Important Notice from Capital Health Plan About
Our Prescription Drug Coverage and Medicare

The Office of Personnel Management (OPM) has determined that the Capital Health Plan's prescription drug coverage is, on average, expected to pay out as much as the standard Medicare prescription drug coverage will pay for all plan participants and is considered Creditable Coverage. This means you do not need to enroll in Medicare Part D and pay extra for prescription drug coverage. If you decide to enroll in Medicare Part D later, you will not have to pay a penalty for late enrollment as long as you keep your FEHB coverage.

However, if you choose to enroll in Medicare Part D, you can keep your FEHB coverage and your FEHB plan will coordinate benefits with Medicare.

Remember: If you are an annuitant and you cancel your FEHB coverage, you may not re-enroll in the FEHB Program.

Please be advised

If you lose or drop your FEHB coverage and go 63 days or longer without prescription drug coverage that's at least as good as Medicare's prescription drug coverage, your monthly Medicare Part D premium will go up at least 1% per month for every month that you did not have that coverage. For example, if you go 19 months without Medicare Part D prescription drug coverage, your premium will always be at least 19 percent higher than what many other people pay. You will have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the next Annual Coordinated Election Period (October 15 through December 7) to enroll in Medicare Part D.

Medicare's Low Income Benefits

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA) online at www.socialsecurity.gov, or call the SSA at 800-772-1213, TTY: 800-325-0778.

You can get more information about Medicare prescription drug plans and the coverage offered in your area from these places:

- Visit www.medicare.gov for personalized help.
- Call 800-MEDICARE 800-633-4227, TTY: 877-486-2048.

Table of Contents

Introduction

This brochure describes the benefits of Capital Health Plan, Inc. d/b/a Capital Health Plan (CHP) under our contract (CS 2034) with the United States Office of Personnel Management, as authorized by the Federal Employees Health Benefits law. Customer service may be reached at 850-383-3311 or through our website: www.capitalhealth.com. The address for Capital Health Plan's Administrative office is:

Capital Health Plan, Inc.
2140 Centerville Place
Tallahassee, Fl. 32308

This brochure is the official statement of benefits. No statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self and Family coverage, each eligible family member is also entitled to these benefits. If you are enrolled in Self Plus One coverage, you and one eligible family member that you designate when you enroll are entitled to these benefits. You do not have a right to benefits that were available before January 1, 2018, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2018, and changes are summarized on page 15. Rates are shown at the end of this brochure.

Coverage under this plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS)website at www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision for more information on the individual requirement for MEC.

The ACA establishes a minimum value for the standard of benefits of a health plan. The minimum value standard is 60% (actuarial value). The health coverage of this plan does meet the minimum value standard for the benefits the plan provides.

Plain Language

All FEHB brochures are written in plain language to make them easy to understand. Here are some examples:

- Except for necessary technical terms, we use common words. For instance, “you” means the enrollee or family member, “we” means Capital Health Plan.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean.
- Our brochure and other FEHB plans’ brochures have the same format and similar descriptions to help you compare plans.

Stop Health Care Fraud!

Fraud increases the cost of health care for everyone and increases your Federal Employees Health Benefits Program premium.

OPM’s Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

Protect Yourself From Fraud – Here are some things that you can do to prevent fraud:

- Do not give your plan identification (ID) number over the telephone or to people you do not know, except for your health care providers, authorized health benefits plan, or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.

- Carefully review explanations of benefits (EOBs) statements that you receive from us.
- Periodically review your claims history for accuracy to ensure we have not been billed for services that you did not receive.
- Do not ask your doctor to make false entries on certificates, bills or records in order to get us to pay for an item or service.
- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
  - Call the provider and ask for an explanation. There may be an error.
  - If the provider does not resolve the matter, call us at 850-383-3311 and explain the situation.
  - Capital Health Plan complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, sex or religion. Capital Health Plan does not exclude people or treat them differently because of race, color, national origin, age, disability, sex, or religion.
  - If we do not resolve the issue:

CALL - THE HEALTH CARE FRAUD HOTLINE

877-499-7295

Or go to www.opm.gov/our-inspector-general/hotline-to-report-fraud-waste-or-abuse/complaint-form/.
This online reporting form is the desired method of reporting fraud in order to ensure accuracy, and a quicker response time.

You can also write to:

United States Office of Personnel Management

Office of the Inspector General Fraud Hotline

1900 E Street NW Room 6400

Washington, DC 20415-1100

- Do not maintain as a family member on your policy:
  - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise)
  - Your child age 26 or over (unless he/she was disabled and incapable of self-support prior to age 26)
- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage (TCC).
- Fraud or intentional misrepresentation of material fact is prohibited under the Plan. You can be prosecuted for fraud and your agency may take action against you. Examples of fraud include, falsifying a claim to obtain FEHB benefits, trying to or obtaining services or coverage for yourself or for someone else who is not eligible for coverage, or enrolling in the Plan when you are no longer eligible.
- If your enrollment continues after you are no longer eligible for coverage (i.e. you have separated from Federal service) and premiums are not paid you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed for services received directly by your provider. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member is no longer eligible to use your health insurance coverage.

Discrimination is Against the Law

Capital Health Plan complies with applicable Federal civil rights laws, to include both Title VII of the Civil Rights Act of 1964 and Section 1557 of the Affordable Care Act. Pursuant to Section 1557, Capital Health Plan does not discriminate, exclude people, or treat them differently on the basis of race, color, national origin, age, disability, or sex. Capital Health Plan's Non Discrimination and Accessibility Notice is located on the following website www.capitalhealth.com/FEHB.

Preventing Medical Mistakes

Medical mistakes continue to be a significant cause of preventable deaths within the United States. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. Medical mistakes and their consequences also add significantly to the overall cost of healthcare. Hospitals and healthcare providers are being held accountable for the quality of care and reduction in medical mistakes by their accrediting bodies. You can also improve the quality and safety of your own health care and that of your family members by learning more about and understanding your risks. Take these simple steps:

1.Ask questions if you have doubts or concerns.

- Ask questions and make sure you understand the answers.
- Choose a doctor with whom you feel comfortable talking.
- Take a relative or friend with you to help you take notes, ask questions and understand answers.

2.Keep and bring a list of all the medicines you take.

- Bring the actual medicines or give your doctor and pharmacist a list of all the medicines and dosage that you take, including non-prescription (over-the-counter) medicines and nutritional supplements.
- Tell your doctor and pharmacist about any drug, food and other allergies you have, such as to latex.
- Ask about any risks or side effects of the medication and what to avoid while taking it. Be sure to write down what your doctor or pharmacist says.
- Make sure your medicine is what the doctor ordered. Ask your pharmacist about the medicine if it looks different than you expected.
- Read the label and patient package insert when you get your medicine, including all warnings and instructions.
- Know how to use your medicine. Especially note the times and conditions when your medicine should and should not be taken.
- Contact your doctor or pharmacist if you have any questions.
- Understand both the generic and brand names of your medication. This helps ensure you do notreceive double dosing from taking both a generic and a brand. It also helps prevent you from taking a medication to which you are allergic.

3.Get the results of any test or procedure.

- Ask when and how you will get the results of tests or procedures. Will it be in person, by phone, mail, through the Plan or Provider's portal?
- Don't assume the results are fine if you do not get them when expected. Contact your healthcare provider and ask for your results.
- Ask what the results mean for your care.

4.Talk to your doctor about which hospital or clinic is best for your health needs.

- Ask your doctor about which hospital or clinic has the best care and results for your condition if you have more than one hospital or clinic to choose from to get the health care you need.
- Be sure you understand the instructions you get about follow-up care when you leave the hospital or clinic.

5.Make sure you understand what will happen if you need surgery.

- Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
- Ask your doctor: "Who will manage my care when I am in the hospital?"
- Ask your surgeon:
  - "Exactly what will you be doing?"
  - "About how long will it take?"
  - "What will happen after surgery?"
  - "How can I expect to feel during recovery?"
- Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reactions to anesthesia, and any medications or nutritional supplements you are taking.

Preventable Healthcare Acquired Conditions ("Never Events")

When you enter the hospital for treatment of one medical problem, you don't expect to leave with additional injuries, infections or other serious conditions that occur during the course of your stay. Although some of these complications may not be avoidable, patients do suffer from injuries or illnesses that could have been prevented if doctors or the hospital had taken proper precautions. Errors in medical care that are clearly identifiable, preventable and serious in their consequences for patients, can indicate a significant problem in the safety and credibility of a health care facility. These conditions and errors are sometimes called "Never Events" or "Serious Reportable Events."

We have a benefit payment policy that encourages hospitals to reduce the likelihood of hospital-acquired conditions such as certain infections, severe bedsores, and fractures, and to reduce medical errors that should never happen. When such an event occurs, neither you nor your FEHB plan will incur costs to correct the medical error.

You will not be billed for inpatient services related to treatment of specific hospital acquired conditions or for inpatient services needed to correct "Never Events", if you use Capital Health Plan preferred providers. This policy helps to protect you from preventable medical errors and improve the quality of care you receive.

FEHB Facts

Coverage information

- **No pre-existing condition limitation**

  We will not refuse to cover the treatment of a condition you had before you enrolled in this Plan solely because you had the condition before you enrolled.

- **Minimum essential coverage (MEC)**

  Coverage under this plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision for more information on the individual requirement for MEC.

- **Minimum value standard**

  Our health coverage meets the minimum value standard of 60% established by the ACA. This means that we provide benefits to cover at least 60% of the total allowed costs of essential health benefits. The 60% standard is an actuarial value; your specific out-of-pocket costs are determined as explained in this brochure.

- **Where you can get information about enrolling in the FEHB Program**

  See www.opm.gov/healthcare-insurance for enrollment information as well as:

  - Information on the FEHB Program and plans available to you
  - A health plan comparison tool
  - A list of agencies that participate in Employee Express
  - A link to Employee Express
  - Information on and links to other electronic enrollment systems

  Also, your employing or retirement office can answer your questions, and give you brochures for other plans, and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

  - When you may change your enrollment;
  - How you can cover your family members;
  - What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire;
  - What happens when your enrollment ends;
  - When the next Open Season for enrollment begins.

  We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office. For information on your premium deductions, you must also contact your employing or retirement office.

- **Types of coverage available for you and your family**

  Self Only coverage is for you alone. Self Plus One coverage is an enrollment that covers you and one eligible family member. Self and Family coverage is for you, your spouse, and your dependent children under age 26, including any foster children authorized for coverage by your employing agency or retirement office. Under certain circumstances, you may also continue coverage for a disabled child 26 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self and Family or Self Plus One enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self Plus One or Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self Plus One or Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form. Benefits will not be available to your spouse until you are married.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive benefits, nor will we. Please tell us immediately of changes in family member status including your marriage, divorce, annulment, or when your child reaches age 26.

If you or one of your family members is enrolled in one FEHB plan, that person may not be enrolled in or covered as a family member by another FEHB plan.

If you have a qualifying life event (QLE) - such as marriage, divorce, or the birth of a child - outside of the Federal Benefits Open Season, you may be eligible to enroll in the FEHB Program, change your enrollment, or cancel coverage. For a complete list of QLEs, visit the FEHB website at www.opm.gov/Healthcare-insurance/life-events/. If you need assistance, please contact your employing agency, Tribal Benefits Officer, personnel/ payroll office, or retirement office.

- **Family member coverage**

Family members covered under your Self and Family enrollment are your spouse (including a valid common law marriage) and children as described in the chart below. A Self Plus One enrollment covers you and your spouse, or one eligible family member as described in the chart below.

Children	Coverage
Natural children, adopted children, and stepchildren	Natural, adopted children and stepchildren are covered until their 26th birthday.
Foster children	Foster children are eligible for coverage until their 26tt birthday if you provide documentation of your regular and substantial support of the child and sign a certification stating that your foster child meets all the requirements. Contact your human resources office or retirement system for additional information.
Children incapable of self-support	Children who are incapable of self-support because of a mental or physical disability that began before age 26 are eligible to continue coverage. Contact your human resources office or retirement system for additional information.
Married children	Married children (but NOT their spouse or their own children) are covered until their 26th birthday.
Children with or eligible for employer-provided health insurance	Children who are eligible for or have their own employer-provided health insurance are covered until their 26th birthday.

Newborns of covered children are insured only for routine nursery care during the covered portion of the mother's maternity stay.

You can find additional information at www.opm.gov/healthcare-insurance/.

- **Children's Equity Act**

OPM has implemented the Federal Employees Health Benefits Children's Equity Act of 2000. This law mandates that you be enrolled for Self Plus One or Self and Family coverage in the FEHB Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll in Self Plus One or Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self Plus One or Self and Family coverage, as appropriate, in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option;
- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the same option of the same plan; or
- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that doesn't serve the area in which your children live, unless you provide documentation that you have other coverage for the children.

If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot cancel your coverage, change to Self Only, or change to a plan that doesn't serve the area in which your children live as long as the court/administrative order is in effect. Similarly, you cannot change to Self Plus One if the court/administrative order identifies more than one child. Contact your employing office for further information.

- **When benefits and premiums start**

The benefits in this brochure are effective January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. **If you changed plans or plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be paid according to the 2018 benefits of your old plan or option.** However, if your old plan left the FEHB Program at the end of the year, you are covered under that plan’s 2017 benefits until the effective date of your coverage with your new plan. Annuitants’ coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

If your enrollment continues after you are no longer eligible for coverage, (i.e. you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed for services received directly from your provider. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. it is your responsibility to know when you or a family member are no longer eligible to use your health insurance coverage.

- **When you retire** — When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

When you lose benefits

- **When FEHB coverage ends** — You will receive an additional 31 days of coverage, for no additional premium, when:
  - Your enrollment ends, unless you cancel your enrollment
  - You are a family member no longer eligible for coverage

  Any person covered under the 31 day extension of coverage who is confined in a hospital or other institution for care or treatment on the 31st day of the temporary extension is entitled to continuation of the benefits of the Plan during the continuance of the confinement but not beyond the 60th day after the end of the 31 day temporary extension.

  You may be eligible for spouse equity coverage or assistance with enrolling in a conversion policy (a non-FEHB individual policy).

- **Upon divorce** — If you are divorced from a Federal employee, or annuitant, you may not continue to get benefits under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to provide health coverage for you. However, you may be eligible for your own FEHB coverage under either the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get additional information about your coverage choices. You can also visit OPM's Website at www.opm.gov/healthcare-insurance/healthcare/plan-information/.

- **Temporary Continuation of Coverage (TCC)** — If you leave Federal service, Tribal employment, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). The Affordable Care Act (ACA) did not eliminate TCC or change the TCC rules. For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal or Tribal job, if you are a covered dependent child and you turn 26, regardless of marital status, etc. You may not elect TCC if you are fired from your Federal or Tribal job due to gross misconduct.

  Enrolling in TCC. Get the RI 79-27, which describes TCC, from your employing or retirement office or from www.opm.gov/healthcare-insurance. It explains what you have to do to enroll.

  Alternatively, you can buy coverage through the Health Insurance Marketplace where, depending on your income, you could be eligible for a new kind of tax credit that lowers your monthly premiums. Visit www.HealthCare.gov to compare plans and see what your premium, deductible, and out-of-pocket costs would be before you make a decision to enroll. Finally, if you qualify for coverage under another group health plan (such as your spouse's plan), you may be able to enroll in that plan, as long as you apply within 30 days of losing FEHBP coverage.

- **Converting to individual coverage** — If you leave Federal or Tribal service, your employing office will notify you of your right to convert. You must contact us in writing within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will not notify you. You must contact us in writing within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, a waiting period will not be imposed and your coverage will not be limited due to pre-existing conditions. When you contact us, we will assist you in obtaining information about health benefits coverage inside or outside the Affordable Care Act's Health Insurance Marketplace in your state. For assistance in finding coverage, please contact us at 850-383-3311 or visit our website at www.capitalhealth.com.

- **Health Insurance Marketplace**

If you would like to purchase health insurance through the Affordable Care Act's Health Insurance Marketplace, please visit www.HealthCare.gov. This is a website provided by the U.S.Department of Health and Human Services that provides up-to-date information on the Marketplace.

Section 1. How this plan works

This Plan is a health maintenance organization (HMO) plan. OPM requires that FEHB plans be accredited to validate that plan operations and/or care management meet nationally recognized standards. Capital Health Plan holds the following accreditations: National Committee for Quality Assurance (www.ncqa.org). To learn more about this plan's accreditation, please visit the following website: www.capitalhealth.com. We require you to see specific physicians, hospitals, and other providers that contract with us. These Plan providers coordinate your health care services. We are solely responsible for the selection of these providers in your area. Contact us for a copy of our most recent provider directory.

HMOs emphasize preventive care such as routine office visits, physical exams, well-baby care, and immunizations, in addition to treatment for illness and injury. Our providers follow generally accepted medical practice when prescribing any course of treatment.

When you receive services from Plan providers, you will not have to submit claim forms or pay bills. You pay only the copayments described in this brochure. When you receive emergency services from non-Plan providers, you may have to submit claim forms.

You should join an HMO because you prefer the plan's benefits, not because a particular provider is available. You cannot change plans because a provider leaves our Plan. We cannot guarantee that any one physician, hospital, or other provider will be available and/or remain under contract with us.

General features of our High Option

How we pay providers

We employ physicians and contract with individual physicians, medical groups, and hospitals to provide the benefits in this brochure. These Plan providers accept a negotiated payment from us, and you will only be responsible for your copayments when you follow Plan procedures for accessing care.

Catastrophic protection

We protect you against catastrophic-out-of-pocket expenses for covered services. The IRS limits annual out-of-pocket expenses for covered services, including copayments, cannot exceed $7,350 for Self Only enrollment, and $14,700 for a Self Plus One or Self and Family. Your specific plan limits may differ.

Your rights and responsibilities

OPM requires that all FEHB Plans provide certain information to their FEHB members. You may get information about us, our networks, providers and our facilities. OPM's FEHB Website (www.opm.gov/healthcare-insurance) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- **We operate under a State of Florida Certificate of Authority and are federally qualified under Title XIII, PHSA.**
- **We have been in existence for 35 years.**
- **We are a Non-Profit Corporation.**

You are also entitled to a wide range of consumer protections and have specific responsibilities as a member of this Plan. You can view the complete list of these rights and responsibilities by visiting our website at Capital Health www.capitalhealth.com.

If you want more information about us, call 850-383-3311, or write to Capital Health Plan, 2140 Centerville Place, Tallahassee, Fl. 32308. You may also contact us by fax at 850-383-3339 or visit our website at www.capitalhealth.com.

By law, you have the right to access your personal health information (PHI). For more information regarding access to PHI, visit our website Capital Health Plan at www.capitalhealth.com/Members/About-Your-Care/Your-Health-Record. You can also contact us to request that we mail you a copy of that notice.

Your medical and claims records are confidential

We will keep your medical and clams records confidential. Please note that we may disclose your medical and claims information (including your prescription drug utilization) to any of your treating physicians or dispensing pharmacies.

Service area

To enroll in this Plan, you must live in or work in our service area. This is where our providers practice. Our service area is: Calhoun, Franklin, Gadsden, Jefferson, Leon, Liberty, and Wakulla counties.

Ordinarily, you must get your care from providers who contract with us. If you receive care outside our service area, we will pay only for emergency care benefits. We will not pay for any other health care services out of our service area unless the services have prior plan approval.

If you or a covered family member move outside of our service area, you can enroll in another plan. If your dependents live out of the area (for example, if your child goes to college in another state), you should consider enrolling in a fee-for-service plan or an HMO that has agreements with affiliates in other areas. If you or a family member move, you do not have to wait until Open Season to change plans. Contact your employing or retirement office.

Section 2. Changes for 2018

Do not rely on these change descriptions; this Section is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

Changes to this plan

- Your share of the non-Postal and Postal premium will increase for Self Only, Self Plus One, and for Self and Family. See page 84.
- Your copay for Emergency care as an outpatient at a hospital, including doctor's services, will increase to $300 per visit from $250 per visit (waived if admitted). See page 51.
- You will no longer have any member liability (a member copayment) for statin medications for the primary prevention of cardiovascular disease (CVD) for adults and aged 40 to 75 years with no history of CVD, 1 or more CVD risk factors and a calculated 10-year Cardiovascular Disease (CVD) event risk of 10% or greater. See page 58.
- Capital Health Plan will change from an open formulary to a closed formulary effective January 1, 2018. See page 56.

Section 3. How you get care

Identification cards

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation letter (for annuitants), or your electronic enrollment system (such as Employee Express) confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 850-383-3311 or write to us at Capital Health Plan, 2140 Centerville Place, Tallahassee, FL 32308. You may also request replacement cards through our website: www.capitalhealth.com.

Where you get covered care

You get care from "Plan providers" and "Plan facilities." You will only pay copayments and you will not have to file claims.

- **Plan providers**

Plan providers are physicians and other health care professionals in our service area that we employ or contract with to provide covered services to our members. We credential Plan providers according to national standards. You must select a primary care physician to direct all of your medical care. Capital Health Plan offers you a choice of primary care physicians at many different locations in the greater Tallahassee area.

We list Plan providers in the provider directory, which we update periodically. The list is also on our website, www.capitalhealth.com

- **Plan facilities**

Plan facilities are hospitals and other facilities in our service area that we contract with to provide covered services to our members. We list these in the provider directory, which we update periodically. The list is also on our website, www.capitalhealth.com. Primary care physician offices in our two health centers at Centerville Road and Governors Square Boulevard also offer the convenience of lab, x-ray, and vision care.

What you must do to get covered care

It depends on the type of care you need. First, you and each family member must choose a primary care physician. This decision is important since your primary care physician provides or arranges for most of your health care.

- **Primary care**

Your primary care physician can be a family practitioner, internist, or pediatrician. Your primary care physician will provide most of your health care, or give you a referral to see a specialist.

It is important to understand the difference between a referral and an authorization, and how to obtain each one.

Referral is the process of sending a patient to another practitioner (ex. specialist) for consultation or a health care service that the referring source believes is necessary but is not prepared or qualified to provide. Your primary care physician will refer you to a participating specialist or a health care service provider if he or she cannot personally provide the care you need. Many referrals do not require an authorization number (authorization number is assigned when the authorization has been approved by Capital Health Plan, see Referrals and Authorizations below).

If you want to change primary care physicians or if your primary care physician leaves the Plan, call us. We will help you select a new one.

Capital Health Plan's Directory of Physicians and Service Providers list the primary care physicians and their office locations. You can make your selections from this list. This directory is provided to all new members at the time of enrollment, on request by calling CHP's Member Services Department at 850-383-3311, or on our website at www.capitalhealth.com. This directory is subject to change and is updated on a regular basis. On occasion, some physicians may not accept new patients. CHP's Member Services staff gladly will assist you with your selection of a primary care physician.

- **Specialty care**

Your primary care physician will refer you to a specialist for needed care. CHP has eliminated the need for a CHP Authorization number for most but not all local network practitioner office based specialty covered services. You will need a referral or written orders for specialty care. CHP endorses and encourages referrals for clinical recommendations from the primary care physicians. Some specialty care offices may have a policy requiring an authorization number before making an appointment or require new patients to be seen by their primary care physician first. Primary care physicians and specialists communicate with each other to coordinate members' care as needed. CHP authorization numbers still are required for certain medical services including, but not limited to:

- All inpatient services
- Outpatient Hospital based services for Wound Care, Hyperbaric oxygen treatment (HBO), and Observation
- All non-participating practitioners or facilities in or out of Capital Health Plan's service area
- All nonemergency services received outside CHP's service area, including out of area contracted practitioners and facilities (ex. Shands)
- All services related to the mouth and/or teeth
- Speech Therapy
- All home health care services except hospice care
- Services that may be investigational or outside the realm of accepted mainstream medical care.
- All procedures or surgery that have Capital Health Plan clinical criteria requires review and an authorization at any location. See a listing of Capital Health Plan Clinical Criteria on the Medical Policies page: www.capitalhealth.com/Physicians-Providers/Programs-Procedures/Medical-Policy.

If you have any questions regarding the referrals system, please call CHP Member Services at 850-383-3311 or visit www.capitalhealth.com/Physicians-Providers/Clinical-Criteria.

Here are some other things you should know about specialty care:

- If you need to see a specialist frequently because of a chronic, complex, or serious medical condition, your primary care physician will develop a treatment plan that allows you to see your specialist for a certain number of visits without additional referrals. Your primary care physician will use our criteria when creating your treatment plan (the physician may have to get an authorization or approval beforehand).
- If you are seeing a specialist when you enroll in our Plan, talk to your primary care physician. Your primary care physician will decide what treatment you need. If he or she decides to refer you to a specialist, ask if you can see your current specialist. If your current specialist does not participate with us, you must receive treatment from a specialist who does. Generally, we will not pay for you to see a specialist who does not participate with our Plan.

- If you are seeing a specialist and your specialist leaves the Plan, call your primary care physician, who will arrange for you to see another specialist. You may receive services from your current specialist until we can make arrangements for you to see someone else.
- If you have a chronic and disabling condition and lose access to your specialist because we:
  - terminate our contract with your specialist for other than cause;
  - drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB program plan; or
  - reduce our service area and you enroll in another FEHB plan,

You may be able to continue seeing your specialist for up to 90 days after you receive notice of the change. Contact us, or if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist until the end of your postpartum care, even if it is beyond the 90 days.

Hospital care

Your Plan primary care physician or specialist will make necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility.

If you are hospitalized when your enrollment begins

We pay for covered services from the effective date of your enrollment. However, if you are in the hospital when your enrollment in our Plan begins, call our customer service department immediately at 850-383-3311. If you are new to the FEHB Program, we will arrange for you to receive care and provide benefits for your covered services while you are in the hospital beginning on the effective date of your coverage.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- you are discharged, not merely moved to an alternative care center;
- the day your benefits from your former plan run out; or
- the 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person. If your plan terminates participation in the FEHB Program in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such cases, the hospitalized family member's benefits under the new plan begin on the effective date of enrollment.

You need prior Plan approval for certain services

Since your primary care physician arranges most referrals to specialists and inpatient hospitalization, the pre-service claim approval process only applies to care shown under Other services.

- **Inpatient hospital admission**

Your Plan primary care physician or specialist will make necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility.

Precertification is the process by which – prior to your inpatient hospital admission – we evaluate the medical necessity of your proposed stay and the number of days required to treat your condition.

- **Other services**

Your primary care physician has authority to refer you for most services. For certain services, however, your primary care physician must obtain approval from us. Before giving approval, we consider if the service is covered, medically necessary, and follows generally accepted medical practice. We call this review and approval process "utilization management."

Prior authorization requirements and guidelines are revised and updated annually, or more frequently as new evidence becomes available that suggests needed revisions, see below:

- Admissions (non-emergent) to all facilities, including:
  - Hospitals
  - Rehabilitation Facilities
  - Skilled Nursing Facilities
- Bariatric Surgeries (Surgery for Clinically Severe Obesity)
- Behavioral Health services including:
  - Inpatient admissions, non-emergent
  - Partial hospitalization services
  - Residential treatment (Ex. Eating Disorder and Substance Abuse Facilities)
- Non-routine outpatient services including Applied Behavioral Analysis (ABA) and Transcranial Magnetic Stimulation
- Breast Reduction and Reconstruction Surgeries
- Cardiac Rehabilitation
- Clinical Trials (only routine patient costs for items and services are covered)
- Cochlear Implants
- Computed Tomographic Colonography (Virtual Colonoscopy or CT Colonoscopy)
- Continuous Glucose Monitoring Systems
- Continuous Passive Motion Device
- Cosmetic/Reconstructive Surgery including:
  - Abdominoplasty
  - Blepharoplasty / Ptosis repair
  - Destruction of Vascular Cutaneous Lesions
  - Mastectomy for Gynecomastia
  - Orthognathic Surgery
  - Panniculectomy/Removal of Excess Tissue
  - Ptosis repair
  - Reduction Mammoplasty (Breast Reduction)
  - Removal of Breast Implants
  - Repair of Congenital Chest Wall Deformities
  - Rhinoplasty
  - Scar revision
  - Septoplasty
- Dental and Oral Surgery Services
- Enzyme Replacement Therapy
- Experimental Items and Services
- Formulas and Enteral Nutrition
- Functional Neuromuscular Stimulation
- Gender Reassignment Surgeries
- Genetic Testing
- Gynecomastia Surgery
- Hearing Devices - Implantable

- Hip Arthroplasty/Hip Replacement
- Home Health Care services
- Hospice Services – Inpatient
- Hospital Admissions (Non-emergent)
- Hyperbaric Oxygen (HBO) Therapy
- Implantable Neurostimulators
- Infertility Services
- Inpatient Non-emergent Admissions to all Facilities
- Insulin Infusion Pumps and SuppliesInvestigational Items and Services
- Knee Arthroplasty/Knee Replacement
- Left Atrial Appendage Closure Device (WATCHMAN™)
- Negative Pressure Wound Therapy Pump
- New Technologies that have not been assessed and incorporated into Capital Health Plan benefits
- Non-contracted / Out-of-Network provider referrals
- Non-Emergent Medical Transportation
- Oscillatory Devices for the Treatment of Cystic Fibrosis and Other Respiratory Disorders
- Osteogenesis Stimulators
- Outpatient Diagnostic Imaging Services including:
  - Magnetic Resonance Imaging (MRI) of the cervical spine (neck)Magnetic Resonance Imaging (MRI) of the lumbar spine (back)
- Outpatient Pulmonary Rehabilitation
- Outpatient Speech/Language Therapy
  - Physical and/or Occupational Therapy services require prior authorization if services are expected to exceed the member's benefit limit.
- Out-of-Network / Non-contracted provider referrals
- Prosthetic Devices
- Proton Beam Therapy
- Pulmonary Rehabilitation
- Quantitative Elecrtoencephalography (QEEG)
- Radiation Oncology
- Respiratory Assist Devices (CPAP, APAP, BiPAP)
- Seat Lift Mechanisms
- Selected Medical Benefit drugs and biologicals: See CHP's website https://www.capitalhealth.com/Physicians-Providers/Medication-Center.
- Shoulder Arthroplasty/Shoulder Replacement
- Speech Generating Devices
- Spinal Cord Stimulation
- Spine Surgeries including:
  - Cervical (Neck)
  - Lumbar (Back)
  - Kyphoplasty
  - Vertebroplasty

- Subcutaneous Implantable Cardioverter-Defibrillator (ICD)
- Thoracic Outlet Syndrome Surgery
- Transcranial Magnetic Stimulation
- Transplant Services
- Tumor treatment field therapy
- Wearable and Non-Wearable Cardioverter-Defibrillators (WCD)
- Weight Control Services (including services provided at the Tallahassee Memorial Hospital Bariatric Center)
- Wheelchairs – Powered or customized wheelchairs only
- Wound Treatment Centers

The following are just a few of the services that have clinical criteria and require a review and a prior authorization:

- Genetic Testing
- Back (lumbar) and neck (cervical) surgery also known as spinal surgery, and MRI's
- Transcranial Magnetic Stimulation
- Implantable Hearing Devices
- Certain Durable Medical Equipment (DME), such as: External Insulin Infusion Pumps & Supplies, Continuous Glucose Monitoring, and Power Wheelchairs

Questions about Capital Health Plan's prior authorization process?

Call Member Services at (850) 383-3311. For TTY/TDD – Telecommunication Device for the Deaf (for speech or hearing impaired) service, call (850) 383-3534 or 711. Outside the area? Call us toll-free at 1-877-247-6512.

Referrals and Authorizations

It is important to understand the difference between a referral and an authorization, and how to obtain each one.

Referral is the process of sending a patient to another practitioner (ex. specialist) for consultation or a health care service that the referring source believes is necessary but is not prepared or qualified to provide. Your primary care physician will refer you to a participating specialist or a health care service provider if he or she cannot personally provide the care you need. Many referrals do not require an authorization number.

Authorization, also known as precertification or prior authorization, is a process of reviewing certain medical, surgical or behavioral health services to ensure medical necessity and appropriateness of care prior to services being rendered. The review also includes a determination of whether the service being requested is a covered benefit under your benefit plan. Authorizations are only required for certain services.

Prior Authorization

Capital Health Plan requires prior authorization (prospective review of medical necessity, clinical appropriateness, eligibility, and level of benefits) for selected medications, procedures, services and items. Authorization and denial decisions are made in a timely manner that accommodates the clinical urgency of the situation. Providers are responsible for obtaining prior authorizations when required. Your physician will submit authorization requests electronically, by telephone, or in writing by fax or mail. If approved, an authorization number is then generated by Capital Health Plan and is available to you via CHP*Connect*. If the requested service is not authorized, the member and provider are notified in writing with the specific reasons for the denial. Members are responsible for ensuring a prior authorization is in place *prior* to receiving these services. Failure to comply with these prior authorization requirements will result in denial of the claim payment. Prior authorization requirements are subject to change. For up-to-date information on services requiring a prior authorization, Members should contact the Member Services Department (850-383-3311) or visit our website at www.capitalhealth.com/Members/About-Your-Care/Utilization-Management/Referrals-and-Authorizations.

How to request precertification for an admission or get prior authorization for Other services

First, your primary care physician, your hospital, you, or your representative, must call us at 850-383-3311 before admission or services requiring prior authorization are rendered.

Next, provide the following information:

- enrollee's name and Plan identification number,
- patient's name, birth date, identification number and phone number,
- reason for hospitalization, proposed treatment, or surgery,
- name and phone number of admitting physician,
- name of hospital or facility; and
- number of days requested for hospital stay.

- **Non-urgent care claims**

For non-urgent care claims, we will tell the physician and/or hospital the number of approved inpatient days, or the care that we approve for other services that must have prior authorization. We will make our decision within 15 days of receipt of the pre-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you of the need for an extension of time before the end of the original 15-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

- **Urgent care claims**

If you have an urgent care claim (i.e. when waiting for the regular time limit for your medical care or treatment could seriously jeopardize our life, health, or ability to regain maximum function, or in the opinion of a physician with knowledge of our medical condition, would subject you to severe pain that cannot be adequately managed without this care or treatment), we will expedite our review and notify you of our decision with 72 hours. If you request that we review our claim as an urgent care claim, we will review the documentation you provide and decide whether it is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.

If you fail to provide sufficient information, we will contact you within 24 hours after we receive the claim to let you know what information we need to complete our review of the claim. You will then have up to 48 hours to provide the required information. We will make our decision on the claim within 48 hours of (1) the time we received the additional information or (2) the end of the time frame, whichever is earlier.

We may provide our decision orally within these time frames, but we will follow up with written or electronic notification within three days of oral notification.

You may request that your urgent care claim on appeal be reviewed simultaneously by us and OPM. Please let us know that you would like a simultaneous review of your urgent care claim by OPM either in writing at the time you appeal our initial decision, or by calling us at 850-383-3311. You may also call OPM's Health Insurance (HI) 3 at 202-606-0737 between 8 a.m. and 5 p.m. Eastern Time to ask for the simultaneous review. We will cooperate with OPM so they can quickly review your claim on appeal. In addition, if you did not indicate that your claim was a claim for urgent care, then call us at 850-383-3311. If it is determined that your claim is an urgent care claim, we will expedite our review (if we have not yet responded to your claim).

- **Concurrent care claims**

A concurrent care claim involves care provided over a period of time or over a number of treatments. We will treat any reduction or termination of our pre-approved course of treatment before the end of the approved period of time or number of treatments as an appealable decision. This does not include reduction or termination due to benefit changes or if your enrollment ends. If we believe a reduction or termination is warranted, we will allow you sufficient time to appeal and obtain a decision from us before the reduction or termination takes effect.

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, then we will make a decision within 24 hours after we receive the claim.

- **Emergency inpatient admission**

If you have an emergency admission due to a condition that you reasonably believe puts your life in danger or could cause serious damage to bodily function, you, your representative, the physician, or the hospital must telephone us within two business days following the day of the emergency admission, even if you have been discharged from the hospital.

- **Maternity care**

Maternity Care is defined as hospital services provided to a Member for normal pregnancy, delivery, miscarriage, or pregnancy complications within the CHP service area only, unless the need for these services was not, and reasonably could not have been, anticipated before leaving the service area.

- **If your treatment needs to be extended**

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, then we will make a decision within 24 hours after we receive the claim.

What happens when you do not follow the precertification rules when using non-network facilities

Capital Health Plan is a health maintenance organization (HMO). We require you to see specific physicians, hospitals, and other providers that contract with us. When you receive services from plan providers, you will not have to submit claim forms or pay bills. You pay only the copayments described in this brochure. When you receive emergency services from non-plan providers, you may have to submit claim forms.

Benefits are available for care from non-plan providers in a medical emergency only if delay in reaching a plan provider would result in death, disability, or significant jeopardy to your condition. Capital Health Plan members can access out-of-area urgent and emergency care at any affiliated Blue Cross and Blue Shield provider in the country through the BlueCard network and claims automatically will be routed to CHP.

Out-of-Area Services

Capital Health Plan has a variety of relationships with other Blue Cross and/or Blue Shield Plans and their Licensed Controlled Affiliates ("Licensees") referred to generally as "Inter-Plan Programs." Whenever you obtain healthcare services outside of our service area, the claims for these services may be processed through one of these Inter-Plan Programs.

Typically, when accessing care outside our service area, you will obtain care from healthcare providers that have a contractual agreement (i.e., are "participating providers") with the local Blue Cross and/or Blue Shield Licensee in that other geographic area ("Host Blue"). In some instances, you may obtain care from non-participating healthcare providers. Our payment practices in both instances are described below.

Capital Health Plan covers only limited healthcare services received outside of our service area. As used in this section "Out-of-Area Covered Healthcare Services" include *emergency care, urgent care, or care authorized by Capital Health Plan* obtained outside the geographic area we serve. Any other services will not be covered when processed through any Inter-Plan Programs arrangements. These "other services" must be provided or authorized by your primary care physician ("PCP").

A. BlueCard® Program

Under the BlueCard® Program, when you obtain Out-of-Area Covered Healthcare Services within the geographic area served by a Host Blue, Capital Health Plan will remain responsible for fulfilling our contractual obligations. However the Host Blue is responsible for contracting with and generally handling all interactions with its participating healthcare providers. The BlueCard Program enables you to obtain Out-of-Area Covered Healthcare Services, as defined above, from a healthcare provider participating with a Host Blue, where available. The participating healthcare provider will automatically file a claim for the Out-of-Area Covered Healthcare Services provided to you, so there are no claim forms for you to fill out. You will be responsible for the member copayment amount, as stated in your Schedule of Copayments.

Emergency Care Services: If you experience a Medical Emergency while traveling outside Capital Health Plan's service area, go to the nearest Emergency (or Urgent Care) facility.

Whenever you access covered healthcare services outside the State of Florida and the claim is processed through the BlueCard® Program, the amount you pay for covered healthcare services, if not a flat dollar copayment, is calculated based on the lower of:

• The billed covered charges for your covered services; or

• The negotiated price that the Host Blue makes available to Capital Health Plan.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted above. However, such adjustments will not affect the price we use for your claim because they will not be applied retroactively to claims already paid.

Laws in a small number of states may require the Host Blue to add a surcharge to your calculation. If any state laws mandate other liability calculation methods, including a surcharge, we would then calculate your liability for any covered healthcare services according to applicable law.

B. Non-Participating Healthcare Providers Outside Our Service Area

1. Your Liability Calculation

When Out-of-Area Covered Healthcare Services (*emergency care, urgent care, or care authorized by Capital Health Plan)* are received from nonparticipating healthcare providers, the amount you pay for such services will generally be based on either the Host Blue's non-participating healthcare provider local payment or the pricing arrangements required by applicable state law. In these situations, you may be liable for the difference between the amount that the non-participating healthcare provider bills and the payment Capital Health Plan will make for the covered services.

2. Exceptions

In certain situations, Capital Health Plan may use other payment bases, such as billed covered charges, the payment we would make if the healthcare services had been obtained within our service area, or a special negotiated payment, as permitted under Inter-Plan Programs Policies, to determine the amount we will pay for services rendered by nonparticipating healthcare providers. In these situations, you may be liable for the difference between the amount that the non-participating healthcare provider bills and the payment Capital Health Plan will make for the covered services.

Circumstances beyond our control

Under certain extraordinary circumstances, such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.

If you disagree with our pre-service claim decision

If you have a **pre-service claim** and you do not agree with our decision regarding precertification of an inpatient admission or prior approval of other services, you may request a review in accord with the procedures detailed below.

If you have already received the service, supply, or treatment, then you have a **post-service claim** and must follow the entire disputed claims process detailed in Section 8.

- **To reconsider a non-urgent care claim**

Within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

In the case of a pre-service claim and subject to a request for additional information, we have 30 days from the date we receive your written request for reconsideration to

1. Precertify your hospital stay, or, if applicable, arrange for the health care provider to give you the care or grant your request for prior approval for a service, drug, or supply; or

2. Ask you or your provider for more information.

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

3. Write to you and maintain our denial.

- **To reconsider an urgent care claim**

In the case of an appeal of a pre-service urgent care claim, within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

Unless we request additional information, we will notify you of our decision within 72 hours after receipt of your reconsideration request. We will expedite the review process, which allows oral or written requests for appeals and the exchange of information by telephone, electronic mail, facsimile, or other expeditious methods.

- **To file an appeal with OPM**

After we reconsider your **pre-service claim**, if you do not agree with our decision, you may ask OPM to review it by following Step 3 of the disputed claims process detailed in Section 8 of this brochure.

Section 4. Your cost for covered services

This is what you will pay out-of-pocket for covered care:

Cost-Sharing	Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., copayment) for the covered care you receive.
Copayments	A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive certain services. Example: When you see your primary care physician, you pay a copayment of $15 per office visit, and when you go in the hospital, you pay $250 per admission.
Deductible	We do not have a deductible.
Coinsurance	We do not have coinsurance.
Your catastrophic protection out-of-pocket maximum	After your copayments total $2,000 for Self Only, $4,500 for Self Plus One, or $4,500 for Self and Family for Medical Maximum-Out-Of-Pocket (MOOP) and $4,600 for Self Only $8,700 for Self Plus One, or $8,700 per Self and Family for Pharmacy MOOP in any calendar year, you do not have to pay any more for covered services. The medical maximum annual limitation on cost sharing listed under Self Only of $2,000 applies to each individual, regardless of whether the individual is enrolled in Self Only, Self Plus One, or Self and Family. Example Scenario: Your plan has a $2,000 Self Only medical maximum out-of-pocket limit and a $4,500 Self Plus One or Self and Family medical maximum out-of-pocket limit. If you or one of your eligible family members has out-of-pocket qualified medical expenses of $2,000 or more for the calendar year, any remaining qualified medical expenses for that individual will be covered fully by your health plan. With a Self and Family enrollment out-of-pocket maximum of $4,500, a second family member, or an aggregate of other eligible family members, will continue to accrue out-of-pocket qualified medical expenses up to a maximum of $4,500 for the calendar year before their qualified medical expenses will begin to be covered in full. The pharmacy maximum annual limitation on cost sharing listed under Self Only of $4,600 applies to each individual, regardless of whether the individual is enrolled in Self Only, Self Plus One, or Self and Family. Example Scenario: Your plan has a $4,600 Self Only pharmacy maximum out-of-pocket limit and a $8,700 Self Plus One or Self and Family pharmacy maximum out-of-pocket limit. If you or one of your eligible family members has out-of-pocket qualified pharmacy expenses of $4,600 or more for the calendar year, any remaining qualified medical expenses for that individual will be covered fully by your health plan. With a Self and Family enrollment out-of-pocket maximum of $8,700, a second family member, or an aggregate of other eligible family members, will continue to accrue out-of-pocket qualified pharmacy expenses up to a maximum of $8,700 for the calendar year before their qualified pharmacy expenses will begin to be covered in full. However, copayments and coinsurance, if applicable for the following services do not count toward your catastrophic protection out-of-pocket maximum, and you must continue to pay copayments and coinsurance for these services • Prescription drug brand name additional charges (If a member or the prescriber requests a brand prescription not listed as Tier 1, Tier 2 or Tier 3 that has a generic available, the member must pay the non-preferred Tier 3 member cost share plus pay the pharmacy 100% of the additional cost of the more expensive brand prescription drug.)

- Medical Services not covered by Capital Health Plan. (Medical services not approved or authorized by Capital Health Plan.)

Be sure to keep accurate records of your copayments since you are responsible for informing us when you reach the maximum.

Carryover

If you changed to this Plan during open season from a plan with a catastrophic protection benefit and the effective date of the change was after January 1, any expenses that would have applied to that plan's catastrophic protection benefit during the prior year will be covered by your old plan if they are for care you received in January before your effective date of coverage in this Plan. If you have already met your old plan's catastrophic protection benefit level in full, it will continue to apply until the effective date of your coverage in this Plan. If you have not met this expense level in full, your old plan will first apply your covered out-of-pocket expenses until the prior year's catastrophic level is reached and then apply the catastrophic protection benefit to covered out-of-pocket expenses incurred from that point until the effective date of your coverage in this Plan. Your old plan will pay these covered expenses according to this year's benefits; benefit changes are effective January 1.

When Government facilities bill us

Facilities of the Department of Veterans Affairs, the Department of Defense and the Indian Health Services are entitled to seek reimbursement from us for certain services and supplies they provide to you or a family member. They may not seek more than their governing laws allow. You may be responsible to pay for certain services and charges. Contact the government facility directly for more information.

Section 5. High Option Benefits

See page 15 for how our benefits changed this year. Page 83 is a benefits summary. Make sure that you review the benefits that are available under this plan.

Section 5. High Benefits Option Overview

This Plan offers a High Option. Our benefit package is described in Section 5. Make sure that you carefully review the benefits.

Section 5 is divided into subsections. Please read the *important things you should keep in mind* at the beginning of the subsections. Also read the general exclusions in Section 6; they apply to the benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about benefits, contact us at 850-383-3311 or at our website on www.capitalhealth.com.

Our benefit package offers the following unique features:

- **High Option**

Benefits

Capital Health Plan is a health maintenance organization (HMO). We require you to see specific physicians, hospitals, and other providers that contract with us. These plan providers coordinate your health care services. Capital Health Plan is solely responsible for the selection of these providers in your area. To receive our most recent provider directory, call 850-383-3311; or visit our website at www.capitalhealth.com.

HMOs emphasize preventive care such as routine office visits, physical exams, well-baby care, and immunizations, in addition to treatment for illness and injury. Our providers follow generally accepted medical practice when prescribing any course of treatment.

When you receive services from plan providers, you will not have to submit claim forms or pay bills. You pay only the copayments described in this brochure. When you receive emergency services from non-plan providers, you may have to submit claim forms.

Section 5(a). Medical services and supplies provided by physicians and other health care professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- A facility copay applies to services that appear in this section but are performed in an ambulatory surgical center or the outpatient department of a hospital.
- Be sure to read Section 4, Your costs for covered services, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.

Benefit Description	You pay
Diagnostic and treatment services	**High Option**
Professional services of physicians • In physician's office • Office medical consultations	$15 per primary care office visit $40 per specialist office visit
• Second Surgical Opinion	$40 per specialist office visit

Not covered • *Nursing care requested by, or for the convenience of, the patient or the patient's family* • *Home care primarily for personal assistance that does not include a medical component and is not diagnostic, therapeutic, or rehabilitative*	*All charges*
Chiropractic	**High Option**
• Manipulation of the spine and extremities *Adjunctive procedures such as ultrasound, electrical muscle stimulation, vibratory therapy, and cold pack application*	$40 per specialist office visit
Not covered: • *Services that maintain rather than improve a physical function,* • *Services that we determine will not result in significant improvement of the member's condition within a 62-day period.*	*All Charges*
Alternative treatments	**High Option**
No Benefit	*All Charges*
Educational classes and programs	**High Option**
Coverage is limited to: • Tobacco cessation programs, including individual/group/ telephone counseling, over the counter (OTC) and prescription drugs approved by the FDA to treat tobacco dependence. OTC drugs require a prescription.	Nothing
• Members may choose one or more of the options below if desired. Participation in these programs is recommended but not mandatory - Healthwise Knowledgebase accessed fromwww. capitalhealth.com/: enter tobacco into the search bar - Tobacco Free Florida: (877)822-6669 (Maintained by the Florida Department of Health) - Big Bend AHEC: (850-224-1177) • Quit Smoking Now: a 6 week in person class series offered by Big Bend AHEC • Tools to Quit: A 2 hour program that provides individuals with essential tools to stop all types of tobacco use	Nothing

Section 5(b). Surgical and anesthesia services provided by physicians and other health care professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- Be sure to read Section 4, Your costs for covered services, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.
- The services listed below are for the charges billed by a physician or other health care professional for your surgical care. See Section 5(c) for charges associated with the facility (i.e. hospital, surgical center, etc.).
- **YOUR PHYSICIAN MUST GET PRECERTIFICATION FOR SOME SURGICAL PROCEDURES.** Please refer to the precertification information shown in Section 3 to be sure which services require precertification and identify which surgeries require precertification.

Benefit Description	You pay
Surgical procedures	**High Option**
A comprehensive range of services, such as: • Operative procedures • Treatment of fractures, including casting • Normal pre- and post-operative care by the surgeon • Correction of amblyopia and strabismus • Endoscopy procedures • Biopsy procedures • Removal of tumors and cysts • Correction of congenital anomalies (see Reconstructive surgery) • Surgical treatment of morbid obesity (Bariatric surgery) – a condition in which an individual weighs 100 pounds or 100% over his or her normal weight according to current underwriting standards; Note: To meet requirements of bariatric surgery eligible members must be age 18 or over. Preauthorization is required. - Presence of morbid obesity, defined as a body mass index (BMI) is greater than or equal to 40 or greater than or equal to 35 in conjunction with severe co-morbidities such as cardiopulmonary complications or severe diabetes; and - An adequately documented history of consistent participation in a weight management program for 12 consecutive months that is similar to that described in the document, Surgical Treatment of Morbid Obesity Responsibilities, including regular PCP visits to document compliance; and	$15 per primary care physician visit $40 per specialist visit Included in inpatient hospital facility admission

Surgical procedures - continued on next page

Benefit Description	You pay
Surgical procedures (cont.)	**High Option**
- An adequately documented history of adaptation of sound nutritional principles as evidenced by a 10% weight reduction at the end of the 12-month program; and - An adequately documented absence of active substance abuse or major uncontrolled psychiatric disorder; or - Life threatening morbid obesity with evidence of imminently life threatening co-morbid conditions that cannot be treated safely and effectively through other means. • Insertion of internal prosthetic devices. See 5(a), Orthopedic and prosthetic devices, for device coverage information • Voluntary sterilization (e.g., tubal ligation, vasectomy) • Treatment of burns Note: Generally, we pay for internal prostheses (devices) according to where the procedure is done. For example, we pay hospital benefits for a pacemaker and surgery benefits for insertion of the pacemaker.	$15 per primary care physician visit $40 per specialist visit Included in inpatient hospital facility admission
Not covered: • *Reversal of voluntary sterilization* • *Routine treatment of conditions of the foot; (see Foot care)*	*All charges*
Reconstructive surgery	**High Option**
• Surgery to correct a functional defect • Surgery to correct a condition caused by injury or illness if: - The condition produced a major effect on the member's appearance and - The condition can reasonably be expected to be corrected by such surgery • Surgery to correct a condition that existed at or from birth and is a significant deviation from the common form or norm. Examples of congenital anomalies are: protruding ear deformities; cleft lip; cleft palate; birth marks; and webbed fingers and toes. • All stages of breast reconstruction surgery following a mastectomy, such as: - surgery to produce a symmetrical appearance of breasts; - treatment of any physical complications, such as lymphedemas; - breast prostheses and surgical bras and replacements (see Prosthetic devices) • Gender reassignment surgery limited to those surgeries that can be performed by a general surgeon such as mastectomies, hysterectomies, oophorectomies and gonadectomies. Prior authorization is required.	$15 per primary care physician $40 per specialist Included in inpatient hospital facility admission.

Reconstructive surgery - continued on next page

Benefit Description	You pay
Reconstructive surgery (cont.)	**High Option**

Not covered: • *Cosmetic services, including any service to improve the appearance or self-perception of an individual, including without limitation: cosmetic surgery and procedures or supplies to correct loss of skin wrinkling (e.g., Minoxidil, Rogaine, Retin-A).* • *The following surgeries are considered cosmetic and do not meet the definition of medical necessity when used to improve the gender specific appearance of an individual who has undergone or is planning to undergo gender reassignment surgery (this is not an all-inclusive list):* - *Blepharoplasty* - *Breast augmentation* - *Face lift* - *Facial bone reconstruction* - *Hair removal/hairplasty* - *Liposuction* - *Reduction thyroid chondroplasty* - *Rhinoplasty* - *Voice Modification surgery*	*All charges*
Oral and maxillofacial surgery	**High Option**
Oral surgical procedures, limited to: • Reduction of fractures of the jaws or facial bones; • Surgical correction of cleft lip, cleft palate or severe functional malocclusion; • Removal of stones from salivary ducts; • Excision of leukoplakia or malignancies; • Excision of cysts and incision of abscesses when done as independent procedures; and • Other surgical procedures that do not involve the teeth or their supporting structures. • Surgical treatment of TMJ (Related dental care for TMJ is excluded)	$15 per primary care physician visit $40 per specialist visit Included in inpatient hospital facility admission
Not covered: • *Oral implants and transplants* • *Procedures that involve the teeth or their supporting structures (such as the periodontal membrane, gingiva, and alveolar bone)*	*All charges*

Benefit Description	You pay
Organ/tissue transplants	**High Option**
These **solid organ transplants** are covered. • Cornea • Heart • Heart-lung • Intestinal transplants - Isolated Small intestine - Small intestine with the liver or - small intestine with multiple organs such as the liver, stomach, and pancreas • Kidney • Kidney-Pancreas • Liver • Lung: Single/bilateral/lobar • Pancreas • Autologous pancreas islet cell transplant (as an adjunct to total or near total pancreatectomy) only for patients with chronic pancreatitis. Note: Subject to medical necessity and experimental/ investigational review by the Plan. See Other services under You need prior Plan approval for certain services on page 18.	$15 per primary care physician visit $40 per specialist visit Included in inpatient hospital facility admission.
These **tandem blood or marrow stem cell transplants for covered transplants** are subject to medical necessity review by the Plan. Refer to Other services in Section 3 for prior authorization procedures. • Autologous tandem transplants for - AL Amyloidosis - Multiple myeloma (de novo and treated) - Recurrent germ cell tumors (including testicular cancer)	$15 per primary care physician visit $40 per specialist visit Included in inpatient hospital facilityadmission
Blood or marrow stem cell transplants The Plan extends coverage for the diagnoses as indicated below: • Allogeneic transplants for: • Acute lymphocytic or non-lymphocytic (i.e., myelogenous) leukemia • Advanced Hodgkins lymphoma with recurrence (relapsed) • Advanced non-Hodgkins lymphoma with recurrence (relapsed) • Acute myeloid leukemia • Advanced Myeloproliferative Disorders (MPDs) • Amyloidosis	$15 per primary care physician visit $40 per specialist visit Included in inpatient hospital facilityadmission

Organ/tissue transplants - continued on next page

Benefit Description	You pay
Organ/tissue transplants (cont.)	**High Option**
• Chronic lymphocytic leukemia/small lymphocytic leukemia (CLL/SLL) • Hemoglobinopathy • Marrow failure and related disorders (i.e. Fanconi's PNH, Pure Red Cell Asplasia) • Myelodysplasia/Myelodysplastic syndromes • Paroxysmal Nocturnal Hemoglobinuria • Phagocytic/Hemophagocytic deficiency disease (e.g. Wiskott-Aldrich syndrome) • Severe combined immunodeficiency • Severe or very severe aplastic anemia • Autologous transplants for: - Acute lymphocytic or nonlymphocytic (i.e., myelogenous) leukemia - Advanced Hodgkin's lymphoma with reoccurrence (relapsed) - Advanced non-Hodgkin's lymphoma with reoccurrence (relapsed) - Amyloidosis - Breast Cancer - Epithelial ovarian cancer - Multiple myeloma - Neuroblastoma - Testicular, Mediastinal, Retroperitoneal, and Ovarian germcell tumors **Mini-transplants performed in a clinical trial setting** (non-myeloablative, reduced intensity conditioning or RIC) for members with a diagnosis listed below are subject to medical necessity review by the Plan. Refer to Other services in Section 3 for prior authorization procedures: • Allogeneic transplants for - Acute lymphocytic or non-lymphocytic (i.e., myelogenous) leukemia - Advanced Hodgkins lymphoma with reoccurrence (relapsed) - Advanced non-Hodgkins lymphoma with reoccurrence (relapsed) - Acute myeloid leukemia - Advanced Myeloproliferative Disorders (MPDs) - Amyloidosis - Chronic lymphocytic leukemia/small lymphocytic lymphoma (CCL/SLL)	$15 per primary care physician visit $40 per specialist visit Included in inpatient hospital facilityadmission

Organ/tissue transplants - continued on next page

Benefit Description	You pay
Organ/tissue transplants (cont.)	**High Option**
- Hemoglobinopathy - Marrow failure and related disorders (i.e., Fanconis, PNH, Pure Red Cell Aplasia) - Myelodysplasia/Myelodysplastic syndromes - Paroxysmal Nocturnal Hemoglobinuria - Severe combined immunodeficiency - Severe or very severe aplastic anemia • Autologous transplants for - Acute lymphocytic or nonlymphocytic (i.e., myelogenous) leukemia - Advance Hodgkins lymphoma with reoccurrence (relapse) - Advanced non-Hodgkin's lymphoma with reoccurrence (relapsed) - Amyloidosis - Neuroblastoma These blood or marrow stem cell transplants are covered only in a Plan-designated center of excellence and if approved by the Plan's medical director in accordance with the Plan's protocols. If you are a participant in a clinical trial, the Plan will provide benefits for related routine care that is medically necessary (such as doctor visits, lab tests, x-rays ad scans, and hospitalization related to treating the patient's condition) if it is not provided by the clinical trial. Section 9 has additional information on costs related to clinical trials. We encourage you to contact the Plan to discuss specific services if you participate in a clinical trial. • Autologous Transplants for - Advanced Childhood kidney cancers - Advanced Ewing sarcoma - Breast cancer - Childhood rhabdomyosarcoma - Epithelial ovarian cancer - Mantle Cell (Non-Hodgkin lymphoma) Note: We cover related medical and hospital expenses of the donor when we cover the recipient. Note: Capital Health Plan covers bone marrow transplants for reasonable costs of searching for donors among family members and donors identified through the National Bone Marrow Donor Program.	$15 per primary care physician visit $40 per specialist visit Included in inpatient hospital facilityadmission
Not covered: • *Any service in connection with the implant of an artificial organ, including the implant of the artificial organ.*	*All charges*

Nothing
Not covered: • *Custodial care*	*All charges*
Hospice care	**High Option**
Supportive and palliative care for a terminally ill member is covered in the home or hospice facility. Services include inpatient and outpatient care, and family counseling; these services are provided under the direction of a Plan doctor who certifies that the patient is in the terminal stage of illness, with a life expectancy of approximately six months or less	Nothing
Not covered: Independent nursing, homemaker services	*All charges*

Benefit Description	You pay
End of life care	**High Option**
Advance Directive (Five Wishes). An advanced directive ensures that both medical professionals and your loved ones understand the end-of-life decisions you want in the event you're unable to explain them due to a medical emergency. An advanced directive is simply a statement, made while you are competent, about the medical treatment you want if you can't make those decisions later. Decisions made early and communicated plainly may have tremendous value for you and your family. • Five Wishes is for anyone 18 or older • Five Wishes, an advance directive document that addresses all of an individual's needs (medical, personal, emotional and spiritual), call CHP's Health Information Line: 850-383-3400. • Planning Early About Care at the End (PEACE) Program at Big Bend Hospice provides information needed to get started. Results from this assessment will help you articulate your preference, values and goals to your family and loved ones. To reach a PEACE facilitator, please contact Big Bend Hospice at 850-878-5310 .	Nothing
Ambulance	**High Option**
• Local professional ambulance service when medically appropriate	$100 per transport

Section 5(d). Emergency services/accidents

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Be sure to read Section 4, Your costs for covered services, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

What to do in case of emergency:

If you are in an emergency situation, please call your primary care physician. In extreme emergencies, if you are unable to contact your doctor, contact the local emergency system (e.g., the 911 telephone system) or go to the nearest hospital emergency room. Be sure to tell the emergency room personnel that you are a Plan member so they can notify the Plan. You or a family member should notify the Plan within 48 hours unless it was not reasonably possible to do so. It is your responsibility to ensure that the Plan has been notified timely.

If you need to be hospitalized, the Plan must be notified within 48 hours or on the first working day following your admission, unless it was not reasonably possible to notify the Plan within that time. If you are hospitalized in non-Plan facilities and Plan doctors believe that care can be provided in a Plan hospital, you will be transferred when medically feasible with any ambulance charges covered in full.

Benefits are available for care from non-Plan providers in a medical emergency only if delay in reaching a Plan provider would result in death, disability, or significant jeopardy to your condition.

To be covered by this Plan, any follow-up care recommended by non-Plan providers must be approved by the Plan or provided by Plan providers

Benefit Description	You pay
Emergency within our service area	**High Option**
• Emergency care at a doctor's office • Emergency care at an urgent care center • Emergency care as an outpatient at a hospital, including observation as well as doctors' services	$25 per visit. $25 per visit $300 per visit (waived if admitted)
Not covered: • *Elective care or non-emergency care and follow-up care recommended by non-plan providers that has not been approved by the Plan or provided by Plan providers.* • *Emergency care provided outside the service area if the need for care could have been foreseen before leaving the service area.* • *Medical and hospital costs resulting from a normal full-term delivery of a baby outside the service area.*	*All charges*

Benefit Description	You pay
Emergency outside our service area	**High Option**
• Emergency care at a doctor's office • Emergency care at an urgent care center • Emergency care as an outpatient at a hospital, including observation as well as doctors' services	$25 per visit $25 per visit $300 per visit (waived if admitted)
Not covered: • *Elective care or non-emergency care and follow-up care recommended by non-Plan providers that has not been approved by the Plan or provided by Plan providers* • *Emergency care provided outside the service area if the need for care could have been foreseen before leaving the service area* • *Medical and hospital costs resulting from a normal full-term delivery of a baby outside the service area*	*All charges*
Ambulance	**High Option**
Professional ambulance service when medically appropriate. Note: See 5(c) for non-emergency service.	$100 per transport
Not covered: Air ambulance - unless medically necessary and approved by the Plan's Medical Director.	*All charges*

Section 5(e). Mental health and substance misuse disorder benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Be sure to read Section 4, Your costs for covered services, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.
- OPM will base its review of disputes about treatment plans on the treatment plan's clinical appropriateness. OPM will generally not order us to pay or provide one clinically appropriate treatment plan in favor of another.

Benefit Description	You pay
Professional services	**High Option**
When part of a treatment plan we approve, we cover professional services by licensed professional mental health and substance misuse disorder treatment practitioners when acting within the scope of their license, such as psychiatrists, psychologists, clinical social workers, or licensed professional counselors.	Your cost-sharing responsibilities are no greater than for other illnesses or conditions. $40 per specialist office visit
Diagnosis and treatment of psychiatric conditions, mental illness, or mental disorders. Services include: • Diagnostic evaluation • Crisis intervention and stabilization for acute episodes • Medication evaluation and management (pharmacotherapy) • Psychological and neuropsychological testing necessary to determine the appropriate psychiatric treatment • Treatment and counseling (including individual or group therapy visits) • Diagnosis and treatment of alcoholism and drug misuse disorder, including detoxification, treatment and counseling • Professional charges for intensive outpatient treatment in a provider's office or other professional setting • Electroconvulsive therapy • Applied Behavior Analysis	$40 per specialist visit
Diagnostics	**High Option**
• Outpatient diagnostic tests provided and billed by a licensed mental health and substance misuse disorder treatment practitioner • Outpatient diagnostic tests provided and billed by a laboratory, hospital or other covered facility • Inpatient diagnostic tests provided and billed by a hospital or other covered facility	$40 per specialist visit

Benefit Description	You pay
Inpatient hospital or other covered facility	**High Option**
Inpatient services provided and billed by a hospital or other covered facility. • Room and board, such as semiprivate or intensive accommodations, general nursing care, meals and special diets, and other hospital services.	$250 per hospital inpatient admission
Outpatient hospital or other covered facility	**High Option**
Outpatient services provided and billed by a hospital or other covered facility • Extensive treatment such as intensive outpatient substance misuse disorder or residential treatment for substance misuse disorder or eating disorders will request these services through their PCP and will be expected to meet clinical criteria for approval.	$250 per hospital outpatient admission
Not covered	**High Option**
• Treatment specific to, and solely for, learning, communication and motor skills disorders, academic or career counseling. • Scholastic/Educational Testing, Intelligence, and Learning disability testing and evaluations should be requested and conducted by the child's school district. • Court-ordered counseling or treatment, as a condition of release or probation, such as residential substance misuse disorder treatment, intensive outpatient counseling and individual or family counseling. • Work or school ordered assessment and treatment in the absence of a clinical need. • Counseling for marital and relationship enhancement and religious purposes including counseling provided by a religious counselor. • Experimental/investigational or unproven treatment and services, including biofeedback, hypnotherapy, non-network or non-participating clinics specifically for methadone maintenance, neurofeedback, light boxes for phototherapy and outward bound or other wilderness type therapies. • Cognitive remediation *(except for the following conditions and if criteria is met: traumatic brain injury or brain injury due to cerebrovascular accident (stroke), intracranial aneurysm, anoxia, encephalitis, brain tumors, or brain toxins).* • Elective therapies such as Gestalt, Transactional Analysis, Transcendental Meditation, Z-therapy, Mind expansion therapy and Erhard Seminar Training (EST).	All charges

Not covered - continued on next page

Benefit Description	You pay
Not covered (cont.)	**High Option**
• Custodial Care or basic care provided in a residential, institutional or assisted living setting. Non-skilled care received in a home or facility on a temporary or permanent basis. Examples of such care include room and board, health care aids, and personal care designed to help the member in activities of daily living or to keep the member from continuing unhealthy activities. • Transitional living centers, non-licensed programs, therapeutic boarding schools, and services typically provided by community mental health services program settings.	All charges

Section 5(f). Prescription drug benefits

Important things you should keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart beginning on the next page.
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Federal law prevents the pharmacy from accepting unused medications.
- Members must make sure their physicians obtain prior approval/authorizations for certain prescription drugs and supplies before coverage applies. Prior approval/authorizations must be renewed periodically. For instructions on how to obtain prior authorization, please contact Member Services at 850-383-3311 Monday through Friday, 8 a.m. to 5 p.m.
- The maximum out of pocket expense for member's prescription drugs is $4,600 Self / $8,700 Self Plus One / $8,700 Self and Family.
- Be sure to read Section 4, Your costs for covered services, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.

There are important features you should be aware of. These include:

Who can write your prescription. A licensed physician or dentist, and in states allowing it, licensed or certified Physician Assistant, Nurse Practitioner and Psychologist must prescribe your medication.

Where you can obtain them. You must fill the prescription at a plan pharmacy.

We administer a tiered closed formulary. If your physician believes a name brand product is necessary or there is no generic available, your physician may prescribe a name brand drug from a CHP formulary list. To request a prescription drug brochure, call 850-383-3311 or go to www.capitalhealth.com.

The CHP Prescription Drug Benefit provides covered prescription drugs and supplies. Each covered prescription drug, when purchased from a participating pharmacy, will be subject to a member cost sharing amount. The member cost sharing amount is determined by the tier level or type of the prescription drug dispensed [i.e., Tier 1, Tier 2, Tier 3, or Tier 4 (specialty drug)].

In general, most generic drugs and competitively priced brand drugs are included on Tier 1 and typically represent the lowest cost to plan members. Tier 2 represents the intermediate plan member cost share and generally includes preferred drug products. A Tier 2 preferred prescription drug on the Commercial Formulary may be reclassified as a Tier 3 non-preferred prescription drug on the date the FDA approves a bioequivalent generic prescription drug. Tier 3 represents a higher member cost share than Tier 2 and generally includes most brand name drugs not selected for Tier 1 or 2 and some generic drugs (i.e. non-preferred drug products). Tier 4 prescription drugs are classified as Specialty drugs (Please see your Summary of Benefits and Coverage document for additional details).

If a member or the prescriber requests a brand prescription drug not listed as Tier 1, Tier 2 or Tier 3 that has a generic available, the member must pay the non-preferred Tier 3 member cost share plus pay the pharmacy 100% of the additional cost of the more expensive brand prescription drug.

Covered prescription drugs must be medically necessary, prescribed by a medical professional acting within the scope of his or her license, and dispensed by a pharmacist.

Why use generic drugs? Generic drugs are lower-priced drugs that are the therapeutic equivalent to more expensive brand-name drugs. They must contain the same active ingredients and must be equivalent in strength and dosage to the original brand-name product. Generics cost less than the equivalent brand-name product. The U.S. Food and Drug Administration sets quality standards for generic drugs to ensure that these drugs meet the same standards of quality and strength as brand-name drugs.

When you do have to file a claim. When you see Plan physicians, receive services at Plan hospitals and facilities, or obtain your prescription drugs at Plan pharmacies, you will not have to file claims. Just present your identification card and pay your copayment. See page 65.

Benefit Description	You pay
Covered medications and supplies	**High Option**
We cover the following medications and supplies prescribed by a Plan physician and obtained from a Plan pharmacy. • Drugs and medicines that by Federal law of the United States require a physician's prescription for their purchase, except those listed as Not Covered. • Insulin • Diabetic supplies limited to needles, syringes, and test strips. Insulin needles and syringes will be covered only when prescribed in conjunction with insulin. A separate cost share is required for syringes and needles. • Disposable needles and syringes for the administration of covered medications • Drugs for sexual dysfunction (see Prior Authorization) • Oral and injectable contraceptive drugs Note: 1. A prescription unit or refill will be covered up to a 90-day supply for generic and brand drugs (at 3 times the member's cost share per 90 day supply) at Retail and Mail Order Pharmacies. Specialty drugs are limited up to a 30-day supply. Refills on prescriptions shall not be covered until at least 75% of the previous prescription has been used by the member based on the dosage schedule prescribed,. 2. Refills that are authorized by the prescriber must be filled within six months or one year from the original prescription date, depending on federal law designations. 3. Syringes and needles will be covered only when prescribed and obtained with a prescription for administration of diabetic products. 4. Certain prescription drugs, require prior authorization. For a list of these drugs, refer to www.capitalhealth.com. For instructions about how to get prior authorization, call Member Services at 850-383-3311 (toll-free 1-877-247-6512); TTY 850-383-3534 (1-877-870-8943). 5. If a generic drug is available, and more expensive brand name prescription drug is dispensed at the request of the member or the prescriber, the member must pay the Tier 3 cost share amount for the non-preferred drug plus pay the pharmacist 100% of the additional cost for the more expensive brand name prescription drug. 6. CHP retains the right to limit coverage of the quantities of prescribed drugs.	Tier 1 Drugs (Retail and Mail order): • $15 per prescription Tier 1 drugs (30-day supply) • $30 per prescription Tier 1 drugs (60-day supply) • $45 per prescription Tier 1 drugs (90-day supply) Tier 2 Drugs (Retail and Mail order) • $30 per prescription Tier 2 drugs (30-day supply) • $60 per prescription Tier 2 drugs (60-day supply) • $90 per prescription Tier 2 drugs (90-day supply) Tier 3 Drugs (Retail and Mail order): • $50 per prescription Tier 3 drugs (30-day supply) • $100 per prescription Tier 3 drugs (60-day supply) • $150 per prescription Tier 3 drugs (90-day supply) Tier 4 Specialty Drugs are limited to a 30-day supply. • $50 per prescription Tier 4 drugs (30-day supply) Note: If there is no generic equivalent available, you will still have to pay the brand name copay.
Women's contraceptive drugs and devices	Nothing

Covered medications and supplies - continued on next page

Benefit Description	You pay
Covered medications and supplies (cont.)	**High Option**
• Note: Must be prescribed by a physician and purchased at a network pharmacy. (Please refer to CHP formulary.)	Nothing
Preventive care medications	**High Option**
The following drugs and supplements are covered. • Aspirin (81 mg) for men age 45-79 and women age 55-79 and women of childbearing age • Folic acid supplements for women of childbearing age 400 & 800 mcg • Liquid iron supplements for children age 6 months -1 year • Vitamin D supplements (prescription strength-400 & 1000 units) for members 65 or older • Fluoride tablets, solution (not toothpaste, rinses) for children age 0 - 6 • Statins for the primary prevention of Cardiovascular Disease (CVD) for adults and aged 40 to 75 years with no history of CVD, 1 or more CVD risk factors and a calculated 10-year CVD event risk of 10% or greater. Note: To receive this benefit a prescription from a doctor must be presented to a network pharmacy. Note: Preventive Medications with a USPSTF recommendation of A or B are covered without cost-share when prescribed by a health care professional and filled by a network pharmacy. These may include some over-the counter vitamins, nicotine replacement medications, and low dose aspirin for certain patients. For current recommendations go to www.uspreventiveservicestaskforce.org/BrowseRec/Index/browse-recommendations	Nothing
Not covered: 1. *Drugs that can be purchased over the counter without a prescription, even though a prescription was provided by prescriber with the exclusion of Insulin and over the counter medications covered under the Preventive Services as defined by the Patient Protection and Affordable Care Act (ACA).* 2. *Drugs that are dispensed before the effective date, or after the termination date, of this Endorsement.* 3. *All syringes and needles except as otherwise covered under this Endorsement.* 4. *Appetite suppressants and other prescription drugs indicated for weight reduction or control.* 5. *Mineral supplements or vitamins, except as mandated by Federal, State and local regulations and noted above.* 6. *Fertility drugs or any drugs used for the purpose of enhancing the probability of conception.* 7. *Drugs used for the topical treatment of Onychomycosis* 8. *Drugs that are not approved by the FDA.*	*All charges*

Preventive care medications - continued on next page

Benefit Description	You pay
Preventive care medications (cont.)	**High Option**
9. *Certain generic drugs when competitively priced brand drugs are covered on the formulary.* 10. *Drugs purchased from a non-participating pharmacy, except as a result of an emergency medical condition or when authorized by CHP.* 11. *Any drug administered by intravenous infusion or injection, regardless of the setting in which it is administered or the type of provider administering the drug, except as specified in the Covered Items section of this Endorsement.* 12. *Vitamins. Nutrients and food supplements not listed as a covered benefit even if a physician prescribes or administers them.* 13. *Nonprescription medicines.* *Note: Over-the counter and prescription drugs approved by the FDA to treat tobacco dependence are covered under the Tobacco cessation benefit. (See page 40).*	*All charges*

Section 5(g). Dental benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary
- If you are enrolled in a Federal Employees Dental/Vision Insurance Program (FEDVIP) Dental Plan, your FEHB Plan will be First/Primary payor of any benefit payments and your FEDVIP Plan is secondary to your FEHB Plan. See Section 9 Coordinating Benefits with other coverage.
- Plan dentists must provide or arrange your care.
- We cover hospitalization for dental procedures only when a non-dental physical impairment exists which makes hospitalization necessary to safeguard the health of the patient. See Section 5(c) for inpatient hospital benefits. We do not cover the dental procedure unless it is described below.
- Be sure to read Section 4, Your costs for covered services, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.

Benefit Desription	You Pay
Accidental injury benefit	**High Option**
We cover restorative services and supplies necessary to promptly (within 62 days of an accidental dental injury) repair (but not replace) sound natural teeth. The need for these services must result from an accidental injury. Note: Accidental dental injury means an injury to sound natural teeth (not previously compromised by decay), caused by a sudden unintentional, and unexpected event or force. This term does not include injuries to the mouth, structures within the oral cavity, or natural teeth caused by biting or chewing, surgery, or treatment for a disease or illness.	Nothing

Dental benefits	You Pay
Service	**High Option**
We have no other dental benefits.	*All charges*

Section 5(h). Wellness and Other Special Features

Features	Description
Feature	**High Option**
Flexible benefits option	Under the flexible benefits option, we determine the most effective way to provide services. • We may identify medically appropriate alternatives to regular contract benefits as a less costly alternative. If we identify a less costly alternative, we will ask you to sign an alternative benefits agreement that will include all of the following terms in addition to other terms as necessary. Until you sign and return the agreement, regular contract benefits will continue. • Alternative benefits will be made available for a limited time period and are subject to our ongoing review. You must cooperate with the review process. • By approving an alternative benefit, we do not guarantee you will get it in the future. • The decision to offer an alternative benefit is solely ours, and except as expressly provided in the agreement, we may withdraw it at any time and resume regular contract benefits. • If you sign the agreement, we will provide the agreed-upon alternative benefits for the stated time period (unless circumstances change). You may request an extension of the time period, but regular contract benefits will resume if we do not approve your request. • Our decision to offer or withdraw alternative benefits is not subject to OPM review under the disputed claims process. However, if at the time we make a decision regarding alternative benefits, we also decide that regular contract benefits are not payable, then you may dispute our regular contract benefits decision under the OPM disputed claim process (see Section 8).
Services for deaf and hearing impaired	TDD Line: 850-383-3534 Toll Free TDD Line: 877-870-8943

Feature - continued on next page

Features	Description
Feature (cont.)	**High Option**
CHP Health Information Line	CHP Health Information Line 850-383-3400 is a 24/7 benefit staffed by health care professionals who are able to assist members with their health related questions. While not a substitute for a visit with the physician, the Health Information Line staff can provide members with tips, tools and resources to help members manage their health.
Foreign Language Assistance	Contact Member Services at 850-383-3311 for foreign language assistance. Member Services representatives use interpreters to communicate with our members by telephone in many different languages.

Non-FEHB benefits available to Plan members

The benefits on this page are not part of the FEHB contract or premium, and you cannot file an FEHB disputed claim about them. Fees you pay for these services do not count toward FEHB catastrophic protection out-of-pocket maximums. These programs and materials are the responsibility of the Plan, and all appeals must follow their guidelines. For additional information contact Capital Health Plan at 850-383-3311 or visit their website at www.capitalhealth.com.

Section 6. General exclusions – services, drugs and supplies we do not cover

The exclusions in this section apply to all benefits. There may be other exclusions and limitations listed in Section 5 of this brochure. **Although we may list a specific service as a benefit, we will not cover it unless your Plan doctor determines it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition. For information on obtaining prior approval for specific services, such as transplants, see Section 3 when you need prior Plan approval for certain services.**

- We do not cover the following:
  - Services, drugs, or supplies you receive while you are not enrolled in this Plan;
  - Services, drugs, or supplies not medically necessary;
  - Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice;
  - Experimental or investigational procedures, treatments, drugs or devices (see specifics regarding transplants);
  - Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest;
  - Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program; or
  - Services, drugs, or supplies you receive without charge while in active military service.
  - Services or supplies furnished by yourself, immediate relatives or household members such as spouse, parents, children, brothers or sisters by blood, marriage or adoption.

Section 7. Filing a claim for covered services

This Section primarily deals with post-service claims (claims for services, drugs or supplies you have already received). See Section 3 for information on pre-service claims procedures (services, drugs or supplies requiring prior Plan approval), including urgent care claims procedures. When you see Plan physicians, receive services at Plan hospitals and facilities, or obtain your prescription drugs at Plan pharmacies, you will not have to file claims. Just present your identification card and pay your copayment.

You will only need to file a claim when you receive emergency services from non-plan providers. Sometimes these providers bill us directly. Check with the provider.

If you need to file the claim, here is the process:

Medical, hospital and drug benefits

In most cases, providers and facilities file claims for you. Physicians must file on the form CMS-1500, Health Insurance Claim Form. Your facility will file on the UB-04 form. For claims questions and assistance, contact us at 850-383-3311, or at our Website at www.capitalhealth.com.

When you must file a claim – such as for services you received outside the Plan's service area – submit it on the CMS-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Covered member's name, date of birth, address, phone number and ID number
- Name and address of the physician or facility that provided the service or supply
- Dates you received the services or supplies
- Diagnosis
- Type of each service or supply
- The charge for each service or supply
- A copy of the explanation of benefits, payments, or denial from any primary payor – such as the Medicare Summary Notice (MSN)
- Receipts, if you paid for your services

Note: Canceled checks, cash register receipts, or balance due statements are not acceptable substitutes for itemized bills.

Submit your claims to:

Capital Health Plan
P. O. Box 15349
Tallahassee, Fl. 32317-5349

Deadline for filing your claim

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible.

Post-service claims procedures

We will notify you of our decision within 30 days after we receive your post-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review as long as we notify you before the expiration of the original 30-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

If you do not agree with our initial decision, you may ask us to review it by following the disputed claims process detailed in Section 8 of this brochure.

When we need more information

Please reply promptly when we ask for additional information. We may delay processing or deny benefits for your claim if you do not respond. Our deadline for responding to your claim is stayed while we await all of the additional information needed to process your claim.

Authorized Representative

You may designate an authorized representative to act on your behalf for filing a claim or to appeal claims decisions to us. For urgent care claims, we will permit a health care professional with knowledge of your medical condition to act as your authorized representative without your express consent. For the purposes of this section, we are also referring to your authorized representative when we refer to you.

Notice Requirements

If you live in a county where at least 10 percent of the population is literate only in a non-English language (as determined by the Secretary of Health and Human Services), we will provide language assistance in that non-English language. You can request a copy of your Explanation of Benefits (EOB) statement, related correspondence, oral language services (such as telephone customer assistance), and help with filing claims and appeals (including external reviews) in the applicable non-English language. The English versions of your EOBs and related correspondence will include information in the non-English language about how to access language services in that non-English language.

Any notice of an adverse benefit determination or correspondence from us confirming an adverse benefit determination will include information sufficient to identify the claim involved (including the date of service, the health care provider, and the claim amount, if applicable), and a statement describing the availability, upon request, of the diagnosis and procedure codes

Section 8. The disputed claims process

You may be able to appeal directly to the Office of Personnel Management (OPM) if we do not follow required claims processes. For more information about situations in which you are entitled to immediately appeal to OPM, including additional requirements not listed in Sections 3, 7 and 8 of this brochure, please visit www.capitalhealth.com/FEHB.

Please follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your post-service claim (a claim where services, drugs or supplies have already been provided). In Section 3 If you disagree with our pre-service claim decision, we describe the process you need to follow if you have a claim for services, referrals, drugs or supplies that must have prior Plan approval, such as inpatient hospital admissions.

To help you prepare your appeal, you may arrange with us to review and copy, free of charge, all relevant materials and Plan documents under our control relating to your claim, including those that involve any expert review(s) of your claim. To make your request, please contact our Customer Service Department by writing Capital Health Plan, Attn: Appeal Manager, P. O. Box 15349, Tallahassee, FL. 32317-5349; or calling 850-383-3311.

Our reconsideration will take into account all comments, documents, records, and other information submitted by you relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

When our initial decision is based (in whole or in part) on a medical judgment (i.e., medical necessity, experimental/ investigational), we will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment and who was not involved in making the initial decision.

Our reconsideration will not take into account the initial decision. The review will not be conducted by the same person, or his/her subordinate, who made the initial decision.

We will not make our decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) based upon the likelihood that the individual will support the denial of benefits..

Step	Description
1	Ask us in writing to reconsider our initial decision. You must: a) Write to us within 6 months from the date of our decision; and b) Send your request to us at: Capital Health Plan, ATTN: Grievance Manager, P. O. Box 15349, Tallahassee, FL. 32317-5349; and c) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and d) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms. e) Include your email address (optional for member), if you would like to receive OPM's decision via email. Please note that by providing your email address you may receive OPM's decision more quickly. We will provide you, free of charge and in a timely manner, with any new or additional evidence considered, relied upon, or generated by us or at our direction in connection with your claim and any new rationale for our claim decision. We will provide you with this information sufficiently in advance of the date that we are required to provide you with our reconsideration decision to allow you a reasonable opportunity to respond to us before that date. However, our failure to provide you with new evidence or rationale in sufficient time to allow you to timely respond shall not invalidate our decision on reconsideration. You may respond to that new evidence or rationale at the OPM review stage described in step 4.
2	In the case of a post-service claim, we have 30 days from the date we receive your request to: a) Pay the claim or b) Write to you and maintain our denial or.

c) Ask you or your provider for more information

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

3 If you do not agree with our decision, you may ask OPM to review it.

You must write to OPM within:

- 90 days after the date of our letter upholding our initial decision; or
- 120 days after you first wrote to us -- if we did not answer that request in some way within 30 days; or
- 120 days after we asked for additional information.

Write to OPM at: United States Office of Personnel Management, Healthcare and Insurance, Federal Employee Insurance Operations, Health Insurance 3, 1900 E Street, NW, Washington, DC 20415-3630.

Send OPM the following information:

- A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;
- Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;
- Copies of all letters you sent to us about the claim;
- Copies of all letters we sent to you about the claim; and
- Your daytime phone number and the best time to call.
- Your email address, if you would like to receive OPM's decision via email. Please note that by providing your email address, you may receive OPM's decision more quickly.

Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request. However, for urgent care claims, a health care professional with knowledge of your medical condition may act as your authorized representative without your express consent.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.

4 OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals.

If you do not agree with OPM's decision, your only recourse is to file a lawsuit. If you decide to file a lawsuite, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not file a lawsuit until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

Note: If you have a serious or life threatening condition (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and you did not indicate that your claim was a claim for urgent care, then call us at 850-383-3311. We will expedite our review (if we have not yet responded to your claim); or we will inform OPM so they can quickly review your claim on appeal. You may call OPM's Health Insurance (HI) 3 at 202-606-0737 between 8 a.m. and 5 p.m. Eastern Time.

Please remember that we do not make decisions about plan eligibility issues. For example, we do not determine whether you or a dependent is covered under this plan. You must raise eligibility issues with your Agency personnel/payroll office if you are an employee, your retirement system if you are an annuitant or the Office of Workers' Compensation Programs if you are receiving Workers' Compensation benefits.

Section 9. Coordinating benefits with Medicare and other coverage

When you have other health coverage

You must tell us if you or a covered family member have coverage under any other health plan or have automobile insurance that pays health care expenses without regard to fault. This is called "double coverage."

When you have double coverage, one plan normally pays its benefits in full as the primary payor and the other plan pays a reduced benefit as the secondary payor. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners' (NAIC) guidelines. For more information on NAIC rules regarding the coordinating of benefits, visit our website at www.capitalhealth.com.

When we are the primary payor, we will pay the benefits described in this brochure.

When we are the secondary payor, we will determine our allowance. After the primary plan pays, we will pay what is left of our allowance, up to our regular benefit. We will not pay more than our allowance. The Plan will not pay in a secondary position for visits beyond the benefit limits.

TRICARE and CHAMVA

TRICARE is the health care program for eligible dependents of military persons, and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled Veterans and their eligible dependents. IF TRICARE or CHAMPVA and this Plan cover you, we pay first. See your TRICARE or CHAMPVA Health Benefits Advisor if you have questions about these programs.

Suspended FEHB coverage to enroll in TRICARE or CHAMPVA: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under TRICARE or CHAMPVA.

Workers' Compensation

We do not cover services that:

You (or a covered family member) need because of a workplace-related illness or injury that the Office of Workers' Compensation Programs (OWCP) or a similar Federal or State agency determines they must provide; or

OWCP or a similar agency pays for through a third-party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

Once OWCP or similar agency pays its maximum benefits for your treatment, we will cover your care.

Medicaid

When you have this Plan and Medicaid, we pay first.

Suspended FEHB coverage to enroll in Medicaid or a similar State-sponsored program of medical assistance: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these State programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the State program.

When other Government agencies are responsible for your care

We do not cover services and supplies when a local, State, or Federal government agency directly or indirectly pays for them.

When others are responsible for injuries

Our right to pursue and receive subrogation and reimbursement recoveries is a condition of, and a limitation on the nature of benefits or benefit payments and on the provision of benefits under our coverage.

If you have received benefits or benefit payments as a result of an injury or illness and you or your representatives, heirs, administrators, successors, or assignees receive payment from any party that may be liable, a third party's insurance policies, your own insurance policies, or a workers' compensation program or policy, you must reimburse us out of that payment. Our right of reimbursement extends to any payment received by settlement, judgment, or otherwise.

We are entitled to reimbursement to the extent of the benefits we have paid or provided in connection with your injury or illness. However, we will cover the cost of treatment that exceeds the amount of the payment you received.

Reimbursement to us out of the payment shall take first priority (before any of the rights of any other parties are honored) and is not impacted by how the judgment, settlement, or other recovery is characterized, designated, or apportioned. Our right of reimbursement is not subject to reduction based on attorney fees or costs under the "common fund" doctrine and is fully enforceable regardless of whether you are "made whole" or fully compensated for the full amount of damages claimed.

We may, at our option, choose to exercise our right of subrogation and pursue a recovery from any liable party as successor to your rights.

If you do pursue a claim or case related to your injury or illness, you must promptly notify us and cooperate with our reimbursement or subrogation efforts.

When you have Federal Employees Dental and Vision Insurance Plan (FEDVIP)

Some FEHB plans already cover some dental and vision services. When you are covered by more than one vision/dental plan, coverage provided under your FEHB plan remains as your primary coverage. FEDVIP coverage pays secondary to that coverage. When you enroll in a dental and/or vision plan on BENEFEDS.com, you will be asked to provide information on your FEHB plan so that your plans can coordinate benefits. Providing your FEHB information may reduce your out-of-pocket cost.

Clinical Trials

An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application.

If you are a participant in a clinician trial, this health plan will provide related care as follows, if it is not provided by the clinical trial:

- Routine care costs – costs for routine services such as doctor visits, lab tests, x-rays and scans, and hospitalizations related to treating the patient's cancer, whether the patient is in a clinical trial or is receiving standard therapy
- Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care. The plan does not cover these costs.
- Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This plan does not cover these costs.

When you have Medicare

- **What is Medicare?**

Medicare is a health insurance program for:

- People 65 years of age or older
- Some people with disabilities under 65 years of age
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant)

Medicare has four parts:

- Part A (Hospital Insurance). Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance. (If you were a Federal employee at any time both before and during January 1983, you will receive credit for your Federal employment before January 1983.) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 1-800-MEDICARE (1-800-633-4227), (TTY: 1-800-325-0778) for more information.
- Part B (Medical Insurance). Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check.
- Part C (Medicare Advantage). You can enroll in a Medicare Advantage plan to get your Medicare benefits. We, Capital Health Plan, offer a Medicare Advantage plan. Please review the information on coordinating benefits with Medicare Advantage plans on the next page.
- Part D (Medicare prescription drug coverage). There is a monthly premium for Part D coverage. Before enrolling in Medicare Part D, please review the important disclosure notice from us about the FEHB prescription drug coverage and Medicare. The notice is on the first inside page of this brochure. For people with limited income and resources, extra help in paying for a Medicare prescription drug plan is available. For more information about this extra help, visit the Social Security Administration online at www.socialsecurity.gov/, or call them at 1-800-772-1213 (TTY: 1-800-486-2048).

- **Should I enroll in Medicare?**

The decision to enroll in Medicare is yours. We encourage you to apply for Medicare benefits 3 months before you turn age 65. It's easy. Just call the Social Security Administration toll-free number 1-800-772-1213 (TTY: 1-877-486-2048) to set up an appointment to apply. If you do not apply for one or more Parts of Medicare, you can still be covered under the FEHB Program.

If you can get premium-free Part A coverage, we advise you to enroll in it. Most Federal employees and annuitants are entitled to Medicare Part A at age 65 **without cost**. When you don't have to pay premiums for Medicare Part A, it makes good sense to obtain the coverage.

It can reduce your out-of-pocket expenses as well as costs to the FEHB, which can help keep FEHB premiums down.

Everyone is charged a premium for Medicare Part B coverage. The Social Security Administration can provide you with premium and benefit information. Review the information and decide if it makes sense for you to buy the Medicare Part B coverage. If you do not sign up for Medicare Part B when you are first eligible, you may be charged a Medicare part B late enrollment penalty of a 10% increase in premium for every 12 months you are not enrolled. If you didn't take Part B at age 65 because you were covered under FEHB as an active employee (or you were covered under your spouse's group health insurance plan and he/she was an active employee), you may sign up for Part B (generally without an increased premium) within 8 months from the time you or your spouse stop working or are no longer covered by the group plan. You also can sign up at any time while you ar covered by the group plan.

If you are eligible for Medicare, you may have choices in how you get your health care. Medicare Advantage is the term used to describe the various private health plan choices available to Medicare beneficiaries. The information in the next few pages shows how we coordinate benefits with Medicare, depending on whether you are in the Original Medicare Plan or a private Medicare Advantage plan.

The Original Medicare Plan (Part A or Part B)

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share.

All physicians and other providers are required by law to file claims directly to Medicare for members with Medicare Part B, when Medicare is primary. This is true whether or not they accept Medicare.

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care.

Claims process when you have the Original Medicare Plan – You will probably not need to file a claim form when you have both our Plan and the Original Medicare Plan.

When we are the primary payor, we process the claim first.

When Original Medicare is the primary payor, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will then provide secondary benefits for covered charges. To find out if you need to do something to file your claim, call us at 850-383-3311 or see our website at www.capitalhealth.com. The plan will not pay in a secondary position for visits beyond the benefit limits.

We do not waive any costs if the Original Medicare Plan is your primary payor.

Please review the following table-it illustrates your cost share if you are enrolled in Medicare Part B. Medicare will be primary for all Medicare eligible services. Members must use providers who accept Medicare's assignment.

Benefit Description	Member Cost without Medicare	Member Cost with Medicare Part B
Out of Pocket Maximum	Medical Services: • $2,000/Self Only, • $4,500/Self Plus One or • $4,500/Self And Family and for Pharmacy: • $4,600/Self Only, • $8,700/Self Plus One or • $8,700/Self and Family	Medical Services: • $2,000/Self Only, • $4,500/Self Plus One or • $4,500/Self And Family and for Pharmacy: • $4,600/Self Only, • $8,700/Self Plus One or • $8,700/Self and Family
Primary Care Physician	$15	$15
Specialist	$40	$40
Inpatient Hospital	$250	$250
Outpatient Hospital	$250	$250
Rx	Tier 1 - $15 Tier 2 - $30 Tier 3 - $50 Tier 4 – Specialty (30-day supply) $50	Tier 1 - $15 Tier 2 - $30 Tier 3 - $50 Tier 4 – Specialty (30-day supply) $50
Rx – Mail Order (90 day supply)	3x retail copay	3x retail copay

You can find more information about how our plan coordinates benefits with Medicare in FEHB Brochure at capitalhealth.com/FEHB.

Tell us about your Medicare coverage

You must tell us if you or a covered family member has Medicare coverage, and let us obtain information about services denied or paid under Medicare if we ask. You must also tell us about other coverage you or your covered family members may have, as this coverage may affect the primary/secondary status of this Plan and Medicare.

Medicare Advantage (Part C)

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare Advantage plan. These are private health care choices (like HMOs and regional PPOs) in some areas of the country.

To learn more about Medicare Advantage plans, contact Medicare at 1-800-MEDICARE (1-800-633-4227) (TTY: 1-877-486-2048) or at www.medicare.gov.

If you enroll in a Medicare Advantage plan, the following options are available to you:

This Plan and our Medicare Advantage plan: You may enroll in CHP's Medicare Advantage plan and also remain enrolled in our FEHB plan. Your care must continue to be authorized by your CHP primary care physician, and we will not waive any of your copayments.

This Plan and another plan's Medicare Advantage plan: You may enroll in another plan's Medicare Advantage plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, even out of the Medicare Advantage plan's network and/or service area (if you use our Plan providers). However, we will not waive any of our copayments. If you enroll in a Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage to enroll in a Medicare Advantage plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare Advantage plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare Advantage plan premium.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage or move out of the Medicare Advantage plan's service area.

Medicare prescription drug coverage (Part D)

When we are the primary payor, we process the claim first. If you enroll in Medicare Part D and we are the secondary payor, we will review claims for your prescription drug costs that are not covered by Medicare Part D and consider them for payment under the FEHB plan.

Medicare always makes the final determination as to whether they are the primary payor. The following chart illustrates whether Medicare or this Plan should be the primary payor for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly. **(Having coverage under more than two health plans may change the order of benefits determined on this chart.)**

Primary Payor Chart		
A. When you - or your covered spouse - are age 65 or over and have Medicare and you...	**The primary payor for the individual with Medicare is...**	
	Medicare	**This Plan**
1) Have FEHB coverage on your own as an active employee		✓
2) Have FEHB coverage on your own as an annuitant or through your spouse who is an annuitant	✓	
3) Have FEHB through your spouse who is an active employee		✓
4) Are a reemployed annuitant with the Federal government and your position is excluded from the FEHB (your employing office will know if this is the case) and you are not covered under FEHB through your spouse under #3 above	✓	
5) Are a reemployed annuitant with the Federal government and your position is not excluded from the FEHB (your employing office will know if this is the case) and...		
• You have FEHB coverage on your own or through your spouse who is also an active employee		✓
• You have FEHB coverage through your spouse who is an annuitant	✓	
6) Are a Federal judge who retired under title 28, U.S.C., or a Tax Court judge who retired under Section 7447 of title 26, U.S.C. (or if your covered spouse is this type of judge) and you are not covered under FEHB through your spouse under #3 above	✓	
7) Are enrolled in Part B only, regardless of your employment status	✓ for Part B services	✓ for other services
8) Are a Federal employee receiving Workers' Compensation disability benefits for six months or more	✓*	
B. When you or a covered family member...		
1) Have Medicare solely based on end stage renal disease (ESRD) and...		
• It is within the first 30 months of eligibility for or entitlement to Medicare due to ESRD **(30-month coordination period)**		✓
• It is beyond the 30-month coordination period and you or a family member are still entitled to Medicare due to ESRD	✓	
2) Become eligible for Medicare due to ESRD while already a Medicare beneficiary and...		
• This Plan was the primary payor before eligibility due to ESRD **(for 30 month coordination period)**		✓
• Medicare was the primary payor before eligibility due to ESRD	✓	
3) Have Temporary Continuation of Coverage (TCC) and...		
• Medicare based on age and disability	✓	
• Medicare based on ESRD **(for the 30 month coordination period)**		✓
• Medicare based on ESRD **(after the 30 month coordination period)**	✓	
C. When either you or a covered family member are eligible for Medicare solely due to disability and you...		
1) Have FEHB coverage on your own as an active employee or through a family member who is an active employee		✓
2) Have FEHB coverage on your own as an annuitant or through a family member who is an annuitant	✓	
D. When you are covered under the FEHB Spouse Equity provision as a former spouse	✓	

*Workers' Compensation is primary for claims related to your condition under Workers' Compensation.

Section 10. Definitions of terms we use in this brochure

Calendar year	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
Clinical trials Cost Categories	An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application. • Routine care costs – costs for routine services such as doctor visits, lab tests, x-rays and scans, and hospitalizations related to treating the patient's cancer, whether the patient is in a clinical trial or is receiving standard therapy. • Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trail, but not as part of the patient's routine care • Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This plan does not cover these costs.
Copayment	A copayment is a fixed amount of money you pay when you receive covered services. See page 26.
Cost-sharing	Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g. copayments) for the covered care you receive.
Covered services	Care we provide benefits for, as described in this brochure.
Custodial care	Custodial care means care that serves to assist an individual in the activities of daily living, such as assistance in walking, getting in and out of bed, bathing, dressing, feeding and using the toilet, preparation of special diets, and supervision of medication that usually can be self-administered. Custodial care essentially is personal care that does not require the continuing attention of trained medical or paramedical personnel. In determining whether a person is receiving custodial care, consideration is given to the level of care and medical supervision required and furnished. A determination that care received is custodial is not based on the patient's diagnosis, type of condition, degree of functional limitation, or rehabilitation potential. Custodial care that lasts 90 days or more is sometimes known as long term care.
Experimental or investigational service	When CHP determines that an evaluation, treatment, therapy, or device is experimental/ investigational, it will not be covered by the Plan. CHP makes these determinations based in part on information obtained from the United States Food and Drug Administration, the Florida Department of Health, and the most recently published medical literature in the United States, Canada, or Great Britain. A consensus of opinion among experts is sought that would show that the evaluation, treatment, therapy, or device is considered safe and effective as compared with the standard means for treatment or diagnosis of the condition in question.
Health care professional	A physician or other health care professional licensed, accredited, or certified to perform specified health services consistent with state law.

Medical necessity	Medical necessity means, for coverage and payment purposes, that a medical service or supply is required for the identification, treatment, or management of a condition, and is, in the opinion of CHP: 1) consistent with the symptom, diagnosis, and treatment of the Member's condition; 2) widely accepted by the practitioners' peer group as efficacious and reasonably safe based on scientific evidence; 3) universally accepted in clinical use so that omission of the service or supply in these circumstances raises questions regarding the accuracy of diagnosis or the appropriateness of the treatment; 4) not experimental or investigational; 5) not for cosmetic purposes; 6) not primarily for the convenience of the Member, the Member's family, the physician, or other provider; and 7) the most appropriate level of service, care, or supply that safely can be provided to the Member. When applied to inpatient care, medical necessity further means that the services cannot be provided safely to the Member in an alternative setting.
Morbid obesity	A condition in which an individual's body mass index (BMI) exceeds 40 or is greater than 35 in conjunction with severe co-morbidities such as cardiopulmonary complications or severe diabetes; eligible members must be age 18 or over.
Post-service claims	Any claims that are not pre-service claims. In other words, post-service claims are those claims where treatment has been performed and the claims have been sent to us in order to apply for benefits.
Pre-service claims	Those claims (1) that require precertification, prior approval, or a referral and (2) where failure to obtain precertification, prior approval, or a referral results in a reduction of benefits.
Reimbursement	A carrier's pursuit of a recovery if a covered individual has suffered an illness or injury and has received, in connection with that illness or injury, a payment from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, and the terms of the carrier's health benefits plan require the covered individual, as a result of such payment, to reimburse the carrier out of the payment to the extent of the benefits initially paid or provided. The right of reimbursement is cumulative with and not exclusive of the right of subrogation.
Subrogation	A carrier's pursuit of a recovery from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, as successor to the rights of a covered individual who suffered an illness or injury and has obtained benefits from that carrier's health benefits plan.
Urgent care claims	A claim for medical care or treatment is an urgent care claim if waiting for the regular time limit for non-urgent care claims could have one of the following impacts: • Waiting could seriously jeopardize your life or health; • Waiting could seriously jeopardize your ability to regain maximum function; or • In the opinion of a physician with knowledge of your medical condition, waiting would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim. Urgent care claims largely involve Pre-service claims and not Post-service claims. We will judge whether a claim is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine. If you believe your claim qualifies as an urgent care claim, please contact Capital Health Plan Member Services Department at 850-383-3311. You may also prove that your claim is an urgent care claim by providing evidence that a physician with knowledge of your medical condition has determined that your claim involves urgent care.
Us/We	Us and We refer to Capital Health Plan
You	You refers to the enrollee and each covered family member.

Section 11. Other Federal Programs

Please note, the following programs are not part of your FEHB benefits. They are separate Federal programs that complement your FEHB benefits and can potentially reduce your annual out-of-pocket expenses. These programs are offered independent of the FEHB Program and require you to enroll separately with no government contribution.

Important information about four Federal programs that complement the FEHB Program

First, the **Federal Flexible Spending Account Program**, also known as FSAFEDS, lets you set aside pre-tax money from your salary to reimburse you for eligible dependent careand/or health care expenses. You pay less in taxes so you save money.The result can be a discount of 20% to more than 40% on services/products you routinely pay for out-of-pocket.

Second, the **Federal Employees Dental and Vision Insurance Program (FEDVIP)** provides comprehensive dental and vision insurance at competitive group rates. There are several plans from which to choose. Under FEDVIP you may choose self only, self plus one, or self and family coverage for yourself and any eligible dependents.

Third, the **Federal Long Term Care Insurance Program (FLTCIP)**can help cover long term care costs, which are not covered under the FEHB Program.

Fourth, the **Federal Employees' Group Life Insurance Program (FEGLI)** can help protect your family from burdensome funeral costs and the unexpected loss of your income.

The Federal Flexible Spending Account Program – *FSAFEDS*

What is an FSA?

It is an account where you contribute money from your salary **BEFORE** taxes are withheld, then incur eligible expenses and get reimbursed. You pay less in taxes so you save money. **Annuitants are not eligible to enroll.**

There are three types of FSAs offered by FSAFEDS. Each type has a minimum annual election of $100. The maximum annual election for a health care flexible spending account (HCFSA) or a limited expense health care spending account (LEXHCFSA) is $2,600 per person. The maximum annual election for a dependent care flexible spending account (DCFSA) is $5,000 per household.

- **Health Care FSA (HCFSA)** – Reimburses you for eligible out-of-pocket health care expenses (such as copayments, deductibles, prescriptions, physician prescribed over-the-counter medications, vision and dental expenses, and much more) for you and your tax dependents, including adult children (through the end of the calendar year in which they turn 26).
  FSAFEDS offers paperless reimbursement for your HCFSA through a number of FEHB and FEDVIP plans. This means that when you or your provider files claims with your FEHB or FEDVIP plan, FSAFEDS will automatically reimburse your eligible out-of-pocket expenses based on the claim information it receives from your plan.
- **Limited Expense Health Care FSA (LEX HCFSA**) – Designed for employees enrolled in or covered by a High Deductible Health Plan with a Health Savings Account. Eligible expenses are limited to out-of-pocket dental and vision care expenses for you and your tax dependents (including adult children (through the end of the calendar year in which they turn 26).
- **Dependent Care FSA** – Reimburses you for eligible **non-medical** day care expenses for your children under age 13 and/or for any person you claim as a dependent on your Federal Income Tax return who is mentally or physically incapable of self-care. You (and your spouse if married) must be working, looking for work (income must be earned during the year), or attending school full-time to be eligible for a DCFSA.

- If you are new or newly eligible employee you have 60 days from your hire date to enroll in an HCFSA or LEX HCFSA and/or DCFSA, but you must enroll before October 1. If you are hired or become eligible on or after October 1, you must wait and enroll during the Federal Benefits Open Season held each fall.

Where can I get more information about FSAFEDS?

Visit www.FSAFEDS.com or call an FSAFEDS Benefits Counselor toll-free at 1-877-FSAFEDS 877-372-3337 (TTY: 866-353-8058.), Monday through Friday, 9 a.m. until 9 p. m., Eastern Time.

The Federal Employees Dental and Vision Insurance Program – *FEDVIP*

Important Information

The Federal Employees Dental and Vision Insurance Program (FEDVIP) is separate and different from the FEHB Program. **This Program provides comprehensive dental and vision insurance at competitive group rates with no pre-existing condition limitations for enrollment.**

FEDVIP is available to eligible Federal and Postal Service employees, retirees, and their eligible family members on an enrollee-pay-all basis. Employee premiums are withheld from salary on a pre-tax basis.

Dental Insurance

All dental plans provide a comprehensive range of services, including:

- Class A (Basic) services, which include oral examinations, prophylaxis, diagnostic evaluations, sealants and x-rays.
- Class B (Intermediate) services, which include restorative procedures such as fillings, prefabricated stainless steel crowns, periodontal scaling, tooth extractions, and denture adjustments.
- Class C (Major) services, which include endodontic services such as root canals, periodontal services such as gingivectomy, major restorative services such as crowns, oral surgery, bridges and prosthodontic services such as complete dentures.
- Class D (Orthodontic) services with up to a 12-month waiting period. **Most FEDVIP dental plans cover adult orthodontia but it may be limited. Review your FEDVIP dental plan's brochure for information on this benefit**.

Vision Insurance

All vision plans provide comprehensive eye examinations and coverage for lenses, frames and contact lenses. Other benefits such as discounts on LASIK surgery may also be available.

Additional Information

You can find a comparison of the plans available and their premiums on the OPM website at www.opm.gov/dental and www.opm.gov/vision. These sites also provides links to each plan’s website, where you can view detailed information about benefits and preferred providers.

How do I enroll?

You enroll on the Internet at www.BENEFEDS.com. For those without access to a computer, call 1-877-888-3337 (TTY: 1-877- 889-5680).

The Federal Long Term Care Insurance Program – *FLTCIP*

It's important protection

The Federal Long Term Care Insurance Program (FLTCIP) can help pay for the potentially high cost of long term care services, which are not covered by FEHB plans. Long term care is help you receive to perform activities of daily living – such as bathing or dressing yourself - or supervision you receive because of a severe cognitive impairment such as Alzheimer's disease. Long term care can be received in your home, in a nursing home, in an assisted living facility or in adult day care. You must apply, answer health questions (called underwriting) and be approved for enrollment. Federal and U.S. Postal Service employees and annuitants, active and retired members of the uniformed services, and qualified relatives are eligible to apply. Your qualified relatives can apply even if you do not. Certain medical conditions, or combinations of conditions, will prevent some people from being approved for coverage. You must apply to know if you will be approved for enrollment. Fore more information call 1-800-LTC-FEDS (1-800-582-3337), (TTY: 1-800-843-3557), or visit www.ltcfeds.com.

The Federal Employee's Group Life Insurance Program - FEGLI

Peace of Mind for you and Your Family

The Federal Employee's Group Life Insurance Program (FEGL) can help protect your family from burdensome funeral costs and the unexpected loss of your income. You can get life insurance coverage starting at one year's salary to more than six times your salary and many options in between. You can also get coverage on the lives of your spouse and unmarried dependent children under age 22. You can continue your coverage into retirement if you meet certain requirements. For more information visit www.opm.gov/life.

2018 Rate Information for Capital Health Plan

To compare your FEHB health plan options please go to www.opm.gov/fehbcompare.

Non-Postal rates apply to most non-Postal employees. If you are in a special enrollment category, contact the agency that maintains your health benefits enrollment.

Postal rates apply to United States Postal Service employees.

Postal Category 1 rates apply to career bargaining unit employees who are represented by the following agreements: APWU, IT/AS, NALC, NPMHU, NPPN and NRLCA.

Postal Category 2 rates apply to career bargaining unit employees who are represented by the following agreements: PPOA.

Non-Postal rates apply to all career non-bargaining unit Postal Service employees.

For further assistance, Postal Service employees should call:

Human Resources Shared Service Center: 877-477-3273, option 5, TTY: 866-260-7507.

Postal rates do not apply to non-career Postal employees, Postal retirees, or associate members of any Postal employee organization who are not career Postal employees.

Premiums for Tribal employees are shown under the monthly non-Postal column. The amount shown under employee contribution is the maximum you will pay. Your Tribal employer may choose to contribute a higher portion of your premium. Please contact your Tribal Benefits Officer for exact rates.
