Important Notice from Humana CoverageFirst/Humana Value Plan About Our Prescription Drug Coverage and Medicare

The Office of Personnel Management (OPM) has determined that Humana CoverageFirst/Humana Value Plan prescription drug coverage is, on average, expected to pay out as much as the standard Medicare prescription drug coverage will pay for all plan participants and is considered Creditable Coverage. This means you do not need to enroll in Medicare Part D and pay extra for prescription drug coverage. If you decide to enroll in Medicare Part D later, you will not have to pay a penalty for late enrollment as long as you keep your FEHB coverage.

However, if you choose to enroll in Medicare Part D, you can keep your FEHB coverage and your FEHB plan will coordinate benefits with Medicare.

Remember: If you are an annuitant and you cancel your FEHB coverage, you may not re-enroll in the FEHB Program.

Please be advised

If you lose or drop your FEHB coverage and go 63 days or longer without prescription drug coverage that is at least as good as Medicare's prescription drug coverage, your monthly Medicare Part D premium will go up at least 1% per month for every month that you did not have that coverage. For example, if you go 19 months without Medicare Part D prescription drug coverage, your premium will always be at least 19% higher than what many other people pay. You will have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the next Annual Coordinated Election Period (October 15 through December 7) to enroll in Medicare Part D.

Medicare's Low Income Benefits

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA) online at www.socialsecurity.gov, or call the SSA at 800-772-1213, (TTY: 800-325-0778).

Introduction

This brochure describes the benefits of Humana CoverageFirst and Humana Value Plan under contract (CS 2887) between Humana and the United States Office of Personnel Management, as authorized by the Federal Employees Health Benefits law. Customer Service may be reached at 1-800-4HUMANA, 1-800-448-6262 or through our website: <https://feds.humana.com/>. This plan is underwritten by Humana Health Plan Inc., Humana Employers Health Plan of Georgia, Inc., Humana Health Plan of Texas, Inc., Humana Insurance Company, Humana Medical Plan, Inc., and Humana Health Plan of Ohio, Inc. The address for the CoverageFirst and the Value Plan administrative office is:

Humana Inc.
500 West Main Street
Louisville, KY 40201

This brochure is the official statement of benefits. No verbal statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self Plus One or Self and Family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2023, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2023, and changes are summarized on page 17. Rates are shown at the end of this brochure.

Plain Language

All FEHB brochures are written in plain language to make them easy to understand. Here are some examples:

- Except for necessary technical terms, we use common words. For instance, “you” means the enrollee and each covered family member, “we” means Humana Health Plan Inc., Humana Employers Health Plan of Georgia, Inc., Humana Health Plan of Texas, Inc., Humana Insurance Company, Humana Medical Plan, Inc., and Humana Health Plan of Ohio, Inc.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean.
- Our brochure and other FEHB plans’ brochures have the same format and similar descriptions to help you compare plans.

Stop Healthcare Fraud!

Fraud increases the cost of healthcare for everyone and increases your Federal Employees Health Benefits Program premium.

OPM’s Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

Protect Yourself From Fraud – Here are some things that you can do to prevent fraud:

- Do not give your plan identification (ID) number over the phone or to people you do not know, except for your healthcare providers, authorized health benefits plan, or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using healthcare providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review explanations of benefits (EOBs) statements that you receive from us.
- Periodically review your claim history for accuracy to ensure we have not been billed for services you did not receive.
- Do not ask your doctor to make false entries on certificates, bills, or records in order to get us to pay for an item or service.

- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
 - Call the provider and ask for an explanation. There may be an error.
 - If the provider does not resolve the matter, call us at 1-800-4HUMANA and explain the situation.
 - If we do not resolve the issue:

**CALL - THE HEALTHCARE FRAUD HOTLINE
1-877-499-7295**

OR go to www.opm.gov/our-inspector-general/hotline-to-report-fraud-waste-or-abuse/complaint-form/

The online reporting form is the desired method of reporting fraud in order to ensure accuracy, and a quicker response time.

You can also write to:

**United States Office of Personnel Management
Office of the Inspector General Fraud Hotline
1900 E Street NW Room 6400
Washington, DC 20415-1100**

- Do not maintain as a family member on your policy:
 - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise)
 - Your child age 26 or over (unless they are disabled and incapable of self-support prior to age 26)

A carrier may request that an enrollee verify the eligibility of any or all family members listed as covered under the enrollee's FEHB enrollment.

- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage (TCC).
- Fraud or intentional misrepresentation of material fact is prohibited under the Plan. You can be prosecuted for fraud and your agency may take action against you. Examples of fraud include, falsifying a claim to obtain FEHB benefits, trying to or obtaining service or coverage for yourself or for someone who is not eligible for coverage, or enrolling in the Plan when you are no longer eligible.
- If your enrollment continues after you are no longer eligible for coverage (i.e. you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed by your provider for services received. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member is no longer eligible to use your health insurance coverage.

Preventing Medical Mistakes

Medical mistakes continue to be a significant cause of preventable deaths within the United States. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. Medical mistakes and their consequences also add significantly to the overall cost of healthcare. Hospitals and healthcare providers are being held accountable for the quality of care and reduction in medical mistakes by their accrediting bodies. You can also improve the quality and safety of your own healthcare and that of your family members by learning more about and understanding your risks. Take these simple steps:

1. Ask questions if you have doubts or concerns.

- Ask questions and make sure you understand the answers.
- Choose a doctor with whom you feel comfortable talking.
- Take a relative or friend with you to help you take notes, ask questions and understand answers.

2. Keep and bring a list of all the medications you take.

- Bring the actual medication or give your doctor and pharmacist a list of all the medications and dosage that you take, including non-prescription (over-the-counter) medications and nutritional supplements.
- Tell your doctor and pharmacist about any drug, food, and other allergies you have, such as to latex.
- Ask about any risks or side effects of the medication and what to avoid while taking it. Be sure to write down what your doctor or pharmacist says.
- Make sure your medication is what the doctor ordered. Ask the pharmacist about your medication if it looks different than you expected.
- Read the label and patient package insert when you get your medication, including all warnings and instructions.
- Know how to use your medication. Especially note the times and conditions when your medication should and should not be taken.
- Contact your doctor or pharmacist if you have any questions.

- Understand both the generic and brand names of your medication. This helps ensure you do not receive double dosing from taking both a generic and a brand. It also helps prevent you from taking a medication to which you are allergic.

3. Get the results of any test or procedure.

- Ask when and how you will get the results of tests or procedures. Will it be in person, by phone, mail, through the Plan or Provider's portal?
- Don't assume the results are fine if you do not get them when expected. Contact your healthcare provider and ask for your results.
- Ask what the results mean for your care.

4. Talk to your doctor about which hospital or clinic is best for your health needs.

- Ask your doctor about which hospital or clinic has the best care and results for your condition if you have more than one hospital or clinic to choose from to get the healthcare you need.
- Be sure you understand the instructions you get about follow-up care when you leave the hospital or clinic.

5. Make sure you understand what will happen if you need surgery.

- Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
- Ask your doctor, "Who will manage my care when I am in the hospital?"
- Ask your surgeon:
 - "Exactly what will you be doing?"
 - "About how long will it take?"
 - "What will happen after surgery?"
 - "How can I expect to feel during recovery?"
- Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reactions to anesthesia, and any medications or nutritional supplements you are taking.

Preventable Healthcare Acquired Conditions (“Never Events”)

When you enter the hospital for treatment of one medical problem, you do not expect to leave with additional injuries, infections, or other serious conditions that occur during the course of your stay. Although some of these complications may not be avoidable, patients do suffer from injuries or illnesses that could have been prevented if doctors or the hospital had taken proper precautions. Errors in medical care that are clearly identifiable, preventable and serious in their consequences for patients, can indicate a significant problem in the safety and credibility of a healthcare facility. These conditions and errors are sometimes called “Never Events” or “Serious Reportable Events.”

We have a benefit payment policy that encourages hospitals to reduce the likelihood of hospital-acquired conditions such as certain infections, severe bedsores, and fractures, and to reduce medical errors that should never happen. When such an event occurs, neither you nor your FEHB plan will incur costs to correct the medical error.

You will not be billed for inpatient services related to treatment of specific hospital acquired conditions or for inpatient services needed to correct Never Events, if you use Humana preferred providers. This policy helps to protect you from preventable medical errors and improve the quality of care you receive.

FEHB Facts

Coverage information

- **No pre-existing condition limitation** We will not refuse to cover the treatment of a condition you had before you enrolled in this Plan solely because you had the condition before you enrolled.
- **Minimum essential coverage (MEC)** Coverage under this plan qualifies as minimum essential coverage. Please visit the Internal Revenue Service (IRS) website at www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision for more information on the individual requirement for MEC.
- **Minimum value standard** Our health coverage meets the minimum value standard of 60% established by the ACA. This means that we provide benefits to cover at least 60% of the total allowed costs of essential health benefits. The 60% standard is an actuarial value; your specific out-of-pocket costs are determined as explained in this brochure.
- **Where you can get information about enrolling in the FEHB Program** See www.opm.gov/healthcare-insurance for enrollment information as well as:
 - Information on the FEHB Program and plans available to you
 - A health plan comparison tool
 - A list of agencies that participate in Employee Express
 - A link to Employee Express
 - Information on and links to other electronic enrollment systems

Also, your employing or retirement office can answer your questions, give you other plans' brochures and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

- When you may change your enrollment
- How you can cover your family members
- What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire
- What happens when your enrollment ends
- When the next Open Season for enrollment begins

We do not determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office. For information on your premium deductions, you must also contact your employing or retirement office.

Once enrolled in your FEHB Program Plan, you should contact the carrier directly for address updates and questions about your benefit coverage.

- **Types of coverage available for you and your family** Self Only coverage is only for the enrollee. Self Plus One coverage is for the enrollee and one eligible family member. Self and Family coverage is for the enrollee, and one or more eligible family members. Family members include your spouse and your dependent children under age 26, including any foster children authorized for coverage by your employing agency or retirement office. Under certain circumstances, you may also continue coverage for a disabled child 26 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self Plus One or Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event.

The Self Plus One or Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self Plus One or Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form. Benefits will not be available to your spouse until you are married. A carrier may request that an enrollee verify the eligibility of any or all family members listed as covered under the enrollee's FEHB enrollment.

Contact your carrier to add a family member when there is already family Coverage.

Contact your employing or retirement office if you are changing from Self to Self Plus One or Self and Family or to add a family member if you currently have a Self Only plan.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive benefits, nor will we. Please tell us immediately of changes in family member status, including your marriage, divorce, annulment, or when your child reaches age 26.

If you or one of your family members is enrolled in one FEHB plan, you or they cannot be enrolled in or covered as a family member by another enrollee in another FEHB plan.

If you have a qualifying life event (QLE) - such as marriage, divorce, or the birth of a child - outside of the Federal Benefits Open Season, you may be eligible to enroll in the FEHB Program, change your enrollment, or cancel coverage. For a complete list of QLEs, visit the FEHB website at www.opm.gov/healthcare-insurance/life-events. If you need assistance, please contact your employing agency, Tribal Benefits Officer, personnel/payroll office, or retirement office.

- **Family Member Coverage**

Family members covered under your Self and Family enrollment are your spouse (including your spouse by valid common-law marriage from a state that recognizes common-law marriages) and children as described in the chart below. A Self Plus One enrollment covers you and your spouse, or one other eligible family member as described below.

Natural children, adopted children, and stepchildren

Coverage: Natural children, adopted children, and stepchildren are covered until their 26th birthday.

Foster children

Coverage: Foster children are eligible for coverage until their 26th birthday if you provide documentation of your regular and substantial support of the child and sign a certification stating that your foster child meets all the requirements. Contact your human resources office or retirement system for additional information.

Children incapable of self-support

Coverage: Children who are incapable of self-support because of a mental or physical disability that began before age 26 are eligible to continue coverage. Contact your human resources office or retirement system for additional information.

Married children

Coverage: Married children (but NOT their spouse or their own children) are covered until their 26th birthday.

Children with or eligible for employer-provided health insurance

Coverage: Children who are eligible for or have their own employer-provided health insurance are covered until their 26th birthday.

Newborns of covered children are insured only for routine nursery care during the covered portion of the mother's maternity stay.

You can find additional information at www.opm.gov/healthcare-insurance.

- **Children’s Equity Act**

OPM implements the Federal Employees Health Benefits Children’s Equity Act of 2000. This law mandates that you be enrolled for Self Plus One or Self and Family coverage in the FEHB Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll for Self Plus One or Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self Plus One or Self and Family coverage, as appropriate, in the lowest-cost nationwide plan option as determined by OPM;
- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the same option of the same plan; or
- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the lowest-cost nationwide plan option as determined by OPM.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that does not serve the area in which your children live, unless you provide documentation that you have other coverage for the children.

If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot cancel your coverage, change to Self Only, or change to a plan that does not serve the area in which your children live as long as the court/administrative order is in effect. Similarly, you cannot change to Self Plus One if the court/administrative order identifies more than one child. Contact your employing office for further information.

- **When benefits and premiums start**

The benefits in this brochure are effective January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. **If you changed plans or plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be processed according to the 2023 benefits of your prior plan or option.** If you have met (or pay cost-sharing that results in your meeting) the out-of-pocket maximum under the prior plan or option, you will not pay cost-sharing for services covered between January 1 and the effective date of coverage under your new plan or option. However, if your prior plan left the FEHB Program at the end of the year, you are covered under that plan’s 2022 benefits until the effective date of your coverage with your new plan. Annuitants’ coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

If your enrollment continues after you are no longer eligible for coverage, (i.e. you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed for services received directly from your provider. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member are no longer eligible to use your health insurance coverage.

- **When you retire**

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

When you lose benefits

- **When FEHB coverage ends**

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment; or
- You are a family member no longer eligible for coverage.

Any person covered under the 31 day extension of coverage who is confined in a hospital or other institution for care or treatment on the 31st day of the temporary extension is entitled to continuation of the benefits of the Plan during the continuance of the confinement but not beyond the 60th day after the end of the 31 day temporary extension.

You may be eligible for spouse equity coverage or Temporary Continuation of Coverage (TCC), or a conversion policy (a non-FEHB individual policy.)

- **Upon divorce**

If you are divorced from a Federal employee, or an annuitant, you may not continue to get benefits under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to provide health coverage to you. However, you may be eligible for your own FEHB coverage under either the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get additional information about your coverage choices. You can also visit OPM's website at www.opm.gov/healthcare-insurance/healthcare/plan-information/. A carrier may request that an enrollee verify the eligibility of any or all family members listed as covered under the enrollee's FEHB enrollment.

- **Temporary Continuation of Coverage (TCC)**

If you leave Federal service, Tribal employment, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal or Tribal job, or if you are a covered child and you turn 26.

You may not elect TCC if you are fired from your Federal or Tribal job due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC, from your employing or retirement office or from www.opm.gov/healthcare-insurance. It explains what you have to do to enroll.

Alternatively, you can buy coverage through the Health Insurance Marketplace where, depending on your income, you could be eligible for a tax credit that lowers your monthly premiums. Visit www.HealthCare.gov to compare plans and see what your premium, deductible, and out-of-pocket costs would be before you make a decision to enroll. Finally, if you qualify for coverage under another group health plan (such as your spouse's plan), you may be able to enroll in that plan, as long as you apply within 30 days of losing FEHB Program coverage.

- **Converting to individual coverage**

You may convert to a non-FEHB individual policy if:

- Your coverage under TCC or the spouse equity law ends (If you canceled your coverage or did not pay your premium, you cannot convert);
- You decided not to receive coverage under TCC or the spouse equity law; or
- You are not eligible for coverage under TCC or the spouse equity law.

If you leave Federal or Tribal service, your employing office will notify you of your right to convert. You must contact us in writing within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will not notify you. You must contact us in writing within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, a waiting period will not be imposed and your coverage will not be limited due to pre-existing conditions. When you contact us, we will assist you in obtaining information about health benefits coverage inside or outside the Affordable Care Act's Health Insurance Marketplace in your state. For assistance in finding coverage, please contact customer service at 1-800-4HUMANA or visit <https://feds.humana.com>.

- **Health Insurance Marketplace**

If you would like to purchase health insurance through the ACA's Health Insurance Marketplace, please visit www.HealthCare.gov. This is a website provided by the U.S. Department of Health and Human Services that provides up-to-date information on the Marketplace.

Section 1. How This Plan Works

This Plan is a Consumer Driven Health Plan and a Point of Service product. OPM requires that FEHB plans be accredited to validate that plan operations and/or care management meet nationally recognized standards. Humana holds the following accreditations: The National Committee for Quality Assurance (NCQA). To learn more about this plan's accreditation(s), please visit the following websites: www.ncqa.gov. We recommend you to see specific physicians, hospitals, and other providers that contract with us. These Plan providers coordinate your healthcare services. We are solely responsible for the selection of these providers in your area. Contact us for a copy of our most recent provider directory. We give you a choice of enrollment in a Consumer Driven Health Plan (CDHP) or a Value Plan.

You should join a CDHP or Value Plan because you prefer the plan's benefits, not because a particular provider is available. You cannot change plans because a provider leaves our Plan. We cannot guarantee that any one physician, hospital, or other provider will be available and/or remain under contract with us.

We have Point of Service (POS) benefits: Our CDHP and Value Plans offer Point-of-Service (POS) benefits. This means you can receive covered services from a non-participating provider. However, out-of-network benefits may have higher out-of-pocket-costs than our in-network benefits.

How we pay providers

Participating Providers: We contract with individual physicians, medical groups, and hospitals to provide the benefits in this brochure. These Plan providers accept a negotiated payment from us, and you will only be responsible for your cost-sharing (copayments, coinsurance, deductibles, and non-covered services and supplies).

Non-Participating Providers: For services rendered by non-participating physicians, the dollar amount of the deductible or benefit percentage is calculated based on a reimbursement schedule established by us.

When you use Participating Providers

When you use participating providers, you receive the highest level of benefits, with less out-of-pocket expenses. You will not have to submit claim forms. You pay only the copayments, coinsurance, and deductibles described in this brochure.

When you use Non-Participating Providers

When you use a non-participating provider, we will pay benefits at a lower level and you will pay a larger share of the costs. Since non-participating providers have not agreed to accept discounted or negotiated fees as payment in full, they may balance bill you for charges in excess of the allowable amount. You will be responsible for charges in excess of the allowable amount in addition to any applicable deductible or coinsurance. Any amount that you pay to a non-participating provider in excess of your coinsurance (percentage of the allowable fee) will not apply to your out-of-pocket limit or deductible.

General features of our Consumer Driven Health Plan (CDHP)

Our Consumer Driven Health Plan is a comprehensive medical plan. You can see participating or non-participating providers without a referral.

The Plan pays the first \$1,000 of covered medical services for each person enrolled. We call this your benefit allowance. While using the \$1,000 benefit allowance, you are only responsible for the applicable copayments and coinsurance. The amount the plan deducts from your allowance for a particular service is based on the price Humana has negotiated with the healthcare provider. You do not have to submit receipts for reimbursement. **The benefit allowance can only be used to pay for covered medical services from participating providers.** Any benefit allowance that remains at the end of the Plan year cannot be "rolled over" or "cashed out."

The following services do not reduce your \$1,000 benefit allowance:

- **Preventive Care** services are separate and do not apply toward the benefit allowance. The costs of the services are not subject to the deductible.

- **Prescription Drug** copayments do not apply toward your benefit allowance. You are only responsible for applicable copayments or coinsurance when you use a participating provider. The costs of the services are not subject to the deductible.

Once you spend your \$1,000 benefit allowance, you pay for medical services until you meet the deductible.

The copayment or coinsurance covers services billed as an office visit or consultation. Other services provided in the physician office, such as lab work, X-rays and surgery are subject to the deductible and coinsurance.

Preventive care services

Preventive care services are generally paid as first dollar coverage and are not subject to copayments, deductibles, or annual limits when received from a participating provider.

Annual deductible

The annual deductible of \$1,500 for Self Only, or \$3,000 for Self Plus One or Self and Family in-network and \$3,500 for Self Only, or \$7,000 for Self Plus One or Self and Family out-of-network, where applicable, must be met before Plan benefits are paid for other than preventive care services.

Catastrophic protection

We protect you against catastrophic out-of-pocket expenses for covered services. The IRS limits annual out-of-pocket expenses for covered services, including deductibles and copayments, for participating providers, it cannot exceed \$8,150 for Self Only enrollment, and \$16,300 for a Self Plus One or Self and Family. For non-participating providers, it cannot exceed \$16,300 for Self Only, and \$32,600 for a Self Plus One or Self and Family. The out-of-pocket limit for this Plan may differ from the IRS limit, but cannot exceed the amount.

General features of our Value Plan

Our Value Plan is a comprehensive medical plan. You can see participating or non-participating providers without a referral.

Preventive care services

Preventive care services are generally paid as first dollar coverage and are not subject to copayments, deductibles, or annual limits when received from a participating provider.

Annual deductible

The annual deductible of \$1,500 for Self Only, or \$3,000 for Self Plus One or Self and Family in-network and \$3,500 for Self Only, or \$7,000 for Self Plus One or Self and Family out-of-network, where applicable, must be met before Plan benefits are paid for care other than preventive care services.

Catastrophic protection

We protect you against catastrophic out-of-pocket expenses for covered services. The IRS limits annual out-of-pocket expenses for covered services, including deductibles and copayments, to no more than \$7,000 for Self Only enrollment, and \$14,000 for a Self Plus One or Self and Family. For non-participating providers, cannot exceed \$16,300 for Self Only, and \$32,600 for a Self Plus One or Self and Family. The out-of-pocket limit for this Plan may differ from the IRS limit, but cannot exceed that amount.

Your rights and responsibilities

OPM requires that all FEHB plans provide certain information to their FEHB members. You may get information about us, our networks, and our providers. OPM's FEHB website (www.opm.gov/healthcare-insurance/) lists the specific types of information that we must make available to you. Some of the required information is listed below:

- Nationally, Humana has been in the healthcare business since 1961.
- Humana is a for profit corporation which is publicly traded on the New York Stock Exchange (NYSE).

You are also entitled to a wide range of consumer protections and have specific responsibilities as a member of this Plan. You can view the complete list of these rights and responsibilities by visiting our website, Humana at <https://feds.humana.com/>. You can also contact us to request that we mail a copy to you.

If you want more information about us, call 1-800-4HUMANA, or write to the Plan at P.O. Box 14602, Lexington, KY 40512-4602. You may also visit our website at <https://feds.humana.com/>.

By law, you have the right to access your protected health information (PHI). For more information regarding access to PHI, visit Humana's website at <https://feds.humana.com/> to obtain our Notice of Privacy Practices. You can also contact us to request that we mail you a copy of that Notice.

Your medical and claims records are confidential

We will keep your medical and claims records confidential. Please note that we may disclose your medical and claims information (including your prescription drug utilization) to any of your treating physicians or dispensing pharmacies.

Section 2. Changes for 2023

Do not rely only on these change descriptions; this Section is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

Program-wide changes:

- Section 5(a) Infertility services: Iatrogenic Infertility Preservation will be covered under the Infertility benefit. Preauthorization is required and medical criteria must be met.
- Your coverage for preventive services may be updated throughout the year. Please visit USPSTF, ACIP, HRSA, Bright Futures and [feds.humana.com](https://www.feds.humana.com) websites for any changes or updates.

Section 3. How You Get Care

Identification cards

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation (for annuitants), or your electronic enrollment system (such as Employee Express) confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 1-800-4HUMANA or 1-800-448-6262 or write to the Plan at P.O. Box 14602, Lexington, KY 40512-4602. You may also request replacement cards through our website <https://feds.humana.com/>.

Where you get covered care

You can get care from any “Plan provider” or “Plan facility.” You will only pay copayments, deductibles, and/or coinsurance, and you will not have to file claims. You can also get care from non-Plan providers, but it will cost you more.

- **Plan providers**

Plan providers are physicians and other healthcare professionals in our service area that we contract with to provide covered services to our members. We credential Plan providers according to national standards.

We list Plan providers in the provider directory, which we update periodically. The list is also on our website at <https://feds.humana.com/>.

This plan recognizes that transgender, non-binary, and other gender diverse members require health care delivered by healthcare providers experienced in gender affirming health. Benefits described in this brochure are available to all members meeting medical necessity guidelines regardless of race, color, national origin, age, disability, religion, sex or gender.

This plan provides Care Coordinators for complex conditions and can be reached for assistance by calling 1-800-4HUMANA.

- **Plan facilities**

Plan facilities are hospitals and other facilities in our service area that we contract with to provide covered services to our members. We list these in the provider directory, which we update periodically. The list is also on our website at <https://feds.humana.com/>.

Balance Billing Protection

FEHB Carriers must have clauses in their in-network (participating) provider agreements. These clauses provide that, for a service that is a covered benefit in the plan brochure or for services determined not medically necessary, the in-network provider agrees to hold the covered individual harmless (and may not bill) for the difference between the billed charge and the in network contracted amount. If an in-network provider bills you for covered services over your normal cost share (deductible, copay, coinsurance) contact Humana to enforce the terms of its provider contract.

What you must do to get covered care

You do not have to select a primary care physician and may self refer. To obtain the highest level of coverage, however, a member must seek care from a participating provider. Some care requires you or your provider to obtain prior authorization.

- **Primary care**

Your primary care physician can be a general practitioner, family practitioner, internist, or pediatrician. Your primary care physician will provide most of your healthcare.

If you want to change primary care physicians or if your primary care physician leaves the Plan, call us. We will help you select a new one.

- **Specialty care**

You may see any participating specialist without a referral, including:

- Mental health providers
- Vision care providers

- OB/GYN providers for your annual well-woman exam
- Another doctor your primary care physician has designated to provide patient care when he or she is not available.

Here are some other things you should know about specialty care:

- If you have a chronic and disabling condition and lose access to your specialist because we:
 - terminate our contract with your specialist for other than cause;
 - drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB plan; or
 - reduce our Service Area and you enroll in another FEHB plan;

you may be able to continue seeing your specialist for up to 90 days after you receive notice of the change. Contact us, or if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist until the end of your postpartum care, even if it is beyond the 90 days.

• **Hospital care**

Your Plan primary care physician or specialist will make necessary hospital arrangements and supervise your care. This includes admission to a skilled nursing or other type of facility.

• **If you are hospitalized when your enrollment begins**

We pay for covered services from the effective date of your enrollment. However, if you are in the hospital when your enrollment in our Plan begins, call our customer service department immediately at 1-800-426-2173. If you are new to the FEHB Program, we will arrange for you to receive care and provide benefits for your covered services while you are in the hospital beginning on the effective date of your coverage.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- you are discharged, not merely moved to an alternative care center;
- the day your benefits from your former plan run out; or
- the 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person. If your plan terminates participation in the FEHB Program in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such cases, the hospitalized family member's benefits under the new plan begin on the effective date of enrollment.

You need prior Plan approval for certain services

Since we do not have a primary care physician requirement and we allow you to use non-Plan providers, you need to obtain our approval before you receive certain services. The pre-service claim approval processes for inpatient hospital admissions (called precertification) and for other services, are detailed in this Section. A pre-service claim is any claim in whole or in part, that requires approval from us in advance of obtaining medical care of services. In other words, a pre-service claim for benefits (1) requires precertification, prior approval or a referral and (2) will result in a denial or reduction of benefits if you do not obtain precertification, prior approval or a referral.

• **Inpatient hospital admission**

Precertification is the process by which – prior to your inpatient hospital admission – we evaluate the medical necessity of your proposed stay and the number of days required to treat your condition.

- **Other services**

Your primary care physician has authority to refer you for most services. For certain services, however, your physician must obtain prior approval from us. Before giving approval, we consider if the service is covered, medically necessary, and follows generally accepted medical practice. You must obtain prior authorization for services:

- Organ/tissue transplants
- All elective medical and surgical hospitalizations (Including Inpatient Hospice)
- Non-emergent admissions for mental health, skilled nursing, acute rehabilitation facilities and long term acute care facilities
- MRI, MRA, PET, CT Scan, and SPECT Scan
- Surgical treatment for morbid obesity
- All durable medical equipment (DME) over \$750
- Home healthcare services (Including Home Hospice)
- Infertility testing and treatment
- Some specialty drugs when delivered in the physician's office, clinic, outpatient or home setting
- All surgeries which may be considered plastic or cosmetic surgery only for repair of accidental injury
- Oral surgeries
- Outpatient Therapy Services for Physical, Occupational and Speech
- Genetic/Molecular Diagnostic Testing – (Genetic testing is covered under the laboratory services benefit, limitations may apply)
- Chiropractic
- Radiation Therapy
- Acupuncture
- Esophagogastroduodenoscopy (EGD)
- Coronary angiography
- Colonoscopy repeat testing

For a complete listing of services requiring prior authorization, please visit our website at www.humana.com.

How to request precertification for an admission or get prior authorization for Other services

First, your physician, your hospital, you, or your representative must call us at 1-800-4HUMANA before admission or services requiring prior authorization are rendered.

Next, provide the following information:

- enrollee's name and Plan identification number;
- patient's name, birth date, identification number and phone number;
- reason for hospitalization, proposed treatment, or surgery;
- name and phone number of admitting physician;
- name of hospital or facility; and
- number of days requested for hospital stay.

- **Non-urgent care claims**

For non-urgent care claims, we will tell the physician and/or hospital the number of approved inpatient days, or the care that we approve for other services that must have prior authorization. We will make our decision within 15 days of receipt of the pre-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you of the need for an extension of time before the end of the original 15-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

- **Urgent care claims**

If you have an urgent care claim (i.e., when waiting for the regular time limit for your medical care or treatment could seriously jeopardize your life, health, or ability to regain maximum function, or in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without this care or treatment), we will expedite our review and notify you of our decision within 72 hours. If you request that we review your claim as an urgent care claim, we will review the documentation you provide and decide whether or not it is an urgent care claim by applying the judgment of a prudent layperson that possesses an average knowledge of health and medicine.

If you fail to provide sufficient information, we will contact you within 24 hours after we receive the claim to let you know what information we need to complete our review of the claim. You will then have up to 48 hours from the receipt of this notice to provide the necessary information. We will make our decision on the claim within 48 hours of (1) the time we received the additional information or (2) the end of the time frame you received the notice to provide the additional information, whichever is earlier.

We may provide our decision orally within these time frames, but we will follow up with written or electronic notification within three days of oral notification.

You may request that your urgent care claim on appeal be reviewed simultaneously by us and OPM. Please let us know that you would like a simultaneous review of your urgent care claim by OPM either in writing at the time you appeal our initial decision, or by calling us at 1-800-4HUMANA or 1-800-448-6262. You may also call OPM's Health Insurance 3 at (202) 606-0755 between 8 a.m. and 5 p.m. Eastern Time to ask for the simultaneous review. We will cooperate with OPM so they can quickly review your claim on appeal. In addition, if you did not indicate that your claim was a claim for urgent care, call us at 1-800-4HUMANA or 1-800-448-6262. If it is determined that your claim is an urgent care claim, we will expedite our review (if we have not yet responded to your claim).

- **Concurrent care claims**

A concurrent care claim involves care provided over a period of time or over a number of treatments. We will treat any reduction or termination of our pre-approved course of treatment before the end of the approved period of time or number of treatments as an appealable decision. This does not include reduction or termination due to benefit changes or if your enrollment ends. If we believe a reduction or termination is warranted, we will allow you sufficient time to appeal and obtain a decision from us before the reduction or termination takes effect.

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, we will make a decision within 24 hours after we receive the claim.

- **Emergency inpatient admission** If you have an emergency admission due to a condition that you reasonably believe puts your life in danger or could cause serious damage to bodily function, you, your representative, the physician, or the hospital must phone us within two business days following the day of the emergency admission, even if you have been discharged from the hospital.
- **Maternity care** Precertification is not required for maternity care.
- **If your treatment needs to be extended** If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, we will make a decision within 24 hours after we receive the claim.

What happens when you do not follow the precertification rules when using non-network facilities

You are responsible for the precertification rules when using non-network healthcare providers. If preauthorization is required but not obtained, benefits will be reduced by \$500.

Circumstances beyond our control

Under certain extraordinary circumstances, such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.

If you disagree with our pre-service claim decision

If you have a **pre-service claim** and you do not agree with our decision regarding precertification of an inpatient admission or prior approval of other services, you may request a review in accord with the procedures detailed below. If your claim is in reference to a contraceptive, call 1-800-4-HUMANA.

If you have already received the service, supply, or treatment, then you have a **post-service claim** and must follow the entire disputed claims process detailed in Section 8.

- **To reconsider a non-urgent care claim**

Within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

In the case of a pre-service claim and subject to a request for additional information, we have 30 days from the date we receive your written request for reconsideration to

1. Precertify your hospital stay or, if applicable, arrange for the healthcare provider to give you the care or grant your request for prior approval for a service, drug, or supply; or
2. Ask you or your provider for more information.

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

3. Write to you and maintain our denial.

- **To reconsider an urgent care claim**

In the case of an appeal of a pre-service urgent care claim, within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

Unless we request additional information, we will notify you of our decision within 72 hours after receipt of your reconsideration request. We will expedite the review process, which allows oral or written requests for appeals and the exchange of information by phone, electronic mail, facsimile, or other expeditious methods.

- **To file an appeal with OPM**

After we reconsider your **pre-service claim**, if you do not agree with our decision, you may ask OPM to review it by following Step 3 of the disputed claims process detailed in Section 8 of this brochure.

Section 4. Your Cost for Covered Services

This is what you will pay out-of-pocket for covered care:

Cost-sharing Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g. deductible, coinsurance, and copayments) for the covered care you receive.

Coinsurance Coinsurance is the percentage of our allowance that you must pay for your care. Coinsurance does not begin until you have met your calendar year deductible.

Participating providers example: You pay 50% of charges for in-network infertility services under the CDHP and the Value Plan.

Non-participating providers example: You pay 40% up to \$5,000 limit of Plan allowance and any difference between allowance and the billed amount for out-of-network infertility services under the CDHP. You pay 50% up to \$5,000 limit of Plan allowance and any difference between allowance and the billed amount for out-of-network infertility services under the Value Plan.

Copayments A copayment is a fixed amount of money you pay to a participating provider, facility, pharmacy, etc. when you receive certain services.

Copayments apply, even after you meet your deductible.

Example: When you see a participating primary care physician (PCP), you will pay a \$40 copayment under the CDHP and a \$50 copayment under the Value Plan.

Deductible A deductible is a fixed expense you must incur for certain covered services and supplies before we start paying benefits for them. Deductible and out-of-pocket limits for participating and non-participating benefits are calculated separately.

Consumer Driven Health Plan (CDHP)

Participating providers – If you use participating providers, you do not have to meet a deductible until your \$1,000 benefit allowance is depleted. The calendar year deductible is \$1,500 for Self Only. The deductible for Self Plus One or Self and Family coverage is \$3,000.

Non-participating providers – If you use non-participating providers, the \$1,000 benefit allowance does not apply. Before benefits are payable, the calendar year deductible of \$3,500 for Self Only must be met. The deductible for Self Plus One or Self and Family coverage is \$7,000.

Value Plan

Participating providers – The calendar year deductible for Self Only is \$1,500. The deductible for Self Plus One or Self and Family is \$3,000.

Non-participating providers – The calendar year deductible for Self Only is \$3,500. The deductible for Self Plus One or Self and Family is \$7,000.

Note: If you change plans during Open Season, you do not have to start a new deductible under your prior plan between January 1 and the effective date of your new plan. If you change plans at another time during the year, you must begin a new deductible under your new plan.

Differences between our Plan allowance and the bill Participating providers – have agreed to accept a negotiated payment from us; you are only responsible for your copayments. You never have to pay the difference between the plan allowance and the billed amount.

Your catastrophic protection out-of-pocket maximum

Non-participating providers – You will be responsible for any difference between the amount non-participating providers charge and our allowance, in addition to the applicable coinsurance amounts.

You should also see section *Important Notice About Surprise Billing – Know Your Rights* below that describes your protections against surprise billing under the No Surprises Act.

Out-of-pocket maximums are the amount of out-of-pocket expenses that a Self Only, Self Plus One or a Self and Family will have to pay in a plan year. Out -of-pocket maximums apply on a calendar year basis only. The non-participating maximum out-of-pocket expense limits exclude expenses for covered organ transplants.

CDHP

Participating providers – After your (copayments and coinsurance) total \$8,150 for Self Only, or \$16,300 for a Self Plus One or Self and Family enrollment in any calendar year, you do not have to pay any more for covered services.

Non-participating providers – After your (copayments and coinsurance) total \$16,300 for Self Only, or \$32,600 for a Self Plus One or Self and Family enrollment in any calendar year, you do not have to pay any more for covered services.

The maximum annual limitation on cost sharing listed under Self Only of \$8,150 for participating providers and \$16,300 for non-participating providers applies to each individual, regardless of whether the individual is enrolled in Self Only, Self Plus One, or Self and Family.

Example Scenario: Your plan has a \$8,150 Self Only maximum out-of-pocket limit and a \$16,300 Self Plus One or Self and Family maximum out-of-pocket limit. If you or one of your eligible family members has out-of-pocket qualified medical expenses of \$8,150 or more for the calendar year, any remaining qualified medical expenses for that individual will be covered fully by your health plan. With a Self and Family enrollment out-of-pocket maximum of \$16,300, a second family member, or an aggregate of other eligible family members, will continue to accrue out-of-pocket qualified medical expenses up to a maximum of \$8,150 for the calendar year before their qualified medical expenses will begin to be covered in full.

Be sure to keep accurate records and receipts of your copayments and coinsurance since you are responsible for informing us when you reach the maximum.

Value Plan

Participating providers – After your (copayments and coinsurance) total \$8,150 for Self Only, or \$16,300 for a Self Plus One or Self and Family enrollment in any calendar year, you do not have to pay any more for covered services.

Non-participating providers – After your (copayments and coinsurance) total \$16,300 for Self Only, or \$32,600 for a Self Plus One or Self and Family enrollment in any calendar year, you do not have to pay any more for covered services.

The maximum annual limitation on cost sharing listed under Self Only of \$8,150 for participating providers and \$16,300 for non-participating providers applies to each individual, regardless of whether the individual is enrolled in Self Only, Self Plus One, or Self and Family.

Example Scenario: Your plan has a \$8,150 Self Only maximum out-of-pocket limit and a \$16,300 Self Plus One or Self and Family maximum out-of-pocket limit. If you or one of your eligible family members has out-of-pocket qualified medical expenses of \$8,150 or more for the calendar year, any remaining qualified medical expenses for that individual will be covered fully by your health plan. With a Self and Family enrollment out-of-pocket maximum of \$16,300, a second family member, or an aggregate of other eligible family members, will continue to accrue out-of-pocket qualified medical expenses up to a maximum of \$8,150 for the calendar year before their qualified medical expenses will begin to be covered in full.

Be sure to keep accurate records and receipts of your copayments and coinsurance since you are responsible for informing us when you reach the maximum.

Carryover

If you changed to this plan during Open Season from a plan with a catastrophic protection benefit and the effective date of the change was after January 1, any expenses that would have applied to that plan's catastrophic protection benefit during the prior year will be covered by your prior plan if they are for care you received in January before your effective date of coverage in this Plan. If you have already met your prior plan's catastrophic protection benefit level in full, it will continue to apply until the effective date of your coverage in this Plan. If you have not met this expense level in full, your prior plan will first apply your covered out-of-pocket expenses until the prior year's catastrophic level is reached and then apply the catastrophic protection benefit to covered out-of-pocket expenses incurred from that point until the effective date of your coverage in this Plan. Your prior plan will pay these covered expenses according to this year's benefits; benefit changes are effective January 1.

When Government facilities bill us

Facilities of the Department of Veterans Affairs, the Department of Defense and the Indian Health Services are entitled to seek reimbursement from us for certain services and supplies they provide to you or a family member. They may not seek more than their governing laws allow. You may be responsible to pay for certain services and charges. Contact the government facility directly for more information.

Important Notice About Surprise Billing – Know Your Rights

The No Surprises Act (NSA) is a federal law that provides you with protections against "surprise billing" and "balance billing" under certain circumstances. A surprise bill is an unexpected bill you receive from a nonparticipating healthcare provider, facility, or air ambulance service for healthcare. Surprise bills can happen when you receive emergency care – when you have little or no say in the facility or provider from whom you receive care. They can also happen when you receive non-emergency services at participating facilities, but you receive some care from nonparticipating providers.

Balance billing happens when you receive a bill from the nonparticipating provider, facility, or air ambulance service for the difference between the nonparticipating provider's charge and the amount payable by your health plan.

Your health plan must comply with the NSA protections that hold you harmless from unexpected bills.

In addition, your health plan adopts and complies with the surprise billing laws of Arizona, Florida, Georgia, Illinois, Kansas, Kentucky, Ohio, Tennessee, and Texas.

For specific information on surprise billing, the rights and protections you have, and your responsibilities go to <https://humana.com> or contact the health plan at 1-800-4HUMANA.

**The Federal
Flexible Spending
Account Program -
FSAFEDS**

- **Healthcare FSA (HCFSA)** – Reimburses you for eligible out-of-pocket healthcare expenses (such as copayments, deductibles, **physician prescribed** over-the-counter drugs and medications, vision and dental expenses, and much more) for you, your tax dependents, and your adult children (through the end of the calendar year in which they turn 26).
- **FSAFEDS** offers paperless reimbursement for your HCFSA through a number of FEHB and FEDVIP plans. This means that when you or your provider files claims with your FEHB or FEDVIP plan, FSAFEDS will automatically reimburse your eligible out-of-pocket expenses based on the claim information it receives from your plan.

Summary of Benefits for the CDHP - 2023130

Section 5. Consumer Driven Health Plan Benefits Overview

This Plan offers a Consumer Driven Health Plan (CDHP). The CDHP benefit package is described in Section 5. Make sure that you review the benefits that are available under the benefit product in which you are enrolled.

CDHP Section 5, which describes the CDHP benefits, is divided into subsections. Please read important things you should keep in mind at the beginning of the subsections. Also read the general exclusions in Section 6; they apply to the benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about CDHP benefits, contact us at 1-800-4HUMANA or on our website at <https://feds.humana.com/>.

This CDHP focuses on you, the healthcare consumer, and gives you greater control in how you use your healthcare benefits. With this plan, eligible in-network medical preventive care is covered in full, and you can use the benefit allowance for any covered care. If you use up your benefit allowance, the Traditional Medical Coverage begins after you satisfy your deductible.

Network Availability

The CDHP includes:

Humana contracts with both private office physicians and with physician groups. Referrals are not required for participating providers. The CoverageFirst plan will utilize the National Point of Service (NPOS) network.

Benefit Allowance

Members have a \$1,000 in-network benefit allowance to use before they must meet a deductible. Once your benefit allowance has been exhausted, you must satisfy your in-network deductible: \$1,500 for Self Only, or \$3,000 for Self Plus One or Self and Family. After the deductible has been met, you are only responsible for your copays or coinsurance.

Pharmacy

Your pharmacy plan is an Rx5 Plan, which allows members access to appropriate drugs used to treat conditions the medical plan covers. See drug levels listed below:

- **Level One** – preferred generic and lowest-cost generic
- **Level Two** – non-preferred generic and low-cost generic
- **Level Three** – preferred brand and higher-cost generic
- **Level Four** – non-preferred brand and some non-preferred higher-cost generics
- **Level Five** – most self-administered injectable medications and high-technology drugs that are often newly approved by the U.S. Food and Drug Administration.

Check your pharmacy and drug coverage details at MyHumana.com.

- Enroll in medical plans online
- Educate yourself about Humana’s health and wellness programs
- Find in-network doctors, hospitals and pharmacies near you
- Search Humana’s Drug List for prescription drugs and their estimated retail prices

Section 5. Preventive Care

Important things you should keep in mind about these benefits:

- Preventive care services listed in this Section are not subject to the deductible.
- The cost of the services does not apply toward your \$1,000 benefit allowance.
- For all other covered expenses, please see Section 5. *Traditional Medical Coverage Subject to the Deductible*.
- Humana will not waive the medical copayments, coinsurance, and deductibles for member when original Medicare is the primary payor. Members must enroll in the Humana Value Plan code associated within the service areas listed on the Value Plan brochure and the Humana Medicare Advantage Plan to receive waivers for medical copayments, coinsurance, and deductibles. See the Value Plan brochure (RI 73-829) for more details.

Section 5. Traditional Medical Coverage Subject to the Deductible

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- In-network preventive care is covered at 100% (see page 32) and is not subject to the calendar year deductible.
- The deductible is \$1,500 per person (\$3,000 per Self Plus One enrollment, or \$3,000 per Self and Family enrollment). The family deductible can be satisfied by one or more family members. The deductible applies to almost all benefits under Traditional medical coverage. You must pay your deductible before your Traditional medical coverage may begin.
- Under Traditional medical coverage, you are responsible for your coinsurance and copayments for covered expenses.
- When you use network providers, you are protected by an annual catastrophic maximum on out-of-pocket expenses for covered services. After your coinsurance, copayments and deductibles total \$8,150 per person, \$16,300 per Self Plus One enrollment or \$16,300 per Self and Family enrollment in any calendar year, you do not have to pay any more for covered services from network providers. However, certain expenses do not count toward your out-of-pocket maximum and you must continue to pay these expenses once you reach your out-of-pocket maximum (such as expenses in excess of the Plan’s benefit maximum, or if you use out-of-network providers, amounts in excess of the Plan allowance).
- In-network benefits apply only when you use a network provider. When a network provider is not available, out-of-network benefits apply.
- Be sure to read Section 4, *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.
- Humana will not waive the medical copayments, coinsurance, and deductibles for member when original Medicare is the primary payor. Members must enroll in the Humana Value Plan code associated within the service areas listed on the Value Plan brochure and the Humana Medicare Advantage Plan to receive waivers for medical copayments, coinsurance, and deductibles. See the Value Plan brochure (RI 73-829) for more details.

Benefit Description	You pay After the calendar year deductible...
Deductible before Traditional medical coverage begins	CDHP
The deductible applies to almost all benefits in this Section. In the You pay column, we say “No deductible” when it does not apply. When you receive covered services from network providers, you are responsible for paying the allowable charges until you meet the deductible.	100% of allowable charges until you meet the deductible of \$1,500 per person, \$3,000 per Self Plus One enrollment or \$3,000 per Self and Family enrollment.
After you meet the deductible, we pay the allowable charge (less your coinsurance or copayment) until you meet the annual catastrophic out-of-pocket maximum.	In-network: After you meet the deductible, you pay the indicated coinsurance or copayments for covered services. Out-of-network: After you meet the deductible, you pay the indicated coinsurance based on our Plan allowance and any difference between our allowance and the billed amount.

Section 5(a). Medical Services and Supplies Provided by Physicians and Other Healthcare Professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- A facility copay applies to services that appear in this section but are performed in an ambulatory surgical center or the outpatient department of a hospital.
- The calendar year deductible is:
 - Participating providers – You do not have to meet a deductible until your \$1,000 benefit allowance is depleted. The calendar year deductible is: \$1,500 for Self Only, (\$3,000 for Self Plus One and Self and Family.) The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
 - Non-participating providers – The \$1,000 benefit allowance does not apply. The calendar year deductible is \$3,500 for Self Only, (\$7,000 for Self Plus One or Self and Family.) The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
- After you have satisfied your deductible, your Traditional medical coverage begins.
- Under your Traditional medical coverage, you will be responsible for your coinsurance amounts or copayments for eligible medical expenses and prescriptions.
- Be sure to read Section 4, *Your Cost for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.
- Humana will not waive the medical copayments, coinsurance, and deductibles for member when original Medicare is the primary payor. Members must enroll in the Humana Value Plan code associated within the service areas listed on the Value Plan brochure and the Humana Medicare Advantage Plan to receive waivers for medical copayments, coinsurance, and deductibles. See the Value Plan brochure (RI 73-829) for more details.
- The coverage and cost-sharing listed below are for services provided by physicians and other health care professionals for your medical care. See Section 5(c) for cost-sharing associated with the facility (i.e., hospital, surgical center, etc.).

Section 5(b). Surgical and Anesthesia Services Provided by Physicians and Other Healthcare Professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible is:
 - Participating providers - You do not have to meet a deductible until your \$1,000 benefit allowance is depleted. The calendar year deductible is \$1,500 for Self Only, (\$3,000 for Self Plus One or Self and Family.) The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
 - Non-participating providers - The \$1,000 benefit allowance does not apply. The calendar year deductible is \$3,500 for Self Only, (\$7,000 for Self Plus One or Self and Family.) The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
- After you have satisfied your deductible, your Traditional medical coverage begins.
- Under your Traditional medical coverage, you will be responsible for your coinsurance amounts or copayments for eligible medical expenses and prescriptions.
- Be sure to read Section 4, *Your Cost for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.
- The services listed below are for the charges billed by a physician or other healthcare professional for your surgical care. See Section 5(c) for charges associated with a facility (i.e. hospital, surgical center, etc.).
- **YOUR PHYSICIAN MUST GET PRECERTIFICATION FOR SOME SURGICAL PROCEDURES.** Please refer to the precertification information shown in Section 3 to be sure which services require precertification and identify which surgeries require precertification.
- Humana will not waive the medical copayments, coinsurance, and deductibles for member when original Medicare is the primary payor. Members must enroll in the Humana Value Plan code associated within the service areas listed on the Value Plan brochure and the Humana Medicare Advantage Plan to receive waivers for medical copayments, coinsurance, and deductibles. See the Value Plan brochure (RI 73-829) for more details.

Section 5(c). Services Provided by a Hospital or Other Facility, and Ambulance Services

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible is:
 - Participating providers – You do not have to meet a deductible until your \$1,000 benefit allowance is depleted. The calendar year deductible is \$1,500 for Self Only, (\$3,000 for Self Plus One or Self and Family.) The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
 - Non-participating providers – The \$1,000 benefit allowance does not apply. The calendar year deductible is \$3,500 for Self Only, (\$7,000 for Self Plus One or Self and Family.) The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
- After you have satisfied your deductible, your Traditional medical coverage begins.
- Under your Traditional medical coverage, you will be responsible for your coinsurance amounts or copayments for eligible medical expenses and prescriptions.
- Be sure to read Section 4, *Your Cost for Covered Services* for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.
- The amounts listed below are for the charges billed by the facility (i.e., hospital or surgical center) or ambulance service for your surgery or care. Any costs associated with the professional charge (i.e., physicians, etc.) are in Sections 5(a) or (b).
- **YOUR PHYSICIAN MUST GET PRECERTIFICATION FOR HOSPITAL STAYS.** Please refer to Section 3 to be sure which services require precertification.
- **Observation Care:** Your share for hospital observation care that exceeds 24 hours is the same as inpatient hospital care. Observation Care below 24 hours is the same as the Emergency Room benefit/copy.
- Humana will not waive the medical copayments, coinsurance, and deductibles for member when original Medicare is the primary payor. Members must enroll in the Humana Value Plan code associated within the service areas listed on the Value Plan brochure and the Humana Medicare Advantage Plan to receive waivers for medical copayments, coinsurance, and deductibles. See the Value Plan brochure (RI 73-829) for more details.

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

What to do in case of emergency:

If a medical emergency requires that an insured person be admitted to a hospital, we must be advised by the hospital of the admission immediately. We will then review the medical necessity of the admission. If the insured person has been admitted to a non-participating hospital, and it has been determined that the insured person’s condition has stabilized sufficiently to allow the insured person to be transferred safely to a participating hospital, we will request that the insured person and the insured person’s physician approve the transfer. If the transfer is not approved, the non-participating hospital deductible and copayment amounts will be applied to the benefits payable for any days of hospital confinement beyond the date the insured person’s medical emergency was stabilized.

Emergencies within our service area: If you are in an emergency situation, please call your primary care doctor. In extreme emergencies, if you are unable to contact your doctor, contact the local emergency system (e.g., the 911 phone system) or go to the nearest hospital emergency room. Be sure to tell the emergency room personnel that you are a Plan member so they can notify the Plan. You or a family member must notify the Plan within 48 hours unless it was not reasonably possible to do so. It is your responsibility to ensure that the Plan has been timely notified.

If you need to be hospitalized, the Plan must be notified within 48 hours or on the first working day following your admission, unless it was not reasonably possible to notify the Plan within that time. If you are hospitalized in non-Plan facilities and a Plan doctor believes care can be better provided in a Plan hospital, you will be transferred when medically feasible with any ambulance charges covered in full.

Benefits are available for care from non-Plan providers in a medical emergency only if a delay in reaching a Plan provider would result in death, disability or significant jeopardy to your condition.

To be covered by this Plan, any follow-up care recommended by non-Plan providers must be approved by the Plan or provided by Plan providers.

Emergencies outside our service area: Benefits are available for any medically necessary health service that is immediately required because of injury or unforeseen illness.

If you need to be hospitalized, the Plan must be notified within 48 hours or on the first working day following your admission, unless it was not reasonably possible to notify the Plan within that time. If a Plan doctor believes care can be better provided in a Plan hospital, you will be transferred when medically feasible with any ambulance charges covered in full.

To be covered by this Plan, any follow-up care recommended by non-Plan providers must be approved by the Plan or provided by Plan providers.

Section 5(f). Prescription Drug Benefits

Important things you should keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart beginning on the next page.
- Prescription copayments and coinsurance amounts do not apply to the benefit allowance or the deductibles when using participating pharmacies.
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Your prescribers must obtain prior approval/authorizations for certain prescription drugs and supplies before coverage applies. Prior approval/authorizations must be renewed periodically.
- Federal law prevents the pharmacy from accepting unused medications.
- Be sure to read Section 4, *Your Cost for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.
- Humana will not waive the medical copayments, coinsurance, and deductibles for member when original Medicare is the primary payor. Members must enroll in the Humana Value Plan code associated within the service areas listed on the Value Plan brochure and the Humana Medicare Advantage Plan to receive waivers for medical copayments, coinsurance, and deductibles. See the Value Plan brochure (RI 73-829) for more details.

There are important features you should be aware of. These include:

- **Who can write your prescription.** A licensed physician or dentist, and in states allowing it, licensed/certified providers with prescriptive authority prescribing within their scope of practice.
- **Where you can obtain them.** You must fill the prescription at a network pharmacy, or by mail for a prescribed maintenance medication. Maintenance medications are drugs that are generally prescribed for the treatment of long term chronic sicknesses or injuries. Members can also fill their maintenance medications for 90 days at a retail pharmacy for their appropriate copayment.
- **We use a formulary.** We cover non-formulary drugs prescribed by a Plan doctor.
- **The Rx5 Plan** allows members access to appropriate drugs which are used to treat conditions the medical plan covers. Thousands of drugs have been placed in levels based on their a) efficacy, b) safety, c) possible side effects, d) drug interactions, and e) cost compared to similar drugs. New drugs are continually reviewed for level placement, dispensing limits, step therapy and prior authorization requirements that represent the current clinical judgment of our Pharmacy and Therapeutics Committee. Some medications are considered non-formulary because there are other lower cost therapeutic alternatives available on the formulary.

Level One contains/covers Preferred generic and lowest cost generic drugs.

Level Two contains/covers non-Preferred generic and low cost generic drugs.

Level Three contains/covers Preferred brand and higher cost generic drugs.

Level Four contains/covers non-preferred brand and some non-preferred higher cost generic drugs

Level Five contains specialty drugs and includes most self administered injectable medications and high technology drugs that are often newly approved by the U.S. Food and Drug Administration. For some specialty drugs, see *You need prior plan approval for certain services* in Section 3.

With **Rx5** the member takes on more of the cost share for the drug. In return, members receive access to more drugs to treat their conditions and have more choices, along with their physicians, to decide which drug to take. Members receive letters offering guidance in changing medications to those with a lower copayment. We use internal data to identify members for whom a less expensive prescription drug option may be available. We communicate the information to the member to enable them, along with their physician, to make an informed choice regarding prescription drug copayment options.

- **Prior Authorization** – Some medications need special monitoring and may require prior authorization. These drugs have different approval criteria based on indication, safety and appropriate use. Prior authorization (PA) requires a physician to obtain pre-approval in order to provide coverage for a drug prescribed to a member. Visit <http://feds.humana.com> to view the annual drug list for medications that require prior authorization.
- **Step Therapy:** Step Therapy directs therapy to the most cost-effective and safest drug available to be used prior to moving to a more costly or risky therapy. Step Therapy is an automated process and requires the member to try alternative medications before the more costly medications are considered.
- **These are the dispensing limitations.** Prescription drugs dispensed at a Plan pharmacy will be dispensed for up to a 30-day supply. You may receive up to a 90-day supply of a prescribed maintenance medication through our mail-order program or at one of our retail pharmacies. Specialty drugs may be limited to a 30-day supply. You must use dispensing limitations as directed, unless provider instructs otherwise.
- **Why use generic drugs?** Generic medications have the same benefits, ingredients and safety as brand-name medications but without the high dollar cost. With the price of prescription medicine rising, it’s nice to find where you can save money without compromising on quality.
- **When you do have to file a claim?** For out of network claims, please contact Humana’s customer service for reimbursement.

If there is a national emergency or you are called to active military duty, you may call 1-800-448-6262. A representative will review criteria to determine whether you may obtain more than your normal dispensing amount.

- **Non-formulary.** Medicine(s) are not in your plan's drug list (which means you pay the full cost of the prescription.) Your doctor can ask Humana to make an exception to cover your non-formulary medicine if he or she believes the alternative covered drugs won't be as effective in treating your health condition and/or would cause a bad reaction.
- **A generic equivalent will be dispensed if it is available** unless your physician specifically requires a name brand. If you receive a name brand drug when an FDA approved generic drug is available, and your physician has not specified Dispense as Written for the name brand drug, you have to pay the difference in cost between the brand name and generic cost.

You can visit our web site at <http://feds.humana.com> to check the copayment for your prescription drug coverage before you get your prescription filled. You can also find out more about possible drug alternatives and the locations of participating pharmacies.

- **Non-participating pharmacy coverage.** You may purchase prescribed medications from a non-participating pharmacy. You will pay for your prescriptions the following way:

You pay 100% of the dispensing pharmacy charges and file a claim with Humana. The claim is paid at 60% of charges, after the applicable copay.

Section 5(g). Dental Benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary
- If you are enrolled in a Federal Employee Dental Vision Insurance Program (FEDVIP) Dental Plan, your FEHB plan will be primary payor of any Benefit payments and your FEDVIP Plan is secondary to your FEHB plan. See Section 9 *Coordinating benefits with Medicare and other coverage*.
- Plan dentists must provide or arrange your care.
- The calendar year deductible is:
 - Participating providers – You do not have to meet a deductible until your \$1,000 benefit allowance is depleted. The calendar year deductible is \$1,500 for Self Only, (\$3,000 for Self Plus One or Self and Family.) The calendar year deductible applies to almost all benefits in this Section.
 - Non-participating providers – The \$1,000 benefit allowance does not apply. The calendar year deductible is \$3,500 for Self Only, or (\$7,000 for Self Plus One or Self and Family.) The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
- After you have satisfied your deductible, your Traditional medical coverage begins.
- Under your Traditional medical coverage, you will be responsible for your coinsurance amounts or copayments for eligible medical expenses and prescriptions.
- We cover hospitalization for dental procedures only when a non-dental physical impairment exists which makes hospitalization necessary to safeguard the health of the patient. See Section 5(c) for *Inpatient hospital* benefits. We do not cover the dental procedure unless it is described below.
- Be sure to read Section 4, *Your Cost for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.
- Humana will not waive the medical copayments, coinsurance, and deductibles for member when original Medicare is the primary payor. Members must enroll in the Humana Value Plan code associated within the service areas listed on the Value Plan brochure and the Humana Medicare Advantage Plan to receive waivers for medical copayments, coinsurance, and deductibles. See the Value Plan brochure (RI 73-829) for more details.

Section 5. Value Plan Benefits Overview

This Plan offers a Value Plan. The Value Plan benefit package is described in Section 5. Make sure that you review the benefits that are available under the option in which you are enrolled.

The Value Plan Section 5 is divided into subsections. Please read *Important things you should keep in mind* at the beginning of the subsections. Also read the general exclusions in Section 6; they apply to the benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about Value Plan benefits, contact us at 800-4HUMANA or on our website at <https://feds.humana.com/>.

Network Availability

Humana contracts with both private office physicians and with physician groups. Referrals are not required for participating providers. The Value Plan will utilize the National Point of Service (NPOS) network.

Pharmacy

Your pharmacy plan is an Rx5 Plan, which allows members access to appropriate drugs used to treat conditions the medical plan covers. See drug levels listed below:

- **Level One** – preferred generic and lowest-cost generic
- **Level Two** – non-preferred generic and low-cost generic
- **Level Three** – preferred brand and higher-cost generic
- **Level Four** – non-preferred brand and some non-preferred higher-cost generics
- **Level Five** – most self-administered injectable medications and high-technology drugs that are often newly approved by the U.S. Food and Drug Administration.

Check your pharmacy and drug coverage details at MyHumana.com.

- Search Humana’s Drug List for prescription drugs and their estimated retail prices

Medicare Advantage Plan Highlights

If you are a retiree and enroll in the Value Plan and the Medicare Advantage Plan, you will receive a Medicare Part B Premium Reduction.

Medicare Coordination of Benefits: We will reduce the Part B premium that you pay to the Social Security Administration by \$100 per month. If you pay your Part B premium on a monthly basis, you will see this dollar amount credited in your Social Security check. If you pay your Part B premium quarterly, you will see an amount equaling three months of reductions credited on your quarterly Part B premium statement. It may take a few months to see these reductions credited to either your Social Security check or premium statement, but you will be reimbursed for any credits you did not receive during this waiting period.

SilverSneakers®

An overall wellness program that may help members improve their health and live the life they want. The program gives members access to exercise equipment, classes, and fun social activities at thousands of locations nationwide.

Note: You must have Medicare Part A and Part B, and Medicare must be primary for you to enroll in the Humana Medicare Advantage Plan. This plan reduces your costs by eliminating your cost sharing for covered medical services. Please see Section 9 in this brochure for additional information on how to enroll in this plan and for details on a reimbursement of \$100 of your Medicare Part B premium. You need to retain enrollment in this FEHB plan to be enrolled in the Medicare Advantage Plan.

Section 5(a). Medical Services and Supplies Provided by Physicians and Other Healthcare Professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Copays and coinsurance applies, even after you meet your deductible.
- A facility copay applies to services that appear in this section but are performed in an ambulatory surgical center or the outpatient department of a hospital.
- The calendar year deductible is:
 - Participating providers – The calendar year deductible is \$1,500 for Self Only, (\$3,000 for Self Plus One or Self and Family.) The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
 - Non-participating providers – The calendar year deductible is \$3,500 for Self Only, (\$7,000 for Self Plus One or Self and Family.) The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
- Be sure to read Section 4, *Your Cost for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.
- Humana will not waive the medical copayments, coinsurance, and deductibles for member when original Medicare is the primary payor. Members must enroll in the Humana Value Plan code associated within the service areas listed on the Value Plan brochure and the Humana Medicare Advantage Plan to receive waivers for medical copayments, coinsurance, and deductibles. See the Value Plan brochure (RI 73-829) for more details.
- The coverage and cost-sharing listed below are for services provided by physicians and other health care professionals for your medical care. See Section 5(c) for cost-sharing associated with the facility (i.e., hospital, surgical center, etc.).

Section 5(b). Surgical and Anesthesia Services Provided by Physicians and Other Healthcare Professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Copays and coinsurance applies, even after you meet your deductible.
- The calendar year deductible is:
 - Participating providers - The calendar year deductible is \$1,500 for Self Only, or (\$3,000 for Self Plus One or Self and Family.) The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
 - Non-participating providers - The calendar year deductible is \$3,500 for Self Only, or (\$7,000 for Self Plus One or Self and Family.) The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
- Be sure to read Section 4, *Your Cost for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.
- The services listed below are for the charges billed by a physician or other healthcare professional for your surgical care. See Section 5(c) for charges associated with a facility (i.e. hospital, surgical center, etc.).
- **YOUR PHYSICIAN MUST GET PRECERTIFICATION FOR SOME SURGICAL PROCEDURES.** Please refer to the precertification information shown in Section 3 to be sure which services require precertification and identify which surgeries require precertification.
- Humana will not waive the medical copayments, coinsurance, and deductibles for member when original Medicare is the primary payor. Members must enroll in the Humana Value Plan code associated within the service areas listed on the Value Plan brochure and the Humana Medicare Advantage Plan to receive waivers for medical copayments, coinsurance, and deductibles. See the Value Plan brochure (RI 73-829) for more details.

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Copays and coinsurance applies, even after you meet your deductible.
- The calendar year deductible is:
 - Participating providers – The calendar year deductible is \$1,500 for Self Only, (\$3,000 for Self Plus One or Self and Family.) The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
 - Non-participating providers – The calendar year deductible is \$3,500 for Self Only, (\$7,000 for Self Plus One or Self and Family.) The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
- Be sure to read Section 4, *Your Cost for Covered Services* for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.
- The amounts listed below are for the charges billed by the facility (i.e., hospital or surgical center) or ambulance service for your surgery or care. Any costs associated with the professional charge (i.e., physicians, etc.) are in Sections 5(a) or (b).
- **YOUR PHYSICIAN MUST GET PRECERTIFICATION FOR HOSPITAL STAYS.** Please refer to Section 3 to be sure which services require precertification.
- **Observation Care:** Your share for hospital observation care that exceeds 24 hours is the same as inpatient hospital care. Observation Care below 24 hours is the same as the Emergency Room benefit/copy.
- Humana will not waive the medical copayments, coinsurance, and deductibles for member when original Medicare is the primary payor. Members must enroll in the Humana Value Plan code associated within the service areas listed on the Value Plan brochure and the Humana Medicare Advantage Plan to receive waivers for medical copayments, coinsurance, and deductibles. See the Value Plan brochure (RI 73-829) for more details.

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

What to do in case of emergency:

If a medical emergency requires that an insured person be admitted to a hospital, we must be advised by the hospital of the admission immediately. We will then review the medical necessity of the admission. If the insured person has been admitted to a non-participating hospital, and it has been determined that the insured person’s condition has stabilized sufficiently to allow the insured person to be transferred safely to a participating hospital, we will request that the insured person and the insured person’s physician approve the transfer. If the transfer is not approved, the non-participating hospital deductible and copayment amounts will be applied to the benefits payable for any days of hospital confinement beyond the date the insured person’s medical emergency was stabilized.

Emergencies within our service area: If you are in an emergency situation, please call your primary care doctor. In extreme emergencies, if you are unable to contact your doctor, contact the local emergency system (e.g., the 911 phone system) or go to the nearest hospital emergency room. Be sure to tell the emergency room personnel that you are a Plan member so they can notify the Plan. You or a family member must notify the Plan within 48 hours unless it was not reasonably possible to do so. It is your responsibility to ensure that the Plan has been timely notified.

If you need to be hospitalized, the Plan must be notified within 48 hours or on the first working day following your admission, unless it was not reasonably possible to notify the Plan within that time. If you are hospitalized in non-Plan facilities and a Plan doctor believes care can be better provided in a Plan hospital, you will be transferred when medically feasible with any ambulance charges covered in full.

Benefits are available for care from non-Plan providers in a medical emergency only if a delay in reaching a Plan provider would result in death, disability or significant jeopardy to your condition.

To be covered by this Plan, any follow-up care recommended by non-Plan providers must be approved by the Plan or provided by Plan providers.

Emergencies outside our service area: Benefits are available for any medically necessary health service that is immediately required because of injury or unforeseen illness.

If you need to be hospitalized, the Plan must be notified within 48 hours or on the first working day following your admission, unless it was not reasonably possible to notify the Plan within that time. If a Plan doctor believes care can be better provided in a Plan hospital, you will be transferred when medically feasible with any ambulance charges covered in full.

To be covered by this Plan, any follow-up care recommended by non-Plan providers must be approved by the Plan or provided by Plan providers.

- Be sure to read Section 4, *Your Cost for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.
- **YOUR MENTAL HEALTH PROFESSIONAL MUST GET CERTIFICATION FOR SOME MENTAL HEALTH VISITS AND SERVICES.** Please refer to the precertification information shown in Section 3 to be sure which services require precertification and identify which surgeries require precertification. We will provide medical review criteria or reasons for treatment plan denials to enrollees, members or providers upon request or as otherwise required.
- OPM will base its review of disputes about treatment plans on the treatment plan’s clinical appropriateness. OPM will generally not order us to pay or provide one clinically appropriate treatment plan in favor of another.
- Humana will not waive the medical copayments, coinsurance, and deductibles for member when original Medicare is the primary payor. Members must enroll in the Humana Value Plan code associated within the service areas listed on the Value Plan brochure and the Humana Medicare Advantage Plan to receive waivers for medical copayments, coinsurance, and deductibles. Section 5(f). Prescription Drug Benefits

Important things you should keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart beginning on the next page.
- Prescription copayments and coinsurance amounts do not apply to the deductible when using participating pharmacies.
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Your prescribers must obtain prior approval/authorizations for certain prescription drugs and supplies before coverage applies. Prior approval/authorizations must be renewed periodically.
- Federal law prevents the pharmacy from accepting unused medications.
- Be sure to read Section 4, *Your Cost for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 about coordinating benefits with other coverage, including with Medicare.
- Humana will not waive the medical copayments, coinsurance, and deductibles for member when original Medicare is the primary payor. Members must enroll in the Humana Value Plan code associated within the service areas listed on the Value Plan brochure and the Humana Medicare Advantage Plan to receive waivers for medical copayments, coinsurance, and deductibles. See the Value Plan brochure (RI 73-829) for more details.

There are important features you should be aware of. These include:

- **Who can write your prescription.** A licensed physician or dentist, and in states allowing it, licensed/certified providers with prescriptive authority prescribing within their scope of practice must prescribe your medication.
- **Where you can obtain them.** You must fill the prescription at a network pharmacy, or by mail for a prescribed maintenance medication. Maintenance medications are drugs that are generally prescribed for the treatment of long term chronic sicknesses or injuries. Members can also fill their maintenance medications for 90 days at a retail pharmacy for their appropriate copayment.
- **We use a formulary.** We cover non-formulary drugs prescribed by a Plan doctor.
- **The Rx5 Plan** allows members access to appropriate drugs which are used to treat conditions the medical plan covers. Thousands of drugs have been placed in levels based on their a) efficacy, b) safety, c) possible side effects, d) drug interactions, and e) cost compared to similar drugs. New drugs are continually reviewed for level placement, dispensing limits, step therapy and prior authorization requirements that represent the current clinical judgment of our Pharmacy and Therapeutics Committee. Some medications are considered non-formulary because there are other lower cost therapeutic alternatives available on the formulary.

Level One contains/covers Preferred generic and lowest cost generic drugs.

Level Two contains/covers non-Preferred generic and low cost generic drugs.

Level Three contains/covers Preferred brand and higher cost generic drugs.

Level Four contains/covers non-preferred brand and some non-preferred higher cost generics drugs.

Level Five contains specialty drugs and most self administered injectable medications and high technology drugs that are often newly approved by the U.S. Food and Drug Administration. For some specialty drugs, see *You need prior plan approval for certain services* in Section 3.

With **Rx5** the member takes on more of the cost share for the drug. In return, members receive access to more drugs to treat their conditions and have more choices, along with their physicians, to decide which drug to take. Members receive letters offering guidance in changing medications to those with a lower copayment. We use internal data to identify members for whom a less expensive prescription drug option may be available. We communicate the information to the member to enable them, along with their physician, to make an informed choice regarding prescription drug copayment options.

- **Prior Authorization** – Some medications need special monitoring and may require prior authorization. These drugs have different approval criteria based on indication, safety and appropriate use. Prior authorization (PA) requires a physician to obtain pre-approval in order to provide coverage for a drug prescribed to a member. Visit feds.humana to view the annual drug list for medications that require prior authorization.
- **Step Therapy:** Step Therapy directs therapy to the most cost-effective and safest drug available to be used prior to moving to a more costly or risky therapy. Step Therapy is an automated process and requires the member to try alternative medications before the more costly medications are considered.
- **These are the dispensing limitations.** Prescription drugs dispensed at a Plan pharmacy will be dispensed for up to a 30-day supply. You may receive up to a 90-day supply of a prescribed maintenance medication through our mail-order program or at one of our retail pharmacies. Specialty drugs may be limited to a 30-day supply. You must use dispensing limitations as directed, unless provider instructs otherwise.
- **Why use generic drugs?** Generic medications have the same benefits, ingredients and safety as brand-name medications but without the high dollar cost. With the price of prescription medicine rising, it's nice to find where you can save money without compromising on quality.
- **When you do have to file a claim?** For out of network claims, please contact Humana's customer service for reimbursement.

If there is a national emergency or you are called to active military duty, you may call 800-448-6262. A representative will review criteria to determine whether you may obtain more than your normal dispensing amount.

- **Non-formulary.** Medicine(s) are not in your plan's drug list (which means you pay the full cost of the prescription.) Your doctor can ask Humana to make an exception to cover your non-formulary medicine if he or she believes the alternative covered drugs won't be as effective in treating your health condition and/or would cause a bad reaction.
- **A generic equivalent will be dispensed if it is available** unless your physician specifically requires a name brand. If you receive a name brand drug when an FDA approved generic drug is available, and your physician has not specified Dispense as Written for the name brand drug, you have to pay the difference in cost between the brand name and generic cost.

You can visit our web site at <http://feds.humana.com> to check the copayment for your prescription drug coverage before you get your prescription filled. You can also find out more about possible drug alternatives and the locations of participating pharmacies.

- **Non-participating pharmacy coverage.** You may purchase prescribed medications from a non-participating pharmacy. You will pay for your prescriptions the following way:

You pay 100% of the dispensing pharmacy charges and file a claim with Humana. The claim is paid at 50% of charges, after the applicable copay.

Section 5(g). Dental Benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary
- If you are enrolled in a Federal Employee Dental Vision Insurance Program (FEDVIP) Dental Plan, your FEHB plan will be primary payor of any Benefit payments and your FEDVIP Plan is secondary to your FEHB plan. See Section 9 *Coordinating benefits with Medicare and other coverage*.
- Plan dentists must provide or arrange your care.
- The calendar year deductible is:
 - Participating providers – The calendar year deductible is \$1,500 for Self Only, (\$3,000 for Self Plus One or Self and Family.) The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
 - Non-participating providers – The calendar year deductible is \$3,500 for Self Only, (\$7,000 for Self Plus One or Self and Family.) The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
- We cover hospitalization for dental procedures only when a non-dental physical impairment exists which makes hospitalization necessary to safeguard the health of the patient. See Section 5(c) for *Inpatient hospital* benefits. We do not cover the dental procedure unless it is described below.
- Be sure to read Section 4, *Your Cost for Covered Services*, for valuable information about how cost-sharing works. Also, read Section 9 about *coordinating benefits with other coverage*, including with Medicare.
- Humana will not waive the medical copayments, coinsurance, and deductibles for member when original Medicare is the primary payor. Members must enroll in the Humana Value Plan code associated within the service areas listed on the Value Plan brochure and the Humana Medicare Advantage Plan to receive waivers for medical copayments, coinsurance, and deductibles. See the Value Plan brochure (RI 73-829) for more details.

Section 5(h). Wellness and Other Special Features

Feature	Description
Flexible benefits option	<p>Under the flexible benefits option: we determine the most effective way to provide services.</p> <ul style="list-style-type: none"> • We may identify medically appropriate alternatives to regular contract benefits as a less costly alternative. If we identify a less costly alternative, we will ask you to sign an alternative benefit agreement that will include all of the following terms in addition to other terms as necessary. Until you sign and return the agreement regular contract benefits will continue. • Alternative benefits will be made available for a limited time period and are subject to our ongoing review. You must cooperate with the review process. • By approving an alternative benefit, we do not guarantee you will get it in the future. • The decision to offer an alternative benefit is solely ours, and except as expressly provided in the agreement, we may withdraw it at any time and resume regular contract benefits. • If you sign the agreement, we will provide the agreed-upon alternative benefits for the stated time period (unless circumstances change). You may request an extension of the time period, but regular contract benefits will resume if we do not approve your request. • Our decision to offer or withdraw alternative benefits is not subject to OPM review under the disputed claims process. However, if at the time we make a decision regarding alternative benefits, we also decide that regular contract benefits are not payable, then you may dispute our regular contract benefits decision under the OPM disputed claim process (see Section 8).

Section 6. General Exclusions – Services, Drugs and Supplies We Do not Cover

The exclusions in this section apply to all benefits. There may be other exclusions and limitations listed in Section 5 of this brochure. **Although we may list a specific service as a benefit, we will not cover it unless it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition. For information on obtaining prior approval for specific services, such as transplants, see Section 3 *You need prior Plan approval for certain services.***

We do not cover the following:

- Services, drugs, or supplies you receive while you are not enrolled in this Plan.
- Services, drugs, or supplies that are not medically necessary.
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice.
- Experimental or investigational procedures, treatments, drugs or devices (See specifics regarding transplants).
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest.
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program.
- Services, drugs, or supplies you receive without charge while in active military service.
- Services or supplies we are prohibited from covering under the Federal Law.

Section 7. Filing a Claim for Covered Services

This Section primarily deals with post-service claims (claims for services, drugs or supplies you have already received). See Section 3 for information on pre-service claims procedures (services, drugs or supplies requiring prior Plan approval), including urgent care claims procedures. When you see Plan providers, receive services at Plan hospitals and facilities, or obtain your prescription drugs at Plan pharmacies, you will not have to file claims. Just present your identification card and pay your copayment, coinsurance, or deductible.

You will only need to file a claim when you receive emergency services from non-plan providers. Sometimes these providers bill us directly. Check with the provider.

If you need to file the claim, here is the process:

Medical and hospital benefits

In most cases, providers and facilities file claims for you. Provider must file on the form CMS-1500, Health Insurance Claim Form. Your facility will file on the UB-04 form. For claims questions and assistance, call us at 1-800-4HUMANA or 1-800-448-6262 or at our website at <https://feds.humana.com>.

When you must file a claim – such as for services you received outside the Plan’s service area – submit it on the CMS-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Covered member’s name, date of birth, address, phone number and ID number
- Name and address of the provider or facility that provided the service or supply
- Dates you received the services or supplies
- Diagnosis
- Type of each service or supply
- The charge for each service or supply
- A copy of the explanation of benefits, payments, or denial from any primary payor – such as the Medicare Summary Notice (MSN)
- Receipts, if you paid for your services

Note: Canceled checks, cash register receipts, or balance due statements are not acceptable substitutes for itemized bills.

Submit your claims to: Humana Claims Office
P.O. Box 14601
Lexington, Kentucky 40512-4601

Prescription drugs and other supplies or services

Submit your claims to: Humana Claims Office at the address listed above or call us at 1-800-4HUMANA or 1-800-448-6262.

Deadline for filing your claim

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible.

Post-service claims procedures

We will notify you of our decision within 30 days after we receive your post-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you before the expiration of the original 30-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

If you do not agree with our initial decision, you may ask us to review it by following the disputed claims process detailed in Section 8 of this brochure.

**Authorized
Representative**

You may designate an authorized representative to act on your behalf for filing a claim or to appeal claims decisions to us. For urgent care claims, we will permit a healthcare professional with knowledge of your medical condition to act as your authorized representative without your express consent. For the purposes of this section, we are also referring to your authorized representative when we refer to you.

Notice Requirements

If you live in a county where at least 10% of the population is literate only in a non-English language (as determined by the Secretary of Health and Human Services), we will provide language assistance in that non-English language. You can request a copy of your Explanation of Benefits (EOB) statement, related correspondence, oral language services (such as phone customer assistance), and help with filing claims and appeals (including external reviews) in the applicable non-English language. The English versions of your EOBs and related correspondence will include information in the non-English language about how to access language services in that non-English language.

Any notice of an adverse benefit determination or correspondence from us confirming an adverse benefit determination will include information sufficient to identify the claim involved (including the date of service, the healthcare provider, and the claim amount, if applicable), and a statement describing the availability, upon request, of the diagnosis and procedure codes.

Section 8. The Disputed Claims Process

You may appeal directly to the Office of Personnel Management (OPM) if we do not follow required claims processes. For more information or to make an inquiry about situations in which you are entitled to immediately appeal to OPM, including additional requirements not listed in Sections 3, 7 and 8 of this brochure, please call your plan's customer service representative at the phone number found on your enrollment card, plan brochure, or plan website.

Please follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your post-service claim (a claim where services, drugs or supplies have already been provided). In Section 3 *If you disagree with our pre-service claim decision*, we describe the process you need to follow if you have a claim for services, referrals, drugs or supplies that must have prior Plan approval, such as inpatient hospital admissions.

To help you prepare your appeal, you may arrange with us to review and copy, free of charge, all relevant materials and Plan documents under our control relating to your claim, including those that involve any expert review(s) of your claim. To make your request, please contact our Customer Service Department by writing Humana Claims Office, P.O. Box 14546, Lexington KY 40512-4601 or calling 1-800-4HUMANA or 1-800-448-6262.

Our reconsideration will take into account all comments, documents, records, and other information submitted by you relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

When our initial decision is based (in whole or in part) on a medical judgment (i.e., medical necessity, experimental/investigational), we will consult with a healthcare professional who has appropriate training and experience in the field of medicine involved in the medical judgment and who was not involved in making the initial decision.

Our reconsideration will not take into account the initial decision. The review will not be conducted by the same person, or their subordinate, who made the initial decision.

We will not make our decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) based upon the likelihood that the individual will support the denial of benefits.

Step	Description
1	<p>Ask us in writing to reconsider our initial decision. You must:</p> <ul style="list-style-type: none">a) Write to us within 6 months from the date of our decision; andb) Send your request to us at: Humana Claims Office, Attn: Grievance and Appeals, P.O. Box 14546, Lexington, KY 40512-4601; andc) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; andd) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms.e) Include your email address (optional for member), if you would like to receive our decision via email. Please note that by giving us your email, we may be able to provide our decision more quickly. <p>We will provide you, free of charge and in a timely manner, with any new or additional evidence considered, relied upon, or generated by us or at our direction in connection with your claim and any new rationale for our claim decision. We will provide you with this information sufficiently in advance of the date that we are required to provide you with our reconsideration decision to allow you a reasonable opportunity to respond to us before that date. However, our failure to provide you with new evidence or rationale in sufficient time to allow you to timely respond shall not invalidate our decision on reconsideration. You may respond to that new evidence or rationale at the OPM review stage described in step 4.</p>

Step	Description
2	<p>In the case of a post-service claim, we have 30 days from the date we receive your request to:</p> <ul style="list-style-type: none"> a) Pay the claim or b) Write to you and maintain our denial or c) Ask you or your provider for more information <p>You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.</p> <p>If we do not receive the information within 60 days we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.</p>
3	<p>If you do not agree with our decision, you may ask OPM to review it.</p> <p>You must write to OPM within:</p> <ul style="list-style-type: none"> • 90 days after the date of our letter upholding our initial decision; or • 120 days after you first wrote to us - if we did not answer that request in some way within 30 days; or • 120 days after we asked for additional information. <p>Write to OPM at: United States Office of Personnel Management, Healthcare and Insurance, Federal Employee Insurance Operations, Health Insurance 3, 1900 E Street, NW, Washington, DC 20415-3630.</p> <p>Send OPM the following information:</p> <ul style="list-style-type: none"> • A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure; • Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms; • Copies of all letters you sent to us about the claim; • Copies of all letters we sent to you about the claim; and • Your daytime phone number and the best time to call. • Your email address, if you would like to receive OPM's decision via email. Please note that by providing your email address, you may receive OPM's decision more quickly. <p>Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.</p> <p>Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request. However, for urgent care claims, a healthcare professional with knowledge of your medical condition may act as your authorized representative without your express consent.</p> <p>Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.</p>
4	<p>OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals.</p> <p>If you do not agree with OPM's decision, your only recourse is to sue. If you decide to file a lawsuit, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.</p>

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not file a lawsuit until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

Note: **If you have a serious or life threatening condition** (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and you did not indicate that your claim was a claim for urgent care, then call us at 1-800-523-0023. We will expedite our review (if we have not yet responded to your claim); or we will inform OPM so they can quickly review your claim on appeal. You may call OPM's Health Insurance 3 at (202) 606-0737 between 8 a.m. and 5 p.m. Eastern Time.

Please remember that we do not make decisions about plan eligibility issues. For example, we do not determine whether you or a family member is covered under this plan. You must raise eligibility issues with your Agency personnel/payroll office if you are an employee, your retirement system if you are an annuitant or the Office of Workers' Compensation Programs if you are receiving Workers' Compensation benefits.

Section 9. Coordinating Benefits with Medicare and Other Coverage

When you have other health coverage

You must tell us if you or a covered family member has coverage under any other health plan or has automobile insurance that pays healthcare expenses without regard to fault. This is called "double coverage".

When you have double coverage, one plan normally pays its benefits in full as the primary payor and the other plan pays a reduced benefit as the secondary payor. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners' (NAIC) guidelines. For more information on NAIC rules regarding the coordinating of benefits, visit our website at <https://feds.humana.com/>.

When we are the primary payor, we will pay the benefits described in this brochure. When we are the secondary payor, we will determine our allowance. After the primary plan processes the benefit, we will pay what is left of our allowance, up to our regular benefit. We will not pay more than our allowance.

- **TRICARE and CHAMPVA**

TRICARE is the healthcare program for eligible dependents of military persons, and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled Veterans and their eligible dependents. IF TRICARE or CHAMPVA and this Plan cover you, we pay first. See your TRICARE or CHAMPVA Health Benefits Advisor if you have questions about these programs.

Suspended FEHB coverage to enroll in TRICARE or CHAMPVA: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement or employing office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under TRICARE or CHAMPVA.

- **Workers' Compensation**

Every job-related injury or illness should be reported as soon as possible to your supervisor. Injury also means any illness or disease that is caused or aggravated by the employment as well as damage to medical braces, artificial limbs and other prosthetic devices. If you are a federal or postal employee, ask your supervisor to authorize medical treatment by use of form CA-16 before you obtain treatment. If your medical treatment is accepted by the Dept. of Labor Office of Workers' Compensation (OWCP), the provider will be compensated by OWCP. If your treatment is determined not job-related, we will process your benefit according to the terms of this plan, including use of in-network providers. Take form CA-16 and form OWCP-1500/HCF-1500 to your provider, or send it to your provider as soon as possible after treatment, to avoid complications about whether your treatment is covered by this plan or by OWCP.

We do not cover services that:

- You (or a covered family member) need because of a workplace-related illness or injury that the Office of Workers' Compensation Programs (OWCP) or a similar federal or state agency determines they must provide; or
- OWCP or a worker's compensation carrier pays for through a third-party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

- **Medicaid**

When you have this Plan and Medicaid, we pay first.

Suspended FEHB coverage to enroll in Medicaid or a similar state-sponsored program of medical assistance: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these state programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement or employing office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the state program.

When other Government agencies are responsible for your care

We do not cover services and supplies when a local, state, or federal government agency directly or indirectly pays for them.

When others are responsible for injuries

By accepting benefits under this plan you agree to the following conditions and limitations on the nature of benefits or benefit payments when another person causes an injury or illness or when you are entitled to recover from any other insurance or source of funds that may be available to pay for the injury or illness.

Humana is entitled to recover the full value of the benefits we have paid or provided in connection with your injury or illness. However, when benefits are otherwise provided by this plan we will cover the cost of treatment that exceeds the amount of the payment you received. You and all covered persons agree to promptly notify us that you have asked anyone other than us to make payment for your injuries and to fully cooperate with our efforts to secure our recovery rights. You and your representative also agree to obtain our consent before releasing any party from liability for payment of medical expenses and before disbursing any funds paid by other parties.

When benefits are provided under the Plan in relation to the illness or injury, Humana may, at its option:

- Subrogate, that is, take over your right to pursue recovery from any other parties, insurance carriers or sources of funds that you may have a right to pursue; or
- Enforce a right to reimbursement from any payment(s) you or your representative may obtain from other parties, settlements or insurance coverage.

Our right to recover the full value of the benefits we have paid or provided for shall take first priority (before any of the rights of any other parties are honored) and are not impacted by how the judgment, settlement, or other recovery is characterized, designated, or apportioned. The amount we are entitled to recovery is not subject to reduction based on attorney fees or costs under the “common fund” or similar rules and is fully enforceable regardless of whether you are “made whole” or compensated for the full amount of damages you may have incurred.

Our recovery rights shall apply only to the extent of the full value of benefits provided for the injury or illness. We will provide benefits to cover the cost of treatment that exceeds amounts that are recoverable other insurance coverage or sources of funds.

If you, a covered person or your representative fails to cooperate with the enforcement of our recovery rights we may delay or deny future benefits until cooperation is provided or we are reimbursed.

When you have Federal Employees Dental and Vision Insurance Plan (FEDVIP) coverage

Some FEHB plans already cover some dental and vision services. When you are covered by more than one vision/dental plan, coverage provided under your FEHB plan remains as your primary coverage. FEDVIP coverage pays secondary to that coverage. When you enroll in a dental and/or vision plan on www.BENEFEDS.com or by phone at 1-877-888-3337, TTY 1-877-889-5680, you will be asked to provide information on your FEHB plan so that your plans can coordinate benefits. Providing your FEHB information may reduce your out-of-pocket cost.

Clinical trials

An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application.

If you are a participant in a clinical trial, this health plan will provide related care as follows, if it is not provided by the clinical trial:

- Routine care costs – costs for routine services such as doctor visits, lab tests, X-rays and scans, and hospitalizations related to treating the patient’s condition, whether the patient is in a clinical trial or is receiving standard therapy.
- Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient’s routine care.
- Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This plan does not cover these costs.

When you have Medicare

For more detailed information on “What is Medicare?” and “Should I Enroll in Medicare?” please contact Medicare at 800-MEDICARE (1-800-633-4227), (TTY 1-877-486-2048) or at www.medicare.gov.

• The Original Medicare Plan (Part A or Part B)

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share.

All physicians and other providers are required by law to file claims directly to Medicare for members with Medicare Part B, when Medicare is primary. This is true whether or not they accept Medicare.

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care.

Claims process when you have the Original Medicare Plan – You will probably not need to file a claim form when you have both our Plan and the Original Medicare Plan.

When we are the primary payor, we process the claim first.

When Original Medicare is the primary payor, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will then provide secondary benefits for covered charges. To find out if you need to do something to file your claim, call us at 1-800-4HUMANA or 1-800-448-6262 or visit our website: <http://feds.humana.com/>.

Humana will not waive the medical copayments, coinsurance, and deductibles for member when original Medicare is the primary payor. Members must enroll in the Humana Value Plan code associated within the service areas listed on the Value Plan brochure and the Humana Medicare Advantage Plan to receive waivers for medical copayments, coinsurance, and deductibles. See the Value Plan brochure (RI 73-829) for more details.

Please review the following examples which illustrates your cost share if you are enrolled in Medicare Part A and B. Members must use providers who accept Medicare's assignment.

You can find more information about how our plan coordinates benefits with Medicare by calling 1-800-4HUMANA or visit the Medicare website at <https://www.medicare.gov/supplements-other-insurance/how-medicare-works-with-other-insurance>.

• Tell us about your Medicare coverage

You must tell us if you or a covered family member has Medicare coverage, and let us obtain information about services denied or paid under Medicare if we ask. You must also tell us about other coverage you or your covered family members may have, as this coverage may affect the primary/secondary status of this Plan and Medicare.

- **Medicare Advantage (Part C)**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare Advantage plan. These are private healthcare choices (like HMOs and regional PPOs) in some areas of the country. To learn more about Medicare Advantage plans, contact Medicare at 1-800-MEDICARE (1-800-633-4227), (TTY 1-877-486-2048) or at www.medicare.gov.

If you enroll in a Medicare Advantage plan, the following options are available to you:

This Plan and our Medicare Advantage plan: You may enroll in our Medicare Advantage plan and if you are an annuitant or a former spouse with FEHB coverage and are enrolled in Medicare parts A and B. Our Medicare Advantage plan will enhance your FEHB coverage by lowering or eliminating cost share for services and/or adding benefits at no additional cost. Our Medicare Advantage plan is subject to Medicare rules.

You may enroll in the Humana Medicare Advantage Plan if:

- You are enrolled in the Humana Value Plan and have Medicare parts A & B.
- You are retired and live in our geographic service area
- You are a US Citizen
- You Do Not have End Stage Renal Disease (with limited exceptions)
- You complete a separate enrollment application for the Humana MAPD

Members will receive a reimbursement of \$100 towards your Medicare Part B premium through CMS, which should start the first of the month following your application's approval.

If you enroll in a Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare. For information about Medicare Advantage plans offered in your area call 1-866-836-5079.

This Plan and another plan's Medicare Advantage plan: You may enroll in another plan's Medicare Advantage plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, even out of the Medicare Advantage plan's network and/or service area (if you use our Plan providers).

However, we will not waive any of our copayments, coinsurance, or deductibles. If you enroll in a Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage to enroll in a Medicare Advantage plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare Advantage plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare Advantage plan premium.) For information on suspending your FEHB enrollment, contact your retirement or employing office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage or move out of the Medicare Advantage plan's service area.

- **Medicare prescription drug coverage (Part D)**

When we are the primary payor, we process the claim first. If you enroll in Medicare Part D and we are the secondary payor, we will review claims for your prescription drug costs that are not covered by Medicare Part D and consider them for payment under the FEHB plan.

Medicare always makes the final determination as to whether they are the primary payor. The following chart illustrates whether Medicare or this Plan should be the primary payor for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly. **(Having coverage under more than two health plans may change the order of benefits determined on this chart.)**

Section 10. Definitions of Terms We Use in This Brochure

Benefit Allowance – CoverageFirst only	The Plan pays the first \$1,000 of covered medical services for each person enrolled. We call this your benefit allowance. While using the \$1,000 benefit allowance, you are only responsible for the applicable copayments and coinsurance. The amount the plan deducts from your allowance for a particular service is based on the price Humana has negotiated with the healthcare provider. You do not have to submit receipts for reimbursement. The benefit allowance can only be used to pay for covered medical services from participating providers.
Calendar year	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
Clinical Trials Cost Categories	<p>An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application.</p> <ul style="list-style-type: none">• Routine care costs - costs for routine services such as doctor visits, lab tests, X-rays and scans, and hospitalizations related to treating the patient's condition whether the patient is in a clinical trial or is receiving standard therapy• Extra care costs - costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care• Research costs - costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes are generally covered by the clinical trials. This plan does not cover these costs.
Coinsurance	See Section 4, page 25.
Consumer Driven Plan	A plan that gives greater control over your choices of healthcare expenditures. You decide what healthcare services will be reimbursed under the health plan benefit allowance. The benefit allowance is only used for participating providers. If you spend the entire benefit allowance before the end of the year, then you must satisfy your deductible before benefits are payable under the traditional type of insurance covered by your plan.
Copayment	See Section 4, page 25.
Cost-sharing	See Section 4, page 25.
Covered services	Care we provide benefits for, as described in this brochure.
Custodial care	Services provided to you such as assistance with dressing, bathing, preparation and feeding of special diets, walking, supervision of medication which is ordinarily self-administered, getting in and out of bed, and maintaining continence, which are not likely to improve your condition. Custodial care that lasts 90 days or more is sometimes known as long term care.
Deductible	See Section 4, page 25.
Durable Medical Equipment (DME)	<p>Equipment recognized as such by Medicare Part B, that meets all of the following criteria:</p> <ul style="list-style-type: none">• it can stand repeated use; and• it is primarily and customarily used to serve a medical purpose rather than being primarily for comfort or convenience; and• it is usually not useful to a person in the absence of sickness or injury; and• it is appropriate for home use; and• it is related to the patient's physical disorder; and• the equipment must be used in the member's home.

Experimental or investigational services	<p>A drug, biological product, device, medical treatment, or procedure is determined to be experimental or investigational if reliable evidence shows it meets one of the following criteria:</p> <ul style="list-style-type: none"> • when applied to the circumstances of a particular patient is the subject of ongoing phase I, II or III clinical trials, or • when applied to the circumstances of a particular patient is under study with written protocol to determine maximum tolerated dose, toxicity, safety, efficacy, or efficacy in comparison to conventional alternatives, or • is being delivered or should be delivered subject to the approval and supervision of an Institutional Review Board as required and defined by the USFDA or Department of Health and Human Services, or • is not generally accepted by the medical community. <p>Reliable evidence means, but is not limited to, published reports and articles in authoritative medical scientific literature or regulations and other official actions and publications issued by the USFDA or the Department of Health and Human Services.</p>
Healthcare professional	A physician or other healthcare professional licensed, accredited, or certified to perform specified health services consistent with state law.
Medical necessity	The determination as to whether a medical service is required to treat a condition, illness, or injury. In order to meet the standard of medical necessity the service must be consistent with symptoms, diagnosis, or treatment; consistent with good medical practice; and the most appropriate level of service that can be safely provided.
Morbid obesity	Excess body weight in comparison to set standards. Obesity refers specifically to having an abnormal proportion of body fat. The primary classification of overweight and obesity is based on the assessment of Body Mass Index (BMI).
Oral surgery	Procedures to correct diseases, injuries and defects of the jaw and mouth structures.
Out-of-pocket	The out-of-pocket amount is the limit on total member copayments, deductibles, and coinsurance under a benefit contract.
Participating provider	A hospital, physician, or any other health services provider who has been designated to provide services to covered members under this plan.
Plan allowance	<p>Plan allowance is the amount we use to determine our payment and your coinsurance for covered services. Plans determine their allowances in different ways. We determine our allowance using Humana's fee schedule for similar providers in your service area. The dollar amount over Humana's allowance/fee schedule will be the responsibility of the member.</p> <p>You should also see <i>Important Notice About Surprise Billing – Know Your Rights</i> in Section 4 that describes your protections against surprise billing under the No Surprises Act.</p>
Post-service claims	Any claims that are not pre-service claims. In other words, post-service claims are those claims where treatment has been performed and the claims have been sent to us in order to apply for benefits.
Pre-service claims	Those claims (1) that require precertification, prior approval, or a referral and (2) where failure to obtain precertification, prior approval, or a referral results in a reduction of benefits.
Reimbursement	A carrier's pursuit of a recovery if a covered individual has suffered an illness or injury and has received, in connection with that illness or injury, a payment from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, and the terms of the carrier's health benefits plan require the covered individual, as a result of such payment, to reimburse the carrier out of the payment to the extent of the benefits initially paid or provided. The right of reimbursement is cumulative with and not exclusive of the right of subrogation.

Specialist	A specialist is a physician other than a family practitioner, general practitioner, internist or pediatrician.
Subrogation	A carrier's pursuit of a recovery from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, as successor to the rights of a covered individual who suffered an illness or injury and has obtained benefits from that carrier's health benefits plan.
Urgent care claims	<p>A claim for medical care or treatment is an urgent care claim if waiting for the regular time limit for non-urgent care claims could have one of the following impacts:</p> <ul style="list-style-type: none"> • Waiting could seriously jeopardize your life or health; • Waiting could seriously jeopardize your ability to regain maximum function; or • In the opinion of a physician with knowledge of your medical condition, waiting would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim. <p>Urgent care claims usually involve Pre-service claims and not Post-service claims. We will determine whether or not a claim is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.</p> <p>If you believe your claim qualifies as an urgent care claim, please contact our Customer Service Department at 1-800-4HUMANA. You may also prove that your claim is an urgent care claim by providing evidence that a physician with knowledge of your medical condition has determined that your claim involves urgent care.</p>
Us/We	Us and We refer to Humana Consumer Driven Health Plan and/or Value Plan.
You	You refers to the enrollee and each covered family member.

Summary of Benefits for the CDHP - 2023

- **Do not rely on this chart alone.** This is a summary. All benefits are subject to the definitions, limitations, and exclusions in this brochure. Before making a final decision, please read this FEHB brochure. You can also obtain a copy of our Summary of Benefits and Coverage as required by the Affordable Care Act at <https://feds.humana.com/>.
- If you want to enroll or change your enrollment in this Plan, be sure to put the correct enrollment code from the cover on your enrollment form.
- Members have a \$1,000 in-network benefit allowance to use before they must meet a deductible. Once your benefit allowance has been exhausted, you must satisfy your in-network deductible: \$1,500 for Self Only, or \$3,000 for Self Plus One or Self and Family. After the deductible has been met, you are only responsible for your copays or coinsurance.
