RI 73-884

**Important Notice from Priority Health About
Our Prescription Drug Coverage and Medicare**

The Office of Personnel Management (OPM) has determined that the Priority Health prescription drug coverage is, on average, expected to pay out as much as the standard Medicare prescription drug coverage will pay for all plan participants and is considered Creditable Coverage. This means you do not need to enroll in Medicare Part D and pay extra for prescription drug coverage. If you decide to enroll in Medicare Part D later, you will not have to pay a penalty for late enrollment as long as you keep your FEHB coverage.

However, if you choose to enroll in Medicare Part D, you can keep your FEHB coverage and will coordinate benefits with Medicare.

Remember: If you are an annuitant and you cancel your FEHB coverage, you may not re-enroll in the FEHB Program.

Please be advised

If you lose or drop your FEHB coverage and go 63 days or longer without prescription drug coverage that's at least as good as Medicare's prescription drug coverage, your monthly Medicare Part D premium will go up at least 1% per month for every month that you did not have that coverage. For example, if you go 19 months without Medicare Part D prescription drug coverage, your premium will always be at least 19 percent higher than what many other people pay. You will have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the next Annual Coordinated Election Period (October 15 through December 7) to enroll in Medicare Part D.

Medicare's Low Income Benefits

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA) online at www.socialsecurity.gov, or call the SSA at 800-772-1213 TTY: 800-325-0778.

You can get more information about Medicare prescription drug plans and the coverage offered in your area from these places:

- Visit www.medicare.gov for personalized help.
- Call 800-MEDICARE 800-633-4227, TTY: 877-486-2048.

Introduction

This brochure describes the benefits of Priority Health under our contract (CS 2944) with the United States Office of Personnel Management, as authorized by the Federal Employees Health Benefits law. Customer Service may be reached at 800 446-5674 or through our website: customerservice@priorityhealth.com.

The address for Priority Health's corporate office is:

Priority Health
1231 East Beltline NE
Grand Rapids, MI 49525

This brochure is the official statement of benefits. No verbal statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self and Family coverage, each eligible family member is also entitled to these benefits. If you are enrolled in Self Plus One coverage, you and one eligible family member that you designate when you enroll are entitled to these benefits. You do not have a right to benefits that were available before January 1, 2017 unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2017 and changes are summarized on page 13. Rates are shown at the end of this brochure.

Coverage under this plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision for more information on the individual requirement for MEC.

The ACA establishes a minimum value for the standard of benefits of a health plan. The minimum value standard is 60% (actuarial value). The health coverage of this plan does meet the minimum value standard for the benefits the plan provides.

Plain Language

All FEHB brochures are written in plain language to make them easy to understand. Here are some examples:

- Except for necessary technical terms, we use common words. For instance, “you” means the enrollee or family member, “we” means Priority Health.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean.
- Our brochure and other FEHB plans' brochures have the same format and similar descriptions to help you compare plans.

Stop Health Care Fraud!

Fraud increases the cost of health care for everyone and increases your Federal Employees Health Benefits Program premium.

OPM's Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

Protect Yourself From Fraud – Here are some things that you can do to prevent fraud:

- Do not give your plan identification (ID) number over the telephone or to people you do not know, except to your health care providers, authorized health benefits plan, or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.

- Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review explanations of benefits (EOBs) that you receive from us.
- Periodically review your claim history for accuracy to ensure we have not been billed for services that you did not receive.
- Do not ask your doctor to make false entries on certificates, bills or records in order to get us to pay for an item or service.
- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
 - Call the provider and ask for an explanation. There may be an error.
 - If the provider does not resolve the matter, call us at 800 446-5674 and explain the situation.
 - If we do not resolve the issue:

CALL - THE HEALTH CARE FRAUD HOTLINE

877-499-7295

OR go to <https://www.opm.gov/our-inspector-general/hotline-to-report-fraud-waste-or-abuse/complaint-form/>

The online reporting form is the desired method of reporting fraud in order to ensure accuracy, and a quicker response time.

You can also write to:

**United States Office of Personnel Management
Office of the Inspector General Fraud Hotline
1900 E Street NW Room 6400
Washington, DC 20415-1100**

- Do not maintain as a family member on your policy:
 - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise)
 - Your child age 26 or over (unless he/she is disabled and incapable of self support prior to age 26).
- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage.
- Fraud or intentional misrepresentation of material fact is prohibited under the Plan. You can be prosecuted for fraud and your agency may take action against you. Examples of fraud include, falsifying a claim to obtain FEHB benefits, trying to or obtaining service or coverage for yourself or for someone who is not eligible for coverage, or enrolling in the Plan when you are no longer eligible.
- If your enrollment continues after you are no longer eligible for coverage (i.e. you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed by your provider for services received. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member is no longer eligible to use your health insurance coverage.

Discrimination is Against the Law

Priority Health complies with all applicable Federal civil rights laws, to include both Title VII and Section 1557 of the ACA. Pursuant to Section 1557 Priority Health does not discriminate, exclude people, or treat them differently on the basis of race, color, national origin, age, disability, or sex (including pregnancy and gender identity).

Preventing Medical Mistakes

Medical mistakes continue to be a significant cause of preventable deaths within the United States. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. Medical mistakes and their consequences also add significantly to the overall cost of healthcare. Hospitals and healthcare providers are being held accountable for the quality of care and reduction in medical mistakes by their accrediting bodies. You can also improve the quality and safety of our own health care and that of your family members by learning more about and understanding your risks. Take these simple steps:

1. Ask questions if you have doubts or concerns.

- Ask questions and make sure you understand the answers.
- Choose a doctor with whom you feel comfortable talking.
- Take a relative or friend with you to help you take notes, ask questions and understand answers.

2. Keep and bring a list of all the medicines you take.

- Bring the actual medicines or give your doctor and pharmacist a list of all the medicines and dosage that you take, including non-prescription (over-the-counter) medicines and nutritional supplements.
- Tell your doctor and pharmacist about any drug, food, and other allergies you have, such as to latex.
- Ask about any risks or side effects of the medication and what to avoid while taking it. Be sure to write down what your doctor or pharmacist says.
- Make sure your medicine is what the doctor ordered. Ask the pharmacist about your medicine if it looks different than you expected.
- Read the label and patient package insert when you get your medicine, including all warnings and instructions.
- Know how to use your medicine. Especially note the times and conditions when your medicine should and should not be taken.
- Contact your doctor or pharmacist if you have any questions.
- Understand both the generic and brand names of your medication. This helps ensure you don't receive double dosing from taking both a generic and a brand. It also helps prevent you from taking a medication to which you are allergic.

3. Get the results of any test or procedure.

- Ask when and how you will get the results of tests or procedures. Will it be in person, by phone, mail, through the Plan or Provider's portal?
- Don't assume the results are fine if you do not get them when expected. Contact your healthcare provider and ask for your results.
- Ask what the results mean for your care.

4. Talk to your doctor about which hospital or clinic is best for your health needs.

- Ask your doctor about which hospital or clinic has the best care and results for your condition if you have more than one hospital or clinic to choose from to get the health care you need.
- Be sure you understand the instructions you get about follow-up care when you leave the hospital or clinic.

5. Make sure you understand what will happen if you need surgery.

- Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
- Ask your doctor, “Who will manage my care when I am in the hospital?”
- Ask your surgeon:
 - “Exactly what will you be doing?”
 - “About how long will it take?”
 - “What will happen after surgery?”
 - “How can I expect to feel during recovery?”
- Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reaction to anesthesia, and any medications or nutritional supplements you are taking.

Preventable Healthcare Acquired Conditions ("Never Events")

When you enter the hospital for treatment of one medical problem, you don’t expect to leave with additional injuries, infections or other serious conditions that occur during the course of your stay. Although some of these complications may not be avoidable, patients do suffer from injuries or illnesses that could have been prevented if doctors or the hospital had taken proper precautions. Errors in medical care that are clearly identifiable, preventable and serious in their consequences for patients, can indicate a significant problem in the safety and credibility of a health care facility. These conditions and errors are sometimes called "Never Events" or "Serious Reportable Events."

We have a benefit payment policy that encourages hospitals to reduce the likelihood of hospital-acquired conditions such as certain infections, severe bedsores, and fractures, and to reduce medical errors that should never happen. When such an event occurs, neither you nor your FEHB plan will incur costs to correct the medical error. Priority Health has a medical policy that follows the basic philosophy that payment will not be made for medical errors, but recognizes that many variables can impact payment determination in any specific case.

FEHB Facts

Coverage information

- **No pre-existing condition limitation** We will not refuse to cover the treatment of a condition you had before you enrolled in this Plan solely because you had the condition before you enrolled.
- **Minimum essential coverage (MEC)** Coverage under this plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision for more information on the individual requirement for MEC.
- **Minimum value standard** Our health coverage meets the minimum value standard of 60% established by the ACA. This means that we provide benefits to cover at least 60% of the total allowed costs of essential health benefits. The 60% standard is an actuarial value; your specific out-of-pocket costs are determined as explained in this brochure.
- **Where you can get information about enrolling in the FEHB Program** See www.opm.gov/insure/health for enrollment information as well as:
 - Information on the FEHB Program and plans available to you
 - A health plan comparison tool
 - A list of agencies that participate in Employee Express
 - A link to Employee Express
 - Information on and links to other electronic enrollment systems

Also, your employing or retirement office can answer your questions, and give you brochures for other plans, and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

- When you may change your enrollment
- How you can cover your family members
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire
- What happens when your enrollment ends
- When the next Open Season for enrollment begins

We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office. For information on your premium deductions, you must also contact your employing or retirement office.

- **Types of coverage available for you and your family** Self Only coverage is for you alone. Self Plus One coverage is an enrollment that covers you and one eligible family member. Self and Family coverage is for you, your spouse, and your dependent children under age 26, including any foster children authorized for coverage by your employing agency or retirement office. Under certain circumstances, you may also continue coverage for a disabled child 26 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self and Family or Self Plus One enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event.

The Self Plus One or Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self Plus One or Self Plus Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form; benefits will not be available to your spouse until you marry.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive health benefits, nor will we. Please tell us immediately of changes in family member status, including your marriage, divorce, annulment, or when your child reaches age 26.

If you or one of your family members is enrolled in one FEHB plan, that person may not be enrolled in or covered as a family member by another FEHB plan.

If you have a qualifying life event (QLE) - such as marriage, divorce, or the birth of a child - outside of the Federal Benefits Open Season, you may be eligible to enroll in the FEHB Program, change your enrollment, or cancel coverage. For a complete list of QLEs, visit the FEHB website at www.opm.gov/healthcare-insurance/life-events . If you need assistance, please contact your employing agency, Tribal Benefits Officer, personnel/payroll office, or retirement office.

• **Family member coverage**

Family members covered under your Self and Family enrollment are your spouse (including a valid common law marriage) and children as described in the chart below. A Self Plus One enrollment covers you and your spouse, or one eligible family member as described in the chart below.

Children	Coverage
Natural children, adopted children, and stepchildren	Natural, adopted children and stepchildren are covered until their 26 th birthday.
Foster children	Foster children are eligible for coverage until their 26 th birthday if you provide documentation of your regular and substantial support of the child and sign a certification stating that your foster child meets all the requirements. Contact your human resources office or retirement system for additional information.
Children incapable of self-support	Children who are incapable of self-support because of a mental or physical disability that began before age 26 are eligible to continue coverage. Contact your human resources office or retirement system for additional information.
Married children	Married children (but NOT their spouse or their own children) are covered until their 26th birthday.
Children with or eligible for employer-provided health insurance	Children who are eligible for or have their own employer-provided health insurance are covered until their 26th birthday.

Newborns of covered children are insured only for routine nursery care during the covered portion of the mother's maternity stay.

You can find additional information at www.opm.gov/healthcare-insurance.

- **Children’s Equity Act**

OPM has implemented the Federal Employees Health Benefits Children’s Equity Act of 2000. This law mandates that you be enrolled for Self Plus One or Self and Family coverage in the FEHB Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll in Self Plus One or Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self Plus One or Self and Family coverage, as appropriate, in the Blue Cross and Blue Shield Service Benefit Plan’s Basic Option;
- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the same option of the same plan; or
- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the Blue Cross and Blue Shield Service Benefit Plan’s Basic Option.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that doesn’t serve the area in which your children live, unless you provide documentation that you have other coverage for the children.

If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot cancel your coverage, change to Self Only, or change to a plan that doesn’t serve the area in which your children live as long as the court/administrative order is in effect. Similarly, you cannot change to Self Plus One if the court/administrative order identifies more than one child. Contact your employing office for further information.

- **When benefits and premiums start**

The benefits in this brochure are effective January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. **If you changed plans or plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be paid according to the 2017 benefits of your old plan or option.** However, if your old plan left the FEHB Program at the end of the year, you are covered under that plan’s 2016 benefits until the effective date of your coverage with your new plan. Annuitants’ coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

If your enrollment continues after you are no longer eligible for coverage, (i.e. you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed for services received directly from your provider. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member are no longer eligible to use your health insurance coverage.

- **When you retire** When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

When you lose benefits

- **When FEHB coverage ends** You will receive an additional 31 days of coverage, for no additional premium, when:
 - Your enrollment ends, unless you cancel your enrollment, or
 - You are a family member no longer eligible for coverage.

Any person covered under the 31 day extension of coverage who is confined in a hospital or other institution for care or treatment on the 31st day of the temporary extension is entitled to continuation of the benefits of the Plan during the continuance of the confinement but not beyond the 60th day after the end of the 31 day temporary extension.

You may be eligible for spouse equity coverage or Temporary Continuation of Coverage (TCC).

- **Upon divorce** If you are divorced from a Federal employee, or annuitant, you may not continue to get benefits under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to provide health coverage for you. However, you may be eligible for your own FEHB coverage under either the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get additional information about your coverage choices. You can also visit OPM's website at <http://www.opm.gov/healthcare-insurance/healthcare/plan-information/>.

- **Temporary Continuation of Coverage (TCC)** If you leave Federal service, Tribal employment, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). The Affordable Care Act (ACA) did not eliminate TCC or change the TCC rules. For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal or Tribal job, if you are a covered dependent child and you turn 26, etc.

You may not elect TCC if you are fired from your Federal or Tribal job due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC, from your employing or retirement office or from www.opm.gov/healthcare-insurance/healthcare/plan-information/guides. It explains what you have to do to enroll.

Alternatively, you can buy coverage through the Health Insurance Marketplace where, depending on your income, you could be eligible for a new kind of tax credit that lowers your monthly premiums. Visit www.HealthCare.gov to compare plans and see what your premium, deductible, and out-of-pocket costs would be before you make a decision to enroll. Finally, if you qualify for coverage under another group health plan (such as your spouse's plan), you may be able to enroll in that plan, as long as you apply within 30 days of losing FEHBP coverage.

- **Finding replacement coverage** In lieu of offering a non-FEHB plan for conversion purposes, we will assist you, as we would assist you in obtaining a plan conversion policy, in obtaining health benefits coverage inside or outside the Affordable Care Act's Health Insurance Marketplace. For assistance in finding coverage, please contact us at 800 446-5674 or visit our website at priorityhealth.com.

- **Health Insurance Marketplace**

If you would like to purchase health insurance through the Affordable Care Act's Health Insurance Marketplace, please visit www.HealthCare.gov. This is a website provided by the U.S. Department of Health and Human Services that provides up-to-date information on the Marketplace.

Section 1. How this plan works

This Plan is a health maintenance organization (HMO). We require you to see specific physicians, hospitals, and other providers that contract with us. These participating Plan providers coordinate your health care services. We are solely responsible for the selection of these providers in your area. The provider directory is available on our website at priorityhealth.com or by calling our Customer Service Department. We give you a choice of enrollment in a High Option or Standard Option.

HMOs emphasize preventive care such as routine office visits, physical exams, well-baby care, and immunizations, in addition to treatment for illness and injury. Our providers follow generally accepted medical practice when prescribing any course of treatment. This plan covers services that are medically/clinically necessary as explained in this brochure and according to Priority Health's medical and behavioral health policies.

When you receive services from participating Plan providers, you will not have to submit claim forms or pay bills. You pay only the copayments, coinsurance, and deductibles described in this brochure. When you receive evaluation and management services at a Retail Health Clinic or emergency services from non-Plan providers, you may have to submit claim forms.

You should join an HMO because you prefer the plan's benefits, not because a particular provider is available. You cannot change plans because a provider leaves our Plan. We cannot guarantee that any one physician, hospital, or other provider will be available and/or remain under contract with us.

General features of our High and Standard Options

Our High Option Features little, if any, out of pocket expenses. Our Standard Option offers benefits with slightly higher out-of-pocket expenses, including a deductible, but at a lower premium cost to you. Both options provide access to Priority Health's high quality service. You can reduce your out of pocket expenses under either option even further, including completely eliminating the Standard Option deductible, if you are eligible for and enrolled in Medicare Part B in addition to your coverage with Priority Health.

We have Open Access benefits

Our HMO offers Open Access benefits. This means you can receive covered services from a participating provider without a required referral from your primary care physician or by another participating provider in the network. You may also receive covered services from any retail service center located within the United States without referral.

How we pay providers

We contract with individual physicians, medical groups, and hospitals to provide most of the benefits in this brochure. These participating Plan providers accept a negotiated payment from us, and you will only be responsible for your deductible, copayments or coinsurance.

This brochure also covers evaluation and management services obtained from any Retail Health Clinic located within the United States. We may not be contracted with all providers at these types of facilities. However, you will still only be responsible for deductible, copayments or coinsurance even if you receive covered services from a non-participating Plan provider at a Retail Health Clinic.

Preventive care services

Preventive care services are generally covered with no cost sharing and are not subject to copayments, deductibles or annual limits when received from a participating Plan provider.

Annual deductible

There is no deductible under our High Option. Under the Standard Option, the annual deductible of \$350 for Self Only coverage and \$700 for Self Plus One enrollment or Self and Family enrollment must be met before plan benefits are paid for care other than preventive care services. If you are enrolled in Medicare Part B, your Standard Option deductible will be waived.

Catastrophic protection

We protect you against catastrophic out-of-pocket expenses for covered services. Your annual out-of-pocket expenses for covered services, including deductibles and copayments, cannot exceed \$6,600 for Self Only or \$13,200 for Self Plus One or Self and Family enrollment under the High Option and \$6,750 for Self Only or \$13,500 for Self Plus One or Self and Family enrollment under the Standard Option.

Your rights and responsibilities

OPM requires that all FEHB Plans provide certain information to their FEHB members. You may get information about us, our networks, and providers. OPM's FEHB website (www.opm.gov/insure) lists the specific types of information that we must make available to you. Some of the required information is also available from our Customer Service department, including:

- We have been in existence for over 30 years
- Profit status
- Our current Provider Directory.
- The professional credentials of our participating plan providers. This includes, but is not limited to, providers who are board certified in the specialty of pain medicine and the evaluation and treatment of chronic or acute pain.
- The telephone number of the Michigan Department of Licensing and Regulatory Affairs where you can call to find out information regarding disciplinary actions or formal complaints filed against a provider.
- Prior approval requirements and any limitations, restrictions or exclusions on services, benefits or providers.
- Clinical review criteria we use to determine whether services or supplies are medically/clinically necessary in a particular situation.
- The type of financial relationships between us and our in-network providers.
- How we evaluate new technology for inclusion as a covered service.
- How we evaluate new drugs for inclusion on our approved drugs list.
- A printed version of this brochure.

You are also entitled to a wide range of consumer protections and have specific responsibilities as a member of this Plan. You can view the complete list of these rights and responsibilities by visiting our website at www.priorityhealth.com. You can also contact us to request that we mail a copy to you.

If you want more information about us, call 800 446-5674, or write to Priority Health, 1231 East Beltline NE, Grand Rapids, MI 49525. You may also visit our website at www.priorityhealth.com.

By law, you have the right to access your personal health information (PHI). For more information regarding access to PHI, visit our website at www.priorityhealth.com. You can also contact us to request that we mail a copy regarding access to PHI.

Protecting Your Privacy

The Priority Health Notice of Privacy Practices describes how medical information about you may be used and disclosed and how you can get access to this information. This notice is available on our website at www.priorityhealth.com or by calling our Customer Service Department at 616 942-1221 or 800 446-5674.

If you want more information about us, call 616 942-1221 or 800 446-5674, or write to Priority Health, 1231 East Beltline NE, Grand Rapids, MI 49525. You may also visit our website at www.priorityhealth.com.

Your medical claims records are confidential

We will keep your medical and claims records confidential. Please note that we may disclose your medical and claims information (including your prescription drug utilization) to any of your treating physicians or dispensing pharmacies. We will not disclose information from your medical records without your consent, except as allowed in accordance with our Notice of Privacy Practices.

Service Area

To enroll in this plan, you must live or work in our service area. This is where our providers practice. Our service area is the Lower Peninsula of Michigan.

Ordinarily, you must get your care from providers who contract with us. If you receive care outside our service area, we will pay only for care provided in a Retail Health Clinic located within the United States, emergency care and urgent care benefits. We will not pay for any other health care services out of our service area unless the services have prior plan approval.

If you or a covered family member moves outside of our service area, you can enroll in another plan. You do not have to wait until Open Season to change plans. Contact your employing or retirement office.

If you have dependent children living outside our service area but within the United States and services are provided by a PHCS/Multiplan Network Provider located outside the service area but within the United States, services are covered at the set benefit level of this plan.

If you have dependent children living outside the service area but within the United States, services are covered at the out of network dependent child benefit when services are provided by a non-participating provider. Contact us for details.

Section 2. Changes for 2017

Do not rely only on these change descriptions; this Section is not an official statement of benefits. For that, go to Section 5. Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

Changes to this Plan

- HBC Motivations – meet criteria to receive Priority Health Healthy Living gear (up to \$50 value).
- Dietician Services – Consultations with a participating dietician, upon referral from your PCP, covered at specialist copay up to a maximum of 6 visits per Contract Year. Dietician services must be obtained from a dietician employed by a participating provider. See Priority Health’s Preventive Health Care Guidelines for additional dietician services that may be covered as a preventive health care service.
- Brand name prescription drugs - If you elect to receive a brand name drug when an equivalent generic drug is reasonably available, you may be responsible for the difference in cost between the brand name drug and the generic drug. Any monies you paid for the difference in costs between a generic drug and the brand name drug (because you elected to receive a brand name drug when the prescription allows a generic drug substitution) are non-covered services.

Changes to High Option Only

- The cost share for Certain Surgeries and Treatments is changing from 50% of the first \$2,000 to no charge - see page 45
- Generic drug copay increases from \$8 to \$15 - see page 65
- Preferred brand drug copay increases from \$40 to \$50 - see page 65
- Non-preferred brand drug copay increases from \$60 to \$80 - see page 65
- Preferred specialty drug cost share changes from \$80 copay to 20% coinsurance, maximum of \$150 per fill - see page 65
- Non preferred specialty drug cost share changes from \$80 copay to 20% coinsurance, maximum of \$300 per fill - see page 65

High Option Enhanced benefit for members who purchase Medicare Part B receive copay waivers and discounts

- Generic prescription drug copay will be reduced from \$15 to \$10 - see page 82

Changes to Standard Option Only

- The primary care (PCP) office visit copay is increasing from \$15 to \$25 - see page 32
- The specialist office visit copay is increasing from \$30 to \$45 - see page 32
- The following services follow the PCP copay on Priority Health plans:
 - Telehealth Visits - see page 32
 - Rehabilitation Services (PT/OT, cardiac/pulmonary rehabilitation, speech therapy) - see page 40
 - Applied Behavior Analysis - see page 40
 - Chiropractic care - see page 40
 - Outpatient Mental Health/Substance Abuse - see page 60
- The following services follow the specialist copay on Priority Health plans:
 - Dietician services - see above
 - Accidental dental injury benefit - see page 68
- The copays for Emergency and Ambulance Services are increasing from \$100 to \$150 - see page 59
- The cost share for Certain Surgeries and Treatments is changing from 50% of the first \$2,000 to 20% after deductible - see page 45
- Generic drug copay increases from \$10 to \$20 - see page 65

- Preferred brand drug copay increases from \$45 to \$60 - see page 65
- Preferred specialty drug cost share maximum is increasing from \$150 to \$200 - see page 65
- Non preferred specialty drug cost share maximum is increasing from \$300 to \$400 - see page 65

Standard Option Enhanced benefit for members who purchase Medicare Part B receive copay waivers and discounts:

- Generic prescription drug copay will be reduced from \$20 to \$15 - see page 82

Section 3. How you get care

Identification cards

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a participating Plan provider, or fill a prescription at a participating Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation (for annuitants), or your electronic enrollment system (such as Employee Express) confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 800 446-5674 or write to us at: Priority Health, 1231 East Beltline NE, Grand Rapids, MI 49525. You may also request replacement cards through our website: www.priorityhealth.com.

Where you get covered care

You get care from “Plan providers” and “Plan facilities.” You will only pay copayments, deductibles, and/or coinsurance. Our Open Access program allows you to receive covered services from a participating Plan provider without a required referral from your primary care physician (PCP) or another Plan provider in the network. You may also seek covered care from a Retail Health Clinic located anywhere within the United States. You do not need a referral to even though we have not contracted with the treating providers, which means they are non-participating providers. The prior approval waiver applies to non-participating providers at Retail Health Clinics, emergency rooms and urgent care centers only.

• Plan providers

Plan providers are physicians and other health professionals in our service area that we contract with to provide covered services to our members. We credential Plan providers according to national standards.

Each member must designate one of our Plan providers as his or her primary care physician (PCP). Each family members may select his or her own in-network primary care physician. A PCP may refer a member to another participating Plan provider when it would be more appropriate for him or her to receive care from a different type of health professional or specialist. Members may also choose to seek care from any in-network specialist without a PCP referral.

We list Plan providers in our Provider Directory, which we update periodically. Members can access our Provider Directory by using our online Find A Doctor tool at www.priorityhealth.com. This tool makes it easy for members to search for health care providers and facilities nationwide. Members enter plan type and location, and can search by primary care physician, hospital, pharmacy and other facility/service. The tool provides members with:

- Provider name
- Gender
- Network status
- Distance
- Address
- Office hours
- Map

For Lansing area providers, members have in network access through Sparrow Physicians Health Network. A complete listing of these providers can be found at www.sparrow.org/SPHN.

In addition to the online tool, a member can call our customer service department at 800 446-5674 and a representative will help him or her find a doctor or facility.

- **Plan facilities**

Plan facilities and hospitals are located throughout Michigan. Priority Health contracts with these facilities to provide covered services to our members. We list these in the Provider Directory and update the information periodically.

As stated under Plan Providers above, members can search for plan facilities by accessing our online Find A Doctor tool at www.priorityhealth.com. This tool makes it easy for members to search for health care providers and facilities nationwide. In addition to the online tool, a member can call our customer service department at 800 446-5674 and a representative will help him or her a doctor or facility.

For Lansing area facilities, members have in network access through Sparrow Physicians Health Network. A complete listing of these providers can be found at www.sparrow.org/SPHN.

- **Retail Health Clinics**

Retail Health Clinics are a category of walk-in clinics located in retail stores, supermarkets and pharmacies within the United States. Providers at these locations treat uncomplicated minor illnesses and may provide some preventive care services. We have not contracted with the providers for these services, so even though the care is covered under this plan, and the Retail Health Clinic may be located within a participating Plan pharmacy, the providers are considered non-participating or non-Plan providers. However, you do not need a referral from your PCP, another Plan provider or Priority Health before you seek covered services from a Retail Health Clinic.

Even though these providers are considered non-participating, you do not need a referral from your PCP, another Plan provider or Priority Health before you seek covered services from a Retail Health Clinic. Evaluation and Management services will be covered, and you will only be responsible for any applicable deductible, copayments or coinsurance amounts explained in Section 5 of this Brochure.

What you must do to get covered care

We require your PCP and other Plan providers to discuss all treatment options available to you whether the treatment or services are covered or not covered. Providers are not expected to know when services have limitations or are excluded from coverage. The Brochure provides you with this information.

Your PCP or other health professionals may recommend, and you may choose, treatment options even if they are not covered or are limited by this Plan. You are required to pay for any services you receive that are not covered or that exceed your maximum benefit.

- **Primary care**

Your PCP provides your primary health care, orders lab tests and x-rays, prescribes medicines or therapies and arranges hospitalization when necessary. Your PCP may be a family practitioner, a general practitioner, an internal medicine specialist, a pediatrician, an obstetrician/gynecologist, a nurse practitioner or a physician assistant. Each family member may select his or her own in-network primary care physician.

If you do not select a PCP, we will assign one to you. You can change your PCP at any time, including one assigned to you, except while you are in the hospital. You may also change the PCP of a minor or covered dependent who is incapable of choosing a PCP. All changes are effective on the first day of the month after we receive your request unless you are changing a child's pediatrician. Pediatrician changes are effective immediately.

You may choose to seek services from a Plan provider without referral from your PCP at any time. For example, a woman can see a participating Plan obstetrician/gynecologist without referral from her PCP. However, we recommend you talk with your PCP about any issues concerning your medical care, and contact him or her before you receive medical services, except in a medical emergency. Working with your PCP improves the coordination and continuity of care you receive. When necessary, your PCP will work with other participating Plan providers and specialist providers to ensure you receive the care you need.

We recommend you receive a physical examination from your PCP within one year of joining Priority Health.

- **Specialty Care**

Specialty care is care provided by a health professional or physician other than your PCP. This care may be provided by both Plan providers and non-network providers. Plan providers are those listed in our Provider Directory.

You do not need a referral from your PCP or Priority Health to see a Plan provider for most covered service. Only certain services, when provided by your PCP or a Plan provider require prior approval. Additional information about prior approval requirements is included below.

Non-Network Providers

You do not need a referral from your PCP or Priority Health to seek covered services from a PHCS/MultiPlanNetwork Provider outside the services area (but within the United States) if you are a Covered Dependent child residing outside the Service Area. Prior Approval requirements are described under Other Services below.

You do not need prior approval or a referral from your PCP or Priority Health to seek covered services from a Retail Health Clinic located within the United States.

All other covered services you receive from non-network providers must be prior approved by us. If the standard of care (medically appropriate treatment) for your condition is not available from a Plan provider, your PCP may ask Priority Health for approval to refer you to a non-network provider. If you do not receive approval from Priority Health prior to seeking covered services from a non-network provider, or if we determine the medically appropriate treatment for your condition is available from a Plan provider, you will be responsible for payment. A referral from your PCP or another Plan provider is not enough if you want the services to be covered. If Priority Health approves the referral, we will notify your PCP or the Plan provider who makes the request.

A Second Medical Opinion

It is often appropriate to ask for a second medical opinion before receiving certain treatments for health conditions and before many proposed surgeries. You may request a second medical opinion from a Plan specialist who has skills and training substantially similar to those of the physician making the original treatment recommendation without prior approval. If there are no Plan providers with the skills and training needed to provide a second opinion on the proposed treatment, we may cover a second medical opinion from a non-network specialist. Prior approval from Priority Health is required before the second opinion is obtained. Any tests, procedures, treatments or surgeries recommended by the consulting provider must be performed by a Plan provider unless we approve the services in advance.

Occasionally, Priority Health may require that you get a second opinion from a Plan specialist that we have chosen. This second medical opinion is used to assist us in determining whether services or supplies are medically/clinically necessary according to our medical and behavioral health policies or adopted criteria.

Termination of Provider's Participation.

Plan providers contract with us to provide covered services to members. Either the Plan provider or Priority Health can terminate that contract at any time. We cannot guarantee that you will be able to receive services from a specific Plan provider while you are covered under this Plan. We will notify you if your PCP is no longer a Plan provider so you can select another PCP. If your specialist terminates his or her participation with Priority Health, you can contact your PCP for a recommendation of a new specialist to visit. Our Customer Service department is also available to assist you in finding another Plan provider and in receiving care during the transition to a new provider. If you have any questions, please call our Customer Service department.

If you are being treated by a participating Plan provider whose contract with us is terminated, you may be allowed to continue seeing that provider for a limited time. So long as the provider is able to continue treating you, you can receive covered services if, at the time of the provider's contract termination:

1. you are receiving on-going care. You may continue to see this provider for up to 90 days or until Priority Health makes other arrangements for you to receive the same services from another Plan provider.
2. you are undergoing treatment for a chronic or disabling condition, or are in the second or third trimester of pregnancy. You may continue to see this provider for up to 90 days, or through completion of postpartum care.
3. you are undergoing treatment for a terminal illness. You may continue to be treated by this provider for the remainder of your life.

If the Plan provider's contract with Priority Health has been terminated for quality of care reasons, we will not cover any care you receive from him or her.

You may also be able to continue seeing your specialist for up to 90 days after you receive a notice of change if you have a chronic and disabling condition and will lose access to your specialist because we:

1. terminate our contract with your specialist for reasons other than for cause;
2. drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB program plan; or
3. reduce our services area and you enroll in another FEHB plan.

If you are in the second or third trimester of your pregnancy and you lose access to your specialist based on the above circumstances, you may continue to see your specialist until the end of your postpartum care, even if that is beyond 90 days.

- **Hospital care**

Your PCP or specialist will make necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility.

- **If you are hospitalized when your enrollment begins**

We pay for covered services from the effective date of your enrollment. However, if you are in the hospital when your enrollment in our Plan begins, call our customer service department immediately at 800 446-5674. If you are new to the FEHB Program, we will arrange for you to receive care and reimburse you for your covered expenses while you are in the hospital beginning on the effective date of your coverage.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- you are discharged, not merely moved to an alternative care center;
- the day your benefits from your former plan run out; or
- the 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person. If your plan terminates participation in the FEHB Program in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such case, the hospitalized family member's benefits under the new plan begin on the effective date of enrollment.

You need prior Plan approval for certain services

Since your Primary Care Physician arranges most referrals to specialists and inpatient hospitalization, only care shown under *Other Services* requires prior approval by Priority Health in order to be covered under this Plan. If you do not get prior approval for the other services, you will be responsible. For a more detailed list of care that requires prior approval, call our Customer Service department or go to our website priorityhealth.com. This list may change periodically as new technology and standards of care emerge.

• Inpatient hospital admission

Prior approval is required before all inpatient hospital admissions, including those for mental health and substance abuse. We will evaluate the medical necessity of your proposed stay and the number of days required to treat your condition, in order to make our decision.

You do not need prior approval from your PCP or Priority Health to seek care, from a Retail Health Clinic within the United States, in a medical emergency or when urgent care is needed. Additionally, inpatient hospital stays for a mother and her newborn of up to 48 hours following a vaginal delivery and 96 hours following a cesarean section do not require prior approval. However, we encourage you to notify us at least 60 days before your due date so we are better prepared to assist you at that time.

• Other services

You do not need prior approval from either your PCP or us for most services. For certain services, however, your treating physician must obtain prior approval from us, including any services he or she is recommending you obtain from a non-network provider. Before giving approval, we will consider if the service is covered, medically/clinically necessary and follows generally accepted medical practice. If coverage for services from a non-network provider is being requested, we also determine if the medically appropriate care is available from a Plan provider. Below are some of the services and supplies that require prior approval by Priority Health:

- Referrals to non-network providers.
- Transplants and evaluation for transplants
- Outpatient services
- Intensive outpatient treatment services for substance abuse.
- Non-hospital facility services (including skilled nursing facility care)
- Radiology examinations
- High-tech radiology examinations, including but not limited to:
 - positron-emission tomography (PET) scans
 - magnetic resonance imaging (MRI)
 - computed tomography (CT scans)
 - nuclear cardiology studies.
- Reconstructive surgeries, including:
 - Paniclectomy
 - Rhinoplasty
 - Septorhinoplasty
- Bariatric Surgery
- Durable medical equipment (DME) charges over \$1,000 and all rentals
- Prosthetics and orthotics charges over \$1,000 and all shoe inserts

- Simulators
- Selected injectable drugs
- Home health care, including home infusion services and intermittent skilled services
- Services for treatment of Autism Spectrum Disorder
- Supplemental feedings administered via tube or IV
- Genetic testing
- Clinical trials and any services considered experimental, investigational or unproven
- Comprehensive pain and headache programs

How to request prior approval for an inpatient admission or for other services

To obtain prior approval, you or your provider must call the applicable number below:

- for mental health or substance abuse services – 800 673-8043
- for any other covered services that require approval – 800 828-8302.

• **Non-urgent care claims**

For non-urgent care claims, we will tell the physician and/or hospital the number of approved inpatient days, or the care that we approve for other services that must have prior authorization. We will make our decision within 15 days of receipt of the pre-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you of the need for an extension of time before the end of the original 15 day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

• **Urgent care claims**

If you have an urgent care claim (i.e., when waiting for the regular time limit for your medical care or treatment could seriously jeopardize your life, health, or ability to regain maximum function, or in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without this care or treatment), we will expedite our review and notify you of our decision within 72 hours. If you request that we review your claim as an urgent care claim, we will review the documentation you provide and decide whether it is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.

If you fail to provide sufficient information, we will contact you within 24 hours after we receive the claim to let you know what information we need to complete our review of the claim. You will then have up to 48 hours to provide the required information. We will make our decision on the claim within 48 hours of (1) the time we received the additional information or (2) the end of the time frame, whichever is earlier.

We may provide our decision orally within these time frames, but we will follow up with written or electronic notification within three days of oral notification.

You may request that your urgent care claim on appeal be reviewed simultaneously by us and OPM. Please let us know that you would like a simultaneous review of your urgent care claim by OPM either in writing at the time you appeal our initial decision, or by calling us at 800 446-5674. You may also call OPM's Health Insurance 3 at 202 606-0755 between 8 a.m. and 5 p.m. Eastern Time to ask for the simultaneous review. We will cooperate with OPM so they can quickly review your claim on appeal. In addition, if you did not indicate that your claim was a claim for urgent care, call us at 800 446-5674. If it is determined that your claim is an urgent care claim, we will expedite our review (if we have not yet responded to your claim).

Concurrent care claims A concurrent care claim involves care provided over a period of time or over a number of treatments. We will treat any reduction or termination of our pre-approved course of treatment before the end of the approved period of time or number of treatments as an appealable decision. This does not include reduction or termination due to benefit changes or if your enrollment ends. If we believe a reduction or termination is warranted we will allow you sufficient time to appeal and obtain a decision from us before the reduction or termination takes effect.

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, then we will make a decision within 24 hours after we receive the claim.

- **Emergency inpatient admission** If you have an emergency admission due to a condition that you reasonably believe puts your life in danger or could cause serious damage to bodily function, you, your representative, the physician, or the hospital must notify us within 48 hours or as soon as reasonably possible following the day of the emergency admission, even if you have been discharged from the hospital.

- **Maternity care** Inpatient hospital stays for a mother and her newborn of up to 48 hours following a vaginal delivery and 96 hours following a cesarean section do not require prior approval. However, we encourage you to notify us at least 60 days before your due date so we are better prepared to assist you at that time.

If delivery occurs in the hospital, The Hospital length of stay for the mother or newborn begins at the time of delivery (or in the case of multiple births, at the time of the last delivery). If delivery occurs outside a hospital, the hospital length of stay begins at the time the mother or newborn is admitted as a hospital inpatient in connection with childbirth. The determination of whether an admission is in connection with childbirth is a medical decision to be made by the attending provider.

- **If your treatment needs to be extended** If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, then we will make a decision within 24 hours after we receive the claim.

What happens when you do not follow the prior approval rules when using non-network facilities It is important to get prior approval so you know ahead of time if the services or supplies you seek will be covered. If the required prior approval is not obtained, we may review the claim after you receive the services. If we determine that the care received was medically/clinically necessary and provided by a non-network provider, the care may only be covered if the necessary care is unavailable from a Plan provider. If we determine that the care received was not medically/clinically necessary or the care was provided by a non-network provider when it could have been provided by a Plan provider, the services will not be covered.

Circumstances beyond our control Under certain extraordinary circumstances, such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.

If you disagree with our pre-service claim decision If you have a **pre-service claim** and you do not agree with our decision regarding prior approval of an inpatient admission or other services, you may request a review in accord with the procedures detailed below.

If you have already received the service, supply, or treatment, then you have a **post-service claim** and must follow the entire disputed claims process detailed in Section 8.

- **To reconsider a non-urgent care claim** Within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

In the case of a pre-service claim and unless we request additional information, we will notify you of our decision within 72 hours after receipt of your reconsideration request.

1. Prior approve your hospital stay, or, if applicable, arrange for the health care provider to give you the care or grant your request for prior approval for a service, drug, or supply; or
2. Ask you or your provider for more information.

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

3. Write to you and maintain our denial.

- **To reconsider an urgent care claim**

In the case of an appeal of a pre-service urgent care claim, within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

Unless we request additional information, we will notify you of our decision within 72 hours after receipt of your reconsideration request. We will expedite the review process, which allows oral or written requests for appeals and the exchange of information by telephone, electronic mail, facsimile, or other expeditious methods.

- **To file an appeal with OPM**

After we reconsider your **pre-service claim**, if you do not agree with our decision, you may ask OPM to review it by following Step 3 of the disputed claims process detailed in Section 8 of this brochure.

Section 4 Your costs for covered services

Below are the out-of-pocket costs you will pay for covered care:

Cost-sharing	Cost-sharing is the general term used to refer to any of your out-of-pocket costs for the covered services you receive, such as deductible, coinsurance, and copayments.
Copayments	<p>A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive certain services.</p> <p>Example: When you see your primary care physician, under the High Option you pay a copayment of \$15 per office visit. When you see your primary care physician under the Standard Option, you pay a copayment of \$25 per office visit.</p>
Deductible	<p>A deductible is a fixed expense you must incur for certain covered services and supplies before we start paying benefits for them. Copayments do not count toward any deductible.</p> <ul style="list-style-type: none">• The calendar year deductible is \$0 for Self Only, Self Plus One and Self and Family enrollment under the High Option. The calendar year deductible is \$350 for Self Only enrollment and \$700 for Self Plus One or Self and Family enrollment (not to exceed the Self Only deductible per person) under the Standard Option. Under a Self Only, Self Plus One or Self and Family enrollment there is no deductible, and benefits are payable for you on the first date of coverage under High Option. Under a Self Only enrollment, the deductible is considered satisfied and benefits are payable for you when your covered expense applied to the calendar year deductible for your enrollment reach \$350 under the Standard Option. Under a Self Plus One enrollment or a Self and Family enrollment, the deductible is considered satisfied and benefits are payable for you and other eligible family members when the combined covered expenses applied to the calendar year deductible for your enrollment reach \$700 (not to exceed the individual deductible per person) under Standard Option. <p>Note: If you change plans during Open Season, you do not have to start a new deductible under your old plan between January 1 and the effective date of your new plan. If you change plans at another time during the year, you must begin a new deductible under your new plan.</p>
Coinsurance	<p>Coinsurance is the percentage of our allowance that you must pay for your care. Coinsurance does not apply until you have met your calendar year deductible, if applicable.</p> <p>Example: In our Plan, you pay 50% of our allowance for infertility drugs and durable medical equipment.</p>
Your catastrophic protection out-of-pocket maximum	After your out-of-pocket expenses, including any applicable deductibles, copayments and coinsurance total \$6,600 for Self Only, or \$13,200 for a Self Plus One or Self and Family enrollment in any calendar year for High Option, you do not have to pay any more for covered services. The maximum annual limitation on cost sharing listed under Self Only of \$6,600 applies to each individual, regardless of whether the individual is enrolled in Self Only, Self Plus One, or Self and Family for High Option. After your out-of-pocket expenses, including any applicable deductibles, copayments and coinsurance total \$6,750 for Self Only, or \$13,500 for a Self Plus One or Self and Family enrollment in any calendar year for Standard Option, you do not have to pay any more for covered services. The maximum annual limitation on cost sharing listed under Self Only of \$6,750 applied to each individual, regardless of whether the individual is enrolled in Self Only, Self Plus One, or Self and Family for Standard Option.

Example Scenario: Your plan has a \$6,600 Self Only maximum out-of-pocket limit and a \$13,200 Self Plus One or Self and Family maximum out-of-pocket limit. If you or one of your eligible family members has out-of-pocket qualified medical expenses of \$6,600 or more for the calendar year, any remaining qualified medical expenses for that individual will be covered fully by your health plan. With a Self and Family enrollment out-of-pocket maximum of \$6,600, a second family member, or an aggregate of other eligible family members, will continue to accrue out-of-pocket qualified medical expense up to a maximum of \$13,200 for the calendar year before their qualified medical expenses will begin to be covered in full.

Be sure to keep accurate records and receipts of your copayments and coinsurance to ensure the plan's calculation of your out-of-pocket maximum is reflected accurately.

Carryover

If you changed to this Plan during open season from a plan with a catastrophic protection benefit and the effective date of the change was after January 1, any expenses that would have applied to that plan's catastrophic protection benefit during the prior year will be covered by your old plan if they are for care you received in January before your effective date of coverage in this Plan. If you have already met your old plan's catastrophic protection benefit level in full, it will continue to apply until the effective date of your coverage in this Plan. If you have not met this expense level in full, your old plan will first apply your covered out-of-pocket expenses until the prior year's catastrophic level is reached and then apply the catastrophic protection benefit to covered out-of-pocket expenses incurred from that point until the effective date of your coverage in this Plan. Your old plan will pay these covered expenses according to this year's benefits; benefit changes are effective January 1.

Note: If you change options in this Plan during the year, we will credit the amount of covered expenses already accumulated toward the catastrophic out-of-pocket limit of your old option to the catastrophic protection limit of your new option.

When Government facilities bill us

Facilities of the Department of Veterans Affairs, the Department of Defense and the Indian Health Services are entitled to seek reimbursement from us for certain services and supplies they provide to you or a family member. They may not seek more than their governing laws allow. You may be responsible to pay for certain services and charges. Contact the government facility directly for more information.

Section 5 High and Standard Option Benefits

Summary of benefits for the Standard Option of Priority Health - 2017.....97

Section 5 High and Standard Option Benefits Overview

This plan offers both High and Standard Options. Both benefit packages are described in Section 5. Make sure that you review the benefits that are available under the option in which you are enrolled.

The High and Standard Option Section 5 is divided into subsections. Please read *Important things you should keep in mind* at the beginning of the subsection. Also read the general exclusions in Section 6, they apply to the benefits in the following subsections. To obtain more information about High and Stand Option benefits, contact us at 800 446-5674 or on our website at www.priorityhealth.com.

Our plans offer unique features that:

- Allow you to see an in-network physician *without* a referral from your Primary Care Physician
- Help you be your healthiest with confidential and personal support from our on-staff health coaches and nurses
- Show you the cost and quality of the care you receive, and are likely sharing the cost, before you seek services
- Get you care where and when you need it — with 24-hour virtual visits
- Provide access to care if you're sick or injured and away from home

• **High Option**

The High Option offers a high level of comprehensive benefits. This option will cost slightly more than the Standard Option in premiums, but will offer a higher level of benefits. The High Option includes, but is not limited to, the following:

- No deductible
- 100% coverage for hospitalization
- \$15 Copay for non-preventive Primary care office visits
- \$25 Copay for Specialist office visits
- \$15 Generic/ \$50 preferred brand / \$80 non-preferred brand copayment for prescription drugs
- 20% coinsurance for preferred specialty prescription drugs (\$150 limit for 31-day supply)
- 20% coinsurance for non preferred specialty prescription drugs (\$300 limit for 31-day supply)

• **Standard Option**

The Standard Option offers the same high level of service that comes with the High Option. This option has slightly lesser benefits, but will cost you less in premiums. The Standard Option includes the following differences:

- A \$350 self only and \$700 for self plus one or self and family deductible
- A 20% coinsurance for hospital services
- A \$25 copayment for Primary Care office visits
- A \$45 copayment for Specialists office visits
- A \$20 generic/ \$60 brand / \$90 non preferred brand copayment for prescription drugs
- 20% coinsurance for preferred Specialty prescription drugs (\$200 limit for 31 day supply)
- 20% coinsurance for non preferred specialty prescription drugs (\$400 limit for 31 day supply)

In addition to joining one of Priority Health's plan options, we also want to encourage any eligible individuals to also enroll in original Medicare Part B. Not only will we coordinate coverage under our plan with that of your Medicare Part B coverage, which alone could reduce your out of pocket expenses, we will also waive the Standard Option deductible, waive certain copayments under both plan options, reduce the Standard Plan Generic drug copayment to \$15 and reduce the High Option Generic drug copayment to \$10. See Section 9 for additional information.

Section 5(a) Medical services and supplies provided by physicians and other health care professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically/clinically necessary.
- Plan physicians must provide or arrange your care, except that which is provided at a Retail Health Clinic within the United States.
- A facility copayment applies to services that appear in this section but are performed in an ambulatory surgical center or the outpatient department of a hospital.
- The calendar year deductible under the Standard Option is: \$350 per person (for Self Only enrollment) and \$700 per family (for Self Plus One and Self and Family enrollment). The calendar year deductible applies to most benefits in this Section.
- There is no calendar year deductible under the High Option.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.

Section 5(b) Surgical and anesthesia services provided by physicians and other health care professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange for all of your care.
- The calendar year deductible under the Standard Option is: \$350 per person (Self only enrollment) and \$700 per family (Self Plus One and Self and Family enrollment). The calendar year deductible applies to most benefits in this Section.
- There is no calendar year deductible under the High Option.
- The services listed below are for the charges billed by a physician or other health care professional for your surgical care. See Section 5(c) for charges associated with the facility (i.e. hospital, surgical center, etc.).
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.
- **Prior approval is required for inpatient services except in an emergency.**

Section 5(d) Emergency services/accidents

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible under the Standard Option is: \$350 per person (Self Only enrollment) and \$700 per family (Self Plus One enrollment and Self and Family enrollment). The calendar year deductible applies to most benefits in this Section.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.
- There is no calendar year deductible under the High Option.

What is a medical emergency?

Medical Emergency care and Urgent Care services are Covered under this Certificate. You do not need Prior Approval from your PCP or Priority Health to seek care in a Medical Emergency or when Urgent Care is needed. Prior Approval is not required even when this care is provided by a Non-Participating Provider.

What to do when you need urgent Care:

When you have an illness or injury that needs immediate attention, such as cuts or sprains, but it is not as serious as a medical emergency, call your PCP before you seek any services. Your PCP will help you determine the best place to go for care. If you are out of the service area at that time, your PCP will determine if you can wait for those services and supplies until you could reasonably return to receive them from a Plan provider. If you cannot reach your PCP's office and your illness or injury needs urgent care, go to an urgent care center or hospital emergency room. Present your ID card and be prepared to pay the required copayment or deductible.

Urgent care services received from a non-network provider who is located in our service area are **not** covered.

Urgent care services received from a non-network provider who is located outside of our service area are covered.

If you receive urgent care services from a non-network provider, contact your PCP's office as soon as possible so your PCP can arrange follow-up treatment. Do not return to the urgent care center or emergency room for follow-up care unless it is an urgent situation or medical emergency. Any follow-up care that is provided by a non-network provider must be prior approved by Priority Health in order to be covered.

What to do in case of emergency within or outside our service area:

If you have a medical emergency, seek help immediately. All care needed to treat a medical emergency will be covered. This includes care provided by non-network providers.

If you are confined in a hospital as an inpatient after a medical emergency, you (or someone on your behalf) must let your PCP and Priority Health know about your confinement within 48 hours or as soon as it is reasonably possible. Once your inpatient stay is no longer a medical emergency, Priority Health must approve your continued inpatient stay at any non-network hospital in order for it to be covered. Once your condition has stabilized, Priority Health may require you to be transferred to a Plan facility to continue to be covered.

Following a medical emergency, your PCP can provide or arrange all follow-up care with Plan providers. Follow-up care with non-network providers will only be covered if you receive prior approval from us.

Ambulance Services:

"Ambulance" includes a motor vehicle or aircraft that is primarily used or designated as available to provide transportation and basic life support, limited advanced life support, or advanced life support.

In a medical emergency, we will cover EMT and ambulance service to the nearest medical facility that can provide medical emergency care.

High and Standard Option

We will cover ambulance transfers between facilities that we approve in advance. Any other non-emergent transportation is not covered unless approved in advance by us.

Benefit Description	You pay

Section 5(e) Mental health and substance abuse benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically/clinically necessary.
- Plan physicians must provide or arrange for all of your care.
- Except in an emergency, prior approval is required for inpatient mental health and substance abuse services. Certain additional services also require Prior Approval from us before they will be Covered. See Section 3 for additional information about Prior Approval requirements.
- The calendar year deductible under the Standard Option is: \$350 per person (Self Only enrollment) and \$700 per family (Self Plus One enrollment and Self and Family enrollment). The calendar year deductible applies to most benefits in this Section.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare
- There is no calendar year deductible under the High Option.

Mental Health Services

Mental health services are available in a variety of settings. You may be treated as an inpatient or as an outpatient depending on your particular condition. Services will generally be provided in the least restrictive place that will allow for the best results for any particular condition. If you don't know where to go for treatment, call our Behavioral Health Department at 616 464-8500 or 800 673-8043 to speak with a trained clinician who can assist you.

Substance Abuse Services

Substance abuse services are also covered in a variety of settings. You may be treated in an inpatient or outpatient setting, depending on your particular condition. Services will generally be provided in the least restrictive place that will allow for the best results for any particular condition. If you don't know what the most appropriate treatment setting is for your condition, call our Behavioral Health Department at 616 464-8500 or 800 673-8043 for assistance. Priority Health follows the American Society of Addiction Medicine (ASAM) Patient Placement Criteria.

Outpatient substance abuse services do not require referral from your PCP or us. Inpatient substance abuse services (including residential treatment and partial hospitalization) require prior approval from our Behavioral Health Department, except in a medical emergency.

Intensive outpatient substance abuse services require Prior Approval from our Behavioral Health Department. Other outpatient substance abuse services do not require referral from your PCP or us.

Section 5(f) Prescription drug benefits

Important things you should keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart beginning on the next page.
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Members must make sure their physicians obtain prior approval/authorizations for certain prescription drugs and supplies before coverage applies. Prior approval/authorizations must be renewed periodically.
- Federal law prevents the pharmacy from accepting unused medications.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- Priority Health can not accept return of unopened medications and the member cannot receive a refund. There is a Federal law that prevents a pharmacy from accepting returned medications.

There are important features you should be aware of. These include:

- **Who can write your prescription.** A licensed physician or dentist, and in states allowing it, licensed or certified Physician Assistant, Nurse Practitioner and Psychologist must prescribe your medication.
- **Where you can obtain them.** You must fill the prescription at a plan pharmacy, or by mail for a maintenance medication
- **Using our Approved Drug List or "Formulary"** - Coverage is based on the usage of our Approved Drug List. Drugs are added to, or removed from, the Approved Drug List on a regular basis. Some drugs require prior approval. A prescriber may submit a prior approval request. These requests will be reviewed by Priority Health clinical staff on a case by case basis, and coverage may be approved upon review by us.

We expect our Approved Drug List will meet all members' prescription drug needs. If a Plan physician prescribes a non-formulary drug, that drug may be covered, if approved upon review by us. Priority Health will provide notice of its determination regarding an exception for a non-formulary drug within 24 hours of receiving all information necessary to make the determination. We will cover outpatient prescription drugs dispensed by a non Plan pharmacy during a medical emergency or urgent care situation.

If you are not happy with the determination, you or your representative have the right to request a decision by an Independent Review Organization (IRO). Priority Health has 72 hours to obtain the IRO decision or 24 hours to obtain the IRO decision if waiting 72 hours may seriously jeopardize the life or health of the patient or the patient's ability to regain maximum function, or when you are undergoing a current course of treatment using a non-formulary drug.

Priority Health will Cover the non-formulary drug during the review period and for as long as required by law.

- **These are the dispensing limitations.** You may obtain up to a 31-day supply of medication at a retail Participating Pharmacy. A lesser-day supply may apply based on pre-packaged products. For example, based on dosing, an asthma inhaler may last for 25 days. In this instance, only one inhaler would be dispensed, since two inhalers would exceed the 31-day supply limit. Insulin is the exception to this rule and the quantity is rounded up or down based on dosing. For example, if a member needs one and one half vials for a 31-day supply, we will round up to two vials.
- **Mail service program.** Medications needed on a long-term basis may be delivered postage paid, directly to your home through our mail service prescription drug program. A 90-day supply of medication is available through this service for two Copayments except in the case of Specialty Drugs or drugs that are prohibited by law (such as Accutane), or if your Group has purchased a different benefit design. Information on the prescription drug mail order program is available from our Customer Service Department or on our website at priorityhealth.com.

- **90 days at retail.** You may obtain up to a 90-day supply of medication (excluding Specialty Drugs) at one time for three applicable Copayments at a retail Participating Pharmacy. Retail Pharmacies participating in the 90-day supply program can be found in your *Provider Directory* or on our website at *priorityhealth.com*. The prescription must be written for a 90-day supply by the prescriber. Some medications may not be available in a 90-day supply due to storage or reconstitution requirements.
- **Specialty Drugs.** Certain Specialty Drugs requiring administration by a Health Professional in a medical office, home or outpatient facility are Covered under the medical plan instead of this Prescription Drug Rider. Priority Health will manage the treatment setting for infusible drug services and may direct you to an infusion center for home setting.
- **Why use Generic Drugs.** Generic drugs contain the same active ingredients and are equivalent in strength and dosage to the original brand name product. Generic drugs cost you and your plan less money than a name-brand drug.
- **Brand Name Drugs.** If you elect to receive a Brand Name Drug when an equivalent Generic Drug is reasonably available, you may be responsible for the difference in cost between the Brand Name Drug and the Generic Drug. Any monies you paid for the difference in costs between a Generic Drug and the Brand Name Drug (because you elected to receive a Brand Name Drug when the prescription allows a Generic Drug substitution) are non-Covered Services.

Benefit Description	You pay	
	High Option	Standard Option
<p>Covered medications and supplies</p> <p>Covered outpatient prescription drugs include some or all of the following:</p> <ul style="list-style-type: none"> • Federal legend drugs medicinal substances available only through prescription. • State-restricted drugs medicinal substances which, according to state law, may only be dispensed by prescription. • Compounded medications medicinal substances compounded by the pharmacist which have at least one ingredient that is federal legend or state-restricted in a therapeutic amount. • Injectable insulin and disposable syringes and needles for administration of injectable insulin; nonexperimental medication for controlling blood sugar and medication used in the treatment of ailments, infections or medical conditions of the foot, ankle or nails associated with diabetes. (Note: Diabetic supplies such as syringes, needles, lancets, and blood glucose test strips, can be purchased at a Plan pharmacy and your applicable prescription drug copayment will apply. These supplies can also be purchased at a participating Durable Medical Equipment (DME) provider and your DME copayment will apply. • Drugs used for the treatment of gender dysphoria or sex transformation, such as FDA-approved medications for hormone therapy according to standard requirements for the particular drug (prior approval or step therapy may apply). <ul style="list-style-type: none"> • Liquid iron supplements for children age 6 months-1 year • Vitamin D supplements (prescription strength) (400 & 1000 units) for members 65 or older • Pre-natal vitamins for pregnant women • Fluoride tablets, solution (not toothpaste, rinses) for children age 0-6 <p>Note: To receive this benefit a prescription from a doctor must be presented to pharmacy.</p>		
<p>Not Covered:</p> <ul style="list-style-type: none"> • Drugs which do not, by federal or state law, require a prescription order (over-the-counter (OTC) drugs) or prescribed drugs for which there is an OTC equivalent available without a prescription order (such as Lotrimin). We may elect to include certain OTC drugs on the Approved Drug List, based on recommendations made by our Pharmacy and Therapeutics Committee. OTC drugs listed in Preventive Health Care Guidelines are Covered. • Schedule V controlled substances available without a prescription order. • Cosmetics or any drugs used for cosmetic purposes (such as, for example, drugs for the treatment of wrinkles, hair loss, and health or beauty aids). • Men’s contraceptives. • Multivitamins (except prenatal vitamins); nutritional supplements (except when these are the only means of nutrition); and drugs used for the purpose of weight reduction, such as appetite suppressants. • Any medication prescribed in a manner other than in accordance with our procedures. • Replacement of lost or damaged prescriptions. • Drugs not approved by the Food and Drug Administration (FDA) under the Federal Food, Drug and Cosmetic Law and regulations. • Refills in excess of the amount specified by the prescriber, and any refill dispensed after one year from the order of the prescriber. Specialty drugs in excess of a 31-day supply are not covered even if specified by the prescriber. 	<p><i>All charges.</i></p>	<p><i>All charges.</i></p>

Section 5(g) Dental benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary
- If you are enrolled in a Federal Employees Dental/Vision Insurance Program (FEDVIP) Dental Plan, your FEHB Plan will be First/Primary payor of any Benefit payments and your FEDVIP Plan is secondary to your FEHB Plan. See Section 9 Coordinating benefits with other coverage.
- We cover hospitalization for dental procedures only when a non-dental physical impairment exists which makes hospitalization necessary to safeguard the health of the patient. See Section 5(c) for inpatient hospital benefits. We do not cover the dental procedure unless it is described below.
- The calendar year deductible under the Standard Option is: \$350 per person (Self Only enrollment) and \$700 per family (Self Plus One enrollment and Self and Family enrollment). The calendar year deductible applies to the benefit described in this Section.
- There is no calendar year deductible under the High Option Plan.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

Benefit Description	You Pay	
Accidental injury benefit	High Option	Standard Option
We cover restorative services and supplies necessary to promptly repair (but not replace) sound natural teeth. The need for these services must result from an accidental injury.	\$25 copayment	\$45 copayment Deductible does <i>not</i> apply
Dental Benefits	High Option	Standard Option
We have no other dental benefits		

Section 5(h) Special features

<p>Flexible Benefit Options</p>	<p>Under the flexible benefits option, we determine the most effective way to provide services.</p> <ul style="list-style-type: none"> • We may identify medically appropriate alternatives to regular contract benefits as a less costly alternative. If we identify a less costly alternative, we will ask you to sign an alternative benefits agreement that will include all of the following terms in addition to other terms as necessary. Until you sign and return the agreement, regular contract benefits will continue. • Alternative benefits will be made available for a limited time period and are subject to our ongoing review. You must cooperate with the review process. • By approving an alternative benefit, we do not guarantee you will get it in the future. • The decision to offer an alternative benefit is solely ours, and except as expressly provided in this agreement, we may withdraw it at any time and resume regular contract benefits. • If you sign the agreement, we will provide the agreed-upon alternative benefits for the stated time period (unless circumstances change). You may request an extension of the time period, but regular contract benefits will resume if we do not approve your request. • Our decision to offer or withdraw alternative benefits is not subject to OPM review under the disputed claims process. However, if at the time we make a decision regarding alternative benefits, we also decide that regular contract benefits are not payable, then you may dispute our regular contract benefits decision under the OPM disputed claim process (see Section 8).

<p>Retail Health Clinic</p>	<p>Retail Health Clinics are a category of walk-in clinics that are located in retail stores, supermarkets and pharmacies. The centers treat uncomplicated, minor illnesses and provide some preventive health care services.</p> <p>Evaluation and management services are covered at these Retail Health Clinic with the applicable urgent care copayment.</p>

Section 6 General exclusions – services, drugs and supplies we do not cover

The exclusions in this section apply to all benefits. There may be other exclusions and limitations listed in Section 5 of this brochure. **Although we may list a specific service as a benefit, we will not cover it unless it is medically/clinically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition. For information on obtaining prior approval for specific services, such as transplants, see Section 3 *When you need prior Plan approval for certain services.***

We do not cover the following:

- Care by non-Plan providers except for authorized referrals, Retail Health Clinics, or emergencies (*see Emergency services/accidents*);
- Services, drugs, or supplies you receive while you are not enrolled in this Plan;
- Services, drugs, or supplies that are not medically/clinically necessary;
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice;
- Experimental or investigational procedures, treatments, drugs or devices (see specifics regarding transplants);
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term or when the pregnancy is the result of an act of rape or incest;
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program; or
- Services, drugs, or supplies you receive without charge while in active military service.

Section 7 Filing a claim for covered services

This Section primarily deals with post-service claims (claims for services, drugs or supplies you have already received). See Section 3 for information on pre-service claims procedures (services, drugs or supplies requiring prior Plan approval), including urgent care claims procedures. When you see Plan physicians, receive services at Plan hospitals and facilities, or obtain your prescription drugs at Plan pharmacies, you will not have to file claims. Just present your identification card and pay your copayment, deductible, or co-insurance if applicable.

You will only need to file a claim when you receive emergency services or Retail Health Clinic services from non-plan providers. Sometimes these providers bill us directly. Check with the provider.

If you need to file the claim, here is the process:

Medical and hospital benefits

In most cases, providers and facilities file claims for you. Physicians must file on the form CMS-1500, Health Insurance Claim Form. Your facility will file on the UB-92 form. For claims questions and assistance, please contact us at 800 446-5674 or visit our website at priorityhealth.com.

When you must file a claim – such as for services you received outside the Plan’s service area – submit it on the HCFA-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Covered member’s name, date of birth, address, phone number and ID number
- Name and address of the physician or facility that provided the service or supply
- Dates you received the services or supplies
- Diagnosis
- Type of each service or supply
- The charge for each service or supply
- A copy of the explanation of benefits, payments, or denial from any primary payor – such as the Medicare Summary Notice (MSN)
- Receipts, if you paid for your services

Note: Canceled checks, cash register receipts, or balance due statements are not acceptable substitutes for itemized bills.

Submit your claims to:

Priority Health
P.O. Box 232
Grand Rapids, MI 49501-0232

Prescription drugs and Other supplies or services

If you need to submit a prescription claim or claim for any other covered supply or service, you may follow the same steps outlined above for submitting medical and hospital benefit claims.

Deadline for filing your claim

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible.

Post-service claims procedures

We will notify you of our decision within 30 days after we receive your post-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you before the expiration of the original 30-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

If you do not agree with our initial decision, you may ask us to review it by following the disputed claims process detailed in Section 8 of this brochure.

**Authorized
Representative**

You may designate an authorized representative to act on your behalf for filing a claim or to appeal claims decisions to us. For urgent care claims, we will permit a health care professional with knowledge of your medical condition to act as your authorized representative without your express consent. For the purposes of this section, we are also referring to your authorized representative when we refer to you.

Notice Requirements

If you live in a county where at least 10 percent of the population is literate only in a non-English language (as determined by the Secretary of Health and Human Services), we will provide language assistance in that non-English language. You can request a copy of your Explanation of Benefits (EOB) statement, related correspondence, oral language services (such as telephone customer assistance), and help with filing claims and appeals (including external reviews) in the applicable non-English language. The English versions of your EOBs and related correspondence will include information in the non-English language about how to access language services in that non-English language.

Any notice of an adverse benefit determination or correspondence from us confirming an adverse benefit determination will include information sufficient to identify the claim involved (including the date of service, the health care provider, and the claim amount, if applicable), and a statement describing the availability, upon request, of the diagnosis and procedure codes

Section 8 The disputed claims process

You may appeal directly to the Office of Personnel Management (OPM) if we do not follow required claims processes. For more information about situations in which you are entitled to immediately appeal to OPM, including additional requirements not listed in Sections 3, 7 and 8 of this brochure, *please visit priorityhealth.com/fehb*.

Please follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your post-service claim (a claim where services, drugs or supplies have already been provided). In Section 3 *If you disagree with our pre-service claim decision*, we describe the process you need to follow if you have a claim for services, referrals, drugs or supplies that must have prior Plan approval, such as inpatient hospital admissions.

To help you prepare your appeal, you may arrange with us to review and copy, free of charge, all relevant materials and Plan documents under our control relating to your claim, including those that involve any expert review(s) of your claim. To make your request, please contact our Customer Service Department by writing Priority Health Customer Service Department, MS 1145, P.O. Box 269, Grand Rapids, MI 49501-0269, or by calling 800 446-5674.

Our reconsideration will not take into account the initial decision. The review will not be conducted by the same person, or his/her subordinate, who made the initial decision.

When our initial decision is based (in whole or in part) on a medical judgment (i.e., medical necessity, experimental/investigational), we will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment and who was not involved in making the initial decision.

Our reconsideration will not take in account the initial decision. The review will not be conducted by the same person, or his/her subordinate, who made the initial decision.

We will not make our decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) based upon the likelihood that the individual will support the denial of benefits.

Disagreements between you and the CDHP or HDHP fiduciary regarding the administration of an HSA or HRA are not subject to the disputed claims process.

- 1** Ask us in writing to reconsider our initial decision. You must:
 - a) Write to us within 6 months from the date of our decision; and
 - b) Send your request to us at: Priority Health, Customer Service Department, MS 1145, P.O. Box 269, Grand Rapids, MI 49501-0269, or send us a secure email from Priority Health Mailbox in your MyHealth Message Center on our website at priorityhealth.com
 - c) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and
 - d) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms.
 - e) Include your email address (optional for member), if you would like to receive our decision via email. Please note that by giving us your email, we may be able to provide our decision more quickly.

We will provide you, free of charge and in a timely manner, with any new or additional evidence considered, relied upon, or generated by us or at our direction in connection with your claim and any new rationale for our claim decision. We will provide you with this information sufficiently in advance of the date that we are required to provide you with our reconsideration decision to allow you a reasonable opportunity to respond to us before that date. However, our failure to provide you with new evidence or rationale in sufficient time to allow you to timely respond shall not invalidate our decision on reconsideration. You may respond to that new evidence or rationale at the OPM review stage described in step 4.

- 2** In the case of a post-service claim, we have 30 days from the date we receive your request to:
 - a) Pay the claim or

- b) Write to you and maintain our denial or
- c) Ask you or your provider for more information

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

If you do not agree with our decision, you may ask OPM to review it.

3

You must write to OPM within:

- 90 days after the date of our letter upholding our initial decision; or
- 120 days after you first wrote to us -- if we did not answer that request in some way within 30 days; or
- 120 days after we asked for additional information.

Write to OPM at: United States Office of Personnel Management, Healthcare and Insurance, Federal Employee Insurance Operations, Health Insurance 3, 1900 E Street, NW, Washington, DC 20415.

Send OPM the following information:

- A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;
- Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;
- Copies of all letters you sent to us about the claim;
- Copies of all letters we sent to you about the claim; and
- Your daytime phone number and the best time to call.
- Your email address, if you would like to receive OPM's decision via email. Please note that by providing your email address, you may receive OPM's decision more quickly.

Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request. However, for urgent care claims, a health care professional with knowledge of your medical condition may act as your authorized representative without your express consent.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control

4

OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals.

If you do not agree with OPM's decision, your only recourse is to file a lawsuit. If you decide to sue, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not file a lawsuit until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

Note: If you have a serious or life threatening condition (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and you did not indicate that your claim was a claim for urgent care, then call us at 800 446-5674. We will expedite our review (if we have not yet responded to your claim); or we will inform OPM so they can quickly review your claim on appeal. You may call OPM's Health Insurance at (202) 606-3818 between 8 a.m. and 5 p.m. Eastern Time.

Please remember that we do not make decisions about plan eligibility issues. For example, we do not determine whether you or a dependent is covered under this plan. You must raise eligibility issues with your Agency personnel/payroll office if you are an employee, your retirement system if you are an annuitant or the Office of Workers' Compensation Programs if you are receiving Workers' Compensation benefits.

Section 9 Coordinating benefits with Medicare and other coverage

When you have other health coverage

You must tell us if you or a covered family member has coverage under any other health plan or has automobile insurance that pays health care expenses without regard to fault. This is called “double coverage.”

When you have double coverage, one plan normally pays its benefits in full as the primary payor and the other plan pays a reduced benefit as the secondary payor. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners’ (NAIC) guidelines. For more information on NAIC rules regarding the coordinating of benefits, contact Priority Health Customer Service at 800-446-5674.

When we are the primary payor, we will pay the benefits described in this brochure.

When we are the secondary payor, we will determine our allowance. After the primary plan pays, we will pay what is left of our allowance, up to our regular benefit. We will not pay more than our allowance.

TRICARE and CHAMPVA

TRICARE is the health care program for eligible dependents of military persons, and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled Veterans and their eligible dependents. If TRICARE or CHAMPVA and this Plan cover you, we pay first. See your TRICARE or CHAMPVA Health Benefits Advisor if you have questions about these programs.

Suspended FEHB coverage to enroll in TRICARE or CHAMPVA: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under TRICARE or CHAMPVA.

Workers’ Compensation

We do not cover services that:

- You (or a covered family member) need because of a workplace-related illness or injury that the Office of Workers’ Compensation Programs (OWCP) or a similar Federal or State agency determines they must provide; or
- OWCP or a similar agency pays for through a third party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

Once OWCP or similar agency pays its maximum benefits for your treatment, we will cover your care.

Medicaid

When you have this Plan and Medicaid, we pay first.

Suspended FEHB coverage to enroll in Medicaid or a similar State-sponsored program of medical assistance: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a one of these State programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the State program.

When other Government agencies are responsible for your care

We do not cover services and supplies when a local, State, or Federal Government agency directly or indirectly pays for them.

When others are responsible for injuries

Our right to pursue and receive subrogation and reimbursement recoveries is a condition of, and a limitation on, the nature of benefits or benefit payments and on the provision of benefits under our coverage.

If you have received benefits or benefit payments as a result of an injury or illness and you or your representatives, heirs, administrators, successors, or assignees receive payment from any party that may be liable, a third party's insurance policies, your own insurance policies, or a workers' compensation program or policy, you must reimburse us out of that payment. Our right of reimbursement extends to any payment received by settlement, judgment, or otherwise.

We are entitled to reimbursement to the extent of the benefits we have paid or provided in connection with your injury or illness. However, we will cover the cost of treatment that exceeds the amount of the payment you received.

Reimbursement to us out of the payment shall take first priority (before any of the rights of any other parties are honored) and is not impacted by how the judgment, settlement, or other recovery is characterized, designated, or apportioned. Our right of reimbursement is not subject to reduction based on attorney fees or costs under the "common fund" doctrine and is fully enforceable regardless of whether you are "made whole" or fully compensated for the full amount of damages claimed.

We may, at our option, choose to exercise our right of subrogation and pursue a recovery from any liable party as successor to your rights.

If you do pursue a claim or case related to your injury or illness, you must promptly notify us and cooperate with our reimbursement or subrogation efforts.

When you have Federal Employees Dental and Vision Insurance Plan (FEDVIP) coverage

Some FEHB plans already cover some dental and vision services. When you are covered by more than one vision/dental plan, coverage provided under your FEHB plan remains as your primary coverage. FEDVIP coverage pays secondary to that coverage. When you enroll in a dental and/or vision plan on BENEFEDS.com or by phone at 1-877-888-3337, (TTY 1-877-889-5680), you will be asked to provide information on your FEHB plan so that your plans can coordinate benefits. Providing your FEHB information may reduce your out-of-pocket cost.

Clinical Trials

An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application.

If you are a participant in a clinical trial, this health plan will provide related care as follows, if it is not provided by the clinical trial:

- Routine care costs – costs for routine services such as doctor visits, lab tests, x-rays and scans, and hospitalizations related to treating the patient's condition, whether the patient is in a clinical trial or is receiving standard therapy. These costs are covered by this plan.
- Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care. This plan does not cover these costs.
- Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This plan does not cover these costs.

When you have Medicare

What is Medicare?

Medicare is a health insurance program for:

- People 65 years of age or older;
- Some people with disabilities under 65 years of age
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant).

Medicare has four parts:

- Part A (Hospital Insurance). Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance. (If you were a Federal employee at any time both before and during January 1983, you will receive credit for your Federal employment before January 1983.) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 1-800-MEDICARE (1-800-633-4227), (TTY: 1-877-486-2048) for more information.
- Part B (Medical Insurance). Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check.
- Part C (Medicare Advantage). You can enroll in a Medicare Advantage plan to get your Medicare benefits. We do offer a Medicare Advantage plan. Please review the information on coordinating benefits with Medicare Advantage plans on the next page.
- Part D (Medicare prescription drug coverage). There is a monthly premium for Part D coverage. Before enrolling in Medicare Part D, please review the important disclosure notice from us about the FEHB prescription drug coverage and Medicare. The notice is on the first inside page of this brochure. For people with limited income and resources, extra help in paying for a Medicare prescription drug plan is available. For more information about this extra help, visit Social Security Associated online at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY: 1-800-325-0778).

Should I enroll in Medicare?

The decision to enroll in Medicare is yours. We encourage you to apply for Medicare benefits 3 months before you turn age 65. It's easy. Just call the Social Security Administration toll-free number 1-800-772-1213, (TTY: 1-800-325-0778) to set up an appointment to apply. If you do not apply for one or more Parts of Medicare, you can still be covered under the FEHB Program.

If you can get premium-free Part A coverage, we advise you to enroll in it. Most Federal employees and annuitants are entitled to Medicare Part A at age 65 **without cost**. When you don't have to pay premiums for Medicare Part A, it makes good sense to obtain the coverage. It can reduce your out-of-pocket expenses as well as costs to the FEHB, which can help keep FEHB premiums down.

Everyone is charged a premium for Medicare Part B coverage. The Social Security Administration can provide you with premium and benefit information. Review the information and decide if it makes sense for you to buy the Medicare Part B coverage. If you do not sign up for Medicare Part B when you are first eligible, you may be charged a Medicare Part B late enrollment penalty of a 10 % increase in premium for every 12 months you are not enrolled. If you didn't take Part B at age 65 because you were covered under FEHB as an active employee (or you were covered under your spouse's group health insurance plan and he/she was an active employee), you may sign up for Part B (generally without an increased premium) within 8 months from the time you or your spouse stop working or are no longer covered by the group plan. You also can sign up at any time while you are covered by the group plan.

If you are eligible for Medicare, you may have choices in how you get your health care. Medicare Advantage is the term used to describe the various private health plan choices available to Medicare beneficiaries. The information in the next few pages shows how we coordinate benefits with Medicare, depending on whether you are in the Original Medicare Plan or a private Medicare Advantage plan.

The Original Medicare Plan (Part A or Part B)

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share.

All physicians and other providers are required by law to file claims directly to Medicare for members with Medicare Part B, when Medicare is primary. This is true whether or not they accept Medicare.

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care.

Claims process when you have the Original Medicare Plan -- You will probably not need to file a claim form when you have both our Plan and the Original Medicare Plan.

When we are the primary payor, we process the claim first.

When Original Medicare is the primary payor, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will then provide secondary benefits for covered charges. You will not need to do anything. To find out if you need to do something to file your claim, call us at 800 446-5674 or see our website at priorityhealth.com.

If you purchase Medicare Part B, we waive some costs because Medicare will be the primary payor.

Below are examples of items you will pay nothing:

Benefit Description	Member Cost without Medicare Part B High Option	Member Cost without Medicare Parts B Standard Option	Member Cost with Medicare Part B
Deductible	\$0	\$350 single / \$700 family	\$0
Primary Care Physician	\$15	\$25	\$0
Specialist	\$25	\$45	\$0
Inpatient Hospital	\$0	20%	\$0
Outpatient Hospital	\$0	20%	\$0
Emergency Care	\$100	\$150	\$0
Ambulance Services	\$100	\$150	\$0
Urgent Care	\$25	\$75	\$0
Durable Medical Equipment / Prosthetics & Orthotics	50%	50%	\$0
Rx generic	\$15	\$20	\$10 (High Option) \$15 (Standard Option)

You can find more information about how our plan coordinates benefits with Medicare at www.priorityhealth.com.

Tell us about your Medicare coverage

You must tell us if you or a covered family member has Medicare coverage, and let us obtain information about services denied or paid under Medicare if we ask. You must also tell us about other coverage you or your covered family members may have, as this coverage may affect the primary/secondary status of this Plan and Medicare.

Medicare Advantage (Part C)

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare Advantage plan. These are private health care choices (like HMOs and regional PPOs) in some areas of the country. To learn more about Medicare Advantage plans, contact Medicare at 1-800-MEDICARE (1-800-633-4227), (TTY: 1-877-486-2048) or at www.medicare.gov.

If you enroll in a Medicare Advantage plan, the following options are available to you:

This Plan and our Medicare Advantage plan: You may enroll in one of the Medicare Advantage plans offered by Priority Health and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, even if you are out of the Medicare Advantage plan's network and/or service area (if you use the providers who participate with this Plan). However, we will not waive any of our copayments, coinsurance, or deductibles. If you enroll in our Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

This Plan and another plan's Medicare Advantage plan: You may enroll in another plan's Medicare Advantage plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, even out of the Medicare Advantage plan's network and/or service area (if you use our Plan providers). However, we will not waive any of our copayments, coinsurance, or deductibles. If you enroll in a Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage to enroll in a Medicare Advantage plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare Advantage plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare Advantage plan premium.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage or move out of the Medicare Advantage plan's service area.

Medicare prescription drug coverage (Part D)

When we are the primary payor, we process the claim first. If you enroll in Medicare Part D and we are the secondary payor, we will review claims for your prescription drug costs that are not covered by Medicare Part D and consider them for payment under the FEHB plan.

Medicare always makes the final determination as to whether they are the primary payor. The following chart illustrates whether Medicare or this Plan should be the primary payor for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly. **(Having coverage under more than two health plans may change the order of benefits determined on this chart.)**

Primary Payor Chart		
A. When you - or your covered spouse - are age 65 or over and have Medicare and you...	The primary payor for the individual with Medicare is...	
	Medicare	This Plan
1) Have FEHB coverage on your own as an active employee		✓
2) Have FEHB coverage on your own as an annuitant or through your spouse who is an annuitant	✓	
3) Have FEHB through your spouse who is an active employee		✓
4) Are a reemployed annuitant with the Federal government and your position is excluded from the FEHB (your employing office will know if this is the case) and you are not covered under FEHB through your spouse under #3 above	✓	
5) Are a reemployed annuitant with the Federal government and your position is not excluded from the FEHB (your employing office will know if this is the case) and...		
• You have FEHB coverage on your own or through your spouse who is also an active employee		✓
• You have FEHB coverage through your spouse who is an annuitant	✓	
6) Are a Federal judge who retired under title 28, U.S.C., or a Tax Court judge who retired under Section 7447 of title 26, U.S.C. (or if your covered spouse is this type of judge) and you are not covered under FEHB through your spouse under #3 above	✓	
7) Are enrolled in Part B only, regardless of your employment status	✓ for Part B services	✓ for other services
8) Are a Federal employee receiving Workers' Compensation disability benefits for six months or more	✓ *	
B. When you or a covered family member...		
1) Have Medicare solely based on end stage renal disease (ESRD) and...		
• It is within the first 30 months of eligibility for or entitlement to Medicare due to ESRD (30-month coordination period)		✓
• It is beyond the 30-month coordination period and you or a family member are still entitled to Medicare due to ESRD	✓	
2) Become eligible for Medicare due to ESRD while already a Medicare beneficiary and...		
• This Plan was the primary payor before eligibility due to ESRD (for 30 month coordination period)		✓
• Medicare was the primary payor before eligibility due to ESRD	✓	
3) Have Temporary Continuation of Coverage (TCC) and...		
• Medicare based on age and disability	✓	
• Medicare based on ESRD (for the 30 month coordination period)		✓
• Medicare based on ESRD (after the 30 month coordination period)	✓	
C. When either you or a covered family member are eligible for Medicare solely due to disability and you...		
1) Have FEHB coverage on your own as an active employee or through a family member who is an active employee		✓
2) Have FEHB coverage on your own as an annuitant or through a family member who is an annuitant	✓	
D. When you are covered under the FEHB Spouse Equity provision as a former spouse		
	✓	

*Workers' Compensation is primary for claims related to your condition under Workers' Compensation.

Section 10 Definitions of terms we use in this brochure

Applied Behavior Analysis (ABA)	Outpatient treatment involving behavioral modification techniques in which reinforcement, either positive or negative, is used to encourage or reduce certain behaviors. The treatment is delivered in a highly structured and intensive program with one-to-one instruction by a certified therapist.
Autism Spectrum Disorder	A developmental disorder of brain function which is classified as one of the pervasive developmental disorders. For purposes of this Plan, Autism Spectrum Disorder is treatment coverage for diagnosis of Autistic Disorder, Unspecified Pervasive Developmental Disorder, and Other Pervasive Developmental Disorders (Asperger's Disorder, Rhett's Disorder).
Brochure	The legal document that describes the rights and responsibilities of both you and Priority Health according to our contract (CS 2944) with the United States Office of Personnel Management, as authorized by the Federal Employee Health Benefits law. It includes this document and any amendments and attachments to this document.
Clinical trials cost categories	<p>An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application.</p> <ul style="list-style-type: none">• Routine care costs – costs for routine services such as doctor visits, lab tests, x-rays and scans, and hospitalizations related to treating the patient's condition whether the patient is in a clinical trial or is receiving standard therapy• Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care• Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes are generally covered by the clinical trials. This Plan does not cover these costs.
Coinsurance	The percentage of the cost of a covered service that you must pay directly to a provider at the time you receive the covered services and supplies. Example: you would pay 20% of the charges in an inpatient or outpatient setting after deductible.
Complications of a pregnancy	Conditions due to pregnancy, labor and delivery that require medical care to prevent serious harm to the health of the mother or the fetus. Examples of such conditions include acute nephritis, nephrosis, cardiac decompensation, missed abortion, hyperemesis gravidarum, pre-eclampsia, and similar medical and surgical conditions of comparable severity. It also includes conditions such as termination of ectopic pregnancy, and spontaneous termination of pregnancy, occurring during a period of gestation in which a viable birth is not possible. It does not include medically/clinically necessary or emergency cesarean section, false labor, occasional spotting, physician-prescribed rest during a pregnancy, morning sickness and similar conditions associated with the management of a difficult pregnancy not constituting a distinct complication of pregnancy.
Contract year	The period of time that starts on the day you first enroll in coverage under this Plan and ends on December 31 of the same year.
Copayments	The flat dollar amount you must pay directly to a provider for a covered service at the time you receive the services and supplies.

Cost-sharing	Cost-sharing is the general term used to refer to your out-of-pocket costs (such as deductible, coinsurance, and copayments) for covered services.
Covered or eligible dependent	An individual eligible to enroll in this plan because he or she is the enrollee's legally married spouse or dependent child under age 26.
Covered services, coverage, cover or covered	Services and supplies for which this plan will pay all or part of the costs, as listed in this brochure, so long as you are an eligible member. The services or supplies must be preventive or medically/clinically necessary and not otherwise excluded by this Plan. When we say we will "cover" a service or supply, that means we will treat the service or supply as a covered service.
Custodial care	Care you receive if, in our opinion, you have reached the maximum level of mental and/or physical function and you will not improve significantly more. This type of care includes room and board, therapies, nursing care, home health aides and personal care designed to help you in the activities of daily living and home care and adult day care that you receive, or could receive, from a member of your family.
Deductible	An amount that you must pay before Priority Health will pay for certain covered services under this Plan. For example, if your deductible is \$350, we won't pay anything until you've paid \$350 for covered services that are subject to the deductible.
Disputed claims process	The process you may follow if you do not agree with our decision regarding a claim or prior approval decision. A more detailed explanation of the disputed claims process is available in Section 8 of this brochure.
Durable medical equipment (DME)	Information about DME is available in Section 5(a) of this brochure.
Enrollee	A Federal employee or retiree eligible to enroll in this plan.
Health professional	An individual licensed, certified or authorized under state law to practice a health profession.
Home health care	Information about home health care is available in Section 5(a) of this brochure.
Hospice care	Services for the terminally ill and their families including pain management and other supportive services.
Hospital	An appropriately licensed acute care institution (including a longterm acute care facility) that provides inpatient and outpatient medical care and treatment for ill and injured persons through medical, diagnostic, and major surgical facilities. All services must be provided on its premises under the supervision of a staff of physicians and with 24 hour-a-day nursing and physician service.
Hospital inpatient care	Care in a hospital that requires admission as an inpatient and usually requires an overnight stay. An overnight stay for hospital observation care may be considered outpatient care.
Hospital observation care	Short term treatment and monitoring that is provided on an outpatient basis. This type of care is commonly provided after you visit an emergency room to allow health professionals to determine if you can be discharged or if you need to be admitted as an inpatient for additional treatment. Hospital observation care is typically limited to 24-48 hours. Even when you are required to stay at the hospital overnight, if you are receiving observation care, you have not been admitted as an inpatient. See Section 5(a) of this brochure for information about your hospital outpatient care benefit.
Hospital outpatient care	Care in a hospital that usually doesn't require an overnight stay.
Ill or illness	A sickness or a disease, including congenital defects or birth abnormalities.
Injury or injured	Accidental bodily harm.

Intellectual disabilities	Disabilities characterized by significant limitations both in intellectual functioning and in adaptive behavior, which covers many everyday social and practical skills originating before the age of 18.
Medicaid	Title XIX of the Social Security Act, as amended.
Medical Director	A Michigan-licensed physician, employed by Priority Health, who oversees the plan’s medical delivery system.
Medical emergency	The sudden onset of an illness or injury, symptom or condition serious enough that not seeking immediate medical attention could reasonably be expected to result in serious harm to your health, serious jeopardy to a pregnancy, or death.
Medically/clinically necessary	<p>The services or supplies needed to diagnose or treat your physical or mental condition. Whether services or supplies are medically/clinically necessary is determined in accordance with Priority Health’s medical and behavioral health policies or adopted criteria that have been approved by community physicians and other providers. The determination is made by Priority Health’s medical director, or anyone acting at the medical director’s direction, in consultation with other physicians. medical/clinical necessity of mental health and substance abuse services is determined by our Behavioral Health Department. In order to be considered Medically/Clinically Necessary, the services or supplies must: (a) be widely accepted as effective; (b) be appropriate for the condition or diagnosis; (c) be essential, based upon nationally accepted evidence-based standards; and (d) cost no more than a treatment that is likely to yield a comparable health outcome.</p> <p>The determination of whether proposed care is a Covered Service is independent of, and should not be confused with, the determination of whether proposed care is Medically/Clinically Necessary.</p>
Medicare	Title XVIII of the Social Security Act, as amended.
Member	A person enrolled with us as an enrollee or as a covered/eligible dependent.
Mental Health	<p>Acute Inpatient Hospitalization. This is the most intensive level of care. Prior approval from our Behavioral Health department is required for inpatient services except in a medical emergency. Upon discharge, you will be referred to a less intensive level of care.</p> <p>Residential Treatment. This is 24-hour confinement in a subacute residential setting (as defined above) licensed by the state with structured, licensed health care professionals accessible 24 hours a day and 7 days a week. A licensed foster-care facility serving as your residence is not Covered and does not meet the definition of “Residential Treatment”. Prior approval from our Behavioral Health department is required for residential treatment services.</p> <p>Partial Hospitalization. This is a non-residential level of service that is similar in intensity to acute inpatient hospitalization. You are generally in treatment for more than four hours but less than eight hours daily. Prior approval from our Behavioral Health department is required for partial hospitalization services.</p> <p>Intensive Outpatient Treatment. This is outpatient treatment that is provided with more frequency and intensity than routine outpatient treatment. You are generally in treatment for up to four hours per day, and up to five days per week. You may be treated individually, as a family or in a group.</p> <p>Outpatient Treatment. This is the least intensive, and most common, type of service. It is provided in an office setting, generally from 45-50 minutes (for individuals) to 90 minutes (for group therapies) per day by a licensed behavioral health professional</p>
Newborn	A child 30 days old or younger.

Non-covered or excluded services	Health care services that this plan does not pay for or cover.
Non-participating or non-Plan provider	The physicians, health professionals, hospitals and other providers and facilities that have not contracted with Priority Health to provide covered services to members. Non-participating or non-Plan providers are not listed in the Priority Health Provider Directory. covered services and supplies you seek from a non-Plan provider are not covered except as otherwise stated in this brochure.
Open season	An annual period during which you and your eligible dependents may enroll in this Plan or, if you are already enrolled, during which you may change your coverage elections.
Out-of-area services	Those services and supplies provided outside our service area.
Out-of-pocket limit or maximum	The maximum amount of deductibles, copayments and coinsurance you will pay for covered services in a contract year. Once you reach this overall maximum, covered services will be covered at 100% with no cost to you unless we tell you otherwise in this brochure. This protects you against catastrophic costs. Some costs do not count toward this protection.
Physician	A licensed medical doctor (M.D. – Medical Doctor or D.O. – Doctor of Osteopathic Medicine) or surgeon.
Plan or participating provider	The physicians, health professionals, hospitals and other facilities that have contracted with Priority Health to provide covered services. The Providers that make up our network are considered Plan or participating providers and are listed in our Provider Directory. Most Plan or participating providers offer services within Priority Health's service area. However, if you are a covered dependent child residing outside the service area, covered services received outside the service area but within the United States are also available from PHCS/MultiPlan, a Priority Health leased network provider.
Post-service claim	Any claims that are not pre-service claims. In other words, post-service claims are those claims where treatment has been performed and the claims have been sent to us in order to apply for benefits.
Pre-service claim	Those claims (1) that require prior approval or a referral and (2) where failure to obtain prior approval or a referral results in a reduction of benefits.
Premium	The total amount paid to us for coverage under this plan, including contributions from your employer and you.
Prescription drug coverage	Prescription drug coverage you are entitled to receive under this Plan. More information about drugs covered under your Priority Health plan is available in Section 5(f).
Preventive Health Care Guidelines	A list of immunizations, screenings, lab tests and other services that we cover to help you maintain optimum health and prevent unnecessary injury, illness or disability. Our guidelines are developed by health professionals who are Plan providers or employed by us, and are based on federal requirements for coverage of preventive health care services contained in Section 1001 of the Patient Protection and Affordable Care Act (PPACA), available at www.healthcare.gov .
Primary Care Provider (“PCP”)	The Plan provider you select as explained in Section 3. Your PCP provides, arranges and coordinates all aspects of your health care to help you receive the right care, in the right place, at the right time.
Prior approval	A decision made by Priority Health as to whether a service or supply is covered or not covered under the plan. It may also include a decision to partially cover a service. See Section 3 for more information about when and how to obtain prior approval.
Provider	A licensed health professional or facility that provides health care services.

Provider Directory	The names and locations of Plan providers who comprise our network. Also included, among other things, are whether the provider is accepting new members and quality and performance information. You may call our Customer Service department to obtain a list of providers in your area, or you can go to the Member Center on our website at www.priorityhealth.com .
Reimbursement	A carrier's pursuit of a recovery if a covered individual has suffered an illness or injury and has received, in connection with that illness or injury, a payment from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, and the terms of the carrier's health benefits plan require the covered individual, as a result of such payment, to reimburse the carrier out of the payment to the extent of the benefits initially paid or provided. The right of reimbursement is cumulative with and not exclusive of the right of subrogation.
Residential treatment	Treatment provided in a state-licensed subacute facility with structured, licensed health professionals. This treatment must be medically-monitored and must include access to the following: (i) medical services twenty-four (24) hours per day, seven (7) days per week; (ii) nursing services twenty-four (24) hours per day, seven (7) days per week; and (iii) physician on call availability for emergency twenty-four (24) hours per day, seven (7) days per week. Services provided in a licensed foster-care facility serving as an individual's residence are not covered and do not meet the definition of "Residential Treatment."
Retail Health Clinic	A category of walk in clinic located in retail stores, supermarkets and pharmacies within the United States that treat uncomplicated minor illnesses and provide some preventive health care services.
Service area	A geographical area, made up of counties or parts of counties, where we have been authorized by the State of Michigan to sell and market our health plans and where the majority of our participating providers are located. We publish precise service area boundaries that you can find on our website www.priorityhealth.com or receive from our Customer Service Department.
Skilled nursing services	Information about skilled nursing services is available in Section 5(c) of this brochure.
Specialist or specialist provider	A physician who focuses on a specific area of medicine or a group of patients to diagnose, manage, prevent or treat certain types of symptoms and conditions.
Specialty drug	Drugs listed on our approved drug list that meet certain criteria, such as drugs or drug classes whose cost on a per-month or per-dose basis exceed a threshold established by the Centers for Medicare and Medicaid Services; drugs that require special handling or administration; drugs that have limited distribution; or drugs in selected therapeutic categories.
Specialty pharmacy	A pharmacy that specializes in the handling, distribution, and patient management of specialty drugs.
Subrogation	A carrier's pursuit of a recovery from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, as successor to the rights of a covered individual who suffered an illness or injury and has obtained benefits from that carrier's health benefits plan.
Substance Abuse	Inpatient Detoxification. These are detoxification services that are provided while you are an inpatient in a hospital or subacute unit. When provided in a medical setting, services are managed jointly by our Behavioral Health and Health Management Departments. Medically Monitored Intensive Inpatient Treatment. Following full or partial recovery from acute detoxification symptoms, this type of care is provided at an inpatient facility or subacute unit.

Residential Treatment. This is 24-hour confinement in a subacute residential setting (as defined above) licensed by the state with structured, licensed health care professionals accessible 24 hours a day and 7 days a week. A licensed foster-care facility serving as your residence is not covered and does not meet the definition of “residential treatment”. Prior approval from our Behavioral Health department is required for residential treatment services.

Partial Hospitalization. This is an intensive, non-residential level of service provided in a structured setting, similar in intensity to inpatient treatment. You are generally in treatment for more than four hours but generally less than eight hours daily.

Intensive Outpatient Programs. These are outpatient services provided by a variety of health professionals at a frequency of up to four hours daily, and up to five days per week.

Outpatient Treatment. This is the least intensive level of service. It is provided in an office setting generally from 45-50 minutes (for individuals) to 90 minutes (for group therapies) per day.

Outpatient/Ambulatory Detoxification. These detoxification services may be provided on an outpatient basis within a structured program when the consequences of withdrawal are non-life-threatening. These services are covered under your medical benefits.

Treatment Plan

A method of using objectives and measurable goals to monitor progress and improvement in an individual’s care for Autism Spectrum Disorder. The plan is developed under the supervision of a Board Certified Behavior Analyst (BCBA).

Urgent care or urgent care center

Care provided at an urgent care center, instead of a hospital emergency room, when you need immediate care to treat a non-life threatening illness or injury to limit severity and prevent complications.

A claim for medical care or treatment is an urgent care claim if waiting for the regular time limit for non-urgent care claims could have one of the following impacts:

- Waiting could seriously jeopardize your life or health;
- Waiting could seriously jeopardize your ability to regain maximum function; or
- In the opinion of a physician with knowledge of your medical condition, waiting would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

Urgent care claims usually involve Pre-serve claims and not Post-service claims. We will judge whether a claim is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.

If you believe your claim qualifies as an urgent care claim, please contact our Customer Service Department at 800 446-5674. You may also prove that your claim is an urgent care claim by providing evidence that a physician with knowledge of your medical condition has determined that your claim involves urgent care.

We, us or our

Priority Health.

You, your or yourself

The member, whether enrolled with Priority Health as an enrollee or covered/eligible dependent.

Section 11 Other Federal Programs

Please note, the following programs are not part of your FEHB benefits. They are separate Federal programs that complement your FEHB benefits and can potentially reduce your annual out-of-pocket expenses. These programs are offered independent of the FEHB Program and require you to enroll separately with no government contribution.

Important information about three Federal programs that complement the FEHB Program

First, the **Federal Flexible Spending Account Program**, also known as **FSAFEDS**, lets you set aside pre-tax money from your salary to reimburse you for eligible dependent care and/or health care expenses. You pay less in taxes so you save money. The result can be a discount of 20% to more than 40% on services/products you routinely pay for out-of-pocket.

Second, the **Federal Employees Dental and Vision Insurance Program (FEDVIP)**, provides comprehensive dental and vision insurance at competitive group rates. There are several plans from which to choose. Under FEDVIP you may choose self only, self plus one, or self and family coverage for yourself and any eligible dependents.

Third, the **Federal Long Term Care Insurance Program (FLTCIP)** can help cover long term care costs, which are not covered under the FEHB Program.

The Federal Flexible Spending Account Program – FSAFEDS

What is an FSA?

It is an account where you contribute money from your salary **BEFORE** taxes are withheld, then incur eligible expenses and get reimbursed. You pay less in taxes so you save money.

Annuitants are not eligible to enroll.

There are three types of FSAs offered by FSAFEDS. Each type has a minimum annual election of \$100. The maximum annual election for a health care flexible spending account (HCFSA) or a limited expense health care spending account (LEX HCFSA) is \$2,550. The maximum annual election for a dependent care flexible spending account (DCFSA) is \$5,000, per household.

- **Health Care FSA (HCFSA)** –Reimburses you for eligible out-of-pocket health care expenses (such as copayments, deductibles, prescriptions, **physician prescribed** over-the-counter drugs and medications, vision and dental expenses, and much more) for you and your tax dependents, including adult children (through the end of the calendar year in which they turn 26).
 - FSAFEDS offers paperless reimbursement for your HCFSA through a number of FEHB and FEDVIP plans. This means that when you or your provider files claims with your FEHB or FEDVIP plan, FSAFEDS will automatically reimburse your eligible out-of-pocket expenses based on the claim information it receives from your plan.
- **Limited Expense Health Care FSA (LEX HCFSA)** – Designed for employees enrolled in or covered by a High Deductible Health Plan with a Health Savings Account. Eligible expenses are limited to out-of-pocket dental and vision care expenses for you and your tax dependents, including adult children (through the end of the calendar year in which they turn 26).
- **Dependent Care FSA (DCFSA)** – Reimburses you for eligible non-medical day care expenses for your children under age 13 and/or for any person you claim as a dependant on your Federal Income Tax return who is mentally or physically incapable of self-care. You (and your spouse if married) must be working, looking for work (income must be earned during the year), or attending school full-time to be eligible for DCFSA.

- If you are a new or newly eligible employee you have 60 days from your hire date to enroll in an HCFSAs or LEX HCFSAs and/or DCFSA, but you must enroll before October 1. If you are hired or become eligible on or after October 1 you must wait and enroll during the Federal Benefits Open Season held each fall.

Where can I get more information about FSAFEDS?

Visit www.FSAFEDS.com or call an FSAFEDS Benefits Counselor toll-free at 877-FSAFEDS (877-372-3337), Monday through Friday, 9 a.m. until 9 p.m., Eastern Time. TTY: 866 353-8058.

The Federal Employees Dental and Vision Insurance Program – *FEDVIP*

Important Information

The Federal Employees Dental and Vision Insurance Program (FEDVIP) is separate and different from the FEHB Program, and was established by the Federal Employee Dental and Vision Benefits Enhancement Act of 2004. **This Program provides comprehensive dental and vision insurance at competitive group rates with no pre-existing condition limitations for enrollment.**

FEDVIP is available to eligible Federal and Postal Service employees, retirees, and their eligible family members on an enrollee-pay-all basis. Employee premiums are withheld from salary on a pre-tax basis.

Dental Insurance

All dental plans provide a comprehensive range of services, including:

- Class A (Basic) services, which include oral examinations, prophylaxis, diagnostic evaluations, sealants and x-rays.
- Class B (Intermediate) services, which include restorative procedures such as fillings, prefabricated stainless steel crowns, periodontal scaling, tooth extractions, and denture adjustments.
- Class C (Major) services, which include endodontic services such as root canals, periodontal services such as gingivectomy, major restorative services such as crowns, oral surgery, bridges and prosthodontic services such as complete dentures.
- Class D (Orthodontic) services with up to a 12-month waiting period. **Most FEDVIP dental plans cover adult orthodontia. Review your FEDVIP dental plan’s brochure for information on this benefit.**

Vision Insurance

All vision plans provide comprehensive eye examinations and coverage for lenses, frames and contact lenses. Other benefits such as discounts on LASIK surgery may also be available.

Additional Information

You can find a comparison of the plans available and their premiums on the OPM website at www.opm.gov/healthcare-insurance/dental-vision . These sites also provide links to each plan’s website, where you can view detailed information about benefits and preferred providers.

How do I enroll?

You enroll on the Internet at www.BENEFEDS.com. For those without access to a computer, call 1-877-888-(TTY: 1-877-889-5680).

The Federal Long Term Care Insurance Program – *FLTCIP*

It's important protection

The Federal Long Term Care Insurance Program (FLTCIP) can help pay for the potentially high cost of long term care services, which are not covered by FEHB plans. Long term care is help you receive to perform activities of daily living – such as bathing or dressing yourself - or supervision you receive because of a severe cognitive impairment such as Alzheimer's disease. For example, long term care can be received in your home from a home health aide, in a nursing home, in an assisted living facility or in adult day care. To qualify for coverage under the FLTCIP, you must apply and pass a medical screening (called underwriting). Federal and U.S. Postal Service employees and annuitants, active and retired members of the uniformed services, and qualified relatives are eligible to apply. Certain medical conditions, or combinations of conditions, will prevent some people from being approved for coverage. You must apply to know if you will be approved for enrollment. For more information, call 1-800-LTC-FEDS (1-800-582-3337) (TTY: 1-800-843-3557), or visit www.ltcfeds.com.

2017 Rate Information for Priority Health

To compare your FEHB health plan options please go to www.opm.gov/fehbcompare.

Non-Postal rates apply to most non-Postal employees. If you are in a special enrollment category, contact the agency that maintains your health benefits enrollment.

Postal rates apply to United States Postal Service employees.

Postal Category 1 rates apply to career bargaining unit employees who are represented by the APWU (including IT/ASC, MDC, OS and NPPN employees) and NRLCA.

Postal Category 2 rates apply to career bargaining unit employees who are represented by the NALC, NPMHU and PPO.

Non-Postal rates apply to all career non-bargaining unit Postal Service employees.

For further assistance, Postal Service employees should call:

Human Resources Shared Service Center: 877-477-3273, option 5, TTY: 866-260-7507

Postal rates do not apply to non-career Postal employees, Postal retirees, or associate members of any Postal employee organization who are not career postal employees.

Premiums for Tribal employees are shown under the monthly non-Postal column. The amount shown under employee contribution is the maximum you will pay. Your Tribal employer may choose to contribute a higher portion of your premium. Please contact your Tribal Benefits Officer for exact rates.
