and conditions when your medicine should and should not be taken.
- Contact your doctor or pharmacist if you have any questions.

3. Get the results of any test or procedure.

- Ask when and how you will get the results of test or procedures.
- Don't assume the results are fine if you do not get them when expected, be it in person, by phone, or by mail.
- Call your doctor and ask for your results.
- Ask what the results mean for your care.

4. Talk to your doctor about which hospital is best for your health needs.

- Ask your doctor about which hospital has the best care and results for your condition if you have more than one hospital to choose from to get the health care you need.
- Be sure you understand the instructions you get about follow-up care when you leave the hospital.

5. Make sure you understand what will happen if you need surgery.

- Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
- Ask your doctor, "Who will manage my care when I am in the hospital?"
- Ask your surgeon:
 - "Exactly what will you be doing?"
 - "About how long will it take?"
 - "What will happen after surgery?"
 - "How can I expect to feel during recovery?"

- Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reactions to anesthesia, and any medications or nutritional supplements you are taking.

Patient Safety Links

- www.ahrq.gov/consumer/. The Agency for Healthcare Research and Quality makes available a wide-ranging list of topics not only to inform consumers about patient safety but to help choose quality health care providers and improve the quality of care you receive.
- www.npsf.org. The National Patient Safety Foundation has information on how to ensure safer health care for you and your family.
- www.talkaboutrx.org/ The National Council on Patient Information and Education is dedicated to improving communication about the safe, appropriate use of medicines.
- www.leapfroggroup.org. The Leapfrog Group is active in promoting safe practices in hospital care.
- www.ahqa.org. The American Health Quality Association represents organizations and health care professionals working to improve patient safety.

Never Events

When you enter the hospital for treatment of one medical problem, you don't expect to leave with additional injuries, infections or other serious conditions that occur during the course of your stay. Although some of these complications may not be avoidable, too often patients suffer from injuries or illnesses that could have been prevented if the hospital had taken proper precautions.

We have a benefit payment policy that encourages hospitals to reduce the likelihood of hospital-acquired conditions such as certain infections, severe bedsores and fractures; and reduce medical errors that should never happen. These conditions and errors are called "Never Events". When a Never Event occurs, neither your FEHB plan nor you will incur cost to correct the medical error.

You will not be billed for inpatient services related to treatment of specific hospital-acquired conditions or for inpatient services needed to correct Never Events, if you use Aetna Open Access preferred providers. This policy helps to protect you from preventable medical errors and improve the quality of care you receive.

FEHB Facts

Coverage information

- **No pre-existing condition limitation** We will not refuse to cover the treatment of a condition you had before you enrolled in this Plan solely because you had the condition before you enrolled.
- **Minimum essential coverage (MEC)** Coverage under this plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision for more information on the individual requirement for MEC.
- **Minimum value standard (MVS)** Our health coverage meets the minimum value standard of 60% established by the ACA. This means that we provide benefits to cover at least 60% of the total allowed costs of essential health benefits. The 60% standard is an actuarial value; your specific out-of-pocket costs are determined as explained in this brochure.
- **Where you can get information about enrolling in the FEHB Program** See www.opm.gov/insure/health for enrollment information as well as:
 - Information on the FEHB Program and plans available to you
 - A health plan comparison tool
 - A list of agencies that participate in Employee Express
 - A link to Employee Express
 - Information on and links to other electronic enrollment systems

Also, your employing or retirement office can answer your questions, and give you brochures for other plans, and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

- When you may change your enrollment
- How you can cover your family members
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire
- What happens when your enrollment ends
- When the next Open Season for enrollment begins

We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office. For information on your premium deductions, you must also contact your employing or retirement office.

- **Types of coverage available for you and your family** Self Only coverage is for you alone. Self Plus One coverage is an enrollment that covers you and one eligible family member. Self and Family coverage is for you, your spouse, and your dependent children under age 26, including any foster children authorized for coverage by your employing agency or retirement office. Under certain circumstances, you may also continue coverage for a disabled child 26 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self Plus One or Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event.

The Self Plus One or Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self Plus One or Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form; benefits will not be available to your spouse until you marry.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive benefits, nor will we. Please tell us immediately of changes in family member status, including your marriage, divorce, annulment, or when your child reaches age 26.

If you or one of your family members is enrolled in one FEHB plan, that person may not be enrolled in or covered as a family member by another FEHB plan.

If you have a qualifying life event (QLE) - such as marriage, divorce, or the birth of a child - outside of the Federal Benefits Open Season, you may be eligible to enroll in the FEHB program, change your enrollment, or cancel coverage. For a complete list of QLEs, visit the FEHB website at www.opm.gov/healthcare-insurance/life-events. If you need assistance, please contact your employing agency, Tribal Benefits Officer, personnel/payroll office, or retirement office.

• **Family member coverage**

Family members covered under your Self and Family enrollment are your spouse (including a valid common law marriage) and children as described in the chart below. A Self Plus One enrollment covers you and one eligible family member as described in the chart below.

Children	Coverage
Natural children, adopted children, and stepchildren	Natural children, adopted children and stepchildren are covered until their 26 th birthday.
Foster children	Foster children are eligible for coverage until their 26 th birthday if you provide documentation of your regular and substantial support of the child and sign a certification stating that your foster child meets all the requirements. Contact your human resources office or retirement system for additional information.
Children incapable of self-support	Children who are incapable of self-support because of a mental or physical disability that began before age 26 are eligible to continue coverage. Contact your human resources office or retirement system for additional information.
Married children	Married children (but NOT their spouse or their own children) are covered until their 26 th birthday.
Children with or eligible for employer-provided health insurance	Children who are eligible for or have their own employer-provided health insurance are covered until their 26 th birthday.

You can find additional information at www.opm.gov/insure.

• **Children’s Equity Act**

OPM has implemented the Federal Employees Health Benefits Children’s Equity Act of 2000. This law mandates that you be enrolled for Self Plus One or Self and Family coverage in the FEHB Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll for Self Plus One or Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self Plus One or Self and Family coverage, as appropriate, in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option;
- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the same option of the same plan; or
- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that doesn't serve the area in which your children live, unless you provide documentation that you have other coverage for the children. If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot cancel your coverage, change to Self Only, or change to a plan that doesn't serve the area in which your children live as long as the court/administrative order is in effect. Similarly, you cannot change to Self Plus One if the court/administrative order identifies more than one child. Contact your employing office for further information.

• **When benefits and premiums start**

The benefits in this brochure are effective January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. **If you changed plans or plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be paid according to the 2016 benefits of your old plan or option.** However, if your old plan left the FEHB Program at the end of the year, you are covered under that plan's 2015 benefits until the effective date of your coverage with your new plan. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

If your enrollment continues after you are no longer eligible for coverage, (i.e. you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed for services received directly from your provider. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member are no longer eligible to use your health insurance coverage.

• **When you retire**

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

When you lose benefits

- **When FEHB coverage ends**

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment, or
- You are a family member no longer eligible for coverage.

Any person covered under the 31 day extension of coverage who is confined in a hospital or other institution for care or treatment on the 31st day of the temporary extension is entitled to continuation of benefits under the Plan during the continuance of the confinement but not beyond the 60th day after the end of the 31 day temporary extension.

You may be eligible for spouse equity coverage or Temporary Continuation of Coverage (TCC), or a conversion policy (a non-FEHB individual policy).

- **Upon divorce**

If you are divorced from a Federal employee or annuitant, you may not continue to get benefits under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to provide health coverage for you. However, you may be eligible for your own FEHB coverage under either the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get additional information about your coverage choices. You can also visit OPM's website at: <http://www.opm.gov/healthcare-insurance/healthcare/plan-information/>.

- **Temporary Continuation of Coverage (TCC)**

If you leave Federal service, Tribal employment, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). The Affordable Care Act (ACA) did not eliminate TCC or change the TCC rules. For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal job, if you are a covered dependent child and you turn age 26, regardless of marital status, etc.

You may not elect TCC if you are fired from your Federal or Tribal job due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC, from your employing or retirement office or from www.opm.gov/healthcare-insurance/healthcare/plan-information/guides. It explains what you have to do to enroll.

Alternatively, you can buy coverage through the Health Insurance Marketplace where, depending on your income, you could be eligible for a new kind of tax credit that lowers your monthly premiums. Visit www.HealthCare.gov to compare plans and see what your premium, deductible, and out-of-pocket costs would be before you make a decision to enroll. Finally, if you qualify for coverage under another group health plan (such as your spouse's plan), you may be able to enroll in that plan, as long as you apply within 30 days of losing FEHBP coverage.

- **Finding replacement coverage**

In lieu of offering a non-FEHB plan for conversion purposes, we will assist you, as we would assist you in obtaining a plan conversion policy, in obtaining health benefits coverage inside or outside the Affordable Care Act's Health Insurance Marketplace. For assistance in finding coverage, please contact us at 1-800/537-9384 or visit our website at www.aetnafeds.com.

- **Health Insurance Marketplace**

If you would like to purchase health insurance through the Affordable Care Act's Health Insurance Marketplace, please visit www.HealthCare.gov. This is a website provided by the U.S. Department of Health and Human Services that provides up-to-date information on the Marketplace.

Section 1. How this plan works

This Plan is a health maintenance organization (HMO). We require you to see specific physicians, hospitals, and other providers that contract with us. These Plan providers coordinate your health care services. The Plan is solely responsible for the selection of these providers in your area. Contact the Plan for a copy of their most recent provider directory or visit our website at www.aetnafeds.com. We give you a choice of enrollment in a High Option or a Standard Option.

HMOs emphasize preventive care such as routine office visits, physical exams, well-baby care, and immunizations, in addition to treatment for illness and injury. Our providers follow generally accepted medical practice when prescribing any course of treatment.

When you receive services from Plan providers, you will not have to submit claim forms or pay bills. You pay only the copayments, coinsurance, and deductibles described in this brochure. When you receive emergency services from non-Plan providers, you may have to submit claim forms.

You should join an HMO because you prefer the Plan's benefits, not because a particular provider is available. You cannot change Plans because a provider leaves our Plan. We cannot guarantee that any one physician, hospital, or other provider will be available and/or remain under contract with us.

General features of both our High and Standard Options

Features of our High Option

- A calendar year deductible of \$1,000 Self Only and limited to \$3,000 for Self Plus One or Self and Family.
- The catastrophic protection per calendar year is limited to \$5,000 for Self Only and \$6,850 for Self Plus One or Self and Family.

Features of our Standard Option

- A calendar year deductible of \$2,000 Self Only and limited to \$6,000 for Self Plus One or Self and Family.
- The catastrophic protection per calendar year is limited to \$5,000 for Self Only and \$6,850 for Self Plus One or Self and Family.

We have Open Access Benefits

Our HMO offers Open Access benefits. This means you can receive covered services from a participating network specialist without a required referral from your primary care physician or by another participating provider in the network.

This Open Access Plan is available to members in our FEHBP service area. If you live or work in an Open Access HMO service area, you can go directly to any network specialist for covered services without a referral from your primary care physician. Note: Whether your covered services are provided by your selected primary care physician (for your PCP copay) or by another participating provider in the network (for the specialist copay), you will be responsible for payment which may be in the form of a copay (flat dollar amount) or coinsurance (a percentage of covered expenses). While not required, it is highly recommended that you still select a PCP and notify Member Services of your selection at 1-800/537-9384. **If you go directly to a specialist, you are responsible for verifying that the specialist is participating in our Plan. If your participating specialist refers you to another provider, you are responsible for verifying that the other specialist is participating in our Plan.**

How we pay providers

We contract with individual physicians, medical groups, and hospitals to provide the benefits in this brochure. These Plan providers accept a negotiated payment from us, and you will only be responsible for your copayments, coinsurance and applicable deductible(s).

This is a direct contract prepayment Plan, which means that participating providers are neither agents nor employees of the Plan; rather, they are independent doctors and providers who practice in their own offices or facilities. The Plan arranges with licensed providers and hospitals to provide medical services for both the prevention of disease and the treatment of illness and injury for benefits covered under the Plan.

Specialists, hospitals, primary care physicians and other providers in the Aetna network have agreed to be compensated in various ways:

- Per individual service (fee-for-service at contracted rates),
- Per hospital day (per diem contracted rates),
- Under capitation methods (a certain amount per member, per month), and
- By Integrated Delivery Systems (“IDS”), Independent Practice Associations (“IPAs”), Physician Medical Groups (“PMGs”), Physician Hospital Organizations (“PHOs”), behavioral health organizations and similar provider organizations or groups that are paid by Aetna; the organization or group pays the physician or facility directly. In such arrangements, that group or organization has a financial incentive to control the costs of providing care.

One of the purposes of managed care is to manage the cost of health care. Incentives in compensation arrangements with physicians and health care providers are one method by which Aetna attempts to achieve this goal. You are encouraged to ask your physicians and other providers how they are compensated for their services.

Your Rights

OPM requires that all FEHB plans provide certain information to their FEHB members. You may get information about us, our networks, providers, and facilities. OPM’s FEHB website (www.opm.gov/healthcare-insurance) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- Aetna has been in existence since 1850
- Aetna is a for-profit organization

If you want more information about us, call 1-800/537-9384 or write to Aetna at P.O. Box 550, Blue Bell, PA 19422-0550. You may also visit our website at www.aetnafeds.com.

Your medical and claims records are confidential

We will keep your medical and claims records confidential. Please note that we may disclose your medical and claims information (including your prescription drug utilization) to any of your treating physicians or dispensing pharmacies.

Medical Necessity

“Medical necessity” means that the service or supply is provided by a physician or other health care provider exercising prudent clinical judgment for the purpose of preventing, evaluating, diagnosing or treating an illness, injury or disease or its symptoms, and that provision of the service or supply is:

- In accordance with generally accepted standards of medical practice; and,
- Clinically appropriate in accordance with generally accepted standards of medical practice in terms of type, frequency, extent, site and duration, and considered effective for the illness, injury or disease; and,
- Not primarily for the convenience of you, or for the physician or other health care provider; and,
- Not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of the illness, injury or disease.

For these purposes, “generally accepted standards of medical practice,” means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, or otherwise consistent with physician specialty society recommendations and the views of physicians practicing in relevant clinical areas and any other relevant factors.

Only medical directors make decisions denying coverage for services for reasons of medical necessity. Coverage denial letters for such decisions delineate any unmet criteria, standards and guidelines, and inform the provider and member of the appeal process.

Direct Access Ob/Gyn Program

This program allows female members to visit any participating gynecologist for a routine well-woman exam, including a Pap smear, one visit per calendar year. The program also allows female members to visit any participating gynecologist for gynecologic problems. Gynecologists may also refer a woman directly to other participating providers for specialized covered gynecologic services. All health plan preauthorization and coordination requirements continue to apply. If your Ob/Gyn is part of an Independent Practice Association (IPA), a Physician Medical Group (PMG), an Integrated Delivery System (IDS) or a similar organization, your care must be coordinated through the IPA, the PMG, the IDS, or similar organization and the organization may have different referral policies.

Mental Health/Substance Abuse

Behavioral health services (e.g., treatment or care for mental disease or illness, alcohol abuse and/or substance abuse) are managed by Aetna Behavioral Health. We also make initial coverage determinations and coordinate referrals, if required; any behavioral health care referrals will generally be made to providers affiliated with the organization, unless your needs for covered services extend beyond the capability of these providers. As with other coverage determinations, you may appeal behavioral health care coverage decisions in accordance with the terms of your health plan.

Ongoing Reviews

We conduct ongoing reviews of those services and supplies which are recommended or provided by health professionals to determine whether such services and supplies are covered benefits under this Plan. If we determine that the recommended services and supplies are not covered benefits, you will be notified. If you wish to appeal such determination, you may then contact us to seek a review of the determination.

Authorization

Certain services and supplies under this Plan may require authorization by us to determine if they are covered benefits under this Plan. See section 3, "You need prior plan approval for certain services."

Patient Management

We have developed a patient management program to assist in determining what health care services are covered and payable under the health plan and the extent of such coverage and payment. The program assists members in receiving appropriate health care and maximizing coverage for those health care services.

Where such use is appropriate, our utilization review/patient management staff uses nationally recognized guidelines and resources, such as Milliman Care Guidelines© and InterQual® ISD criteria, to guide the precertification, concurrent review and retrospective review processes. To the extent certain utilization review/patient management functions are delegated to integrated delivery systems, independent practice associations or other provider groups ("Delegates"), such Delegates utilize criteria that they deem appropriate.

- Precertification is the process of collecting information prior to inpatient admissions and performance of selected ambulatory procedures and services. The process permits advance eligibility verification, determination of coverage, and communication with the physician and/or you. It also allows Aetna to coordinate your transition from the inpatient setting to the next level of care (discharge planning), or to register you for specialized programs like disease management, case management, or our prenatal program. In some instances, precertification is used to inform physicians, members and other health care providers about cost-effective programs and alternative therapies and treatments.

Certain health care services, such as hospitalization or outpatient surgery, require precertification with Aetna to ensure coverage for those services. When you are to obtain services requiring precertification through a participating provider, this provider should precertify those services prior to treatment.

- **Concurrent Review:** The concurrent review process assesses the necessity for continued stay, level of care, and quality of care for members receiving inpatient services. All inpatient services extending beyond the initial certification period will require Concurrent Review.
- **Discharge Planning:** Discharge planning may be initiated at any stage of the patient management process and begins immediately upon identification of post-discharge needs during precertification or concurrent review. The discharge plan may include initiation of a variety of services/benefits to be utilized by you upon discharge from an inpatient stay.

- **Retrospective Record Review:** The purpose of retrospective record review is to retrospectively analyze potential quality and utilization issues, initiate appropriate follow-up action based on quality or utilization issues, and review all appeals of inpatient concurrent review decisions for coverage and payment of health care services. Our effort to manage the services provided to you includes the retrospective review of claims submitted for payment, and of medical records submitted for potential quality and utilization concerns.

Member Services

Representatives from Member Services are trained to answer your questions and to assist you in using the Aetna Plan properly and efficiently. After you receive your ID card, you can call the Member Services toll-free number on the card when you need to:

- Ask questions about benefits and coverage.
- Notify us of changes in your name, address or telephone number.
- Change your primary care physician or office.
- Obtain information about how to file a grievance or an appeal

Privacy Notice

Aetna considers personal information to be confidential and has policies and procedures in place to protect it against unlawful use and disclosure. By “personal information,” we mean information that relates to your physical or mental health or condition, the provision of health care to you, or payment for the provision of health care to you. Personal information does not include publicly available information or information that is available or reported in a summarized or aggregate fashion but does not identify you.

When necessary or appropriate for your care or treatment, the operation of our health plans, or other related activities, we use personal information internally, share it with our affiliates, and disclose it to health care providers (doctors, dentists, pharmacies, hospitals and other caregivers), payors (health care provider organizations, employers who sponsor self-funded health plans or who share responsibility for the payment of benefits, and others who may be financially responsible for payment for the services or benefits you receive under your plan), other insurers, third party administrators, vendors, consultants, government authorities, and their respective agents. These parties are required to keep personal information confidential as provided by applicable law. Participating network providers are also required to give you access to your medical records within a reasonable amount of time after you make a request.

Some of the ways in which personal information is used include claims payment; utilization review and management; medical necessity reviews; coordination of care and benefits; preventive health, early detection, and disease and case management; quality assessment and improvement activities; auditing and anti-fraud activities; performance measurement and outcomes assessment; health claims analysis and reporting; health services research; data and information systems management; compliance with legal and regulatory requirements; formulary management; litigation proceedings; transfer of policies or contracts to and from other insurers, HMOs and third party administrators; underwriting activities; and due diligence activities in connection with the purchase or sale of some or all of our business. We consider these activities key for the operation of our health plans. To the extent permitted by law, we use and disclose personal information as provided above without your consent. However, we recognize that you may not want to receive unsolicited marketing materials unrelated to your health benefits. We do not disclose personal information for these marketing purposes unless you consent. We also have policies addressing circumstances in which you are unable to give consent.

To obtain a hard copy of our Notice of Privacy Practices, which describes in greater detail our practices concerning use and disclosure of personal information, please write to Aetna’s Legal Support Services Department at 151 Farmington Avenue, W121, Hartford, CT 06156. You can also visit us at www.aetnafeds.com. You can link directly to the Notice of Privacy Practices by selecting the “Privacy Notices” link.

Protecting the privacy of member health information is a top priority at Aetna. When contacting us about this FEHB Program brochure or for help with other questions, please be prepared to provide you or your family member’s name, member ID (or Social Security Number), and date of birth.

If you want more information about us, call 1-800/537-9384, or write to Aetna, Federal Plans, PO Box 550, Blue Bell, PA 19422-0550. You may also contact us by fax at 215/775-5246 or visit our website at www.aetnafeds.com.

Service Area

To enroll in this Plan, you must live in or work in our service area. This is where our providers practice.

Our Kansas City Metropolitan service area is:

Kansas – Anderson, Allen, Atchison, Bourbon, Brown, Cherokee, Crawford, Doniphan, Douglas, Franklin, Jackson, Jefferson, Johnson, Labette, Leavenworth, Linn, Marshall, Miami, Montgomery, Neosho, Osage, Pottawatomie, Shawnee, Wabaunsee, and Wyandotte Counties

Missouri – Andrew, Barton, Benton, Buchanan, Caldwell, Carroll, Cass, Christian, Clay, Clinton, Dade, Dallas, Daviess, DeKalb, Gentry, Greene, Grundy, Henry, Jackson, Jasper, Johnson, Lafayette, Lawrence, Livingston, Newton, Pettis, Polk, Platte, Ray, Vernon and Webster Counties

Ordinarily, you must get your care from providers who contract with us. If you receive care outside our service area, we will pay only for emergency care benefits. We will not pay for any other health care services out of our service area unless the services have prior Plan approval.

If you or a covered family member move outside of our service area, you can enroll in another plan. If your dependents live out of the area (for example, if your child goes to college in another state), they will be able to access full HMO benefits if they reside in any Aetna HMO service area by selecting a PCP in that service area. If not, you should consider enrolling in a fee-for-service plan or an HMO that has agreements with affiliates in other areas. If you or a family member move, you do not have to wait until Open Season to change plans. Contact your employing or retirement office.

Section 2. Changes for 2016

Do not rely only on these change descriptions; this Section is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

Program-wide changes

- Self Plus One enrollment type has been added effective January 1, 2016.
- We have removed the exclusion for services, drugs, or supplies related to sex transformations. See page 46.

Changes to High Option only

- **Your share of the non-Postal premium will increase for Self Only and increase for Self and Family. See page 102.**
- **Catastrophic protection out-of-pocket maximum** - The Plan will decrease the out-of-pocket maximum from \$10,000 to \$6,850 for Self Plus One and Self and Family enrollments. (See page 24)

Changes to Standard Option only

- **Your share of the non-Postal premium will increase for Self Only and increase for Self and Family. See page 102.**
- **Catastrophic protection out-of-pocket maximum** - The Plan will decrease the out-of-pocket maximum from \$10,000 to \$6,850 for Self Plus One and Self and Family enrollments. (See page 25)

Changes to the Plan (All Options)

- **Teladoc** - The Plan will now offer telehealth consultation services. Specialist copayment applies. (See page 29)
- **Vision Services** - The Plan has changed the benefit for corrective eyeglasses and frames. (See page 38)
- **Durable Medical Equipment** -- The Plan will now add coverage for motorized wheelchairs, subject to preauthorization. (See page 40)
- **Infertility** - The Plan will no longer cover artificial insemination. (See page 34)
- **Physical and occupational therapy** – The Plan will change coverage to now provide 60 total visits per person per calendar year for physical or occupational therapy or combination of both. (See page 37)
- **Speech therapy** – The Plan will change coverage to now provide 60 total visits per person per calendar year for speech therapy. (See page 37)
- **Home health services** -- The Plan will add limits to home health services. (See page 42)
- **Specialty prescription drugs** – The Plan will add a 5th Tier for non-preferred specialty drugs. Members will pay 20% up to a maximum of \$500 per drug for a 30-day supply. (See page 69)
- **Prescription drugs** – The Plan will add a mandatory generic provision. (See page 67)
- **Gender reassignment surgery** – The Plan will now cover gender reassignment surgery. (See page 46)

Section 3. How you get care

- Open Access** This Open Access Plan is available to our members in those FEHBP service areas identified starting on page 16. You can go directly to any network specialist for covered services without a referral from your primary care physician. Whether your covered services are provided by your selected primary care physician (for your PCP copay) or by another participating provider in the network (for the specialist copay), you will be responsible for payment which may be in the form of a copay (flat dollar amount) or coinsurance (a percentage of covered expenses). While not required, it is highly recommended that you still select a PCP and notify Member Services of your selection (1-800/537-9384). **If you go directly to a specialist, you are responsible for verifying that the specialist is participating in our Plan. If your participating specialist refers you to another provider, you are responsible for verifying that the other specialist is participating in our Plan.**
- Identification cards** We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation (for annuitants), or your electronic enrollment system (such as Employee Express) confirmation letter.
- If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need medical replacement cards, call us at 1-800/537-9384 or write to us at Aetna, P.O. Box 14079, Lexington, KY 40512-4079. You may also request replacement cards through our Navigator website at www.aetnafeds.com.
- Where you get covered care** You get covered care from “Plan providers” and “Plan facilities.” You will only pay copayments, deductibles, and/or coinsurance and you will not have to file claims. If you use our Open Access program you can receive covered services from a participating network specialist without a required referral from your primary care physician or by another participating provider in the network.
- **Plan providers** Plan providers are physicians and other health care professionals in our service area that we contract with to provide covered services to our members. We credential Plan providers according to national standards.
- We list Plan providers in the provider directory, which we update periodically. The most current information on our Plan providers is also on our website at www.aetnafeds.com under DocFind.
- **Plan facilities** Plan facilities are hospitals and other facilities in our service area that we contract with to provide covered services to our members. We list these in the provider directory, which we update periodically. The list is also on our website.
- What you must do to get covered care** It depends on the type of care you need. First, you and each family member must choose a primary care physician. This decision is important since your primary care physician provides or arranges for most of your health care.
- **Primary care** Your primary care physician can be a general practitioner, family practitioner, internist or pediatrician. Your primary care physician will provide or coordinate most of your health care.
- If you want to change primary care physicians or if your primary care physician leaves the Plan, call us or visit our website. We will help you select a new one.

• **Specialty care**

Your primary care physician may refer you to a specialist for needed care or you may go directly to a specialist without a referral. However, if you need laboratory, radiological and physical therapy services, your primary care physician must refer you to certain plan providers.

Here are some other things you should know about specialty care:

- If you are seeing a specialist when you enroll in our Plan, talk to your primary care physician. If your current specialist does not participate with us, you must receive treatment from a specialist who does. Generally, we will not pay for you to see a specialist who does not participate with our Plan.
- If you are seeing a specialist and your specialist leaves the Plan, call your primary care physician, who will arrange for you to see another specialist. You may receive services from your current specialist until we can make arrangements for you to see someone else.
- If you have a chronic and disabling condition and lose access to your specialist because we:
 - terminate our contract with your specialist for other than cause
 - drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB Program plan; or
 - reduce our Service Area and you enroll in another FEHB plan

You may be able to continue seeing your specialist for up to 90 days after you receive notice of the change. Contact us, or if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist until the end of your postpartum care, even if it is beyond the 90 days.

• **Hospital care**

Your Plan primary care physician or specialist will make necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility.

If you are hospitalized when your enrollment begins

We pay for covered services from the effective date of your enrollment. However, if you are in the hospital when your enrollment in our Plan begins, call our Customer Service Department immediately at 1-800-537-9384. If you are new to the FEHB Program, we will arrange for you to receive care and provide benefits for your covered services while you are in the hospital beginning on the effective date of your coverage.

If you changed from another FEHB Plan to us, your former plan will pay for the hospital stay until:

- you are discharged, not merely moved to an alternative care center;
- the day your benefits from your former plan run out; or
- the 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person. If your plan terminates participation in the FEHB Program in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such case, the hospitalized family member's benefits under the new plan begin on the effective date of enrollment.

You need prior Plan approval for certain services

Since your primary care physician arranges most referrals to specialists and inpatient hospitalization, the pre-service claim approval process only applies to care shown under *Other services*.

- **Inpatient hospital admission**

Precertification is the process by which - prior to your inpatient hospital admission - we evaluate the medical necessity of your proposed stay and the number of days required to treat your condition.

- **Other services**

Your primary care physician has authority to refer you for most services. For certain services, however, your physician must obtain prior approval from us. Before giving approval, we consider if the service is covered, medically necessary, and follows generally accepted medical practice. You must obtain prior authorization for:

- For infertility services you must contact the Infertility Case Manager at 1-800/575-5999;
- You must obtain precertification from your primary care doctor and Aetna for covered follow-up care with non-participating providers.
- Certain non-emergent surgery, including but not limited to obesity surgery, lumbar disc and spinal fusion surgery, reconstructive procedures and correction of congenital defects, sleep apnea surgery, TMJ surgery and dental implants, and joint grafting procedures;
- Covered transplant surgery, see Section 5(b);
- Transportation by fixed-wing aircraft (plane);
- Skilled nursing facilities, rehabilitation facilities, and inpatient hospice; and skilled nursing under home health care;
- Certain mental health services, including residential treatment centers, partial hospitalization programs, intensive outpatient treatment programs including detoxification and electroconvulsive therapy, psychological and neuropsychological testing, biofeedback and amygdala interview;
- Certain oral and injectable drugs before they can be prescribed including but not limited to botulinum toxin, alpha-1-proteinase inhibitor, palivizumab(Synagis), erythropoietin therapy, intravenous immunoglobulin, growth hormone, blood clotting factors and interferons when used for hepatitis C;
- Certain outpatient imaging and diagnostic studies such as sleep studies, CT scans, MRIs, MRAs, nuclear stress tests, and GI tract imaging through capsule endoscopy;
- Proton beam radiotherapy;
- Cognitive skills development;
- Dialysis and Private Duty nursing;
- Certain wound care such as hyperbaric oxygen therapy;
- Certain limb prosthetics;
- Cochlear device and/or implantation;
- Percutaneous implant of nerve stimulator;
- BRCA and breast cancer genetic testing;
- Gender reassignment surgery;
- Ventricular assist devices;
- Applied Behavioral Analysis (ABA);
- Outpatient surgery at a non-participating ambulatory surgery center when referred by a participating provider.

You or your physician must obtain an approval for certain durable medical equipment (DME) including but not limited to electric or motorized wheelchairs, electric scooters, electric beds, and customized braces. Members must call 1-800/537-9384 for authorization.

How to request precertification for an admission or get prior authorization for Other services

First, your physician, your hospital, you, or your representative, must call us at 1-800/537-9384 before admission or service requiring prior authorization are rendered.

Next, provide the following information:

- enrollee's name and Plan identification number;
- patient's name, birth date, identification number and phone number;
- reason for hospitalization, proposed treatment, or surgery;
- name and phone number of admitting physician;
- name of hospital or facility; and
- number of days of requested for hospital stay.

• **Non-urgent care claims**

For non-urgent care claims, we will then tell the physician and/or hospital the number of approved inpatient days, or the care that we approve for other services that must have prior authorization. We will make our decision within 15 days of receipt of the pre-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you of the need of an extension of time before the end of the original 15 day period. Our notice will include the circumstances underlying the request for the extension and the date when decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 45 days from the receipt of the notice to provide the information.

• **Urgent care claims**

If you have an urgent care claim (i.e., when waiting for the regular time limit for your medical care or treatment could seriously jeopardize your life, health, or ability to regain maximum function, or in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without this care or treatment), we will expedite our review and notify you of our decision within 72 hours. If you request that we review your claim as an urgent care claim, we will review the documentation you provide and decide whether it is an urgent care claim by applying the judgement of a prudent layperson who possesses an average knowledge of health and medicine.

If you fail to provide sufficient information, we will contact you within 24 hours after we receive the claim let you know what information we need to complete our review of the claim. You will then have up to 48 hours to provide the required information. We will make our decision on the claim within 48 hours of (1) the time we received the additional information or (2) the end of the time frame, whichever is earlier.

We may provide our decision orally within these time frames, but we will follow up with written or electronic notification within three days of oral notification.

You may request that your urgent care claims on appeal be reviewed simultaneously by us and OPM. Please let us know that you would like a simultaneous review of your urgent care claim by OPM either in writing at the time you appeal our initial decision, or by calling us at 1-800/537-9384. You may also call OPM's Health Insurance (3) at (202) 606-0737 between 8 a.m. and 5 p.m. Eastern Time to ask for simultaneous review. We will cooperate with OPM so they can quickly review your claim on appeal. In addition, if you did not indicate that your claim was a claim for urgent care, call us at 1-800/537-9384. If it is determined that your claim is an urgent care claim, we will expedite our review (if we have not yet responded to your claim).

- **Concurrent care claims**
A concurrent care claim involves care provided over a period of time or over a number of treatments. We will treat any reduction or termination of our pre-approved course of treatment before the end of the approved period of time or number of treatments as an appealable decision. This does not include reduction or termination due to benefit changes or if your enrollment ends. If we believe, a reduction or termination is warranted we will allow you sufficient time to appeal and obtain a decision from us before the reduction or termination takes effect.

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, then we will make a decision within 24 hours after we receive the claim.
- **Emergency inpatient admission**
If you have an emergency admission due to a condition that you reasonably believe puts your life in danger or could cause serious damage to bodily function, you, your representative, the physician, or the hospital must telephone us within one (1) business day following the day of the emergency admission, even if you have been discharged from the hospital.
- **Maternity services**
You do not need to precertify a maternity admission for a routine delivery. However, if your medical condition requires you to stay more than a total of three (3) days or less for a vaginal delivery or a total of five (5) days or less for a cesarean, then your physician or the hospital must contact us for precertification of additional days. Further, if your baby stays after you are discharged, then your physician or the hospital must contact us for precertification of additional days for your baby.
- **If your treatment needs to be extended**
If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, then we will make a decision within 24 hours after we receive the claim.

What happens when you do not follow the precertification rules when using non-network facilities

You are responsible for verifying precertification has been obtained whenever you seek covered services from a non-participating provider. Failure to obtain precertification could result in a reduction of benefits.

Circumstances beyond our control

Under certain extraordinary circumstances, such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.

If you disagree with our pre-service claim decision

If you have a **pre-service claim** and you do not agree with our decision regarding precertification of an inpatient admission or prior approval of other services, you may request a review in accord with the procedures detailed below.

If you have already received the service, supply, or treatment, then you have a **post-service claim** and must follow the entire disputed claims process detailed in Section 8.

- **To reconsider a non-urgent care claim**

Within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claim process detailed in Section 8 of this brochure.

In the case of a pre-service claim and subject to a request for additional information, we have 30 days from the date we receive your written request for reconsideration to

1. Precertify your hospital stay or, if applicable, arrange for the health care provider to give you the care or grant your request for prior approval for a service, drug, or supply; or
2. Ask you or your provider for more information.

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

3. Write to you and maintain our denial.

- **To reconsider an urgent care claim**

In the case of an appeal of a pre-service urgent care claim, within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

Unless we request additional information, we will notify you of our decision within 72 hours after receipt of your reconsideration request. We will expedite the review process, which allows oral or written requests for appeals and the exchange of information by telephone, electronic mail, facsimile, or other expeditious methods.

- **To file an appeal with OPM**

After we reconsider your **pre-service claim**, if you do not agree with our decision, you may ask OPM to review it by following Step 3 of the disputed claims process detailed in Section 8 of this brochure.

Section 4. Your cost for covered services

This is what you will pay out-of-pocket for covered care:

Cost-sharing Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance, and copayments) for the covered care you receive.

Coinsurance Coinsurance is the percentage of our allowance that you must pay for your care. Coinsurance does not begin until you have met your calendar year deductible.

Example: In our Plan, you pay 50% of our allowance for covered durable medical equipment.

Copayments A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive certain services. You are responsible for paying copayments to providers at the time of service.

Example: When you see your primary care physician, you pay a copayment of \$30 per office visit.

Deductible A deductible is a fixed expense you must incur for certain covered services and supplies before we start paying benefits for them. Copayments do not count toward any deductible.

High Option Plan:

The calendar year deductible is \$1,000 Self Only, \$3,000 Self Plus One and \$3,000 Self and Family.

Standard Option Plan:

The calendar year deductible is \$2,000 Self Only, \$6,000 Self Plus One and \$6,000 Self and Family.

Note: If you change plans during Open Season, you do not have to start a new deductible under your old plan between January 1 and the effective date of your new Plan. If you change plans at another time during the year, you must begin a new deductible under your new Plan.

If you change options in this Plan during the year, we will credit the amount of covered expenses already applied toward the deductible of your old option to the deductible of your new option.

Your catastrophic protection out-of-pocket maximum

After your copayments, any applicable deductible, and coinsurance total the amounts listed below, you do not have to pay any more for covered services. The Self Plus One or Self and Family out-of-pocket maximum must be satisfied by one or more family members before the plan will begin to cover eligible medical expenses at 100%. Be sure to keep accurate records and receipts of your copayments, applicable deductible and coinsurance to ensure the Plan's calculation of your out-of-pocket maximum is reflected accurately.

High Option Plan: After your copayments, deductible, and coinsurance total the amounts listed below in the calendar year, you do not have to pay any more for covered services. However, copayments or coinsurance for the following services do not count toward your catastrophic protection out-of-pocket maximum, and you must continue to pay copayments or coinsurance for: Dental benefits and infertility services.

Under our **High Option Plan** the out-of-pocket maximum for \$5,000 for Self Only, \$6,850 for Self Plus One and \$6,850 for Self and Family.

Standard Option Plan: After your copayments, deductible, and coinsurance total the amounts listed below in the calendar year, you do not have to pay any more for covered services. However, copayments, deductible, or coinsurance for the following services do not count toward your catastrophic protection out-of-pocket maximum, and you must continue to pay copayments or coinsurance for: Dental benefits and infertility services.

Under our **Standard Option Plan** the out-of-pocket maximum for \$5,000 for Self Only, \$6,850 for Self Plus One and \$6,850 for Self and Family.

Carryover

If you changed to this Plan during Open Season from a plan with a catastrophic protection benefit and the effective date of the change was after January 1, any expenses that would have applied to that plan's catastrophic protection benefit during the prior year will be covered by your old plan if they are for care you received in January before your effective date of coverage in this Plan. If you have already met your old plan's catastrophic protection benefit level in full, it will continue to apply until the effective date of your coverage in this Plan. If you have not met this expense level in full, your old plan will first apply your covered out-of-pocket expenses until the prior year's catastrophic level is reached and then apply the catastrophic protection benefit to covered out-of-pocket expenses incurred from that point until the effective date of your coverage in this Plan. Your old plan will pay these covered expenses according to this year's benefits; benefit changes are effective January 1.

Note: If you change options in this Plan during the year, we will credit the amount of covered expenses already accumulated toward the catastrophic out-of-pocket limit of your old option to the catastrophic protection limit of your new option.

When Government facilities bill us

Facilities of the Department of Veterans Affairs, the Department of Defense, and the Indian Health Services are entitled to seek reimbursement from us for certain services and supplies they provide to you or a family member. They may not seek more than their governing laws allow. You may be responsible to pay for certain services and charges. Contact the government facility directly for more information.

Section 5. High and Standard Option Benefits

See page 17 for how our benefits changed this year. On page 100 and page 101 is a benefit summary of each option. Make sure that you review the benefits that are available under the option which you are enrolled.

Summary of benefits for the Standard Option of Aetna Open Access - 2016101

Section 5. High and Standard Option Benefits Overview

This Plan offers both a High and Standard Option. Both benefit packages are described in Section 5. Make sure that you review the benefits that are available under the option in which you are enrolled.

The High and Standard Option Section 5 is divided into subsections. Please read *Important things you should keep in mind* at the beginning of the subsections. Also read the general exclusions in Section 6; they apply to the benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about High and Standard Option benefits, contact us at 1-800-537-9384 or on our website at www.aetnafeds.com.

Each option offers unique features.

- You are not required to select a primary care physician. Please be sure the provider you select – or the provider or facility you are referred to – is part of the Aetna Open Access HMO Network. It is ultimately your responsibility to verify this information. By doing so, you get the most from your health Plan and protect yourself from paying more than you have to for covered benefits.
- You do not need a referral from a primary care physician to see a specialist.
- These Plans include annual wellness/preventive care exams to You at no cost.
- Routine eye exams are available to all members.
- These Plans include preventive dental diagnostic services using the Aetna PPO Dental Network.
- You can use Aetna Health Connections Disease Management Programs which are available for thirty-four conditions.

Features of our High Option

- A calendar year deductible of \$1,000 Self Only and limited to \$3,000 for Self Plus One or Self and Family.
- Catastrophic protection per calendar year is limited to \$5,000 for Self Only and \$6,850 for Self Plus One or Self and Family.

Features of our Standard Option

- A calendar year deductible of \$2,000 Self Only and limited to \$6,000 for Self Plus One or Self and Family.
- Catastrophic protection per calendar year is limited to \$5,000 for Self Only and \$6,850 for Self Plus One or Self and Family.

Section 5(a). Medical services and supplies provided by physicians and other health care professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- A facility copay applies to services that appear in this section but are performed in an ambulatory surgical center or the outpatient department of a hospital.
- High Option: The calendar year deductible is \$1,000 Self Only, \$3,000 Self Plus One and \$3,000 Self and Family. The calendar year deductible applies to almost all benefits in this Section. We added ("No Deductible") to show when the calendar year deductible does not apply.
- Standard Option: The calendar year deductible is \$2,000 Self Only, \$6,000 Self Plus One and \$6,000 Self and Family. The calendar year deductible applies to almost all benefits in this Section. We added ("No Deductible") to show when the calendar year deductible does not apply.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- If you live or work in an Aetna Open Access HMO service area, you do not have to obtain a referral from your PCP to see a network specialist.

Section 5(b). Surgical and anesthesia services provided by physicians and other health care professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- The calendar year deductible is: High Option: \$1,000 Self Only, \$3,000 Self Plus One and \$3,000 Self and Family. The calendar year deductible applies to almost all benefits in this Section. We added "(No deductible)" to show when the calendar year deductible does not apply.
- The calendar year deductible is: Standard Option: \$2,000 Self Only, \$6,000 Self Plus One and \$6,000 Self and Family. The calendar year deductible applies to almost all benefits in this Section. We added "(No deductible)" to show when the calendar year deductible does not apply.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.
- The services listed below are for the charges billed by a physician or other health care professional for your surgical care. See Section 5(c) for charges associated with the facility (i.e. hospital, surgical center, etc.).
- **YOUR PHYSICIAN MUST GET PRECERTIFICATION FOR SOME SURGICAL PROCEDURES. Please refer to the precertification information shown in Section 3 to be sure which services require precertification and identify which surgeries require precertification.**

Benefit Description	You pay After the calendar year deductible. . .	
	High Option	Standard Option
Surgical procedures		
A comprehensive range of services, such as: <ul style="list-style-type: none"> • Operative procedures • Circumcision of a newborn • Treatment of fractures, including casting • Normal pre- and post-operative care by the surgeon • Correction of amblyopia and strabismus • Endoscopy procedures • Biopsy procedures • Removal of tumors and cysts • Correction of congenital anomalies (see Reconstructive surgery) 	25% of our allowance	30% of our allowance

Section 5(d). Emergency services/accidents

Important things to keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- High Option: The calendar year deductible is \$1,000 Self Only, \$3,000 Self Plus One and \$3,000 for Self and Family. The calendar year deductible applies to almost all benefits in this Section. We added ("No Deductible") to show when the calendar year deductible does not apply.
- Standard Option: The calendar year deductible is \$2,000 Self Only, \$6,000 Self Plus One and \$6,000 for Self and Family. The calendar year deductible applies to almost all benefits in this Section. We added ("No Deductible") to show when the calendar year deductible does not apply.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about Coordinating benefits with other coverage, including with Medicare.

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

Emergencies within our service area:

If you need emergency care, you are covered 24 hours a day, 7 days a week, anywhere in the world. An emergency medical condition is one manifesting itself by acute symptoms of sufficient severity such that a prudent layperson, who possesses average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in serious jeopardy to the person's health, or with respect to a pregnant woman, the health of the woman and her unborn child.

Whether you are in or out of an Aetna HMO service area, we simply ask that you follow the guidelines below when you believe you need emergency care.

- Call the local emergency hotline (e.g., 911) or go to the nearest emergency facility. If a delay would not be detrimental to your health, call your primary care physician. Notify your primary care physician as soon as possible after receiving treatment.
- After assessing and stabilizing your condition, the emergency facility should contact your primary care physician so he/she can assist the treating physician by supplying information about your medical history.
- If you are admitted to an inpatient facility, you or a family member or friend on your behalf should notify your primary care physician or Aetna as soon as possible

Emergencies outside our service area:

If you are traveling outside your Aetna service area or if you are a student who is away at school, you are covered for emergency and urgently needed care. Urgent care may be obtained from a private practice physician, a walk-in clinic, an urgent care center or an emergency facility. Certain conditions, such as severe vomiting, earaches, sore throats or fever, are considered "urgent care" outside your Aetna service area and are covered in any of the above settings.

If, after reviewing information submitted to us by the provider that supplied care, the nature of the urgent or emergency problem does not qualify for coverage, it may be necessary to provide us with additional information. We will send you an Emergency Room Notification Report to complete, or a Member Services representative can take this information by telephone.

Follow-up Care after Emergencies

All follow-up care should be coordinated by your PCP or network specialist. Follow-up care with non-participating providers is only covered with a referral from your primary care physician and pre-approval from Aetna. Suture removal, cast removal, X-rays and clinic and emergency room revisits are some examples of follow-up care.

Section 5(e). Mental health and substance abuse benefits

Important things to keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- High Option: The calendar year deductible is \$1,000 Self Only, \$3,000 Self Plus One and \$3,000 Self and Family. The calendar year deductible applies to almost all benefits in this Section. We added ("No Deductible") to show when the calendar year deductible does not apply.
- Standard Option: The calendar year deductible is \$2,000 Self Only, \$6,000 Self Plus One and \$6,000 Self and Family. The calendar year deductible applies to almost all benefits in this Section. We added ("No Deductible") to show when the calendar year deductible does not apply.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- **YOU MUST GET PREAUTHORIZATION FOR THESE SERVICES.** Benefits are payable only when we determine the care is clinically appropriate to treat your condition. To be eligible to receive full benefits, you must follow the preauthorization process and get Plan approval of your treatment plan. Preauthorization is required for the following: Aetna can assist you in locating participating providers in the Plan, unless your needs for covered services extend beyond the capability of the affiliated providers. Emergency care is covered (See Section 5(d), Emergency services/accidents). You can receive information regarding the appropriate way to access the behavioral health care services that are covered under your specific plan by calling Member Services at 1-800/537-9384. A referral from your PCP is not necessary to access behavioral health care but your PCP may assist in coordinating your care.
 - Any intensive outpatient care (minimum of 2 hours per day or six hours per week - can include group, individual, family or multi-family group psychotherapy, etc.)
 - Outpatient detoxification
 - Partial hospitalization
 - Any inpatient or residential care
 - Psychological or neuropsychological testing
 - Outpatient electroconvulsive therapy
 - Biofeedback and amytal interview
 - Psychiatric home health care
- We will provide medical review criteria or reasons for treatment plan denials to enrollees, patient or providers upon request or as otherwise required.
- OPM will base its review of disputes about treatment plans on the treatment plan's clinical appropriateness. OPM will generally not order us to pay or provide one clinically appropriate treatment plan in favor of another.

Section 5(f). Prescription drug benefits

Important things you should keep in mind about these benefits:

- This is a five tier open formulary pharmacy plan. A formulary is a list of generic and brand-name drugs that your health plan covers. Each drug is associated with a tier on the formulary list. Tier-one is generic drugs on our formulary list, Tier-two is brand name drugs on our formulary list, Tier-three is drugs not on our formulary list, Tier-four is preferred specialty drugs and Tier-five is non-preferred specialty drugs. Each tier has a separate out of pocket cost.
- We have no calendar year deductible for Prescription drugs.
- We cover prescribed drugs and medications, as described in the chart beginning on the next page.
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Members must make sure their physicians obtain prior approval/authorization for certain prescription drugs and supplies before coverage applies. Prior approval/authorizations must be renewed periodically.
- Be sure to read Section 4, Your costs for covered services, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- Certain drugs require your doctor to get precertification from the Plan before they can be covered under the Plan. Upon approval by the Plan, the prescription is covered for the current calendar year or a specified time period, whichever is less.
- Federal law prevents the pharmacy from accepting unused medications.

There are important features you should be aware of. These include:

- **Who can write your prescription.** A licensed physician or dentist, and in states allowing it, licensed or certified Physician Assistant, Nurse Practitioner and Psychologist must prescribe your medication.
- **Where you can obtain them.** You may fill non-emergency prescriptions at a participating Plan retail pharmacy or by mail order for up to a 90-day supply of medication (if authorized by your physician). You may obtain up to a 30-day supply of medication for one copay, and for a 31-day up to a 90-day supply of medication for three copays. In no event will the copay exceed the cost of the prescription drug. Please call Member Services at 1-800/537-9384 for more details on how to use the mail order program. **Mail order is not available for drugs and medications ordered through Aetna Specialty Pharmacy. Prescriptions ordered through Aetna Specialty Pharmacy are only filled for up to a 30-day supply due to the nature of these prescriptions.** In an emergency or urgent care situation, you may fill your covered prescription at any retail pharmacy. For retail pharmacy transactions, you must present your Aetna Member ID card at the point of sale for coverage. If you obtain an emergency prescription at a pharmacy that does not participate with the plan, you will need to pay the pharmacy the full price of the prescription and submit a claim for reimbursement subject to the terms and conditions of the plan.
- **We use a formulary.** Drugs are prescribed by Plan doctors and dispensed in accordance with the Plan's drug formulary. The Plan's formulary does not exclude medications from coverage, but requires a higher copayment for non-formulary drugs. Certain drugs require your doctor to get precertification from the Plan before they can be covered under the Plan. Visit our website at www.aetnafeds.com to review our Formulary Guide or call 1-800/537-9384.
- **Drugs not on the formulary.** Aetna has a Pharmacy and Therapeutics Committee, comprised of physicians, pharmacists and other clinicians that review drugs for inclusion in the formulary. They consider the drug's effectiveness, safety and cost in their evaluation. While most of the drugs on the non-formulary list are brand drugs, some generic drugs also may be on the non-formulary list. For example, this may happen when brand medications lose their patent and the FDA has granted a period of exclusivity to specific generic manufacturers. When this occurs, the price of the generic drug may not decrease as you might think most generic drugs do. This period of exclusivity usually ranges between 3-6 months. Once this time period expires, competition from other generic manufacturers will generally occur and this helps lower the price of the drug and this may lead Aetna to re-evaluate the generic for possible inclusion on the formulary. Aetna will place some of these generic drugs that are granted a period of exclusivity on our non-formulary list, which requires the highest copay level. **Remember, a generic equivalent will be dispensed, if available, unless your physician specifically requires a brand name and writes "Dispense as Written" (DAW) on the prescription, so discuss this with your doctor.**

- **Choose generics.** The Plan requires the use of generics if a generic drug is available. If your physician prescribes or you request a covered brand name prescription drug when a generic prescription drug equivalent is available, you will pay the difference in cost between the brand name prescription drug and the generic prescription drug equivalent, plus the applicable copayment/coinsurance unless your physician submits a preauthorization request providing clinical necessity and a medical exception is obtained from the Plan. Generics contain the same active ingredients in the same amounts as their brand name counterparts and have been approved by the FDA. By using generic drugs, you will see cost savings, without jeopardizing clinical outcome or compromising quality.
- **Precertification.** Your pharmacy benefits plan includes our precertification program. Precertification helps encourage the appropriate and cost-effective use of certain drugs. These drugs must be pre-authorized by our Pharmacy Management Precertification Unit before they will be covered. Only your physician or pharmacist, in the case of an antibiotic or analgesic, can request prior authorization for a drug. Step-therapy is another type of precertification under which certain medications will be excluded from coverage unless you try one or more “prerequisite” drug(s) first, or unless a medical exception is obtained. The drugs requiring precertification or step-therapy are subject to change. Visit our website at www.aetnafeds.com for the most current information regarding the precertification and step-therapy lists. Ask your physician if the drugs being prescribed for you require precertification or step-therapy.
- **These are the dispensing limitations.** Prescription drugs prescribed by a licensed physician or dentist and obtained at a participating Plan retail pharmacy or by mail order may be dispensed for up to a 90-day supply of medication (if authorized by your physician). You may obtain up to a 30-day supply of medication for one copay, and a 31-day up to a 90-day supply of medication for three copays. In no event will the copay exceed the cost of the prescription drug. A generic equivalent will be dispensed if available, unless your physician specifically requires a brand name.

In the event that a member is called to active military duty and requires coverage under their prescription plan benefits of an additional filing of their medication(s) prior to departure, their pharmacist will need to contact Aetna. Coverage of additional prescriptions will only be allowed if there are refills remaining on the member's current prescription or a new prescription has been issued by their physician. The member is responsible for the applicable copayment for the additional prescription.

- Aetna allows coverage of a medication refill when at least 80% of the previous prescription, according to the physician’s prescribed directions, has been utilized. For a 30-day supply of medication, this provision would allow a prescription refill to be covered 23 days after the last filling, thereby allowing a member to have an additional supply of their medication, in case of emergency.
- **When you do have to file a claim.** Send your itemized bill(s) to: Aetna, Pharmacy Management, P.O. Box 52444, Phoenix, AZ 85072-2444.

Here are some things to keep in mind about our prescription drug program:

- A generic equivalent may be dispensed if it is available, and where allowed by law.
- **Specialty drugs.** Specialty drugs are medications that treat complex, chronic diseases. Our specialty drug program is called Aetna Specialty Care Rx medications which include select oral, injectable and infused medications. Because of the complex therapy needed, a pharmacist or nurse should check in with you often during your treatment. The first fill of these medications can be obtained through a participating retail pharmacy or specialty pharmacy. However, you must obtain all subsequent refills through a participating specialty pharmacy such as Aetna Specialty Pharmacy.

Certain Aetna Specialty CareRx medications identified with a (+) next to the drug name may be covered under the medical or pharmacy section of this brochure depending on how and where the medication is administered. If the provider supplies and administers the medication during an office visit, you will pay the applicable PCP or specialist office visit copay. If you obtain the prescribed medications directly from a participating specialty pharmacy such as Aetna Specialty Pharmacy, you will pay the applicable copay as outlined in Section 5(f) of this brochure.

Often these drugs require special handling, storage and shipping. In addition, these medications are not always available at retail pharmacies. For a detailed listing of what medications fall under your Aetna Specialty CareRx benefit please visit: www.AetnaSpecialtyCareRx.com. You can also visit www.aetnafeds.com for the 2016 Aetna Specialty CareRx list or contact us at 1-800/537-9384 for a copy. Note that the medications and categories covered are subject to change.

- To request a printed copy of the Aetna Preferred Drug (Formulary) Guide, call 1-800/537-9384. The information in the Aetna Preferred Drug (Formulary) Guide is subject to change. As brand name drugs lose their patents and new generics become available on the market, the brand name drug may be removed from the formulary. Under your benefit plan, this will result in a savings to you, as you pay a lower prescription copayment for generic formulary drugs. Please visit www.aetnafeds.com for current Aetna Preferred Drug (Formulary) Guide information.

Section 5(g). Dental benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- If you are enrolled in a Federal Employees Dental/Vision Insurance Program (FEDVIP) Dental Plan, your FEHB Plan will be First/Primary payor of any Benefit payments and your FEDVIP Plan is secondary to your FEHB Plan. See Section 9 Coordinating benefits with other coverage.
- We have no calendar year deductible for diagnostic and preventive services.

Note: You will be covered automatically under the Dental PPO option.

- Under the Dental PPO option, the Plan covers 100% of the charges for those preventive and diagnostic procedures shown on the next page when using a participating network dentist. Participating network PPO dentists may offer members other services at discounted fees. Discounts may not be available in all states.
- We cover hospitalization for dental procedures only when a nondental physical impairment exists which makes hospitalization necessary to safeguard the health of the patient. See Section 5 (c) for inpatient hospital benefits. We do not cover the dental procedure unless it is described on the next pages.
- Some procedures and treatments may have specific age and frequency limitations as noted below.
- Be sure to read Section 4, Your costs for covered services, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

Benefit Description	You Pay after the calendar year deductible...	
Accidental injury benefit	High Option	Standard Option

Under this option, you have to use our participating Dental PPO network dentists.

Dental PPO In-Network Option

The plan covers 100% of the charges for those preventive and diagnostic shown **on the previous page** when using a participating network dentist. Participating network PPO dentists may offer members other services at discounted fees. Discounts may not be available in all states. Please call Member Services at 1-800/537-9384 for specific fees for your procedure.

Section 5(h). Special features

Feature	Description
<p>Flexible benefits option</p>	<p>Under the flexible benefits option, we determine the most effective way to provide services.</p> <ul style="list-style-type: none"> • We may identify medically appropriate alternatives to regular contract benefits as a less costly alternative. If we identify a less costly alternative, we will ask you to sign an alternative benefits agreement that will include all of the following terms in addition to other terms as necessary. Until you sign and return the agreement, regular contract benefits will continue. • Alternative benefits will be made available for a limited time period and are subject to our ongoing review. You must cooperate with the review process. • By approving an alternative benefit, we do not guarantee you will get it in the future. • The decision to offer an alternative benefit is solely ours, and except as expressly provided in the agreement, we may withdraw it at any time and resume regular contract benefits. • If you sign the agreement, we will provide the agreed-upon alternative benefits for the stated time period (unless circumstances change). You may request an extension of the time period, but regular benefits will resume if we do not approve your request. • Our decision to offer or withdraw alternative benefits is not subject to OPM review under the disputed claims process. However, if at the time we make a decision regarding alternative benefits, we also decide that regular contract benefits are not payable, then you may dispute our regular contract benefits decision under the OPM disputed claim process (see Section 8).
<p>Aetna Navigator</p>	<p>Aetna Navigator, our secure member self-service website, provides you with the tools and personalized information to help you manage your health. Click on Aetna Navigator from www.aetnafeds.com to register and access a secure, personalized view of your Aetna benefits.</p> <p>With Aetna Navigator, you can:</p> <ul style="list-style-type: none"> • Review PCP selections • Print temporary ID cards • Download details about a claim such as the amount paid and the member’s responsibility • Contact member services at your convenience through secure messages • Access cost and quality information through Aetna’s transparency tools • View and update your Personal Health Record • Find information about the member extras that come with your plan • Access health information through Aetna Healthwise® Knowledgebase <p>Registration assistance is available toll free, Monday through Friday, from 7am to 9pm Eastern Time at 1-800/225-3375. Register today at www.aetnafeds.com.</p>
<p>Informed Health® Line</p>	<p>Provides eligible members with telephone access to registered nurses experienced in providing information on a variety of health topics. Informed Health Line is available 24 hours a day, 7 days a week. You may call Informed Health Line at 1-800/556-1555. We provide TDD service for the hearing and speech-impaired. We also offer foreign language translation for non-English speaking members. Informed Health Line nurses cannot diagnose, prescribe medication or give medical advice.</p>

Feature	Description
Services for deaf and hearing impaired	1-800/628-3323
Maternity Management	Aetna’s Beginning Right® Maternity Management Program provides services, information and resources to help improve high risk pregnancy outcomes. Features of the program include a pregnancy risk survey, obstetrical nurse care coordination, comprehensive educational information on prenatal care, labor and delivery, newborn and baby care, a smoking-cessation program, and more. To enroll in the program, call toll-free 1-800/CRADLE-1.
National Medical Excellence Program	National Medical Excellence Program helps eligible members access appropriate, covered treatment for solid organ and tissue transplants using our Institutes of Excellence™ network. We coordinate specialized treatment needed by members with certain rare or complicated conditions and assist members who are admitted to a hospital for emergency medical care when they are traveling temporarily outside of the United States. Services under this program must be preauthorized. Contact Member Services at 1-800/537-9384 for more information.
Reciprocity benefit	<p>If you need to visit a participating primary care physician for a covered service, and you are 50 miles or more away from home you may visit a primary care physician from our plan’s approved network.</p> <ul style="list-style-type: none"> • Call 1-800/537-9384 for provider information and location • Select a doctor from 3 primary care doctors in that area • The Plan will authorize you for one visit and any tests or X-rays ordered by that primary care physician • You must coordinate all subsequent visits through your own participating primary care physician.

Section 5(i). Health education resources and account management tools

Special features	Description
Health education resources	<p>We keep you informed on a variety of issues related to your good health. Account management tools	<p>We maintain a complete claims payment history online through Aetna Navigator. You can access Aetna Navigator at www.aetnafeds.com.</p> <ul style="list-style-type: none"> • Your balance will also be shown on your explanation of benefits (EOB) form. • You will receive an EOB after every claim.
Consumer choice information	<ul style="list-style-type: none"> • Directories are available online by going to Aetna Navigator at www.aetnafeds.com • Pricing information for medical care is available at www.aetnafeds.com • Pricing information for prescription drugs is available at www.aetnafeds.com • Link to online pharmacy through www.aetnafeds.com
Care support	<p>Patient safety information is available online at www.aetnafeds.com</p>

Non-FEHB benefits available to Plan members

The benefits on this page are not part of the FEHB contract or premium, and you cannot file an FEHB disputed claim about them. Fees you pay for these services do not count toward FEHB deductibles or catastrophic protection out-of-pocket maximums. These programs and materials are the responsibility of the Plan, and all appeals must follow their guidelines. For additional information, contact the plan at 1-800/537-9384 or visit their website at www.aetnafeds.com.

Aetna Vision SM Discounts

You are eligible to receive substantial discounts on eyeglasses, contact lenses, Lasik — the laser vision corrective procedure, and nonprescription items including sunglasses and eyewear products through the Aetna Vision Discounts with more than 22,600 provider locations across the country.

This eyewear discount enriches the routine vision care coverage provided in your health plan, which includes an eye exam from a participating provider.

For more information on this program call toll free 1-800/793-8616. For a referral to a Lasik provider, call 1-800/422-6600.

Aetna Hearing SM Discount Program

The Hearing discount program helps you and your family (including parents and grandparents) save on hearing exams, hearing services and hearing aids. This program is offered in conjunction with Amplifon Hearing Health Care and includes access to over 1,600 participating locations. Amplifon Hearing Health Care provides discounts on hearing exams, hearing services, hearing aid repairs, and choice of the latest technologies. Call Amplifon Hearing Health Care customer service at 1-888/432-7464. Make sure the Amplifon Hearing Health Care customer service representative knows you are an Aetna member. Amplifon Hearing Health Care will send you a validation packet and you will receive the discounts at the point of purchase.

Aetna Fitness SM Discount Program

Access preferred rates* on memberships at thousands of gyms nationwide through the GlobalFit® network, plus discounts on at-home weight-loss programs, home fitness options, and one-on-one health coaching services.

Visit www.globalfit.com/fitness to find a gym or call 1-800/298-7800 to sign up.

*Membership to a gym of which you are now, or were recently a member, may not be available.

Aetna Natural Products and Services SM Discount Program

Offers reduced rates on acupuncture, chiropractic care, massage therapy, and dietetic counseling as well as discounts on over-the-counter vitamins, herbal and nutritional supplements, and yoga equipment. Through Vital Health Network, you can receive a discount on online consultations and information, please call Member Services at 1-800/537-9384.

Aetna Weight Management SM Discount Program

The Aetna Weight Management Discount Program provides you and your eligible family members with access to discounts on eDiets® diet plans and products, Jenny® weight loss programs, Calorie King® memberships and products and Nutrisystem® weight loss meal plans. You can choose from a variety of programs and plans to meet your specific weight loss goals and save money. For more information, please call Member Services at 1-800/537-9384.

Section 6. General exclusions – services, drugs and supplies we do not cover

The exclusions in this section apply to all benefits. There may be other exclusions and limitations listed in Section 5 of this brochure. **Although we may list a specific service as a benefit, we will not cover it unless it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition. For information on obtaining prior approval for specific services, such as transplants, see Section 3 *When you need prior Plan approval for certain services.***

We do not cover the following:

- Care by non-Plan providers except for authorized referrals or emergencies (see Emergency services/accidents).
- Services, drugs, or supplies you receive while you are not enrolled in this Plan.
- Services, drugs, or supplies not medically necessary or not within the Plan's utilization policies and procedures.
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice.
- Educational classes, programs, and other rehabilitative therapies not otherwise listed as covered.
- Experimental or investigational procedures, treatments, drugs or devices (see specifics regarding transplants).
- Procedures, services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest .
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program.
- Services, drugs, or supplies you receive without charge while in active military service.
- Cost of data collection and record keeping for clinical trials that would not be required, but for the clinical trial.
- Items and services provided by clinical trial sponsor without charge.
- Care for conditions that state or local law requires to be treated in a public facility, including but not limited to, mental illness commitments.
- Court ordered services, or those required by court order as a condition of parole or probation, except when medically necessary.

Section 7. Filing a claim for covered services

This Section primarily deals with post-service claims (claims for services, drugs or supplies you have already received). See Section 3 for information on pre-service claims procedures (services, drugs or supplies requiring prior Plan approval), including urgent care claims procedures. When you see Plan physicians, receive services at Plan hospitals and facilities, or obtain your prescription drugs at Plan pharmacies, you will not have to file claims. Just present your identification card and pay your copayment, coinsurance, or deductible.

You will only need to file a claim when you receive emergency services from non-plan providers. Sometimes these providers bill us directly. Check with the provider.

If you need to file the claim, here is the process:

Medical, hospital and prescription drug benefits

In most cases, providers and facilities file claims for you. Physicians must file on the form CMS-1500, Health Insurance Claim Form. Your facility will file on the UB-04 form. For claims questions and assistance, contact us at 1-800/537-9384, or at our website at www.aetnafeds.com.

When you must file a claim – such as for services you received outside the Plan’s service area – submit it on the CMS-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Covered member’s name, date of birth, address, phone number and ID number
- Name and address of the physician or facility that provided the service or supply
- Dates you received the services or supplies
- Diagnosis
- Type of each service or supply
- The charge for each service or supply
- A copy of the explanation of benefits, payments, or denial from any primary payor – such as the Medicare Summary Notice (MSN)
- Receipts, if you paid for your services

Note: Canceled checks, cash register receipts, or balance due statements are not acceptable substitutions for itemized bills.

Submit your claims to:

Submit your medical, hospital, and vision claims to: Aetna, P.O. Box 14079, Lexington, KY 40512-4079

Submit your dental claims to: Aetna, P.O. Box 14094, Lexington, KY 40512-4094

Submit your pharmacy claims to: Aetna, Pharmacy Management, P.O. Box 52444, Phoenix, AZ 85072-2444

Deadline for filing your claim

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible.

Post-service claims procedures

We will notify you of our decision within 30 days after we receive your post-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you before the expiration of the original 30 day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

If you do not agree with our initial decision, you may ask us to review it by following the disputed claims process detailed in Section 8 of this brochure.

**Authorized
Representative**

You may designate an authorized representative to act on your behalf for filing a claim or to appeal claims decisions to us. For urgent care claims, we will permit a health care professional with knowledge of your medical condition to act as your authorized representative without your express consent. For the purposes of this section, we are also referring to your authorized representative when we refer to you.

Notice Requirements

If you live in a county where at least 10 percent of the population is literate only in a non-English language (as determined by the Secretary of Health and Human Services), we will provide language assistance in that non-English language. You can request a copy of your Explanation of Benefits (EOB) statement, related correspondence, oral language services (such as telephone customer assistance), and help with filing claims and appeals (including external reviews) in the applicable non-English language. The English versions of your EOBs and related correspondence will include information in the non-English language about how to access language services in that non-English language.

Any notice of an adverse benefit determination or correspondence from us confirming an adverse benefit determination will include information sufficient to identify the claim involved (including the date of service, the health care provider, and the claim amount, if applicable), and a statement describing the availability, upon request, of the diagnosis and procedure codes.

Section 8. The disputed claims process

You may appeal to the U.S. Office of Personnel Management (OPM) if we do not follow the required claims process. For more information about situations in which you are entitled to immediately appeal to OPM, including additional requirements not listed in Section 3, 7, and 8 of this brochure, please visit www.aetnafeds.com.

Please follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your post service claim (a claim where services, drugs or supplies have already been provided). In Section 3 *If you disagree with our pre-service claim decision*, we describe the process you need to follow if you have a claim for services, referrals, drugs or supplies that must have prior Plan approval, such as inpatient hospital admissions.

To help you prepare your appeal, you may arrange with us to review and copy, free of charge, all relevant materials and Plan documents under our control relating to your claim, including those that involve any expert review(s) of your claim. To make your request, please contact our Customer Service Department by writing Aetna, Attention: National Accounts, P.O. Box 14463, Lexington, KY 40512 or calling 1-800/537-9384.

Our reconsideration will not take into account the initial decision. The review will not be conducted by the same person, or his/her subordinate, who made the initial decision.

When our initial decision is based (in whole or in part) on a medical judgement (i.e., medically necessity, experimental/investigational), we will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgement and who was not involved in making the initial decision.

Our reconsideration decision will not afford deference to the initial decision and will be conducted by a plan representative who is neither the individual who made the initial decision that is the subject of the reconsideration, nor the subordinate of that individual.

We will not make our decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) based upon the likelihood that the individual will support the denial of benefits.

Step	Description
1	<p>Ask us in writing to reconsider our initial decision. You must:</p> <ul style="list-style-type: none"> a) Write to us within six (6) months from the date of our decision; and b) Send your request to us at: Aetna, Attention: National Accounts, P.O. Box 14463, Lexington, KY 40512; and c) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and d) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms. e) Your email address (optional), if you would like to receive our decision via email. Please note that by giving us your email, you may receive our decision more quickly. <p>We will provide you, free of charge and in a timely manner, with any new or additional evidence considered, relied upon, or generated by us or at our direction in connection with your claim and any new rationale for our claim decision. We will provide you with this information sufficiently in advance of the date that we are required to provide you with our reconsideration decision to allow you a reasonable opportunity to respond to us before that date. However, our failure to provide you with new evidence or rationale in sufficient time to allow you to timely respond shall not invalidate our decision on reconsideration. You may respond to that new evidence or rationale at the OPM review stage described in step 4.</p>
2	<p>In the case of a post-service claim, we have 30 days from the date we receive your request to:</p> <ul style="list-style-type: none"> a) Pay the claim or, b) Write to you and maintain our denial or,

	<p>c) Ask you or your provider for more information.</p> <p>You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.</p> <p>If we do not receive the information within 60 days we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.</p>
<p>3</p>	<p>If you do not agree with our decision, you may ask OPM to review it.</p> <p>You must write to OPM within:</p> <ul style="list-style-type: none"> • 90 days after the date of our letter upholding our initial decision; or • 120 days after you first wrote to us - if we did not answer that request in some way within 30 days; or • 120 days after we asked for additional information. <p>Write to OPM at: United States Office of Professional Management, Healthcare and Insurance, Federal Employee Insurance Operations, Health Insurance 3, 1900 E Street, NW, Washington, DC 20415-3630.</p> <p>Send OPM the following information:</p> <ul style="list-style-type: none"> • A statement about why you believe our decision as wrong, based on specific benefit provisions in this brochure; • Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms; • Copies of all letters you sent to us about the claim; • Copies of all letters we sent to you about the claim; and • Your daytime phone number and the best time to call. • Your email address, if you would like to receive OPM's decision via email. Please note that by providing your email address, you may receive OPM's decision more quickly. <p>Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.</p> <p>Note: You are the only person who as a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request. However, for urgent care claims, a health care professional with knowledge of your medical condition may act as your authorized representative without your expression consent.</p> <p>Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.</p>
<p>4</p>	<p>OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision with 60 days. There are no other administrative appeals.</p> <p>If you do not agree with OPM's decision, your only recourse is to sue. If you decide to file a lawsuit, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.</p> <p>OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.</p> <p>You may not file a lawsuit until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.</p>

Note: **If you have a serious or life threatening condition** (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and you did not indicate that your claim was a claim for urgent care, then call us at 800/537-9384. We will expedite our review (if we have not yet responded to your claim); or we will inform OPM so they can quickly review your claim on appeal. You may call OPM's Health Insurance 3 at 202-606-0737 between 8 a.m. and 5 p.m. Eastern Time.

Please remember that we do not make decisions about plan eligibility issues. For example, we do not determine whether you or a dependent are covered under this plan. You must raise eligibility issues with your Agency personnel/payroll office if you are an employee, your retirement system if you are an annuitant or the Office of Workers' Compensation Programs if you are receiving Workers' Compensation benefits.

Section 9. Coordinating benefits with Medicare and other coverage

When you have other health coverage

You must tell us if you or a covered family member has coverage under any other health plan or has automobile insurance that pays health care expenses without regard to fault. This is called “double coverage.”

When you have double coverage, one plan normally pays its benefits in full as the primary payor and the other plan pays a reduced benefit as the secondary payor. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners’ (NAIC) guidelines. For more information on NAIC rules regarding the coordinating of benefits, visit the NAIC website at <http://www.NAIC.org>.

When we are the primary payor, we will pay the benefits described in this brochure.

When we are the secondary payor, the primary Plan will pay for the expenses first, up to its plan limit. If the expense is covered in full by the primary plan, we will not pay anything. If the expense is not covered in full by the primary plan, we determine our allowance. If the primary Plan uses a preferred provider arrangement, we use the highest negotiated fee between the primary Plan and our Plan. If the primary plan does not use a preferred provider arrangement, we use the Aetna negotiated fee. For example, we generally only make up the difference between the primary payor's benefit payment and 100% of our Plan allowance, subject to your applicable deductible, if any, and coinsurance or copayment amounts.

When Medicare is the primary payor and the provider accepts Medicare assignment, our allowance is the difference between Medicare's allowance and the amount paid by Medicare. We do not pay more than our allowance. You are still responsible for your copayment, deductible or coinsurance based on the amount left after Medicare payment.

• TRICARE and CHAMPVA

TRICARE is the health care program for eligible dependents of military persons, and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled Veterans and their eligible dependents. IF TRICARE or CHAMPVA and this Plan cover you, we pay first. See your TRICARE or CHAMPVA Health Benefits Advisor if you have questions about these programs.

Suspended FEHB coverage to enroll in TRICARE or CHAMPVA: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under TRICARE and CHAMPVA.

• Workers’ Compensation

We do not cover services that:

- You (or a covered family member) need because of a workplace-related illness or injury that the Office of Workers’ Compensation Programs (OWCP) or a similar Federal or State agency determines they must provide; or
- OWCP or a similar agency pays for through a third-party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

Once OWCP or similar agency pays its maximum benefits for your treatment, we will cover your care. You must use our providers.

• Medicaid

When you have this Plan and Medicaid, we pay first.

Suspended FEHB coverage to enroll in Medicaid or a similar State-sponsored program of medical assistance: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these State programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the State program.

When other Government agencies are responsible for your care

We do not cover services and supplies when a local, State, or Federal government agency directly or indirectly pays for them.

When others are responsible for injuries

Our right to pursue and receive subrogation and reimbursement recoveries is a condition of, and a limitation on, the nature of benefits or benefit payments and on the provision of benefits under our coverage.

If you have received benefits or benefit payments as a result of an injury or illness and you or your representatives, heirs, administrators, successors, or assignees receive payment from any party that may be liable, a third party's insurance policies, your own insurance policies, or a workers' compensation program or policy, you must reimburse us out of that payment. Our right of reimbursement extends to any payment received by settlement, judgment, or otherwise.

We are entitled to reimbursement to the extent of the benefits we have paid or provided in connection with your injury or illness. However, we will cover the cost of treatment that exceeds the amount of the payment you received.

Reimbursement to us out of the payment shall take first priority (before any of the rights of any other parties are honored) and is not impacted by how the judgment, settlement, or other recovery is characterized, designated, or apportioned. Our right of reimbursement is not subject to reduction based on attorney fees or costs under the "common fund" doctrine and is fully enforceable regardless of whether you are "made whole" or fully compensated for the full amount of damages claimed.

We may, at our option, choose to exercise our right of subrogation and pursue a recovery from any liable party as successor to your rights.

If you do pursue a claim or case related to your injury or illness, you must promptly notify us and cooperate with our reimbursement or subrogation efforts.

For a complete explanation on how the Plan is authorized to operate when others are responsible for your injuries please go to: www.aetnafeds.com.

When you have Federal Employees Dental and Vision Insurance Program (FEDVIP) coverage

Some FEHB plans already cover some dental and vision services. When you are covered by more than one vision/dental plan, coverage provided under your FEHB Plan remains as your primary coverage. FEDVIP coverage pays secondary to that coverage. When you enroll in a dental and/or vision plan on BENEFEDS.com, you will be asked to provide information on your FEHB Plan so that your Plans can coordinate benefits. Providing your FEHB information may reduce your out-of-pocket cost.

Recovery rights related to Workers' Compensation

If benefits are provided by Aetna for illness or injuries to a member and we determine the member received Workers' Compensation benefits through the Office of Workers' Compensation Programs (OWCP), a workers' compensation insurance carrier or employer, for the same incident that resulted in the illness or injuries, we have the right to recover those benefits as further described below. "Workers' Compensation benefits" includes benefits paid in connection with a Workers' Compensation claim, whether paid by an employer directly, the OWCP or any other workers' compensation insurance carrier, or any fund designed to provide compensation for workers' compensation claims. Aetna may exercise its recovery rights against the member if the member has received any payment to compensate them in connection with their claim. The recovery rights against the member will be applied even though:

- a) The Workers' Compensation benefits are in dispute or are paid by means of settlement or compromise;
- b) No final determination is made that bodily injury or sickness was sustained in the course of or resulted from the member's employment;
- c) The amount of Workers' Compensation benefits due to medical or health care is not agreed upon or defined by the member or the OWCP or other Workers' Compensation carrier; or
- d) The medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.

By accepting benefits under this Plan, the member or the member's representatives agree to notify Aetna of any Workers' Compensation claim made, and to reimburse us as described above.

Aetna may exercise its recovery rights against the provider in the event:

- a) the employer or carrier is found liable or responsible according to a final adjudication of the claim by the OWCP or other party responsible for adjudicating such claims; or
- b) an order approving a settlement agreement is entered; or
- c) the provider has previously been paid by the carrier directly, resulting in a duplicate payment.

Clinical Trials

An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application.

If you are a participant in a clinical trial, this health plan will provide for related care as follows, if it is not provided by the clinical trial:

Routine care costs – costs for routine services such as doctor visits, lab tests, x-rays and scans, and hospitalizations related to treating the patient's condition, whether the patient is in a clinical trial or is receiving standard therapy. These costs are covered by this plan.

Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care. This plan does not cover these costs.

Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials, this plan does not cover these costs.

When you have Medicare

- **What is Medicare?**

Medicare is a Health Insurance Program for:

- People 65 years of age or older
- Some people with disabilities under 65 years of age
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant)

Medicare has four parts:

- Part A (Hospital Insurance). Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance. (If you were a Federal employee at any time both before and during January 1983, you will receive credit for your Federal employment before January 1983.) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 1-800-MEDICARE (1-800-633-4227) (TTY: 1-877-486-2048) for more information.
- Part B (Medical Insurance). Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check.
- Part C (Medicare Advantage). You can enroll in a Medicare Advantage plan to get your Medicare benefits. We offer a Medicare Advantage plan. Please review the information on coordinating benefits with Medicare Advantage plans on the next page.
- Part D (Medicare prescription drug coverage). There is a monthly premium for Part D coverage. Before enrolling in Medicare Part D, please review the important disclosure notice from us about the FEHB prescription drug coverage and Medicare. The notice is on the first inside page of this brochure.

For people with limited income and resources, extra help in paying for a Medicare prescription drug plan is available. For more information about this extra help, visit the Social Security Administration online at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY: 1-800-325-0778).

- **Should I enroll in Medicare?**

The decision to enroll in Medicare is yours. We encourage you to apply for Medicare benefits 3 months before you turn age 65. It's easy. Just call the Social Security Administration toll-free number 1-800-772-1213 (TTY: 1-800-325-0778) to set up an appointment to apply. If you do not apply for one or more Parts of Medicare, you can still be covered under the FEHB Program.

If you can get premium-free Part A coverage, we advise you to enroll in it. Most Federal employees and annuitants are entitled to Medicare Part A at age 65 **without cost**. When you don't have to pay premiums for Medicare Part A, it makes good sense to obtain the coverage. It can reduce your out-of-pocket expenses as well as costs to the FEHB, which can help keep FEHB premiums down.

Everyone is charged a premium for Medicare Part B coverage. The Social Security Administration can provide you with premium and benefit information. Review the information and decide if it makes sense for you to buy the Medicare Part B coverage. If you do not sign up for Medicare Part B when you are first eligible, you may be charged a Medicare Part B late enrollment penalty of a 10% increase in premium for every 12 months you are not enrolled. If you didn't take Part B at age 65 because you were covered under FEHB as an active employee (or you were covered under your spouse's group health insurance plan and he/she was an active employee), you may sign up for Part B (generally without an increased premium) within 8 months from the time you or your spouse stop working or are no longer covered by the group plan. You also can sign up at any time while you are covered by the group plan.

If you are eligible for Medicare, you may have choices in how you get your health care. Medicare Advantage is the term used to describe the various private health plan choices available to Medicare beneficiaries. The information in the next few pages shows how we coordinate benefits with Medicare, depending on whether you are in the Original Medicare Plan or a private Medicare Advantage plan.

- **The Original Medicare Plan (Part A or Part B)**

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share.

All physicians and other providers are required by law to file claims directly to Medicare for members with Medicare Part B, when Medicare is primary. This is true whether or not they accept Medicare

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care.

Claims process when you have the Original Medicare Plan – You will probably not need to file a claim form when you have both our Plan and the Original Medicare Plan.

When we are the primary payor, we process the claim first.

When Original Medicare is the primary payor, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will then provide secondary benefits for covered charges. To find out if you need to do something to file your claim, call us at 1-800/537-9384 or see our website at www.aetnafeds.com.

We do not waive any costs if the Original Medicare Plan is your primary payor.

You can find more information about how our plan coordinates benefits with Medicare by calling 1-800/537-9384 or see our website www.aetnafeds.com.

Please review the following table. It illustrates your cost share if you are enrolled in Medicare Part B. Medicare will be primary for all Medicare eligible services. Members must use providers who accept Medicare's assignment.

High Option: EXAMPLE

Benefit Description	Member Cost without Medicare	Member Cost with Medicare Part A and B primary
Deductible	\$1,000 Self Only/\$3,000 Self Plus One or Self and Family	\$1,000 Self Only/\$3,000 Self Plus One or Self and Family
Out-of-pocket Maximum	\$5,000 Self Only/\$6,850 Self Plus One or Self and Family	\$5,000 Self Only/\$6,850 Self Plus One or Self and Family
Primary Care Physician	\$30 per visit	\$30 per visit
Specialist	\$60 per visit	\$60 per visit
Inpatient Hospital	25% after deductible	25% after deductible
Outpatient Hospital	25% after deductible	25% after deductible
Rx	Tier 1 - \$3/\$12 Tier 2 - \$50 Tier 3 - \$75 Tier 4 – Preferred Specialty (30-day supply) 20% up to \$200 maximum Tier 5 - Non-preferred Specialty (30-day supply) 20% up to \$500 maximum	Tier 1 - \$3/\$12 Tier 2 - \$50 Tier 3 - \$75 Tier 4 – Preferred Specialty (30-day supply) 20% up to \$200 maximum Tier 5 - Non-preferred Specialty (30-day supply) 20% up to \$500 maximum
Rx – Mail Order (31-90 day supply)	3x retail copay; not available on Tier 4 and 5	3x retail copay; not available on Tier 4 and 5

You can find more information about how our plan coordinates benefits with Medicare by calling 1-800/537-9384.

- **Tell us about your Medicare coverage**

You must tell us if you or a covered family member has Medicare coverage, and let us obtain information about services denied or paid under Medicare if we ask. You must also tell us about other coverage you or your covered family members may have, as this coverage may affect the primary/secondary status of this Plan and Medicare.

- **Medicare Advantage (Part C)**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare Advantage plan. These are private health care choices (like HMOs and regional PPOs) in some areas of the country. To learn more about Medicare Advantage plans, contact Medicare at 1-800-MEDICARE (1-800-633-4227) (TTY: 1-877-486-2048) or at www.medicare.gov.

If you enroll in a Medicare Advantage plan, the following options are available to you:

This Plan and our Medicare Advantage plan: You may enroll in our Medicare Advantage Plan and also remain enrolled in our FEHB Plan. If you are an annuitant or former spouse with FEHBP coverage and are enrolled in Medicare Parts A and B, you may enroll in our Medicare Advantage Plan if one is available in your area. Please call us at 1-888/788-0390. **We do not waive cost-sharing for your FEHB coverage.**

This Plan and another plan's Medicare Advantage plan: You may enroll in another plan's Medicare Advantage plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, even out of the Medicare Advantage plan's network and/or service area (if you use our Plan providers). However, we will not waive any of our copayments, coinsurance, or deductibles. If you enroll in a Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage to enroll in a Medicare Advantage plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare Advantage plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare Advantage plan premium.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage or move out of the Medicare Advantage plan's service area.

- **Medicare prescription drug coverage (Part D)**

We are the primary payor, we process the claim first. If you enroll in Medicare Part D and we are the secondary payor, we will review the claims for your prescription drug costs that are not covered by Medicare Part D and consider them for payment under the FEHB plan. For more information, please call us at 1-800/832-2640. See Important Notice from Aetna about our Prescription Drug Coverage and Medicare on the first inside page of this brochure for information on Medicare Part D.

Medicare always makes the final determination as to whether they are the primary payor. The following chart illustrates whether Medicare or this Plan should be the primary payor for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly. **(Having coverage under more than two health plans may change the order of benefits determined on this chart.)**

Primary Payor Chart		
A. When you - or your covered spouse - are age 65 or over and have Medicare and you...	The primary payor for the individual with Medicare is...	
	Medicare	This Plan
1) Have FEHB coverage on your own as an active employee		✓
2) Have FEHB coverage on your own as an annuitant or through your spouse who is an annuitant	✓	
3) Have FEHB through your spouse who is an active employee		✓
4) Are a reemployed annuitant with the Federal government and your position is excluded from the FEHB (your employing office will know if this is the case) and you are not covered under FEHB through your spouse under #3 above	✓	
5) Are a reemployed annuitant with the Federal government and your position is not excluded from the FEHB (your employing office will know if this is the case) and...		
• You have FEHB coverage on your own or through your spouse who is also an active employee		✓
• You have FEHB coverage through your spouse who is an annuitant	✓	
6) Are a Federal judge who retired under title 28, U.S.C., or a Tax Court judge who retired under Section 7447 of title 26, U.S.C. (or if your covered spouse is this type of judge) and you are not covered under FEHB through your spouse under #3 above	✓	
7) Are enrolled in Part B only, regardless of your employment status	✓ for Part B services	✓ for other services
8) Are a Federal employee receiving Workers' Compensation disability benefits for six months or more	✓*	
B. When you or a covered family member...		
1) Have Medicare solely based on end stage renal disease (ESRD) and...		
• It is within the first 30 months of eligibility for or entitlement to Medicare due to ESRD (30-month coordination period)		✓
• It is beyond the 30-month coordination period and you or a family member are still entitled to Medicare due to ESRD	✓	
2) Become eligible for Medicare due to ESRD while already a Medicare beneficiary and...		
• This Plan was the primary payor before eligibility due to ESRD (for 30 month coordination period)		✓
• Medicare was the primary payor before eligibility due to ESRD	✓	
3) Have Temporary Continuation of Coverage (TCC) and...		
• Medicare based on age and disability	✓	
• Medicare based on ESRD (for the 30 month coordination period)		✓
• Medicare based on ESRD (after the 30 month coordination period)	✓	
C. When either you or a covered family member are eligible for Medicare solely due to disability and you...		
1) Have FEHB coverage on your own as an active employee or through a family member who is an active employee		✓
2) Have FEHB coverage on your own as an annuitant or through a family member who is an annuitant	✓	
D. When you are covered under the FEHB Spouse Equity provision as a former spouse		
	✓	

*Workers' Compensation is primary for claims related to your condition under Workers' Compensation.

Section 10. Definitions of terms we use in this brochure

Calendar year	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
Clinical Trials Cost Categories	<p>An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration (FDA); or is a drug trial that is exempt from the requirement of an investigational new drug application.</p> <p>If you are a participant in a clinical trial, this health plan will provide related care as follows, if it is not provided by the clinical trial:</p> <ul style="list-style-type: none">• Routine care costs – costs for routine services such as doctor visits, lab tests, x-rays and scans, and hospitalizations related to treating the patient’s condition whether the patient is in a clinical trial or is receiving standard therapy. These costs are covered by this Plan.• Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient’s routine care. We do not cover these costs.• Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This plan does not cover these costs.
Coinsurance	Coinsurance is the percentage of our allowance that you must pay for your care. You may also be responsible for additional amounts. See Section 4.
Copayment	A copayment is a fixed amount of money you pay when you receive covered services. See Section 4.
Cost-sharing	Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance, and copayments) for the covered care you receive.
Covered services	Care we provide benefits for, as described in this brochure.
Custodial care	Any type of care provided according to Medicare guidelines, including room and board, that a) does not require the skills of technical or professional personnel; b) is not furnished by or under the supervision of such personnel or does not otherwise meet the requirements of post-hospital Skilled Nursing Facility care; or c) is a level such that you have reached the maximum level of physical or mental function and such person is not likely to make further significant improvement. Custodial care includes any type of care where the primary purpose is to attend to your daily living activities which do not entail or require the continuing attention of trained medical or paramedical personnel. Examples include assistance in walking, getting in and out of bed, bathing, dressing, feeding, using the toilet, changes of dressings of noninfected wounds, post-operative or chronic conditions, preparation of special diets, supervision of medication which can be self-administered by you, the general maintenance care of colostomy or ileostomy, routine services to maintain other service which, in our sole determination, is based on medically accepted standards, can be safely and adequately self-administered or performed by the average non-medical person without the direct supervision of trained medical or paramedical personnel, regardless of who actually provides the service, residential care and adult day care, protective and supportive care including educational services, rest cures, or convalescent care. Custodial care that lasts 90 days or more is sometimes known as long term care. Custodial care is not covered.

Deductible	A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for those services. See Section 4.
Experimental or investigational service	<p>Services or supplies that are, as determined by us, experimental. A drug, device, procedure or treatment will be determined to be experimental if:</p> <ul style="list-style-type: none"> • There is not sufficient outcome data available from controlled clinical trials published in the peer reviewed literature to substantiate its safety and effectiveness for the disease or injury involved; or • Required FDA approval has not been granted for marketing; or • A recognized national medical or dental society or regulatory agency has determined, in writing, that it is experimental or for research purposes; or • The written protocol or protocol(s) used by the treating facility or the protocol or protocol(s) of any other facility studying substantially the same drug, device, procedure or treatment or the written informed consent used by the treating facility or by another facility studying the same drug, device, procedure or treatment states that it is experimental or for research purposes; or • It is not of proven benefit for the specific diagnosis or treatment of your particular condition; or • It is not generally recognized by the Medical Community as effective or appropriate for the specific diagnosis or treatment of your particular condition; or • It is provided or performed in special settings for research purposes.
Health care professional	A physician or other health care professional licensed, accredited, or certified to perform specified health services consistent with state law.
Medical necessity	<p>Services or supplies that are, as determined by us, experimental. A drug, device, procedure or treatment will be determined to be experimental if:</p> <ul style="list-style-type: none"> • There is not sufficient outcome data available from controlled clinical trials published in the peer reviewed literature to substantiate its safety and effectiveness for the disease or injury involved; or • Required FDA approval has not been granted for marketing; or • A recognized national medical or dental society or regulatory agency has determined, in writing, that it is experimental or for research purposes; or • The written protocol or protocol(s) used by the treating facility or the protocol or protocol(s) of any other facility studying substantially the same drug, device, procedure or treatment or the written informed consent used by the treating facility or by another facility studying the same drug, device, procedure or treatment states that it is experimental or for research purposes; or • It is not of proven benefit for the specific diagnosis or treatment of your particular condition; or • It is not generally recognized by the Medical Community as effective or appropriate for the specific diagnosis or treatment of your particular condition; or • It is provided or performed in special settings for research purposes.

Open Access HMO	You can go directly to any network specialist for covered services without a referral from your primary care physician. Whether your covered services are provided by your selected primary care physician (for your PCP copay) or by another participating provider in the network (for the specialist copay), you will be responsible for payment which may be in the form of a copay (flat dollar amount) or coinsurance (a percentage of covered expenses). While not required, it is highly recommended that you still select a PCP and notify Member Services of your selection (1-800/537-9384). If you go directly to a specialist, you are responsible for verifying that the specialist is participating in our Plan. If your participating specialist refers you to another provider, you are responsible for verifying that the other specialist is participating in our Plan.
Plan allowance	Plan allowance is the amount we use to determine our payment and your coinsurance for the service or supply in the geographic area where it is furnished. Plans determine their allowances in different ways. We determine our allowance as follows: We may take into account factors such as the complexity, degree of skill needed, type or specialty of the provider, range of services provided by a facility, and the prevailing charge in other areas in determining the Plan allowance for a service or supply that is unusual or is not often provided in the area or is provided by only a small number of providers in the area.
Post-service claims	Any claims that are not pre-service claims. In other words, post-service claims are those claims where treatment has been performed and the claims have been sent to us in order to apply for benefits.
Pre-service claims	Those claims (1) that require precertification, prior approval, or a referral and (2) where failure to obtain precertification, prior approval, or a referral results in a reduction of benefits.
Precertification	<p>Precertification is the process of collecting information prior to inpatient admissions and performance of selected ambulatory procedures and services. The process permits advance eligibility verification, determination of coverage, and communication with the physician and/or you. It also allows Aetna to coordinate your transition from the inpatient setting to the next level of care (discharge planning), or to register you for specialized programs like disease management, case management, or our prenatal program. In some instances, precertification is used to inform physicians, members and other health care providers about cost-effective programs and alternative therapies and treatments.</p> <p>Certain health care services, such as hospitalization or outpatient surgery, require precertification with Aetna to ensure coverage for those services.</p>
Preventive Services	Health care services designed for prevention and early detection of illnesses in average risk people, generally including routine physical examinations, tests and immunizations.
Reimbursement	A carrier's pursuit of a recovery if covered individual has suffered an illness or injury and has received, in connection with that illness or injury, a payment from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, and the terms of the carrier's health benefits plan require the covered individual, as a result of such payment, to reimburse the carrier out of the payment to the extent of the benefits initially paid or provided. The right of reimbursement is cumulative with and not exclusive of the right of subrogation.
Respite care	Care furnished during a period of time when your family or usual caretaker cannot, or will not, attend to your needs. Respite care is not covered.
Subrogation	A carrier's pursuit of a recovery from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, as successor to the rights of a covered individual who suffered an illness or injury and has obtained benefits from that carrier's health benefits plan.

Urgent care Covered benefits required in order to prevent serious deterioration of your health that results from an unforeseen illness or injury if you are temporarily absent from our service area and receipt of the health care service cannot be delayed until your return to our service area.

Urgent care claims A claim for medical care or treatment is an urgent care claim if waiting for the regular time limit for non-urgent care claims could have one of the following impacts:

- Waiting could seriously jeopardize your life or health;
- Waiting could seriously jeopardize your ability to regain maximum function; or
- In the opinion of a physician with knowledge of your medical condition, waiting would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

Urgent care claims usually involve Pre-service claims and not Post-service claims. We will judge whether a claim is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.

If you believe your claim qualifies as an urgent care claim, please contact our Customer Service Department at 1-800/537-9384. You may also prove that your claim is an urgent care claim by providing evidence that a physician with knowledge of your medical condition has determined that your claim involves urgent care.

Us/We Us and We refer to Aetna.

You You refers to the enrollee and each covered family member.

Section 11. Other Federal Programs

Please note, the following programs are not part of your FEHB benefits. They are separate Federal programs that complement your FEHB benefits and can potentially reduce your annual out-of-pocket expenses. These programs are offered independent of the FEHB Program and require you to enroll separately with no government contribution.

Important information about three Federal programs that complement the FEHB Program

First, the **Federal Flexible Spending Account Program**, also known as FSAFEDS, lets you set aside pre-tax money from your salary to reimburse you for eligible dependent care and/or health care expenses. You pay less in taxes so you save money. Participating employees save an average of about 30% on products and services they routinely pay for out-of-pocket.

Second, the **Federal Employees Dental and Vision Insurance Program (FEDVIP)** provides comprehensive dental and vision insurance at competitive group rates. There are several plans from which to choose. Under FEDVIP you may choose Self Only, Self Plus One, or Self and Family coverage for yourself and any eligible dependents.

Third, the **Federal Long Term Care Insurance Program (FLTCIP)** can help cover long term care costs, which are not covered under the FEHB Program.

The Federal Flexible Spending Account Program (FSAFEDS)

What is an FSA?

It is an account where you contribute money from your salary **BEFORE** taxes are withheld, then incur eligible expenses and get reimbursed. You pay less in taxes so you save money. **Annuitants are not eligible to enroll.**

There are three types of FSAs offered by FSAFEDS. Each type has a minimum annual election of \$100. The maximum annual election for a health care flexible spending account (HCFSA) or a limited expense health care spending account (LEX HCFSA) is \$2,550 per person. The maximum annual election for a dependent care flexible spending account (DCFSA) is \$5,000 per household.

- **Health Care FSA (HCFSA)** – Reimburses you for eligible out-of-pocket health care expenses (such as copayments, deductibles, prescriptions, **physician prescribed** over-the-counter medications and drugs, vision and dental expenses, and much more) for you and your tax dependents, including adult children (through the end of the calendar year in which they turn 26)

FSAFEDS offers paperless reimbursement for your HCFSA through a number of FEHB and FEDVIP plans. This means that when you or your providers files claims with your FEHB or FEDVIP plan, FSAFEDS will automatically reimburse your eligible out-of-pocket expenses based on the claim information it receives from your plan.

- **Limited Expense Health Care FSA (LEX HCFSA)** – Designed for employees enrolled in or covered by a High Deductible Health Plan with a Health Savings Account. Eligible expenses are limited to out-of-pocket dental and vision care expenses for you and your tax dependents adult children (through the end of the calendar year in which they turn 26).
- **Dependent Care FSA (DCFSA)** – Reimburses you for eligible **non-medical** day care expenses for your children under age 13 and/or for any person you claim as a dependent on your Federal Income Tax return who is mentally or physically incapable of self-care. You (and your spouse if married) must be working, looking for work (income must be earned during the year), or attending school full-time to be eligible for a DCFSA.
- If you are a new or newly eligible employee you have 60 days from your hire date to enroll in HCFSA or LEX HCFSA and/or DCFSA, but you must enroll before October 1. If you are hired or become eligible on or after October 1, you must wait and enroll during the Federal Benefits Open Season held each fall.

Where can I get more information about FSAFEDS?

Visit www.FSAFEDS.com or call an FSAFEDS Benefits Counselor toll-free at 1-877-FSAFEDS (1-877-372-3337), Monday through Friday, 9 a.m. until 9 p.m., Eastern Time. TTY: 1-800-952-0450.

The Federal Employees Dental and Vision Insurance Program (FEDVIP)

Important Information

The Federal Employees Dental and Vision Insurance Program (FEDVIP) is separate and different from the FEHB Program. **This Program provides comprehensive dental and vision insurance at competitive group rates with no pre-existing condition limitations for enrollment.**

FEDVIP is available to eligible Federal and Postal Service employees, retirees, and their eligible family members on an enrollee-pay-all basis. Employee premiums are withheld from salary on a pre-tax basis.

Dental Insurance

All dental plans provide a comprehensive range of services, including:

- Class A (Basic) services, which include oral examinations, prophylaxis, diagnostic evaluations, sealants and x-rays.
- Class B (Intermediate) services, which include restorative procedures such as fillings, prefabricated stainless steel crowns, periodontal scaling, tooth extractions, and denture adjustments.
- Class C (Major) services, which include endodontic services such as root canals, periodontal services such as gingivectomy, major restorative services such as crowns, oral surgery, bridges and prosthodontic services such as complete dentures.
- Class D (Orthodontic) services with up to a 12-month waiting period. Most FEDVIP dental plans cover adult orthodontia. Review your FEDVIP dental plan's brochure for information on this benefit.

Vision Insurance

All vision plans provide comprehensive eye examinations and coverage for your choice of either lenses and frames or for contact lenses. Other benefits such as discounts on LASIK surgery may also be available.

Additional Information

You can find a comparison of the plans available and their premiums on the OPM website at www.opm.gov/dental and www.opm.gov/vision. These sites also provide links to each plan's website, where you can view detailed information about benefits and preferred providers.

How do I enroll?

You enroll on the Internet at www.BENEFEDS.com. For those without access to a computer, call 1-877-888-3337 (TTY: 1-877-889-5680).

The Federal Long Term Care Insurance Program (FLTCIP)

It's important protection

The Federal Long Term Care Insurance Program (FLTCIP) can help pay for the potentially high cost of long term care services, which are not covered by FEHB plans. Long term care is help you receive to perform activities of daily living – such as bathing or dressing yourself - or supervision you receive because of a severe cognitive impairment such as Alzheimer's disease. For example, long term care can be received in your home from a home health aide, in a nursing home, in an assisted living facility or in adult day care. To qualify for coverage under the FLTCIP, you must apply and pass a medical screening (called underwriting). Federal and U.S. Postal Service employees and annuitants, active and retired members of the uniformed services, and qualified relatives are eligible to apply. Certain medical conditions, or combinations of conditions, will prevent some people from being approved for coverage. You must apply to know if you will be approved for enrollment. For more information, call 1-800-LTC-FEDS (1-800-582-3337) (TTY: 1-800-843-3557), or visit www.ltcfeds.com.

2016 Rate Information for - Aetna Open Access Plan

Non-Postal rates apply to most non-Postal employees. If you are in a special enrollment category, refer to the Guide to Federal Benefits for that category or contact the agency that maintains your health benefits enrollment.

Postal rates apply to Postal Service employees.

Postal Category 1 applies to career bargaining unit employees.

Postal Category 2 rates apply to career non-bargaining unit employees.

For further assistance, Postal Service employees should call:

Human Resources Shared Service Center: 1-877-477-3273, option 5, (TTY: 1-866-260-7507)

Postal rates do not apply to non-career Postal employees, Postal retirees, or associate members of any Postal employee organization who are not career Postal employees. Refer to the applicable Guide to Federal Benefits.

Premiums for Tribal employees are shown under the monthly non-Postal column. The amount shown under employee contribution is the maximum you will pay. Your Tribal employer may choose to contribute a higher portion of your premium. Please contact your Tribal Benefits Officer for exact rates.

Type of Enrollment	Enrollment Code	Non-Postal Premium				Postal Premium	
		Biweekly		Monthly		Biweekly	
		Gov't Share	Your Share	Gov't Share	Your Share	Category 1 Your Share	Category 2 Your Share
High Option Self Only	HA1	\$213.37	\$75.87	\$462.30	\$164.39	\$64.01	\$75.87
High Option Self Plus One	HA3	\$461.02	\$215.48	\$998.88	\$466.87	\$189.87	\$215.48
High Option Self and Family	HA2	\$488.50	\$194.76	\$1,058.42	\$421.98	\$167.62	\$194.76
