**Important Notice from Humana About  
Our Prescription Drug Coverage and Medicare**

The Office of Personnel Management (OPM) has determined that Humana's prescription drug coverage is, on average, expected to pay out as much as the standard Medicare prescription drug coverage will pay for all plan participants and is considered Creditable Coverage. This means you do not need to enroll in Medicare Part D and pay extra for prescription drug coverage. If you decide to enroll in Medicare Part D later, you will not have to pay a penalty for late enrollment as long as you keep your FEHB coverage.

However, if you choose to enroll in Medicare Part D, you can keep your FEHB coverage and your FEHB plan will coordinate benefits with Medicare.

Remember: If you are an annuitant and you cancel your FEHB coverage, you may not re-enroll in the FEHB Program.

---

**Please be advised**

---

If you lose or drop your FEHB coverage and go 63 days or longer without prescription drug coverage that's at least as good as Medicare's prescription drug coverage, your monthly Medicare Part D premium will go up at least 1 percent per month for every month that you did not have that coverage. For example, if you go 19 months without Medicare Part D prescription drug coverage, your premium will always be at least 19 percent higher than what many other people pay. You will have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the next Annual Coordinated Election Period (October 15 through December 7) to enroll in Medicare Part D.

**Medicare's Low Income Benefits**

*For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA) online at [www.socialsecurity.gov](http://www.socialsecurity.gov), or call the SSA at 800-772-1213 (TTY: 800-325-0778).*

You can get more information about Medicare prescription drug plans and the coverage offered in your area from these places:

## Introduction

---

This brochure describes the benefits of Humana Health Plans of Puerto Rico, Inc., under our contract (CS 2872) with the United States Office of Personnel Management, as authorized by the Federal Employees Health Benefits law. Customer Service may be reached at 800-314-3121 option 1 and then option 2 or through our website: [feds.humana.com](https://feds.humana.com). The address for Humana Health Plans of Puerto Rico, Inc. administrative offices is:

Humana Health Plans of Puerto Rico, Inc.  
383 F.D. Roosevelt Avenue  
San Juan, Puerto Rico 00918-2131

This brochure is the official statement of benefits. No verbal statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self and Family coverage, each eligible family member is also entitled to these benefits. If you are enrolled in Self Plus One coverage, you and one eligible family member that you designate when you enroll are entitled to these benefits. You do not have a right to benefits that were available before January 1, 2018, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2018, and changes are summarized on page 14. Rates are shown at the end of this brochure.

Coverage under this plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at [www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision](https://www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision) for more information on the individual requirement for MEC.

The ACA establishes a minimum value for the standard of benefits of a health plan. The minimum value standard is 60% (actuarial value). The health coverage of this plan does meet the minimum value standard for the benefits the plan provides.

## Plain Language

---

All FEHB brochures are written in plain language to make them easy to understand. Here are some examples:

- Except for necessary technical terms, we use common words. For instance, “you” means the enrollee or family member, “we” means Humana Health Plans of Puerto Rico, Inc.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean.
- Our brochure and other FEHB plans' brochures have the same format and similar descriptions to help you compare plans.

---

## Stop Health Care Fraud!

---

Fraud increases the cost of health care for everyone and increases your Federal Employees Health Benefits Program premium.

OPM's Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

**Protect Yourself From Fraud** – Here are some things that you can do to prevent fraud:

- Do not give your plan identification (ID) number over the telephone or to people you do not know, except for your health care providers, authorized health benefits plan, or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.

- Carefully review explanations of benefits (EOBs) statements that you receive from us.
- Periodically review your claim history for accuracy to ensure we have not been billed for services that you did not receive.
- Do not ask your doctor to make false entries on certificates, bills or records in order to get us to pay for an item or service.
- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
  - Call the provider and ask for an explanation. There may be an error.
  - If the provider does not resolve the matter, call us at 877-499-7295 and explain the situation.
  - If we do not resolve the issue:

**CALL - THE HEALTH CARE FRAUD HOTLINE  
877-499-7295**

**OR go to [www.opm.gov/our-inspector-general/hotline-to-report-fraud-waste-or-abuse/complaint-form/](http://www.opm.gov/our-inspector-general/hotline-to-report-fraud-waste-or-abuse/complaint-form/)**

The online reporting form is the desired method of reporting fraud in order to ensure accuracy, and a quicker response time.

**You can also write to:**

**United States Office of Personnel Management  
Office of the Inspector General Fraud Hotline  
1900 E Street NW Room 6400  
Washington, DC 20415-1100**

- Do not maintain as a family member on your policy:
  - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise)
  - Your child age 26 or over (unless he/she was disabled and incapable of self-support prior to age 26)
- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage (TCC).
- Fraud or intentional misrepresentation of material fact is prohibited under the Plan. You can be prosecuted for fraud and your agency may take action against you. Examples of fraud include, falsifying a claim to obtain FEHB benefits, trying to or obtaining service or coverage for yourself or for someone who is not eligible for coverage, or enrolling in the Plan when you are no longer eligible.
- If your enrollment continues after you are no longer eligible for coverage (i.e. you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed by your provider for services received. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member is no longer eligible to use your health insurance coverage.

## **Discrimination is Against the Law**

---

Humana Inc. complies with all applicable Federal civil rights laws to include both Title VII of the Civil Rights Act of 1964 and Section 1557 of the Affordable Care Act. Pursuant to Section 1557 Humana Inc. does not discriminate, exclude people, or treat them differently on the basis of race, color, national origin, age, disability, or sex.

If you believe that Humana Inc. and its subsidiaries have failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with Discrimination Grievances, P.O. Box 14618, Lexington, KY 40512-4618.

## Preventing Medical Mistakes

---

Medical mistakes continue to be a significant cause of preventable deaths within the United States. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. Medical mistakes and their consequences also add significantly to the overall cost of healthcare. Hospitals and healthcare providers are being held accountable for the quality of care and reduction in medical mistakes by their accrediting bodies. You can also improve the quality and safety of your own health care and that of your family members by learning more about and understanding your risks. Take these simple steps:

### 1. Ask questions if you have doubts or concerns.

- Ask questions and make sure you understand the answers.
- Choose a doctor with whom you feel comfortable talking.
- Take a relative or friend with you to help you take notes ask questions and understand answers.

### 2. Keep and bring a list of all the medicines you take.

- Bring the actual medicines or give your doctor and pharmacist a list of all the medicines and dosage that you take, including non-prescription (over-the-counter) medicines and nutritional supplements.
- Tell your doctor and pharmacist about any drug, food, and other allergies you have, such as to latex.
- Ask about any risks or side effects of the medication and what to avoid while taking it. Be sure to write down what your doctor or pharmacist says.
- Make sure your medicine is what the doctor ordered. Ask the pharmacist about your medicine if it looks different than you expected.
- Read the label and patient package insert when you get your medicine, including all warnings and instructions.
- Know how to use your medicine. Especially note the times and conditions when your medicine should and should not be taken.
- Contact your doctor or pharmacist if you have any questions.

- Understand both the generic and brand names of your medication. This helps ensure you do not receive double dosing from taking both a generic and a brand. It also helps prevent you from taking a medication to which you are allergic.

### **3. Get the results of any test or procedure.**

- Ask when and how you will get the results of tests or procedures. Will it be in person, by phone, mail, through the Plan or Provider’s portal?
- Don’t assume the results are fine if you do not get them when expected Contact your healthcare provider and ask for your results.
- Ask what the results mean for your care.

### **4. Talk to your doctor about which hospital or clinic is best for your health needs.**

- Ask your doctor about which hospital or clinic has the best care and results for your condition if you have more than one hospital or clinic to choose from to get the health care you need.
- Be sure you understand the instructions you get about follow-up care when you leave the hospital or clinic .

### **5. Make sure you understand what will happen if you need surgery.**

- Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
- Ask your doctor, “Who will manage my care when I am in the hospital?”
- Ask your surgeon:
  - "Exactly what will you be doing?"
  - "About how long will it take?"
  - "What will happen after surgery?"
  - "How can I expect to feel during recovery?"
- Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reactions to anesthesia, and any medications or nutritional supplements you are taking.

### **Preventable Healthcare Acquired Conditions (“Never Events”)**

When you enter the hospital for treatment of one medical problem, you don’t expect to leave with additional injuries, infections, or other serious conditions that occur during the course of your stay. Although some of these complications may not be avoidable, patients do suffer from injuries or illnesses that could have been prevented if doctors or the hospital had taken proper precautions. Errors in medical care that are clearly identifiable, preventable and serious in their consequences for patients, can indicate a significant problem in the safety and credibility of a health care facility. These conditions and errors are sometimes called “Never Events” or “Serious Reportable Events.”

We have a benefit payment policy that encourages hospitals to reduce the likelihood of hospital-acquired conditions such as certain infections, severe bedsores, and fractures, and to reduce medical errors that should never happen. When such an event occurs, neither you nor your FEHB plan will incur costs to correct the medical error.

You will not be billed for inpatient services related to treatment of specific hospital acquired conditions or for inpatient services needed to correct Never Events, if you use Humana preferred providers. This policy helps to protect you from preventable medical errors and improve the quality of care you receive.

## FEHB Facts

---

### Coverage information

- **No pre-existing condition limitation** We will not refuse to cover the treatment of a condition you had before you enrolled in this Plan solely because you had the condition before you enrolled.
  
- **Minimum essential coverage (MEC)** Coverage under this plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at [www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision](http://www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision) for more information on the individual requirement for MEC.
  
- **Minimum value standard** Our health coverage meets the minimum value standard of 60% established by the ACA. This means that we provide benefits to cover at least 60% of the total allowed costs of essential health benefits. The 60% standard is an actuarial value; your specific out-of-pocket costs are determined as explained in this brochure.
  
- **Where you can get information about enrolling in the FEHB Program** See [www.opm.gov/healthcare-insurance](http://www.opm.gov/healthcare-insurance) for enrollment information as well as:
  - Information on the FEHB Program and plans available to you
  - A health plan comparison tool
  - A list of agencies that participate in Employee Express
  - A link to Employee Express
  - Information on and links to other electronic enrollment systems

Also, your employing or retirement office can answer your questions, and give you brochures for other plans, and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

  - When you may change your enrollment
  - How you can cover your family members
  - What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire
  - What happens when your enrollment ends
  - When the next Open Season for enrollment begins

We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office. For information on your premium deductions, you must also contact your employing or retirement office.
  
- **Types of coverage available for you and your family** Self Only coverage is for you alone. Self Plus One coverage is an enrollment that covers you and one eligible family member. Self and Family coverage is for you, your spouse, and your dependent children under age 26, including any foster children authorized for coverage by your employing agency or retirement office. Under certain circumstances, you may also continue coverage for a disabled child 26 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self Plus One or Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event.

The Self Plus One or Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self Plus One or Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form. Benefits will not be available to your spouse until you are married.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive benefits, nor will we. Please tell us immediately of changes in family member status, including your marriage, divorce, annulment, or when your child reaches age 26.

**If you or one of your family members is enrolled in one FEHB plan, that person may not be enrolled in or covered as a family member by another FEHB plan.**

If you have a qualifying life event (QLE) - such as marriage, divorce, or the birth of a child - outside of the Federal Benefits Open Season, you may be eligible to enroll in the FEHB Program, change your enrollment, or cancel coverage. For a complete list of QLEs, visit the FEHB website at [www.opm.gov/healthcare-insurance/life-events](http://www.opm.gov/healthcare-insurance/life-events). If you need assistance, please contact your employing agency, Tribal Benefits Officer, personnel/payroll office, or retirement office.

• **Family member coverage**

Family members covered under your Self and Family enrollment are your spouse (including a valid common law marriage) and children as described in the chart below. A Self Plus One enrollment covers you and your spouse, or one eligible family member as described in the chart below.

<b>Children</b>	<b>Coverage</b>
Natural children, adopted children, and stepchildren	Natural, adopted children and stepchildren are covered until their 26 <sup>th</sup> birthday.
Foster children	Foster children are eligible for coverage until their 26 <sup>th</sup> birthday if you provide documentation of your regular and substantial support of the child and sign a certification stating that your foster child meets all the requirements. Contact your human resources office or retirement system for additional information.
Children incapable of self-support	Children who are incapable of self-support because of a mental or physical disability that began before age 26 are eligible to continue coverage. Contact your human resources office or retirement system for additional information.
Married children	Married children (but <b>NOT</b> their spouse or their own children) are covered until their 26 <sup>th</sup> birthday.
Children with or eligible for employer-provided health insurance	Children who are eligible for or have their own employer-provided health insurance are covered until their 26 <sup>th</sup> birthday.

Newborns of covered children are insured only for routine nursery care during the covered portion of the mother's maternity stay.

You can find additional information at [www.opm.gov/healthcare-insurance](http://www.opm.gov/healthcare-insurance).

• **Children's Equity Act**

OPM has implemented the Federal Employees Health Benefits Children's Equity Act of 2000. This law mandates that you be enrolled for Self Plus One or Self and Family coverage in the FEHB Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll in Self Plus One or Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self Plus One or Self and Family coverage, as appropriate, in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option;
- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the same option of the same plan; or
- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the Blue Cross and Blue Shield Service Benefit Plan's Basic Option.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that doesn't serve the area in which your children live, unless you provide documentation that you have other coverage for the children.

If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot cancel your coverage, change to Self Only, or change to a plan that doesn't serve the area in which your children live as long as the court/administrative order is in effect. Similarly, you cannot change to Self Plus One if the court/administrative order identifies more than one child. Contact your employing office for further information.

• **When benefits and premiums start**

The benefits in this brochure are effective January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. **If you changed plans or plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be paid according to the 2018 benefits of your old plan or option.** However, if your old plan left the FEHB Program at the end of the year, you are covered under that plan's 2017 benefits until the effective date of your coverage with your new plan. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

If your enrollment continues after you are no longer eligible for coverage, (i.e. you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed for services received directly from your provider. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member are no longer eligible to use your health insurance coverage.

• **When you retire**

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

**When you lose benefits**

• **When FEHB coverage ends**

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment; or
- You are a family member no longer eligible for coverage.

Any person covered under the 31 day extension of coverage who is confined in a hospital or other institution for care or treatment on the 31<sup>st</sup> day of the temporary extension is entitled to continuation of the benefits of the Plan during the continuance of the confinement but not beyond the 60<sup>th</sup> day after the end of the 31 day temporary extension

You may be eligible for spouse equity coverage or Temporary Continuation of Coverage (TCC).

- **Upon divorce** If you are divorced from a Federal employee, or annuitant, you may not continue to get benefits under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to provide health coverage for you. However, you may be eligible for your own FEHB coverage under either the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get additional information about your coverage choices. You can also visit OPM's website at [www.opm.gov/healthcare-insurance/healthcare/plan-information/](http://www.opm.gov/healthcare-insurance/healthcare/plan-information/).

- **Temporary Continuation of Coverage (TCC)** If you leave Federal service, Tribal employment, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). The Affordable Care Act (ACA) did not eliminate TCC or change the TCC rules. For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal or Tribal job, if you are a covered dependent child and you turn 26, etc.

You may not elect TCC if you are fired from your Federal or Tribal job due to gross misconduct.

**Enrolling in TCC.** Get the RI 79-27, which describes TCC, from your employing or retirement office or from [www.opm.gov/healthcare-insurance](http://www.opm.gov/healthcare-insurance). It explains what you have to do to enroll.

Alternatively, you can buy coverage through the Health Insurance Marketplace where, depending on your income, you could be eligible for a new kind of tax credit that lowers your monthly premiums. Visit [www.HealthCare.gov](http://www.HealthCare.gov) to compare plans and see what your premium, deductible, and out-of-pocket costs would be before you make a decision to enroll. Finally, if you qualify for coverage under another group health plan (such as your spouse's plan), you may be able to enroll in that plan, as long as you apply within 30 days of losing FEHB Program coverage.

- **Finding replacement coverage** If you leave Federal or Tribal service, your employing office will notify you of your right to convert. You must contact us in writing within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will not notify you. You must contact us in writing within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, a waiting period will not be imposed and your coverage will not be limited due to pre-existing conditions. When you contact us, we will assist you in obtaining information about health benefits coverage inside or outside the Affordable Care Act's Health Insurance Marketplace in your state. For assistance in finding coverage, please contact customer service on the back of your ID card or visit [www.HealthCare.gov](http://www.HealthCare.gov)

- **Health Insurance Marketplace** If you would like to purchase health insurance through the Affordable Care Act's Health Insurance Marketplace, please visit [www.HealthCare.gov](http://www.HealthCare.gov). This is a website provided by the U.S. Department of Health and Human Services that provides up-to-date information on the Marketplace.

## Section 1. How this plan works

---

This Plan is a health maintenance organization (HMO) plan. OPM requires that FEHB plans be accredited to validate that plan operations and/or care management meet nationally recognized standards. Humana holds the following accreditations: URAC. To learn more about this plan's accreditation(s), please visit the following websites: [www.URAC.org](http://www.URAC.org).

HMOs emphasize preventive care such as routine office visits, physical exams, well-baby care, and immunizations, in addition to treatment for illness and injury. Our providers follow generally accepted medical practice when prescribing any course of treatment.

When you receive services from Plan providers, you will not have to submit claim forms or pay bills. You pay only the copayments and coinsurance described in this brochure. When you receive emergency services from non-Plan providers, you may have to submit claim forms.

**You should join an HMO because you prefer the plan's benefits, not because a particular provider is available. You cannot change plans because a provider leaves our Plan. We cannot guarantee that any one physician, hospital, or other provider will be available and/or remain under contract with us.**

### **We have Point of Service (POS) benefits**

Our HMO offers Point-of-Service (POS) benefits. This means you can receive covered services from a non-participating provider. However, out-of-network benefits may have higher out-of-pocket costs than our in-network benefits.

### **How we pay providers**

We contract with individual physicians, medical groups, and hospitals to provide the benefits in this brochure. These Plan providers accept a negotiated payment from us, and you will only be responsible for your cost-sharing (copayments, coinsurance, deductibles, and non-covered services and supplies).

### **Catastrophic protection**

We protect you against catastrophic out-of-pocket expenses for covered services. The annual out-of-pocket expenses for covered services, including deductibles and copayments, cannot exceed \$7,350 for Self Only enrollment, and \$14,700 for a Self Plus One or Self and Family. Your specific plan limits may differ.

Both copayments and coinsurance apply to the out-of-pocket maximum.

Be sure to keep accurate records and receipts of your copayments and coinsurance to ensure the plan's calculation of your out-of-pocket maximum is reflected accurately.

### **Your rights and responsibilities**

OPM requires that all FEHB plans provide certain information to their FEHB members. You may get information about us, our networks, and our providers. OPM's FEHB website ([www.opm.gov/insure](http://www.opm.gov/insure)) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- Nationally, Humana has been in the health care business since 1961.
- Humana is a for profit corporation which is publicly traded on the New York Stock Exchange (NYSE).

You are also entitled to a wide range of consumer protections and have specific responsibilities as a member of this Plan. You can view the complete list of these rights and responsibilities by visiting our website, FEHB [www.opm.gov/insure](http://www.opm.gov/insure). You can also contact us to request that we mail a copy to you.

If you want more information about us, call 800-314-3121 option 1 and then option 2, or write to the Plan at 383 F.D. Roosevelt Avenue, San Juan, Puerto Rico 00918-2131. You may also visit our website at [www.humana.pr](http://www.humana.pr).

By law, you have the right to access your personal health information (PHI). For more information regarding access to PHI, visit our website [feds.humana.com](https://feds.humana.com). You can also contact us to request that we mail you a copy of that Notice.

**Your medical and claims records are confidential**

We will keep your medical and claims records confidential. Please note that we may disclose your medical and claims information (including your prescription drug utilization) to any of your treating physicians or dispensing pharmacies.

**Service Area**

To enroll in this Plan, you must live in or work in our Service Area. This is where our providers practice. Our service area is:

The entire island of Puerto Rico.

Ordinarily, you must get your care from providers who contract with us. If you receive care outside our service area, we will pay only for emergency care benefits. We will not pay for any other health care services out of our service area unless the services have prior plan approval.

If you or a covered family member move outside of our service area, you can enroll in another plan. If your dependents live out of the area (for example, if your child goes to college in another state), you should consider enrolling in a fee-for-service plan or an HMO that has agreements with affiliates in other areas. If you or a family member move, you do not have to wait until Open Season to change plans. Contact your employing or retirement office.

---

## Section 2. Changes for 2018

---

Do not rely only on these change descriptions; this Section is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

### Changes to this Plan

Enrollment code ZJ - Your share of the non-postal premium will increase for Self Only, Self Plus One, and Self and Family. (See page 75)

- Urgent Care for Mental Health – Emergency care at an urgent care center, you will pay \$5
- MentalHealth - Facility-based intensive outpatient treatment, you will now pay nothing

---

## Section 3. How you get care

---

<b>Identification cards</b>	<p>We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation (for annuitants), or your electronic enrollment system (such as Employee Express) confirmation letter.</p> <p>If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 800-314-3121 option 1 and then option 2 or write to us at Humana Health Plans of Puerto Rico, 383 F.D. Roosevelt Avenue, San Juan, Puerto Rico 00918-2131. You may also request replacement cards through our website at <a href="https://feds.humana.com">feds.humana.com</a> at the MyHumana portal.</p>
<b>Where you get covered care</b>	<p>You get care from “Plan providers” and “Plan facilities”. You will only pay copayments, deductibles, and/or coinsurance, if you use our point-of-service program, you can also get care from non-Plan providers, but it will cost you more.</p>
<ul style="list-style-type: none"><li>• <b>Plan providers</b></li></ul>	<p>Plan providers are physicians and other health care professionals in our service area that we contract with to provide covered services to our members. We credential Plan providers according to national standards.</p> <p>We list Plan providers in the provider directory, which we update periodically. The list is also on our website at <a href="https://feds.humana.com">feds.humana.com</a>, at the Physician Finder portal.</p>
<ul style="list-style-type: none"><li>• <b>Plan facilities</b></li></ul>	<p>Plan facilities are hospitals and other facilities in our service area that we contract with to provide covered services to our members. We list these in the provider directory, which we update periodically. The list is also on our website at <a href="https://feds.humana.com">feds.humana.com</a>, at the Physician Finder portal.</p>
<b>What you must do to get covered care</b>	<p>It depends on the type of care you need. First, you and each family member must choose a primary care physician. This decision is important since your primary care physician provides or arranges for most of your health care. You may choose your primary care physician from our Provider Directory or our website, or you may call us for assistance.</p>
<ul style="list-style-type: none"><li>• <b>Primary care</b></li></ul>	<p>Your primary care physician can be a family practitioner, general practitioner, internist, or pediatrician. Your primary care physician will provide most of your health care, or give you a referral to see a specialist. However, a woman may see her plan gynecologist without a referral.</p> <p>If you want to change primary care physicians or if your primary care physician leaves the Plan, call us; 800-314-3121 option 1 and then option 2. We will help you select a new one.</p>
<ul style="list-style-type: none"><li>• <b>Specialty care</b></li></ul>	<p>Your primary care physician will refer you to a specialist for needed care. However, you may see any specialist without a referral. Your physician will create your treatment plan. The physician may have to get an authorization or approval from us beforehand.</p> <p>Here are some other things you should know about specialty care:</p> <ul style="list-style-type: none"><li>• If you need to see a specialist frequently because of a chronic, complex, or serious medical condition, your primary care physician will develop a treatment plan that allows you to see your specialist for a certain number of visits without additional referrals. Your primary care physician will use our criteria when creating your treatment plan.</li></ul>

- If you are seeing a specialist when you enroll in our Plan, talk to your primary care physician. Your primary care physician will decide what treatment you need. If he or she decides to refer you to a specialist, you can see your current specialist. If your current specialist does not participate with us, you will pay for the service and file a reimbursement form.
- If you are seeing a specialist and your specialist leaves the Plan, call your primary care physician, who will arrange for you to see another specialist, or you may choose another provider from our network. You may receive services from your current specialist until we can make arrangements for you to see someone else.
- If you have a chronic and disabling condition and lose access to your specialist because we:
  - terminate our contract with your specialist for other than cause;
  - drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB program plan; or
  - reduce our Service Area and you enroll in another FEHB plan;

You may be able to continue seeing your specialist for up to 90 days after you receive notice of the change. Contact us, or if we drop out of the Program, contact your new plan.

If you are in the third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist until the end of your postpartum care, even if it is beyond the 90 days.

• **Hospital care**

Your Plan primary care physician or specialist will make necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility.

• **If you are hospitalized when your enrollment begins**

We pay for covered services from the effective date of your enrollment. However, if you are in the hospital when your enrollment in our Plan begins, call our customer service department immediately at 800-314-3121 option 1 and then option 2. If you are new to the FEHB Program, we will arrange for you to receive care and provide benefits for your covered services while you are in the hospital beginning on the effective date of your coverage.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- you are discharged, not merely moved to an alternative care center;
- the day your benefits from your former plan run out; or
- the 92<sup>nd</sup> day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person. If your plan terminates participation in the FEHB Program in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such case, the hospitalized family member's benefits under the new plan begin on the effective date of enrollment.

**You need prior Plan approval for certain services**

If you do not have a primary care physician and you use non-plan providers, you need to obtain our approval before you receive certain services. The pre-service claim approval processes for inpatient hospital admissions (called precertification) and for other services, are detailed in this Section. A pre-service claim is any claim, in whole or in part, that requires approval from us in advance of obtaining medical care or services. In other words, a pre-service claim for benefits (1) requires precertification, prior approval or a referral and (2) will result in a denial or reduction of benefits if you do not obtain precertification, prior approval or a referral. The pre-service claim approval process will be arranged by your provider and only applies to care shown under *Other services*.

- **Inpatient hospital admission**

**Precertification** is the process by which – prior to your inpatient hospital admission – we evaluate the medical necessity of your proposed stay and the number of days required to treat your condition.

- **Other services**

Your provider has authority to refer you for most services. For certain services, however, your physician must obtain prior approval from us. Before giving approval, we consider if the service is covered, medically necessary, and follows generally accepted medical practice. Some of the services requiring prior authorization are listed below (a complete listing of services requiring prior authorization can be found at [www.humana.com](http://www.humana.com)):

- Services outside the service area – not emergencies
- Organ/tissue transplants
- All elective medical and surgical hospitalizations
- Non-emergent admissions for mental health, skilled nursing, acute rehabilitation facilities and long term acute care facilities
- MRI, MRA, PET, CT Scan, SPECT Scan and Nuclear stress test
- Uvulopalatopharyngoplasty (UPPP)
- Surgical treatment for morbid obesity
- All durable medical equipment (DME) over \$750
- Home health care services
- Infertility services
- Sclerotherapy and Surgical Treatment for Varicose Vein
- Some prescription drugs
- All surgeries which may be considered plastic or cosmetic surgery
- Automatic Implantable Cardioverter Defibrillators (AICD)
- Oral surgeries
- Ventricular assist devices
- Pain Management Therapies
- Growth Hormone therapy
- Hyperbaric Therapy
- Radiation Therapy
- Transgender surgery

**How to request precertification for an admission or get prior authorization for Other services**

First, your physician, your hospital, you, or your representative must call us at the phone number printed on your Humana ID card or 800-314-3121 option 1 and then option 2 (or in the metro area 787-282-7900, extensions 5550 or 5599) before admission or services requiring prior authorization are rendered.

Next, provide the following information:

- enrollee’s name and Plan identification number;
- patient’s name, birth date, identification number and phone number;
- reason for hospitalization, proposed treatment, or surgery;
- name and phone number of admitting physician;
- name of hospital or facility; and
- number of days requested for hospital stay.

**Non-urgent care claims**

For non-urgent care claims, we will tell the physician and/or hospital the number of approved inpatient days, or the care that we approve for other services that must have prior authorization. We will make our decision within 15 days of receipt of the pre-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you of the need for an extension of time before the end of the original 15-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

**Urgent care claims**

If you have an urgent care claim (i.e., when waiting for the regular time limit for your medical care or treatment could seriously jeopardize your life, health, or ability to regain maximum function, or in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without this care or treatment), we will expedite our review and notify you of our decision within 72 hours. If you request that we review your claim as an urgent care claim, we will review the documentation you provide and decide whether it is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.

If you fail to provide sufficient information, we will contact you within 24 hours after we receive the claim to let you know what information we need to complete our review of the claim. You will then have up to 48 hours to provide the required information. We will make our decision on the claim within 48 hours of (1) the time we received the additional information or (2) the end of the time frame, whichever is earlier.

We may provide our decision orally within these time frames, but we will follow up with written or electronic notification within three days of oral notification.

You may request that your urgent care claim on appeal be reviewed simultaneously by us and OPM. Please let us know that you would like a simultaneous review of your urgent care claim by OPM either in writing at the time you appeal our initial decision, or by calling us at 800-314-3121. You may also call OPM's Health Insurance 3 at (202) 606-0755 between 8 a.m. and 5 p.m. Eastern Time to ask for the simultaneous review. We will cooperate with OPM so they can quickly review your claim on appeal. In addition, if you did not indicate that your claim was a claim for urgent care, call us at 800-314-3121. If it is determined that your claim is an urgent care claim, we will expedite our review (if we have not yet responded to your claim).

**Concurrent care claims**

A concurrent care claim involves care provided over a period of time or over a number of treatments. We will treat any reduction or termination of our pre-approved course of treatment before the end of the approved period of time or number of treatments as an appealable decision. This does not include reduction or termination due to benefit changes or if your enrollment ends. If we believe a reduction or termination is warranted, we will allow you sufficient time to appeal and obtain a decision from us before the reduction or termination takes effect.

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, then we will make a decision within 24 hours after we receive the claim.

**Emergency inpatient admission**

If you have an emergency admission due to a condition that you reasonably believe puts your life in danger or could cause serious damage to bodily function, you, your representative, the physician, or the hospital must telephone us within two business days following the day of the emergency admission, even if you have been discharged from the hospital.

- **Maternity care**                      Precertification is not required for maternity care.
  
- **If your treatment needs to be extended**                      If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, then we will make a decision within 24 hours after we receive the claim.
  
- What happens when you do not follow the precertification rules when using non-network facilities**                      When services are rendered by non-Plan providers, the member will pay for all of the services and request reimbursement from Humana. Reimbursement will be based on the rate contracted by Humana for those services less the corresponding copayment or coinsurance. The member will also be responsible for satisfying the \$100 for Self Only, or \$300 for Self and Family annual deductible. For out of area non-emergency services that are not coordinated with Humana, a coinsurance of 20% of the allowable fee up to \$2,000 will apply.
  
- Circumstances beyond our control**                      Under certain extraordinary circumstances, such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.
  
- If you disagree with our pre-service claim decision**                      If you have a **pre-service claim** and you do not agree with our decision regarding precertification of an inpatient admission or prior approval of other services, you may request a review in accord with the procedures detailed below.  
  
If you have already received the service, supply, or treatment, then you have a **post-service claim** and must follow the entire disputed claims process detailed in Section 8.
  
- **To reconsider a non-urgent care claim**                      Within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.  
  
In the case of a pre-service claim and subject to a request for additional information, we have 30 days from the date we receive your written request for reconsideration to
  1. Precertify your hospital stay or, if applicable, arrange for the health care provider to give you the care or grant your request for prior approval for a service, drug, or supply; or
  2. Ask you or your provider for more information.

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60, days we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

  3. Write to you and maintain our denial.
  
- **To reconsider an urgent care claim**                      In the case of an appeal of a pre-service urgent care claim, within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.  
  
Unless we request additional information, we will notify you of our decision within 72 hours after receipt of your reconsideration request. We will expedite the review process, which allows oral or written requests for appeals and the exchange of information by telephone, electronic mail, facsimile, or other expeditious methods.
  
- **To file an appeal with OPM**                      After we reconsider your **pre-service claim**, if you do not agree with our decision, you may ask OPM to review it by following Step 3 of the disputed claims process detailed in Section 8 of this brochure.

## Section 4. Your cost for covered services

---

This is what you will pay out-of-pocket for covered care:

**Cost-sharing** Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g. deductible, coinsurance, and copayments) for the covered care you receive.

**Copayments** A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive certain services.

Example: When you see your primary care physician, you pay a copayment of \$5 per office visit.

**Deductible** A deductible applies only if you access the Point of Service Option – see Section 5(i).

**Your catastrophic protection out-of-pocket maximum** After your out-of-pocket expenses, including any applicable deductibles, copayments and coinsurance total \$4,000 for Self Only, or \$8,000 for a Self Plus One or Self and Family enrollment in any calendar year, you do not have to pay any more for covered services. ***The maximum annual limitation on cost sharing listed under Self Only of \$4,000 applies to each individual, regardless of whether the individual is enrolled in Self Only, Self Plus One, or Self and Family.***

Example Scenario: Your plan has a \$4,000 Self Only maximum out-of-pocket limit and an \$8,000 Self Plus One or Self and Family maximum out-of-pocket limit. If you or one of your eligible family members has out-of-pocket qualified medical expenses of \$4,000 or more for the calendar year, any remaining qualified medical expenses for that individual will be covered fully by your health plan. With a Self and Family enrollment out-of-pocket maximum of \$8,000, a second family member, or an aggregate of other eligible family members, will continue to accrue out-of-pocket qualified medical expenses up to a maximum of \$8,000 for the calendar year before their qualified medical expenses will begin to be covered in full.

There is a separate maximum out-of-pocket limit of \$4,000 for Self Only and \$8,000 for a Self Plus One or Self and Family enrollment for utilizing out-of-network providers.

Be sure to keep accurate records and receipts of your copayments and coinsurance to ensure the plan's calculation of your out-of-pocket maximum is reflected accurately.

**Coinsurance** Coinsurance is the percentage of our negotiated fee that you must pay for your care. Coinsurance does not begin until you have met your calendar year deductible.

Example: In our Plan, you pay 50% of our negotiated fee for durable medical equipment.

**When Government facilities bill us** Facilities of the Department of Veterans Affairs, the Department of Defense and the Indian Health Services are entitled to seek reimbursement from us for certain services and supplies they provide to you or a family member. They may not seek more than their governing laws allow. You may be responsible to pay for certain services and charges. Contact the government facility directly for more information.

## Section 5(a). Medical services and supplies provided by physicians and other health care professionals

### Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- A facility copay applies to services that appear in this section but are performed in an ambulatory surgical center or the outpatient department of a hospital.
- Be sure to read Section 4, *Your cost for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.

## Section 5(b). Surgical and anesthesia services provided by physicians and other health care professionals

**Important things you should keep in mind about these benefits:**

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Plan physicians must provide or arrange your care.
- Be sure to read Section 4, *Your cost for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.
- The services listed below are for the charges billed by a physician or other health care professional for your surgical care. See Section 5(c) for charges associated with the facility (i.e. hospital, surgical center, etc.).
- **YOUR PHYSICIAN MUST GET PRECERTIFICATION FOR SOME SURGICAL PROCEDURES.** Please refer to the precertification information shown in Section 3 to be sure which services require precertification and identify which surgeries require precertification.

## Section 5(d). Emergency services/accidents

---

### Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Be sure to read Section 4, *Your cost for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.

### What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

### What to do in case of emergency:

**Emergencies within our service area:** If you are in an emergency situation, please call your primary care doctor. In extreme emergencies, if you are unable to contact your doctor, contact the local emergency system (e.g., the 911 telephone system) or go to the nearest hospital emergency room. Be sure to tell the emergency room personnel that you are a Plan member so they can notify the Plan. You or a family member must notify the Plan within 48 hours unless it was not reasonably possible to do so. It is your responsibility to ensure that the Plan has been timely notified.

If you need to be hospitalized, the Plan must be notified within 48 hours or on the first working day following your admission, unless it was not reasonably possible to notify the Plan within that time. If you are hospitalized in non-Plan facilities and a Plan doctor believes care can be better provided in a Plan hospital, you will be transferred when medically feasible with any ambulance charges covered in full.

Benefits are available for care from non-Plan providers in a medical emergency only if delay in reaching a Plan provider would result in death, disability or significant jeopardy to your condition.

To be covered by this Plan, any follow-up care recommended by non-Plan providers must be approved by the Plan or provided by Plan providers.

**Emergencies outside our service area:** Benefits are available for any medically necessary health service that is immediately required because of injury or unforeseen illness.

If you need to be hospitalized, the Plan must be notified within 48 hours or on the first working day following your admission, unless it was not reasonably possible to notify the Plan within that time. If a Plan doctor believes care can be better provided in a Plan hospital, you will be transferred when medically feasible with any ambulance charges covered in full.

To be covered by this Plan, any follow-up care recommended by non-Plan providers must be approved by the Plan or provided by Plan providers.

## Section 5(e). Mental health and substance misuse disorder benefits

**Important things you should keep in mind about these benefits:**

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Be sure to read Section 4, *Your cost for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.
- **YOUR MENTAL HEALTH PROFESSIONAL MUST GET CERTIFICATION FOR SOME MENTAL HEALTH VISITS AND SERVICES.** Please refer to the precertification information shown in Section 3 to be sure which services require precertification and identify which surgeries require precertification.
- We will provide medical review criteria or reasons for treatment plan denials to enrollees, members or providers upon request or as otherwise required.
- OPM will base its review of disputes about treatment plans on the treatment plan’s clinical appropriateness. OPM will generally not order us to pay or provide one clinically appropriate treatment plan in favor of another.

## Section 5(f). Prescription drug benefits

---

### Important things to keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart beginning on the next page.
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Members must make sure their physicians obtain prior approval/authorizations for certain prescription drugs and supplies before coverage applies. Prior approval/authorizations must be renewed periodically.
- Federal law prevents the pharmacy from accepting unused medications.
- Be sure to read Section 4, *Your cost for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.

**There are important features you should be aware of.** These include:

- **Who can write your prescription.** A licensed physician or dentist, and in states allowing it, licensed or certified Physician Assistant, Nurse Practitioner and Psychologist must prescribe your medication.
- **Where you can obtain them.** You must fill the prescription at a Plan pharmacy, or by mail for a prescribed maintenance medication. Maintenance medications are drugs that are generally prescribed for the treatment of long term chronic sicknesses or injuries.
- **The Rx4 Plan** allows members access to any drug that is used to treat a condition the medical plan covers. Thousands of drugs have been placed in levels based on their a) efficacy, b) safety, c) possible side effects, d) drug interactions, and e) cost compared to similar drugs. New drugs are continually reviewed for level placement, dispensing limits and prior authorization requirements that represent the current clinical judgment of our Pharmacy and Therapeutics Committee.

**Level One** contains the lowest copayment for low-cost generic and brand-name drugs.

**Level Two** this level covers higher cost generic and brand-name drugs.

**Level Three** is made up of higher cost drugs, mostly brand names. These drugs may have generic or brand-name options on Levels One or Two that may save you money

**Level Four** includes most self administered injectable medications and high technology drugs that are often newly approved by the U.S. Food and Drug Administration

With **Rx4** the member takes on more of the cost share for the drug. In return, members receive access to more drugs to treat their conditions and have more choices, along with their physicians, to decide which drug to take. Members receive letters offering guidance in changing medications to those with a lower copayment. We use internal data to identify members for whom a less expensive prescription drug option may be available. We communicate the information to the member to enable them, along with their physician, to make an informed choice regarding prescription drug copayment options.

- **Prior Authorization** – Some medications need special monitoring and may require prior authorization. These drugs have different approval criteria based on indication, safety, and appropriate use. Prior authorization (PA) requires a physician to obtain pre-approval in order to provide coverage for a drug prescribed to a member.
- **Step Therapy:** Step Therapy directs therapy to the most cost-effective and safest drug available to be used prior to moving to a more costly or risky therapy. Step Therapy is an automated process and requires the member to try Alternative medications before the more costly medications are considered.
- **These are the dispensing limitations.** Prescription drugs dispensed at a Plan pharmacy will be dispensed for up to a 30-day supply. You may receive up to a 90-day supply of a prescribed maintenance medication through our mail-order program. Specialty drugs are limited to a 30-day supply.

When brand name drugs are purchased and a generic is available, you must pay the difference between the brand name and generic cost plus any applicable brand copay, unless the physician writes "dispense as written" on the prescription. The physician must write "dispense as written" on the prescription for you to receive a brand name drug and only pay the brand name copay, if a generic is available.

You can visit our web site at [feds.humana.com](https://feds.humana.com) to check the copayment for your prescription drug coverage before you get your prescription filled. You can also find out more about possible drug alternatives and the locations of participating pharmacies.

If there is a national emergency or you are called to active military duty, you may call 800-256-3316. A representative will review criteria to determine whether you may obtain more than your normal dispensing amount.

## Section 5(g). Dental benefits

**Important things to keep in mind about these benefits:**

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary
- If you are enrolled in a Federal Employee Dental Vision Insurance Program (FEDVIP) Dental Plan, your FEHB plan will be primary payor of any Benefit payments and your FEDVIP Plan is secondary to your FEHB plan. See Section 9, *Coordinating benefits with Medicare and other coverage*.
- Plan dentists must provide or arrange your care.
- We cover hospitalization for dental procedures only when a non-dental physical impairment exists which makes hospitalization necessary to safeguard the health of the patient. See Section 5(c) for inpatient hospital benefits. We do not cover the dental procedure unless it is described below.
- Be sure to read Section 4, *Your cost for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.

## Section 5(i). Point of Service benefits

---

### Facts about the Point of Service Plan

At your option, you may choose to obtain benefit coverage for medical services under this Plan using one of three methods:

- Services directed by the primary care physician. These benefits (copayment and coinsurance levels) are listed in Section 5 of this brochure.

You may also access the Plan's Point of Service Benefit Options which are:

- Services not directed by the primary care physician but using Plan providers; or
- Services not directed by the primary care physician using non Plan providers.

When services are rendered by Plan providers, the copayment fees established for certain services will be paid directly to the health service provider.

When services are rendered by non Plan providers, the member will pay for all of the services and request reimbursement from Humana. Reimbursement will be based on the rate contracted by Humana for those services less the corresponding copayment or coinsurance. **The member will also be responsible for satisfying the \$100 for Self Only, or \$300 for Self Plus One or Self and Family annual deductible.**

For out of area non-emergency services that are not coordinated with Humana, a coinsurance of 20% of the allowable fee up to \$2,000 will apply.

### What is covered under the Point of Service Option

This is a summary of the benefits that you receive when accessing services that have not been directed by your primary care physician and/or specialist:

- For all physician's office visit services, you pay an \$10 copay per visit. This includes hospital and skilled nursing facility visits.
- For all inpatient admissions, you pay a \$50 copay per admission.
- For home visits by a doctor, and for care received in a skilled nursing facility, you pay a \$25 copay.
- For an ambulatory surgery facility, you pay a \$25 copay.
- For local ambulance service, you pay a \$25 copay (no charge if you are transferred between facilities during a hospitalization in the Plan's service area).
- For professional charges for inpatient and outpatient dialysis services, hospice services, costs for blood and blood plasma, home health services, and rehabilitation therapy, you pay 25% of the charges.
- For allergy testing and injections, durable medical equipment, orthopedic devices, prosthetic devices, and air ambulance charges, you pay 50% of the charges.
- For routine outpatient laboratory, x-ray, and diagnostic tests you pay nothing when using plan providers; you pay 25% of covered services when using a non-plan provider.
- For pathology and radiology services provided to hospitalized members you pay nothing when using plan providers; you pay 25% of covered services when using non-plan providers.
- For organ and tissue transplants you pay 25% of covered services when using plan providers. All services are determined and authorized through our transplant department, utilizing our National Transplant Network.
- For emergency services you pay a \$25 copay for services received at an urgent care center and a \$50 copay per visit for services received as an outpatient at a hospital.
- Mental health services are treated the same as any other illness; except that the applicable rates will be based on the contracted fees of our mental health provider.

**What is not covered**

- Prescription drugs obtained at non-plan pharmacies (for out of area emergencies – submit itemized receipts to us for payment).
- Organ/tissue transplants performed at non-plan facilities.

## Non-FEHB benefits available to Plan members

The benefits on this page are not part of the FEHB contract or premium, and you cannot file an FEHB disputed claim about them. Fees you pay for these services do not count toward FEHB deductibles or catastrophic protection out-of-pocket maximums. These programs and materials are the responsibility of the Plan, and all appeals must follow their guidelines. For additional information contact us at, 800-314-3121 option 1 and then option 2.

### Dental benefits

The following services will be covered when medically necessary:

**Diagnostic and preventive - You pay nothing for:** Initial oral examination, one per policy year; Periodic oral examination, every six (6) months; Emergency oral examination, every six (6) months; Complete series of radiographs (FMX), one set every three (3) years; Intraoral periapical X-rays, one initial and five additional, per policy year; Bitewings, one or two films; every two (2) years; Panoramic film, one every three (3) years; Adult (over 14 years) prophylaxis, every six (6) months; Adult (over 14 years) prophylaxis, every six (6) months; Children (under 14 years) prophylaxis, every six (6) months; Topical application of fluoride for children (under 19 years), limited to one (1); Sealant per tooth, per insured tooth per lifetime; Space maintainer, one per area per insured per lifetime; Professional consultation, every six (6) months.

**Restorative - You pay 25% for:** Amalgam restorations and/or resin restorations; Bicuspid and molars; Retrograde filling; Apicoectomy; Root amputation; Anesthesia; Surgical extractions of erupted tooth and residual root; Palliative treatment (unclassified treatment); Stainless steel crowns in primary teeth; Exostosis; Frenulectomy (frenectomy).

**Prosthesis - You pay 50% (\$800 annual maximum) for:** Crowns; Partial and complete dentures, including repair and adjustments; Maryland bridge; Fixed bridge.

**Periodontic - You pay 50% (\$800 annual maximum) for:** Periodontics exams; Gingivectomy and gingivoplasty; Root planning; Gum diseases and the bone which holds the teeth.

**Orthodontics - You pay 50% (\$1,000 per year) for:** Braces and treatment, up to a maximum of \$600; Monthly visits, up to a maximum of \$100; Retainers, up to a maximum of \$300.

### EyeMed Vision Program

#### **EyeMed Vision Program (VIS 453):**

- This plan provides coverage for one vision exam and one pair of eyeglasses or contact lenses every 12 months for each covered member.
- In addition to the plan benefits, Humana members also receive discounts for many vision services and materials. Some of these discounts and discounted fees are outlined below. Additional information can be obtained through [www.humana.com](http://www.humana.com).

For a complete participating optical provider listing, call 888-289-0595, or you can visit [www.humana.com](http://www.humana.com).

**EyeMed Vision Discount Program:** Discounts available at participating providers for: Eye exams, frames and lenses, contact lenses, and lasik.

See separate plan description for benefits. See our web site for participating providers, or call 866-995-9316 for the EyeMed provider locator service. No additional premium required.

**(Please note: Discounts are a feature of Humana membership, and not considered as insurance.)**

### Assist America

Global emergency medical assistance program provided by Assist America to Humana members. This program connects you to doctors, hospitals, pharmacies and certain other services when faced with a medical emergency while traveling 100 miles or more away from your permanent residence or abroad. Contact 877-386-6324 for more information about the program.

Contact us for additional information concerning specific benefits, exclusions, limitations, eligible providers and other provisions of each of the above coverages.

---

## **Section 6. General exclusions – services, drugs and supplies we do not cover**

---

The exclusions in this section apply to all benefits. There may be other exclusions and limitations listed in Section 5 of this brochure. Although we may list a specific service as a benefit, we will not cover it unless it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition. For information on obtaining prior approval for specific services, such as transplants, see Section 3 *You need prior Plan approval for certain services*.

We do not cover the following:

- Services, drugs, or supplies you receive while you are not enrolled in this Plan.
- Services, drugs, or supplies that are not medically necessary.
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice.
- Experimental or investigational procedures, treatments, drugs or devices.
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest.
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program.
- Services, drugs, or supplies you receive without charge while in active military service.

---

## Section 7. Filing a claim for covered services

---

This Section primarily deals with post-service claims (claims for services, drugs or supplies you have already received). See Section 3 for information on pre-service claims procedures (services, drugs or supplies requiring prior Plan approval), including urgent care claims procedures. When you see Plan physicians, receive services at Plan hospitals and facilities, or obtain your prescription drugs at Plan pharmacies, you will not have to file claims. Just present your identification card and pay your copayment or coinsurance.

You will only need to file a claim when you receive emergency services from non-plan providers. Sometimes these providers bill us directly. Check with the provider. If you need to file the claim, here is the process:

### **Medical and hospital benefits**

In most cases, providers and facilities file claims for you. Physicians must file on the form CMS-1500, Health Insurance Claim Form. Your facility will file on the UB-04 form. For claims questions and assistance, call us at 800-314-3121 option 1 and then option 2.

When you must file a claim – such as for services you received outside the Plan’s service area – submit it on the CMS-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Covered member’s name, date of birth, address, phone number and ID number
- Name and address of the physician or facility that provided the service or supply
- Dates you received the services or supplies
- Diagnosis
- Type of each service or supply
- The charge for each service or supply
- A copy of the explanation of benefits, payments, or denial from any primary payor – such as the Medicare Summary Notice (MSN)
- Receipts, if you paid for your services

Note: Canceled checks, cash register receipts, or balance due statements are not acceptable substitutes for itemized bills.

**Submit your claims to: Humana Puerto Rico**  
**Attn: Claims review**  
**P.O. Box 191920**  
**San Juan, Puerto Rico 00919-1920**

### **Prescription drugs and other supplies or services**

**Submit your claims to:** Humana Puerto Rico at the address listed above or call us at 800-314-3121 option 1 and then option 2.

### **Deadline for filing your claim**

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible.

### **Post-service claims procedures**

We will notify you of our decision within 30 days after we receive your post-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you before the expiration of the original 30-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

If you do not agree with our initial decision, you may ask us to review it by following the disputed claims process detailed in Section 8 of this brochure.

**Authorized Representative**

You may designate an authorized representative to act on your behalf for filing a claim or to appeal claims decisions to us. For urgent care claims, we will permit a health care professional with knowledge of your medical condition to act as your authorized representative without your express consent. For the purposes of this section, we are also referring to your authorized representative when we refer to you.

**Notice Requirements**

If you live in a county where at least 10 percent of the population is literate only in a non-English language (as determined by the Secretary of Health and Human Services), we will provide language assistance in that non-English language. You can request a copy of your Explanation of Benefits (EOB) statement, related correspondence, oral language services (such as telephone customer assistance), and help with filing claims and appeals (including external reviews) in the applicable non-English language. The English versions of your EOBs and related correspondence will include information in the non-English language about how to access language services in that non-English language.

Any notice of an adverse benefit determination or correspondence from us confirming an adverse benefit determination will include information sufficient to identify the claim involved (including the date of service, the health care provider, and the claim amount, if applicable), and a statement describing the availability, upon request, of the diagnosis and procedure codes.

---

## Section 8. The disputed claims process

---

You may appeal directly to the Office of Personnel Management (OPM) if we do not follow required claims processes. For more information about situations in which you are entitled to immediately appeal to OPM, including additional requirements not listed in Sections 3, 7 and 8 of this brochure, please visit [feds.humana.com](https://feds.humana.com).

Please follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your post-service claim (a claim where services, drugs or supplies have already been provided). In Section 3 *If you disagree with our pre-service claim decision*, we describe the process you need to follow if you have a claim for services, referrals, drugs or supplies that must have prior Plan approval, such as inpatient hospital admissions.

To help you prepare your appeal, you may arrange with us to review and copy, free of charge, all relevant materials and Plan documents under our control relating to your claim, including those that involve any expert review(s) of your claim. To make your request, please contact our Customer Service Department by writing Humana Puerto Rico, P.O. Box 191920, San Juan, Puerto Rico 00919-1920 or calling 800-314-3121 option 1 and then option 2.

Our reconsideration will take into account all comments, documents, records, and other information submitted by you relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

When our initial decision is based (in whole or in part) on a medical judgment (i.e., medical necessity, experimental/investigational), we will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment and who was not involved in making the initial decision.

Our reconsideration will not take into account the initial decision. The review will not be conducted by the same person, or his/her subordinate, who made the initial decision.

We will not make our decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) based upon the likelihood that the individual will support the denial of benefits.

Step	Description
<b>1</b>	<p>Ask us in writing to reconsider our initial decision. You must:</p> <ul style="list-style-type: none"><li>a) Write to us within 6 months from the date of our decision; and</li><li>b) Send your request to us at: Humana Puerto Rico, P.O. Box 191920, San Juan, Puerto Rico 00919-1920; and</li><li>c) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and</li><li>d) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms.</li><li>e) Include your email address (optional for member), if you would like to receive our decision via email. Please note that by giving us your email, we may be able to provide our decision more quickly.</li></ul> <p>We will provide you, free of charge and in a timely manner, with any new or additional evidence considered, relied upon, or generated by us or at our direction in connection with your claim and any new rationale for our claim decision. We will provide you with this information sufficiently in advance of the date that we are required to provide you with our reconsideration decision to allow you a reasonable opportunity to respond to us before that date. However, our failure to provide you with new evidence or rationale in sufficient time to allow you to timely respond shall not invalidate our decision on reconsideration. You may respond to that new evidence or rationale at the OPM review stage described in step 4.</p>
<b>2</b>	<p>In the case of a post-service claim, we have 30 days from the date we receive your request to:</p> <ul style="list-style-type: none"><li>a) Pay the claim or</li><li>b) Write to you and maintain our denial or</li></ul>

c) Ask you or your provider for more information

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

If you do not agree with our decision, you may ask OPM to review it.

**3**

You must write to OPM within:

- 90 days after the date of our letter upholding our initial decision; or
- 120 days after you first wrote to us -- if we did not answer that request in some way within 30 days; or
- 120 days after we asked for additional information.

Write to OPM at: United States Office of Personnel Management, Healthcare and Insurance, Federal Employee Insurance Operations, Health Insurance 3, 1900 E Street, NW, Washington, DC 20415-3630.

Send OPM the following information:

- A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;
- Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;
- Copies of all letters you sent to us about the claim;
- Copies of all letters we sent to you about the claim; and
- Your daytime phone number and the best time to call.
- Your email address, if you would like to receive OPM's decision via email. Please note that by providing your email address, you may receive OPM's decision more quickly.

Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request. However, for urgent care claims, a health care professional with knowledge of your medical condition may act as your authorized representative without your express consent.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.

**4**

OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals.

If you do not agree with OPM's decision, your only recourse is to sue. If you decide to file a lawsuit, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not file a lawsuit until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

Note: **If you have a serious or life threatening condition** (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and you did not indicate that your claim was a claim for urgent care, then call us at 800-523-0023. We will expedite our review (if we have not yet responded to your claim); or we will inform OPM so they can quickly review your claim on appeal. You may call OPM's Health Insurance 3 at (202) 606-0737 between 8 a.m. and 5 p.m. Eastern Time.

Please remember that we do not make decisions about plan eligibility issues. For example, we do not determine whether you or a dependent is covered under this plan. You must raise eligibility issues with your Agency personnel/payroll office if you are an employee, your retirement system if you are an annuitant or the Office of Workers' Compensation Programs if you are receiving Workers' Compensation benefits.

---

## Section 9. Coordinating benefits with Medicare and other coverage

---

### When you have other health coverage or coverage for injuries

You must tell us if you or a covered family member has coverage under any other group health plan. You must also tell us if any treatment you receive may be covered by workers' compensation or any coverage that pays for injuries regardless of who is at-fault for the injury. Other health plans and injury coverage may be considered "double coverage".

As a condition of receiving benefits under this plan, you agree to cooperate with our efforts to determine whether other coverage may exist and to assist us and our agents as needed. Failure to cooperate with our efforts may result in delay or denial of benefits under this plan. When you have double coverage, one plan normally pays its benefits in full as the primary payor and the other plan pays a reduced benefit as the secondary payor. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners' (NAIC) guidelines. For more information on NAIC rules regarding the coordinating of benefits, visit our website at [feds.humana.com](https://www.feds.humana.com)

- If you are a dependent or annuitant on this Plan and you have group health insurance through your employer, your employer is the primary payor and we are the secondary payor.
- When you sustain injuries and are entitled to the payment of health care expenses under automobile, property, home owners insurance or any other coverage that pays regardless of fault, that insurance coverage is the primary payor and we are the secondary payor.

When we are the primary payor, we will pay the benefits described in this brochure. When we are the secondary payor, we will determine our allowance. After the primary plan pays, we will pay what is left of our allowance, up to our regular benefit. We will not pay more than our allowance.

In the event that we provide benefits for treatment that should have been covered by a primary payor, we shall have the right to be repaid from whoever has received any overpayment from us to the extent that we have provided double coverage.

### • TRICARE and CHAMPVA

TRICARE is the health care program for eligible dependents of military persons, and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled Veterans and their eligible dependents. IF TRICARE or CHAMPVA and this Plan cover you, we pay first. See your TRICARE or CHAMPVA Health Benefits Advisor if you have questions about these programs.

**Suspended FEHB coverage to enroll in TRICARE or CHAMPVA:** If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under TRICARE or CHAMPVA.

### • Workers' Compensation

We do not cover services that:

- You (or a covered family member) need because of a workplace-related illness or injury that should be covered under any other workers' compensation policy or that the Office of Workers' Compensation Programs (OWCP) determines they must provide; or
- OWCP or a workers' compensation carrier pays for through a third-party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

Once OWCP pays its maximum benefits for your treatment, we will cover your care. You must use our providers.

- **Medicaid**

When you have this Plan and Medicaid, we pay first.

**Suspended FEHB coverage to enroll in Medicaid or a similar State-sponsored program of medical assistance:** If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these State programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the State program.

**When other Government agencies are responsible for your care**

We do not cover services and supplies when a local, State, or Federal government agency directly or indirectly pays for them.

**When others are responsible for injuries**

By accepting benefits under this plan you agree to the following conditions and limitations on the nature of benefits or benefit payments when another person causes an injury or illness or when you are entitled to recover from any other insurance or source of funds that may be available to pay for the injury or illness.

Humana is entitled to recover the full value of the benefits we have paid or provided in connection with your injury or illness. You and all covered persons agree to promptly notify us that you have asked anyone other than us to make payment for your injuries and to fully cooperate with our efforts to secure our recovery rights. You and your representative also agree to obtain our consent before releasing any party from liability for payment of medical expenses and before disbursing any funds paid by other parties.

When benefits are provided under the Plan in relation to the illness or injury, Humana may, at its option:

- Subrogate, that is, take over your right to pursue recovery from any other parties, insurance carriers or sources of funds that you may have a right to pursue; or
- Enforce a right to reimbursement from any payment(s) you or your representative may obtain from other parties, settlements or insurance coverage.

Our right to recover the full value of the benefits we have paid or provided for shall take first priority (before any of the rights of any other parties are honored) and are not impacted by how the judgment, settlement, or other recovery is characterized, designated, or apportioned. The amount we are entitled to recovery is not subject to reduction based on attorney fees or costs under the “common fund” or similar rules and is fully enforceable regardless of whether you are “made whole” or compensated for the full amount of damages you may have incurred.

Our recovery rights shall apply only to the extent of the full value of benefits provided for the injury or illness. We will provide benefits to cover the cost of treatment that exceeds amounts that are recoverable other insurance coverage or sources of funds.

If you, a covered person or your representative fails to cooperate with the enforcement of our recovery rights we may delay or deny future benefits until cooperation is provided or we are reimbursed.

**When you have Federal Employees Dental and Vision Insurance Plan (FEDVIP) coverage**

Some FEHB plans already cover some dental and vision services. When you are covered by more than one vision/dental plan, coverage provided under your FEHB plan remains as your primary coverage. FEDVIP coverage pays secondary to that coverage. When you enroll in a dental and/or vision plan on [www.BENEFEDS.com](http://www.BENEFEDS.com) or by phone at 877-888-3337, (TTY: 877-889-5680), you will be asked to provide information on your FEHB plan so that your plans can coordinate benefits. Providing your FEHB information may reduce your out-of-pocket cost.

## Clinical trials

An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application.

If you are a participant in a clinical trial, this health plan will provide related care as follows, if it is not provided by the clinical trial:

- Routine care costs – costs for routine services such as doctor visits, lab tests, x-rays and scans, and hospitalizations related to treating the patient’s condition, whether the patient is in a clinical trial or is receiving standard therapy.
- Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient’s routine care.
- Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This plan does not cover these costs.

## When you have Medicare

### • What is Medicare?

Medicare is a health insurance program for:

- People 65 years of age or older
- Some people with disabilities under 65 years of age
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant)

Medicare has four parts:

- Part A (Hospital Insurance). Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance. (If you were a Federal employee at any time both before and during January 1983, you will receive credit for your Federal employment before January 1983.) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 800-MEDICARE (800-633-4227), (TTY: 877-486-2048) for more information.
- Part B (Medical Insurance). Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check.
- Part C (Medicare Advantage). You can enroll in a Medicare Advantage plan to get your Medicare benefits. We offer a Medicare Advantage plan. Please review the information on coordinating benefits with Medicare Advantage plans on the next page.
- Part D (Medicare prescription drug coverage). There is a monthly premium for Part D coverage. Before enrolling in Medicare Part D, please review the important disclosure notice from us about the FEHB prescription drug coverage and Medicare. The notice is on the first inside page of this brochure. For people with limited income and resources, extra help in paying for a Medicare prescription drug plan is available. For more information about this extra help, visit the Social Security Administration online at [www.socialsecurity.gov](http://www.socialsecurity.gov), or call them at 800-772-1213 (TTY: 800-325-0778).

### • Should I enroll in Medicare?

The decision to enroll in Medicare is yours. We encourage you to apply for Medicare benefits 3 months before you turn age 65. It’s easy. Just call the Social Security Administration toll-free number 800-772-1213 (TTY 800-325-0778) to set up an appointment to apply. If you do not apply for one or more Parts of Medicare, you can still be covered under the FEHB Program.

If you can get premium-free Part A coverage, we advise you to enroll in it. Most Federal employees and annuitants are entitled to Medicare Part A at age 65 **without cost**. When you don't have to pay premiums for Medicare Part A, it makes good sense to obtain the coverage.

It can reduce your out-of-pocket expenses as well as costs to the FEHB, which can help keep FEHB premiums down.

Everyone is charged a premium for Medicare Part B coverage. The Social Security Administration can provide you with premium and benefit information. Review the information and decide if it makes sense for you to buy the Medicare Part B coverage. If you do not sign up for Medicare Part B when you are first eligible, you may be charged a Medicare Part B late enrollment penalty of a 10% increase in premium for every 12 months you are not enrolled. If you didn't take Part B at age 65 because you were covered under FEHB as an active employee (or you were covered under your spouse's group health insurance plan and he/she was an active employee), you may sign up for Part B (generally without an increased premium) within 8 months from the time you or your spouse stop working or are no longer covered by the group plan. You also can sign up at any time while you are covered by the group plan.

If you are eligible for Medicare, you may have choices in how you get your health care. Medicare Advantage is the term used to describe the various private health plan choices available to Medicare beneficiaries. The information in the next few pages shows how we coordinate benefits with Medicare, depending on whether you are in the Original Medicare Plan or a private Medicare Advantage plan.

- **The Original Medicare Plan (Part A or Part B)**

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share.

All physicians and other providers are required by law to file claims directly to Medicare for members with Medicare Part B, when Medicare is primary. This is true whether or not they accept Medicare.

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care.

**Claims process when you have the Original Medicare Plan** – You will probably not need to file a claim form when you have both our Plan and the Original Medicare Plan.

When we are the primary payor, we process the claim first.

When Original Medicare is the primary payor, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will then provide secondary benefits for covered charges. To find out if you need to do something to file your claim, call us at 800-314-3121 option 1 and then option 2.

**We do not waive any costs if the Original Medicare Plan is your primary payor. However, Humana will be responsible for the member's cost share after original Medicare Parts A & B has paid primary.**

Please review the following table it illustrates your cost share if you are enrolled in Medicare Part A and B. Medicare will be primary for all Medicare eligible services. Members must use providers who accept Medicare's assignment.

<b>Benefit Description</b>	<b>Member Cost without Medicare</b>	<b>Member Cost with Medicare Part A and B</b>
Deductible	\$0	\$0

You can find more information about how our plan coordinates benefits with Medicare in the ‘Medicare and You’ booklet on the CMS web site at [www.medicare.gov/supplement-other-insurance/how-medicare-works-with-otherinsurance/who-pays-first/which-insurance-pays.html](http://www.medicare.gov/supplement-other-insurance/how-medicare-works-with-otherinsurance/who-pays-first/which-insurance-pays.html).

- **Tell us about your Medicare coverage**

You must tell us if you or a covered family member has Medicare coverage, and let us obtain information about services denied or paid under Medicare if we ask. You must also tell us about other coverage you or your covered family members may have, as this coverage may affect the primary/secondary status of this Plan and Medicare.

- **Medicare Advantage (Part C)**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare Advantage plan. These are private health care choices (like HMOs and regional PPOs) in some areas of the country. To learn more about Medicare Advantage plans, contact Medicare at 800-MEDICARE (800-633-4227), (TTY: 877-486-2048) or at [www.medicare.gov](http://www.medicare.gov).

If you enroll in a Medicare Advantage plan, the following options are available to you:

**This Plan and our Medicare Advantage plan:** You may enroll in our Medicare Advantage plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary. We will not waive any of the copayments, coinsurance or deductibles. If you enroll in a Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare. For information about Medicare Advantage plans offered in your area call 866-836-5079.

**This Plan and another plan’s Medicare Advantage plan:** You may enroll in another plan’s Medicare Advantage plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, even out of the Medicare Advantage plan’s network and/or service area (if you use our Plan providers). However, we will not waive any of our copayments or coinsurance. If you enroll in a Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

**Suspended FEHB coverage to enroll in a Medicare Advantage plan:** If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare Advantage plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare Advantage plan premium.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage or move out of the Medicare Advantage plan's service area.

- **Medicare prescription drug coverage (Part D)**

When we are the primary payor, we process the claim first. If you enroll in Medicare Part D and we are the secondary payor, we will review claims for your prescription drug costs that are not covered by Medicare Part D and consider them for payment under the FEHB plan.

Medicare always makes the final determination as to whether they are the primary payor. The following chart illustrates whether Medicare or this Plan should be the primary payor for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly. **(Having coverage under more than two health plans may change the order of benefits determined on this chart.)**

## Section 10. Definitions of terms we use in this brochure

---

<b>Calendar year</b>	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
<b>Clinical Trials Cost Categories</b>	<p>An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application.</p> <ul style="list-style-type: none"><li>• Routine care costs - costs for routine services such as doctor visits, lab tests, x-rays and scans, and hospitalizations related to treating the patient's condition whether the patient is in a clinical trial or is receiving standard therapy</li><li>• Extra care costs - costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care.</li><li>• Research costs - costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes are generally covered by the clinical trials. This plan does not cover these costs.</li></ul>
<b>Coinsurance</b>	Coinsurance is the percentage of our allowance that you must pay for your care. See page 20.
<b>Copayment</b>	A copayment is a fixed amount of money you pay when you receive covered services. See page 20.
<b>Cost-sharing</b>	Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g. deductible, coinsurance, and copayments) for the covered care you receive.
<b>Covered services</b>	Care we provide benefits for, as described in this brochure.
<b>Custodial care</b>	Services provided to you such as assistance with dressing, bathing, preparation and feeding of special diets, walking, supervision of medication which is ordinarily self-administered, getting in and out of bed, and maintaining continence, which are not likely to improve your condition. Custodial care that lasts 90 days or more is sometimes known as long term care.
<b>Durable Medical Equipment (DME)</b>	Equipment recognized as such by Medicare Part B, that meets all of the following criteria: <ul style="list-style-type: none"><li>• it can stand repeated use; and</li><li>• it is primarily and customarily used to serve a medical purpose rather than being primarily for comfort or convenience; and</li><li>• it is usually not useful to a person in the absence of sickness or injury; and</li><li>• it is appropriate for home use; and</li><li>• it is related to the patient's physical disorder, and</li><li>• the equipment must be used in the member's home.</li></ul>
<b>Experimental or investigational services</b>	A drug, biological product, device, medical treatment, or procedure is determined to be experimental or investigational if reliable evidence shows it meets one of the following criteria: <ul style="list-style-type: none"><li>• when applied to the circumstances of a particular patient is the subject of ongoing phase I, II or III clinical trials, or</li><li>• when applied to the circumstances of a particular patient is under study with written protocol to determine maximum tolerated dose, toxicity, safety, efficacy, or efficacy in comparison to conventional alternatives, or</li><li>• is being delivered or should be delivered subject to the approval and supervision of an Institutional Review Board as required and defined by the USFDA or Department of Health and Human Services, or</li></ul>

- is not generally accepted by the medical community.

Reliable evidence means, but is not limited to, published reports and articles in authoritative medical scientific literature or regulations and other official actions and publications issued by the USFDA or the Department of Health and Human Services.

<b>Health care professional</b>	A physician or other health care professional licensed, accredited, or certified to perform specified health services consistent with state law.
<b>Medical necessity</b>	The determination as to whether a medical service is required to treat a condition, illness, or injury. In order to meet the standard of medical necessity the service must be consistent with symptoms, diagnosis, or treatment; consistent with good medical practice; and the most appropriate level of service that can be safely provided.
<b>Morbid obesity</b>	Excess body weight in comparison to set standards. Obesity refers specifically to having an abnormal proportion of body fat. The primary classification of overweight and obesity is based on the assessment of Body Mass Index (BMI).
<b>Oral surgery</b>	Procedures to correct diseases, injuries and defects of the jaw and mouth structures.
<b>Participating provider</b>	A hospital, physician, or any other health services provider who has been designated to provide services to covered members under this plan.
<b>Post-service claims</b>	Any claims that are not pre-service claims. In other words, post-service claims are those claims where treatment has been performed and the claims have been sent to us in order to apply for benefits.
<b>Pre-service claims</b>	Those claims (1) that require precertification, prior approval, or a referral and (2) where failure to obtain precertification, prior approval, or a referral results in a reduction of benefits.
<b>Reimbursement</b>	A carrier's pursuit of a recovery if a covered individual has suffered an illness or injury and has received, in connection with that illness or injury, a payment from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, and the terms of the carrier's health benefits plan require the covered individual, as a result of such payment, to reimburse the carrier out of the payment to the extent of the benefits initially paid or provided. The right of reimbursement is cumulative with and not exclusive of the right of subrogation.
<b>Service area</b>	The geographic area where the participating provider services are available to covered members.
<b>Subrogation</b>	A carrier's pursuit of a recovery from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, as successor to the rights of a covered individual who suffered an illness or injury and has obtained benefits from that carrier's health benefits plan.
<b>Transplant</b>	Services for pre-transplant; the transplant including any chemotherapy, associated services and post-discharge services, and treatment of complications after transplant.
<b>Urgent care claims</b>	<p>A claim for medical care or treatment is an urgent care claim if waiting for the regular time limit for non-urgent care claims could have one of the following impacts:</p> <ul style="list-style-type: none"> <li>• Waiting could seriously jeopardize your life or health;</li> <li>• Waiting could seriously jeopardize your ability to regain maximum function; or</li> <li>• In the opinion of a physician with knowledge of your medical condition, waiting would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.</li> </ul>

Urgent care claims usually involve Pre-service claims and not Post-service claims. We will judge whether a claim is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.

If you believe your claim qualifies as an urgent care claim, please contact our Customer Service Department at the phone number listed on your Humana ID card. You may also prove that your claim is an urgent care claim by providing evidence that a physician with knowledge of your medical condition has determined that your claim involves urgent care.

## Section 11. Other Federal Programs

---

Please note, the following programs are not part of your FEHB benefits. They are separate Federal programs that complement your FEHB benefits and can potentially reduce your annual out-of-pocket expenses. These programs are offered independent of the FEHB Program and require you to enroll separately with no government contribution.

### **Important information about four Federal programs that complement the FEHB Program**

First, the **Federal Flexible Spending Account (FSA) Program**, also known as **FSAFEDS**, lets you set aside pre-tax money from your salary to reimburse you for eligible dependent care and/or health care expenses. You pay less in taxes so you save money. Participating employees save an average of about 30% on products and services they routinely pay for out-of-pocket.

Second, the **Federal Employees Dental and Vision Insurance Program (FEDVIP)**, provides comprehensive dental and vision insurance at competitive group rates. There are several plans from which to choose. Under **FEDVIP** you may choose Self Only, Self Plus One, or Self and Family coverage for yourself and any eligible dependents.

Third, the **Federal Long Term Care Insurance Program (FLTCIP)** can help cover long term care costs, which are not covered under the FEHB Program.

Fourth, the **Federal Employees' Group Life Insurance Program (FGLI)** can help protect your family from burdensome funeral costs and the unexpected loss of your income.

### **The Federal Flexible Spending Account Program (FSAFEDS)**

#### **What is a FSA?**

It is an account where you contribute money from your salary **BEFORE** taxes are withheld, then incur eligible expenses and get reimbursed. You pay less in taxes so you save money. **Annuitants are not eligible to enroll.**

There are three types of FSAs offered by FSAFEDS. Each type has a minimum annual election of \$100. The maximum annual election for a health care flexible spending account (HCFSA) or a limited expense health care spending account (LEX HCFSA) is \$2,600 per person. The maximum annual election for a dependent care flexible spending account (DCFSA) is \$5,000 per household.

- **Health Care FSA (HCFSA)** - Reimburses you for eligible out-of-pocket health care expenses (such as copayments, deductibles, prescriptions, **physician prescribed** over-the-counter drugs and medications, vision and dental expenses, and much more) for you and your tax dependents, including adult children (through the end of the calendar year in which they turn 26).

FSAFEDS offers paperless reimbursement for your HCFSA through a number of FEHB and FEDVIP plans. This means that when you or your provider files claims with your FEHB or FEDVIP plan, FSAFEDS will automatically reimburse your eligible out-of-pocket expenses based on the claim information it receives from your plan.

- **Limited Expense Health Care FSA (LEX HCFSA)** - Designed for employees enrolled in or covered by a High Deductible Health Plan with a Health Savings Account. Eligible expenses are limited to out-of-pocket dental and vision care expenses for you and your tax dependents including adult children (through the end of the calendar year in which they turn 26).

- **Dependent Care FSA (DCFSA)** - Reimburses you for eligible **non-medical** day care expenses for your children under age 13 and/or for any person you claim as a dependent on your Federal Income Tax return who is mentally or physically incapable of self-care. You (and your spouse if married) must be working, looking for work (income must be earned during the year), or attending school full-time to be eligible for a DCFSA.
- If you are a new or newly eligible employee you have 60 days from your hire date to enroll in an HCFSA or LEX HCFSA and/or DCFSA, but you must enroll before October 1. If you are hired or become eligible on or after October 1, you must wait and enroll during the Federal Benefits Open Season held each fall.

**Where can I get more information about FSAFEDS?**

Visit [www.FSAFEDS.com](http://www.FSAFEDS.com) or call an FSAFEDS Benefits Counselor toll-free at 877-372-3337, (TTY: 866-353-8058) Monday through Friday, 9 a.m. until 9 p.m., Eastern Time 1-877-FSAFEDS.

**The Federal Employees Dental and Vision Insurance Program (FEDVIP)**

**Important Information**

The Federal Employees Dental and Vision Insurance Program (FEDVIP) is separate and different from the FEHB Program. **This program provides comprehensive dental and vision insurance at competitive group rates with no pre-existing condition limitations for enrollment.**

FEDVIP is available to eligible Federal and Postal Service employees, retirees, and their eligible family members on an enrollee-pay-all basis. Employee premiums are withheld from salary on a pre-tax basis.

**Dental Insurance**

All dental plans provide a comprehensive range of services, including:

- Class A (Basic) services, which include oral examination, prophylaxis, diagnostic evaluations, sealants and x-rays.
- Class B (Intermediate) services, which include restorative procedures such as fillings, prefabricated stainless steel crowns, periodontal scaling, tooth extractions, and denture adjustments.
- Class C (Major) services, which include endodontic services such as root canals, periodontal services such as gingivectomy, major restorative services such as crowns, oral surgery, bridges and prosthodontic services such as completed dentures.
- Class D (Orthodontic) services with up to a 12-month waiting period. **Most FEDVIP dental plans cover adult orthodontia but it may be limited. Review your FEDVIP dental plan's brochure for information on this benefit.**

**Vision Insurance**

All vision plans provide comprehensive eye examinations and coverage for your choice of either lenses and frames or for contact lenses. Other benefits such as discounts on LASIK surgery may also be available.

**Additional Information**

You can find a comparison of the plans available and their premiums on the OPM website at [www.opm.gov/dental](http://www.opm.gov/dental) and [www.opm.gov/vision](http://www.opm.gov/vision). These sites also provide links to each plan's website, where you can view detailed information about benefits and preferred providers

**How do I enroll?**

You enroll on the Internet [www.BENEFEDS.com](http://www.BENEFEDS.com). For those without access to a computer, call 877-888-3337 (TTY: 877-889-5680).

## **The Federal Long Term Care Insurance Program (FLTCIP)**

**It's important protection**      The Federal Long Term Care Insurance program (FLTCIP) can help pay for the potentially high cost of long term care services, which are not covered by FEHB plans. Long term care is help you receive to perform activities of daily living - such as bathing or dressing yourself - or supervision you receive because of severe cognitive impairment such as Alzheimer's disease. Long term care can be received in your home in a nursing home, in an assisted living facility or in adult day care. You must apply, answer health questions (called underwriting) and be approved for enrollment. Federal and U.S. Postal Service employees and annuitants, active and retired members of the uniformed services, and qualified relatives are eligible to apply. Your qualified relatives can apply even if you do not. Certain medical conditions, or combinations of conditions, will prevent some people from being approved for coverage. You must apply to know if you will be approved for enrollment. For more information, call 800-LTC-FEDS (800-582-3337), (TTY: 800-843-3557), or [www.ltcfeds.com](http://www.ltcfeds.com).

## **The Federal Employee's Group Life Insurance Program - FEGLI**

**Peace of Mind for You and Your Family**      The Federal Employees' Group Life Insurance Program (FEGLI) can help protect your family from burdensome funeral costs and the unexpected loss of your income. You can get life insurance coverage starting at one year's salary to more than six times your salary and many options in between. You can also get coverage on the lives of your spouse and unmarried dependent children under age 22. You can continue your coverage into retirement if you meet certain requirements. For more information, visit [www.opm.gov/life](http://www.opm.gov/life).
