**Important Notice from Kaiser Foundation Health Plan of the Mid-Atlantic States
About Our Prescription Drug Coverage and Medicare**

The Office of Personnel Management (OPM) has determined that Kaiser Foundation Health Plan of the Mid-Atlantic States, Inc.'s prescription drug coverage is, on average, expected to pay out as much as the standard Medicare prescription drug coverage will pay for all plan participants and is considered Creditable Coverage. This means you do not need to enroll in Medicare Part D and pay extra for prescription drug coverage. If you decide to enroll in Medicare Part D later, you will not have to pay a penalty for late enrollment as long as you keep your FEHB coverage.

However, if you choose to enroll in Medicare Part D, you can keep your FEHB coverage and your FEHB plan will coordinate benefits with Medicare.

Remember: If you are an annuitant and you cancel your FEHB coverage, you may not re-enroll in the FEHB Program.

Please be advised

If you lose or drop your FEHB coverage and go 63 days or longer without prescription drug coverage that is at least as good as Medicare's prescription drug coverage, your monthly Medicare Part D premium will go up at least 1 percent per month for every month that you did not have that coverage. For example, if you go 19 months without Medicare Part D prescription drug coverage, your premium will always be at least 19 percent higher than what many other people pay. You will have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the next Annual Coordinated Election Period (October 15 through December 7) to enroll in Medicare Part D.

Medicare's Low-Income Benefits

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA) online at www.socialsecurity.gov, or call the SSA at 800-772-1213 (TTY: 800-325-0778).

Potential Additional Premium for Medicare's High-Income Members

The Medicare Income-Related Monthly Adjustment Amount (IRMAA) is an amount you may pay in addition to your FEHB premium to enroll in and maintain Medicare prescription drug coverage. **This additional premium is assessed only to those with higher incomes and is adjusted based on the income reported on your IRS tax return.** You do not make any IRMAA payments to your FEHB plan. Refer to the Part D-IRMAA section of the Medicare website: <https://www.medicare.gov/drug-coverage-part-d/costs-for-medicare-drug-coverage/monthly-premium-for-drug-plans> to see if you would be subject to this additional premium.

You can get more information about Medicare prescription drug plans and the coverage offered in your area from these places:

- Visit www.medicare.gov for personalized help,
- Call 800-MEDICARE (800-633-4227), (TTY: 877-486-2048).

Introduction

This brochure describes the benefits of Kaiser Permanente - Mid-Atlantic States under contract (CS 1763) between Kaiser Foundation Health Plan of the Mid-Atlantic States, Inc. and the United States Office of Personnel Management, as authorized by the Federal Employees Health Benefits law. Member Services may be reached at 877-KP4-FEDS (877-574-3337) (TTY: 711) or through our website: www.kp.org/feds. The address for Kaiser Foundation Health Plan of the Mid-Atlantic States, Inc. administrative offices is:

Kaiser Foundation Health Plan of the Mid-Atlantic States, Inc.
4000 Garden City Drive
Hyattsville, Maryland 20785

This brochure is the official statement of benefits. No verbal statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self Plus One or Self and Family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2025, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates for each plan annually. Benefit changes are effective January 1, 2025, and changes are summarized on page 16. Rates are shown at the end of this brochure.

Plain Language

All FEHB brochures are written in plain language to make them easy to understand. Here are some examples:

- Except for necessary technical terms, we use common words. For instance, “you” means the enrollee and each covered family member, “we” or “Plan” means Kaiser Foundation Health Plan of the Mid-Atlantic States, Inc.
- We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean.
- Our brochure and other FEHB plans’ brochures have the same format and similar descriptions to help you compare plans.

Stop HealthCare Fraud!

Fraud increases the cost of healthcare for everyone and increases your Federal Employees Health Benefits Program premium.

OPM’s Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

Protect Yourself From Fraud – Here are some things that you can do to prevent fraud:

- Do not give your plan identification (ID) number over the phone or to people you do not know, except for your healthcare providers, authorized health benefits plan, or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using healthcare providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review explanations of benefits (EOB) statements that you receive from us.
- Periodically review your claim history for accuracy to ensure we have not been billed for services you did not receive.
- Do not ask your doctor to make false entries on certificates, bills, or records in order to get us to pay for an item or service.
- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
 - Call the provider and ask for an explanation. There may be an error.

- If the provider does not resolve the matter, call us at 877-KP4-FEDS (877-574-3337) (TTY: 711) and explain the situation.
- If we do not resolve the issue:

**CALL - THE HEALTHCARE FRAUD HOTLINE
877-499-7295**

OR go to www.opm.gov/our-inspector-general/hotline-to-report-fraud-waste-or-abuse/complaint-form

The online reporting form is the desired method of reporting fraud in order to ensure accuracy, and a quicker response time.

You can also write to:

**United States Office of Personnel Management
Office of the Inspector General Fraud Hotline
1900 E Street NW Room 6400
Washington, DC 20415-1100**

Do not maintain as a family member on your policy:

- Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise)
- Your child age 26 or over (unless they are disabled and incapable of self-support prior to age 26)

We may request that an enrollee verify the eligibility of any or all family members listed as covered under the enrollee's FEHB enrollment.

- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage (TCC).
- Fraud or intentional misrepresentation of material fact is prohibited under the Plan. You can be prosecuted for fraud and your agency may take action against you. Examples of fraud include, falsifying a claim to obtain FEHB benefits, trying to or obtaining service or coverage for yourself or for someone else who is not eligible for coverage, or enrolling in the Plan when you are no longer eligible.
- If your enrollment continues after you are no longer eligible for coverage (i.e., you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed by your provider for services received. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member is no longer eligible to use your health insurance coverage.

Discrimination is Against the Law

We comply with applicable Federal nondiscrimination laws and do not discriminate on the basis of race, color, national origin, age, disability, religion, or sex (including pregnancy, sexual orientation, and gender identity). We do not exclude people or treat them differently because of race, color, national origin, age, disability, religion, or sex (including pregnancy, sexual orientation, and gender identity). The health benefits described in this brochure are consistent with applicable laws prohibiting discrimination. All coverage decisions will be based on nondiscriminatory standards and criteria. An individual's protected trait or traits, for example a member's gender identity or the fact that the covered benefit is sought in connection with gender-affirming care, will not be used to deny health benefits for items, supplies, or services that are otherwise covered and determined to be medically necessary.

Preventing Medical Mistakes

Medical mistakes continue to be a significant cause of preventable deaths within the United States. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. Medical mistakes and their consequences also add significantly to the overall cost of healthcare. Hospitals and healthcare providers are being held accountable for the quality of care and reduction in medical mistakes by their accrediting bodies. You can also improve the quality and safety of your own healthcare and that of your family members by learning more about and understanding your risks. Take these simple steps:

1. Ask questions if you have doubts or concerns.

- Ask questions and make sure you understand the answers.
- Choose a doctor with whom you feel comfortable talking.
- Take a relative or friend with you to help you take notes, ask questions and understand answers.

2. Keep and bring a list of all the medications you take.

- Bring the actual medication or give your doctor and pharmacist a list of all the medications and dosages that you take, including non-prescription (over-the-counter) medications and nutritional supplements.
- Tell your doctor and pharmacist about any drug, food, and other drug allergies you have, such as to latex.
- Ask about any risks or side effects of the medication and what to avoid while taking it. Be sure to write down what your doctor or pharmacist says.
- Make sure your medication is what the doctor ordered. Ask the pharmacist about your medication if it looks different than you expected.
- Read the label and patient package insert when you get your medication, including all warnings and instructions.
- Know how to use your medication. Especially note the times and conditions when your medication should and should not be taken.
- Contact your doctor or pharmacist if you have any questions.
- Understand both the generic and brand names of your medication. This helps ensure you do not receive double dosing from taking both a generic and a brand. It also helps prevent you from taking a medication to which you are allergic.

3. Get the results of any test or procedure.

- Ask when and how you will get the results of tests or procedures. Will it be in person, by phone, mail, through the Plan or Provider's portal?
- Do not assume the results are fine if you do not get them when expected. Contact your healthcare provider and ask for your results.
- Ask what the results mean for your care.

4. Talk to your doctor about which hospital or clinic is best for your health needs.

- Ask your doctor about which hospital or clinic has the best care and results for your condition if you have more than one hospital or clinic to choose from to get the healthcare you need.
- Be sure you understand the instructions you get about follow-up care when you leave the hospital or clinic.

5. Make sure you understand what will happen if you need surgery.

- Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
- Ask your doctor, "Who will manage my care when I am in the hospital?"
- Ask your surgeon:
 - "Exactly what will you be doing?"

- "About how long will it take?"
- "What will happen after surgery?"
- "How can I expect to feel during recovery?"
- Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reactions to anesthesia, and any medications or nutritional supplements you are taking.

Preventable Healthcare Acquired Conditions (“Never Events”)

When you enter a Plan hospital for a covered service, you do not expect to leave with additional injuries, infections, or other serious conditions that occur during the course of your stay. Although some of these complications may not be avoidable, patients do suffer from injuries or illnesses that could have been prevented if doctors or the hospital had taken proper precautions. Errors in medical care that are clearly identifiable, preventable and serious in their consequences for patients, can indicate a significant problem in the safety and credibility of a healthcare facility. These conditions and errors are sometimes called “Never Events” or “Serious Reportable Events.” (See Section 10. *Definitions of Terms We Use in This Brochure*).

We have a benefit payment policy that encourages Plan hospitals to reduce the likelihood of hospital-acquired conditions such as certain infections, severe bedsores, and fractures, and to reduce medical errors that should never happen. When such an event occurs, neither you nor your FEHB plan will incur costs to correct the medical error. If you are charged a cost share for a never event that occurs while you are receiving an inpatient covered service, or for treatment to correct a never event that occurred at a Plan provider, please notify us.

FEHB Facts

Coverage information

- **No pre-existing condition limitation**

We will not refuse to cover the treatment of a condition you had before you enrolled in this Plan solely because you had the condition before you enrolled.
- **Minimum essential coverage (MEC)**

Coverage under this plan qualifies as minimum essential coverage. Please visit the Internal Revenue Service (IRS) website at www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision for more information on the individual requirement for MEC.
- **Minimum value standard**

Our health coverage meets the minimum value standard of 60% established by the ACA. This means that we provide benefits to cover at least 60% of the total allowed costs of essential health benefits. The 60% standard is an actuarial value; your specific out-of-pocket costs are determined as explained in this brochure.
- **Where you can get information about enrolling in the FEHB Program**

See www.opm.gov/healthcare-insurance for enrollment information as well as:

 - Information on the FEHB Program and plans available to you
 - A health plan comparison tool
 - A list of agencies that participate in Employee Express
 - A link to Employee Express
 - Information on and links to other electronic enrollment systems

Also, your employing or retirement office can answer your questions, give you other plans' brochures and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

 - When you may change your enrollment
 - How you can cover your family members
 - What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire
 - What happens when your enrollment ends
 - When the next Open Season for enrollment begins

We do not determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office. For information on your premium deductions, you must also contact your employing or retirement office.

Once enrolled in your FEHB Program Plan, you should contact your carrier directly for address updates and questions about your benefit coverage.
- **Enrollment types available for you and your family**

Self Only coverage is only for the enrollee. Self Plus One coverage is for the enrollee and one eligible family member. Self and Family coverage is for the enrollee and one or more eligible family members. Family members include your spouse and your dependent children under age 26, including any foster children authorized for coverage by your employing agency or retirement office. Under certain circumstances, you may also continue coverage for a disabled child 26 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self Plus One or Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self Plus One or Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self Plus One or Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form. Benefits will not be available to your spouse until you are married. We may request that an enrollee verify the eligibility of any or all family members listed as covered under the enrollee's FEHB enrollment.

Contact your employing or retirement office if you want to change from Self Only to Self Plus One or Self and Family. If you have a Self and Family enrollment, you may contact us to add a family member.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive benefits. Please tell us immediately of changes in family member status, including your marriage, divorce, annulment, or when your child reaches age 26. We will send written notice to you 60 days before we proactively disenroll your child on midnight of their 26th birthday unless your child is eligible for continued coverage because they are incapable of self-support due to a physical or mental disability that began before age 26.

If you or one of your family members is enrolled in one FEHB plan, you or they cannot be enrolled in or covered as a family member by another enrollee in another FEHB plan.

If you have a qualifying life event (QLE) - such as marriage, divorce, or the birth of a child - outside of the Federal Benefits Open Season, you may be eligible to enroll in the FEHB Program, change your enrollment, or cancel coverage. For a complete list of QLEs, visit the FEHB website at www.opm.gov/healthcare-insurance/life-events. If you need assistance, please contact your employing agency, Tribal Benefits Officer, personnel/payroll office, or retirement office.

- **Family member coverage**

Family members covered under your Self and Family enrollment are your spouse (including your spouse by a valid common-law marriage from a state that recognizes common-law marriages) and children as described below. A Self Plus One enrollment covers you and your spouse, or one eligible family member as described below.

Natural children, adopted children, and stepchildren

Coverage: Natural children, adopted children and stepchildren are covered until their 26th birthday.

Foster children

Coverage: Foster children are eligible for coverage until their 26th birthday if you provide documentation of your regular and substantial support of the child and sign a certification stating that your foster child meets all the requirements. Contact your human resources office or retirement system for additional information.

Children incapable of self-support

Coverage: Children who are incapable of self-support because of a mental or physical disability that began before age 26 are eligible to continue coverage. Contact your human resources office or retirement system for additional information.

Married children

Coverage: Married children (but NOT their spouse or their own children) are covered until their 26th birthday.

Children with or eligible for employer-provided health insurance

Coverage: Children who are eligible for or have their own employer-provided health insurance are covered until their 26th birthday.

Newborns of covered children are insured only for routine nursery care during the covered portion of the mother's maternity stay.

You can find additional information at www.opm.gov/healthcare-insurance.

• Children's Equity Act

OPM implements the Federal Employees Health Benefits Children's Equity Act of 2000. This law mandates that you be enrolled for Self Plus One or Self and Family coverage in the FEHB Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll in Self Plus One or Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self Plus One or Self and Family coverage, as appropriate, in the lowest-cost nationwide plan option as determined by OPM.
- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the same option of the same plan; or
- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the lowest-cost nationwide plan option as determined by OPM.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that does not serve the area in which your children live, unless you provide documentation that you have other coverage for the children.

If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot cancel your coverage, change to Self Only, or change to a plan that does not serve the area in which your children live as long as the court/administrative order is in effect. Similarly, you cannot change to Self Plus One if the court/administrative order identifies more than one child. Contact your employing office for further information.

- **When benefits and premiums start**

The benefits in this brochure are effective January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. **If you changed plans or plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be processed according to the 2025 benefits of your prior plan or option.** If you have met (or pay cost-sharing that results in your meeting) the out-of-pocket maximum under the prior plan or option, you will not pay cost-sharing for services covered between January 1 and the effective date of coverage under your new plan or option. However, if your prior plan left the FEHB Program at the end of the year, you are covered under that plan's 2024 benefits until the effective date of your coverage with your new plan. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

If your enrollment continues after you are no longer eligible for coverage (i.e. you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed for services received directly from your provider. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you, or a family member, are no longer eligible to use your health insurance coverage.

- **When you retire**

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

When you lose benefits

- **When FEHB coverage ends**

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment; or
- You are a family member no longer eligible for coverage.

Any person covered under the 31-day extension of coverage who is confined in a hospital or other institution for care or treatment on the 31st day of the temporary extension is entitled to continuation of the benefits of the Plan during the continuance of the confinement but not beyond the 60th day after the end of the 31-day temporary extension.

You may be eligible for spouse equity coverage or Temporary Continuation of Coverage (TCC), or a conversion policy (a non-FEHB individual policy).

- **Upon divorce**

If you are an enrollee, and your divorce or annulment is final, your ex-spouse cannot remain covered as a family member under your Self Plus One or Self and Family enrollment.

You must contact us to let us know the date of the divorce or annulment and have us remove your ex-spouse. We may ask for a copy of the divorce decree as proof. In order to change enrollment type, you must contact your employing or retirement office. A change will not automatically be made.

If you are married to an enrollee and your divorce or annulment is final, you may not remain covered as a family member under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to provide health coverage for you.

However, you may be eligible for your own FEHB coverage under either the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get additional information about your coverage choices. You can also visit OPM's website at <https://www.opm.gov/healthcare-insurance/life-events/memy-family/im-separated-or-im-getting-divorced/#url=Health>. We may request that **you** verify the eligibility of any or all family members listed as covered under the enrollee's FEHB enrollment.

- **Temporary Continuation of Coverage (TCC)**

If you leave Federal service, Tribal employment, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal or Tribal job, or if you are a covered child and you turn 26.

You may not elect TCC if you are fired from your Federal or Tribal job due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC, from your employing or retirement office or from www.opm.gov/healthcare-insurance. It explains what you have to do to enroll.

Alternatively, you can buy coverage through the Health Insurance Marketplace where, depending on your income, you could be eligible for a tax credit that lowers your monthly premiums. Visit www.HealthCare.gov to compare plans and see what your premium, deductible, and out-of-pocket costs would be before you make a decision to enroll. Finally, if you qualify for coverage under another group health plan (such as your spouse's plan), you may be able to enroll in that plan, as long as you apply within 30 days of losing FEHB Program coverage.

- **Converting to individual coverage**

You may convert to a non-FEHB individual policy if:

- Your coverage under TCC or the spouse equity law ends (If you canceled your coverage or did not pay your premium, you cannot convert);
- You decided not to receive coverage under TCC or the spouse equity law; or
- You are not eligible for coverage under TCC or the spouse equity law.

If you leave Federal or Tribal service, your employing office will notify you of your right to convert. You must contact us in writing within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will **not** notify you. You must contact us in writing within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, a waiting period will not be imposed, and your coverage will not be limited due to pre-existing conditions. When you contact us we will assist you in obtaining information about health benefits coverage inside or outside the Affordable Care Act's Health Insurance Marketplace in your state. For assistance in finding coverage, please contact us at 877-574-3337 (TTY: 711) or visit our website at www.kp.org/feds.

- **Health Insurance Marketplace**

If you would like to purchase health insurance through the ACA's Health Insurance Marketplace, please visit www.HealthCare.gov. This is a website provided by the U.S. Department of Health and Human Services that provides up-to-date information on the Marketplace.

Section 1. How This Plan Works

This Plan is a health maintenance organization (HMO). OPM requires that FEHB plans be accredited to validate that plan operations and/or care management meet nationally recognized standards. Kaiser Foundation Health Plan, Mid-Atlantic States, Inc. holds the following accreditation(s): National Committee for Quality Assurance (NCQA). To learn more about this plan's accreditation, please visit the following website: www.ncqa.org. We require you to use specific physicians, hospitals, and other providers. Our plan providers will coordinate your healthcare services, including among other things, when care is medically necessary and what treatment is appropriate. You choose a plan provider to be your Primary Care Provider (PCP). You will receive most of your care through these providers and at our facilities unless we have issued you a referral to another Plan provider. We are solely responsible for the selection of providers in your area. Contact us for a copy of our most recent provider directory. We give you a choice of enrollment in a High Option, Standard Option or Prosper.

HMOs emphasize preventive care such as routine office visits, physical exams, well-baby care, and immunizations, in addition to treatment for illness and injury. We follow the procedures for determining whether a service is medically necessary and a covered benefit described in this brochure when reviewing any prescribed course of treatment.

When you receive services from Plan providers, you will not have to submit claim forms or pay bills. You pay only the copayments, coinsurance and deductibles described in this brochure. When you receive emergency or other authorized services from non-Plan providers, you may have to submit claim forms.

You should join an HMO because you prefer the plan's benefits, not because a particular provider is available. You cannot change plans because a provider leaves our Plan. We cannot guarantee that any one physician, hospital, or other provider will be available, remain under contract with us, or be appropriate to care for you.

Questions regarding what protections apply may be directed to us at 877-KP4-FEDS (877-574-3337). You can also read additional information from the U.S. Department of Health and Human Services at www.healthcare.gov.

General features of our High Option, Standard Option and Prosper

How we pay providers

For the majority of our services, we contract with the Plan providers, and select hospitals to provide the benefits in this brochure. In addition, we may contract with a limited number of other physicians. These Plan providers accept a negotiated payment from us, and you will only be responsible for your cost-sharing (copayments, coinsurance, deductibles, and non-covered services and supplies).

Your rights and responsibilities

OPM requires that all FEHB plans provide certain information to their FEHB members. You may get information about us, our providers, and our facilities. OPM's FEHB website www.opm.gov/healthcare-insurance lists the specific types of information that we must make available to you. Some of the required information is listed below.

- We are a health maintenance organization that has provided healthcare services to the Washington, DC and Baltimore, Maryland metropolitan areas since 1972.
- This medical benefit plan is provided by Kaiser Foundation Health Plan of the Mid-Atlantic States, Inc. Medical, hospital and administrative services are provided through our integrated healthcare delivery organization known as Kaiser Permanente. Kaiser Permanente is composed of Kaiser Foundation Health Plan of the Mid-Atlantic States, Inc. (a Maryland-based non-profit/not-for-profit organization) and the Mid-Atlantic Permanente Medical Group, PC (a for-profit Maryland-based corporation) which provides services in Plan medical offices throughout the Washington, DC and Baltimore, Maryland metropolitan areas.

You are also entitled to a wide range of consumer protections and have specific responsibilities as a member of this Plan. You can view the complete list of these rights and responsibilities by visiting our Kaiser Permanente Mid-Atlantic States website at www.kp.org/feds. You can also contact us to request that we mail a copy to you.

If you want more information, please call us at 877-KP4-FEDS (877-574-3337) (TTY: 711), or write to Kaiser Foundation Health Plan of the Mid-Atlantic States, Inc., Member Services Department, 4000 Garden City Drive, Hyattsville, Maryland, 20785. You may also visit our website at www.kp.org/feds.

By law, you have the right to access your protected health information (PHI). For more information regarding access to PHI, visit our website at www.kp.org/feds to obtain our Notice of Privacy Practices. You can also contact us to request that we mail you a copy of that Notice.

Language interpretation services

Language interpretation services are available to assist non-English speaking members. When you call Kaiser Permanente to make an appointment or talk with a medical advice nurse or member services representative, if you need an interpreter, we will provide language assistance.

Your medical and claims records are confidential

We will keep your medical and claims records confidential. Please note that we may disclose your medical and claims information (including your prescription drug utilization) to any of your treating physicians or dispensing pharmacies.

Service Area

To enroll in this Plan, you must live in or work in our service area. This is where our providers practice. Our service area is:

- **The District of Columbia**
- **Virginia - The following cities and counties:** Alexandria City, Arlington, Fairfax City, Fairfax, Falls Church City, Fredericksburg City, King George, Loudoun, Manassas City, Manassas Park City, Prince William, Spotsylvania, Stafford
 - Portions of the following Virginia counties, as indicated by the ZIP codes below, are also within the service area:
 - Caroline - 22408, 22446, 22535, 22538, 22546, 22580 and 23015
 - Culpepper - 22407, 22736
 - Fauquier - 20115, 20116, 20117, 20119, 20128, 20137, 20138, 20139, 20140, 20144, 20181, 20184, 20185, 20186, 20187, 20188, 20198, 22406, 22556, 22639, 22642, 22643, 22720, 22728 and 22739
 - Hanover - 22546, 23015 and 23024
 - Louisa - 23015, 23024, 23117 and 23170
 - Orange - 22508, 22551, 22567 and 22960
 - Westmoreland - 22443 and 22485
- **Maryland - The following cities and counties:** Anne Arundel, Baltimore City, Baltimore, Carroll, Harford, Howard, Montgomery, Prince Georges
 - Portions of the following Maryland counties, as indicated by the ZIP codes below, are also within the service area:
 - Calvert - 20610, 20639, 20678, 20689, 20714, 20732, 20736, 20754, and 20758
 - Charles - 20601, 20602, 20603, 20604, 20607, 20612, 20613, 20616, 20617, 20637, 20640, 20643, 20645, 20646, 20658, 20675, 20677 and 20695
 - Frederick - 20842, 20871, 21701, 21702, 21703, 21704, 21705, 21709, 21710, 21714, 21716, 21717, 21718, 21754, 21755, 21757, 21758, 21759, 21762, 21769, 21770, 21771, 21774, 21775, 21776, 21777, 21790, 21791, 21792 and 21793

Ordinarily, you must receive your care from the Plan provider and select hospitals. In a limited number of circumstances other physicians and providers may be providing care for you under the direction of the Plan provider. However, we are part of the Kaiser Permanente Medical Care Program, and if you are visiting another Kaiser Permanente service area, you can receive visiting member care from designated providers in that area. See Section 5(h). *Wellness and Other Special Features*, for more details. We also pay for certain follow-up services or continuing care services while you are traveling outside the service area, as described in Section 5(h); and for emergency care obtained from any non-Plan provider, as described in Section 5(d). *Emergency Services/Accidents*. We will not pay for any other healthcare services out of our service area unless the services have prior Plan approval.

If you or a covered family member move outside of our service area, you can enroll in another plan. If your dependents live out of the area (for example, if your child goes to college in another state), you should consider enrolling in a fee-for-service plan or an HMO that has agreements with affiliates in other areas. If you or a family member move, you do not have to wait until Open Season to change plans. Contact your employing or retirement office.

Section 2. Changes for 2025

Do not rely only on these change descriptions; this Section is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

Changes to High Option, Standard Option, and Prosper

- **Premium.** Your share of the premium rate may increase or decrease depending on your Plan option and enrollment type. See page 116 for details.
- **Preventive care.** We added coverage for HIV PrEP to include oral tenofovir alafenamide/emtricitabine (TAF/FTC), brand name Descovy, and injectable cabotegravir. See page 31.
- **Preventive care.** We added coverage for the screening of latent tuberculosis infection (LTBI) in adults to include the diagnosis of nonspecific reaction to cell-mediated immunity measurement of gamma interferon antigen response. See page 31.
- **Vision services.** We added coverage for adult members to choose one pair of eyeglasses (lenses and frames) and one contact lenses package every twelve months. See page 43.
- **Hearing services.** We have added coverage for hearing aids, every 36 months per ear, for members ages 19 and over, with no annual dollar limit or lifetime maximum. See page 42.
- **Prescription drugs dispensing limit.** The day supply dispensed may be reduced to a lesser than 30-day supply if determined that the medication needed is in limited supply due to a national shortage. Prescription costs will be prorated should this occur. See page 73.
- **Infertility services.** We have added coverage for in vitro fertilization (IVF) limited to three (3) attempts per live birth, not to exceed an annual maximum benefit of \$50,000. Members will pay 50% of the Plan allowance with no deductible (High and Standard) and 50% of the Plan allowance after the deductible has been met (Prosper). See page 38.

Changes to Medicare Advantage High Option, Standard Option, and Prosper

- **Prescription drug (Part D) out-of-pocket (OOP) maximum.** We decreased the Part D prescription drug out of pocket maximum from \$8,000 to \$2,000. See your Kaiser Permanente Senior Advantage for Federal Members Evidence of Coverage for more information.
- **Hearing services.** We added hearing aid coverage per ear every 36 months with no annual dollar limit and or lifetime maximum.
- **Acute care at home.** We added coverage for medical care in the home as an alternative to receiving acute care in a hospital, at no charge, based on medical criteria.

Changes to Medicare Advantage High Option Only

- **Prescription drugs.** We decreased the cost share of the preferred brand and high-cost generic drugs from \$30 to \$20, and non-preferred drugs from \$40 to \$20 when purchased at a Plan Medical Center pharmacy for up to a 30-day supply.
- **Over the counter (OTC) health and wellness products.** We added a \$50 allowance each quarter for the purchase of over-the-counter (OTC) drugs and supplies.

Section 3. How You Get Care

- **Identification cards**

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a Plan pharmacy. Providers may request photo identification together with your ID card to verify identity. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation letter (for annuitants), or your electronic enrollment system (such as Employee Express) confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call our Member Services Department at 877-KP4-FEDS (877-574-3337) (TTY: 711) or write to us at: Kaiser Foundation Health Plan of the Mid-Atlantic States, Inc., Attention: Member Services Department, 4000 Garden City Drive, Hyattsville, Maryland, 20785. After registering on our website at www.kp.org/feds, you may also request replacement cards electronically.
- **Where you get covered care**

You get care from "Plan providers" and "Plan facilities." You will only pay cost-sharing as defined in Section 10. *Definitions of Terms We Use in This Brochure*.
- **Balance billing protection**

FEHB Carriers must have clauses in their plan provider agreements. These clauses provide that, for a service that is a covered benefit in the plan brochure or for services determined not medically necessary, the plan provider agrees to hold the covered individual harmless (and may not bill) for the difference between the billed charge and the in network contracted amount. If a plan provider bills you for covered services over your normal cost share (deductible, copay, co-insurance), contact your Carrier to enforce the terms of its provider contract.
- **Plan providers**

Plan providers are physicians and other healthcare professionals in the Mid-Atlantic Permanente Medical Group, PC in our service area that we employ or contract with to provide covered services to our members. Services by Plan providers are covered when acting within the scope of their license or certification under applicable state law. We credential Plan providers according to national standards.

Benefits are provided under this Plan for the services of covered providers, in accordance with Section 2706(a) of the Public Health Service Act. Coverage of practitioners is not determined by your state's designation as a medically underserved area.

We list covered providers in our network provider directory, which we update periodically, and available on our website. Directories are available at the time of enrollment or upon request by calling our Member Services Department at 877-KP4-FEDS (877-574-3337) (TTY: 711).

This plan recognizes that transgender, non-binary, and other gender diverse members require health care delivered by healthcare providers experienced in gender affirming health. Benefits described in this brochure are available to all members meeting medical necessity guidelines regardless of race, color, national origin, age, disability, religion, sex or gender.

This plan provides Care Coordinators for complex conditions and can be reached at 877-574-3337 (TTY: 711) for assistance.
- **Plan facilities**

Plan facilities are hospitals, medical offices, and other facilities in our service area with which we contract and to which the Plan provider refers members to receive covered services. Kaiser Permanente offers comprehensive healthcare at Plan facilities conveniently located throughout our service area.

We list Plan facilities in our physician directory, with their locations and phone numbers. Directories are updated on a regular basis and are available at the time of enrollment or upon request by calling our Member Services Department at 877-KP4-FEDS (877-574-3337) (TTY: 711). The list is also on our website at www.kp.org/feds.

You must receive your health services at Plan facilities, except if you have an emergency, authorized referral, or out-of-area urgent care. If you are visiting another Kaiser Permanente or allied plan service area, you may receive healthcare services at those Kaiser Permanente facilities. See Section 5(h). *Wellness and Other Special Features*, for more details. Under the circumstances specified in this brochure you may receive follow-up or continuing care while you travel anywhere.

- **What you must do to get covered care**

You and each covered family member should choose a primary care provider from a list of the Plan providers that practice at Kaiser Permanente medical facilities. This decision is important since your primary care provider provides or arranges for most of your healthcare.

- **Primary care**

We encourage you to choose a primary care provider when you enroll. Your primary care provider will provide most of your healthcare. You may select a primary care provider from any of our available Plan providers who practice as generalists in these specialties: internal medicine, pediatrics, or family practice. If you do not select a primary care provider, one may be selected for you. Parents may choose a pediatrician as the Plan physician for their child. In the event you require services of a specialist, please refer to the section below.

To choose or change your primary care provider, you can either select one from our Provider Directory, from our website, www.kp.org/feds, or you can call our Federal Member Services Department at 877-KP4-FEDS (877-574-3337) (TTY: 711).

Please notify us of the primary care provider you choose. If you need help choosing a primary care provider, call us. You may change your primary care provider at any time. You are free to see other Plan primary care providers if your primary care provider is not available, and to receive care at Kaiser Permanente medical facilities other than the one where your primary care provider practices.

- **Specialty care**

Specialty care is care you receive from providers other than a primary care provider. When your primary care provider believes you may need specialty care, they will request authorization from us. If specialty care is necessary, we will authorize a referral to a particular specialist for an initial consultation and/or for a certain number of visits. If we authorize a referral, you may seek that care from the specialist to whom you were referred. Unless we have authorized additional visits without the need to obtain another referral you must return to your primary care provider after the consultation. Do not go to a specialist for return visits unless we have given you an authorized referral for visits beyond the initial consultation. You may see the following Plan providers without first obtaining authorization: obstetrical and gynecologists, optometrists, or mental health and substance use. You may obtain mental health and substance use services from the Plan's mental health or substance use disorder treatment providers without a primary care referral by directly calling our Behavioral Health Access Unit at 866-530-8778 to arrange for services.

Here are some other things you should know about specialty care:

- If you need to see a specialist frequently because of a chronic, complex, or serious medical condition, your primary care provider in consultation with us and your attending specialist may develop a treatment plan that allows you to see the specialist for visits without additional referrals. Your primary care provider must contact us and use our criteria when creating your treatment plan (the physician will have to get authorization beforehand).

- If you are seeing a specialist when you enroll in our Plan, in almost all cases you will be required to switch to a Plan specialist. Generally, we will not pay for you to see a specialist who is not a member of the Plan unless you have an authorized referral.
- If you are seeing a specialist and your specialist leaves the Plan, call your primary care provider, who will request permission from us for you to see another specialist. Under certain circumstances for certain conditions, you may receive authorized services from your current specialist until we can make arrangements for you to see a Plan specialist.
- If you have a chronic and disabling condition and lose access to your specialist because we:
 - terminate our contract with your specialist for a reason other than cause;
 - drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB program plan; or
 - reduce our service area and you enroll in another FEHB plan

You may be able to continue seeing your specialist for up to 90 days after you receive notice of the change. Contact us or, if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist until the end of your postpartum care, even if it is beyond the 90 day period.

• **Hospital care**

If you require emergency care, please go to the nearest hospital. After your condition has stabilized, we may choose to move you to a hospital where Plan physicians are on duty 24 hours a day, 7 days a week.

For non-emergency admissions, your care will be coordinated through the Plan. This includes admission to a skilled nursing or other facility. The Plan determines the most appropriate facility for care for any admission to a non-hospital facility.

• **If you are hospitalized when your enrollment begins**

We pay for covered services from the effective date of your enrollment. However, if you are in the hospital when your enrollment in our Plan begins, call our Member Services Department immediately at 877-KP4-FEDS (877-574-3337) (TTY: 711). If you are new to the FEHB Program, we will arrange for you to receive care and provide benefits for your covered services while you are in the hospital beginning on the effective date of your coverage.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- you are discharged, not merely moved to an alternative care center;
- the day your benefits from your former plan run out; or
- the 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person. If your plan terminates participation in the FEHB Program in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such cases, the hospitalized family member's benefits under the new plan begin on the effective date of enrollment.

• **You need prior Plan approval for certain services**

Your primary care provider arranges most referrals to specialists. For certain services your physician must obtain approval from us. Before we approve a referral, we may consider if the service or item is medically necessary and meets other coverage requirements. We call this review and approval process “prior authorization” although we often use the term “referral” for this process as well. Once the referral is approved, we will notify you that we have authorized your referral.

Your physician must obtain authorization for all covered items or services, except:

- Routine primary care services
- Routine obstetrical and gynecological services (excluding infertility diagnosis and treatment; treatment and management of gynecological malignancies; urogynecology; prenatal diagnostic tests performed outside of the doctor’s office; and other specialized gynecological services)
- Care received in an emergency room, designated Kaiser Permanente urgent care centers, or designated Kaiser Permanente minor injury clinics
- Emergency ambulance transport
- Certain prescription medications as identified on our formulary
- Self-referrals to designated Plan Behavioral Health (mental health and substance use disorder care) providers
- Optometry services

To confirm if a referral has been approved for a service or item that requires prior authorization, please call our Member Services Department at 877-KP4-FEDS (877-574-3337) (TTY: 711).

We must provide or arrange for your mental health and substance use disorder care. Call our Behavioral Health Access Unit at 866-530-8778 to make arrangements.

Finally, except for services from Plan primary care providers, all services performed by non-Plan providers and non-Kaiser Permanente facilities must be authorized in advance.

You should call our Member Services Department if you have not been notified of the outcome of our review. If we do not authorize a request, you have the right to ask us in writing to reconsider our initial decision (see Section 8. *The Disputed Claims Process*).

Prior authorization determinations are made based on the information available at the time the service or item is requested. We will not cover a service or item unless you are a Plan member on the date you receive the service or item. Prior authorization is a certification of medical necessity. In order for the Plan to pay for an authorized service, the service must be a covered service.

• **Non-urgent care claims**

For non-urgent care claims, we will tell the physician and/or hospital the number of approved inpatient days, or the care that we approve for other services that must have prior authorization. We will make our decision within 15 days of receipt of the pre-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you of the need for an extension of time before the end of the original 15-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

• **Urgent care claims**

If you have an urgent care claim (i.e., when waiting for the regular time limit for your medical care or treatment could seriously jeopardize your life, health, or ability to regain maximum function, or in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without this care or treatment), we will expedite our review and notify you of our decision within 72 hours. If you request that we review your claim as an urgent care claim, we will review the documentation you provide and decide whether or not it is an urgent care claim by applying the judgment of a prudent layperson that possesses an average knowledge of health and medicine.

If you fail to provide sufficient information, we will contact you within 24 hours after we receive the claim to let you know what information we need to complete our review of the claim. You will then have up to 48 hours to provide the required information. We will make our decision on the claim within 48 hours of (1) the time we received the additional information or (2) the end of the time frame, whichever is earlier.

We may provide our decision orally within these time frames, but we will follow up with written or electronic notification within three days of oral notification.

You may request that your urgent care claim on appeal be reviewed simultaneously by us and OPM. Please let us know that you would like a simultaneous review of your urgent care claim by OPM either in writing at the time you appeal our initial decision, or by calling us at 877-KP4-FEDS (877-574-3337) (TTY: 711). You may also call OPM's FEHB 3 at 202-606-0755 between 8 a.m. and 5 p.m. Eastern Time to ask for the simultaneous review. We will cooperate with OPM so they can quickly review your claim on appeal. In addition, if you did not indicate that your claim was a claim for urgent care, call us at 877-KP4-FEDS (877-574-3337) (TTY: 711). If it is determined that your claim is an urgent care claim, we will expedite our review (if we have not yet responded to your claim).

- **Concurrent care claims**

A concurrent care claim involves care provided over a period of time or over a number of treatments. We will treat any reduction or termination of our pre-approved course of treatment before the end of the approved period of time or number of treatments as an appealable decision. This does not include reduction or termination due to benefit changes or if your enrollment ends. If we believe a reduction or termination is warranted, we will allow you sufficient time to appeal and obtain a decision from us before the reduction or termination takes effect.

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, we will make a decision within 24 hours after we receive the claim.

- **Emergency services/accidents and post-stabilization care**

Emergency services do not require authorization. However, if you are admitted to a hospital or other facility, you or your family member must notify us within 48 hours, or as soon as reasonably possible, or your claims may be denied.

You must also obtain authorization from us for post-stabilization care you receive from non-Plan providers.

See Section 5(d). *Emergency Services/Accidents* for more information.

- **If your treatment needs to be extended**

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, we will make a decision within 24 hours after we receive the claim.

- **What happens when you do not follow the precertification rules**

You must receive your health services at Plan facilities, except if you have an emergency, authorized referral, or out-of-area urgent care. Your primary care provider will provide most of your healthcare or give you a referral to see a specialist. If you do not obtain a referral from us for services or items that require a referral, we will not pay any amount for those services or items, and you may be liable for the full price of those services or items. This also includes any residual amounts, such as deductibles, copayments or coinsurance that are not covered or not paid by any other insurance plan you use to pay for those services or items.

- **Circumstances beyond our control**

Under certain circumstances, such as natural disasters, we may have to delay your services or we may be unable to provide them. In that case, we will make all reasonable efforts to provide you with the necessary care.

- **If you disagree with our pre-service claim decision** If you have a **pre-service claim** and you do not agree with our prior approval decision, you may request a review in accord with the procedures detailed below. If your claim is in reference to a contraceptive, call our Member Services Department at 877-KP4-FEDS (877-574-3337) (TTY:711).

If you have already received the service, supply, or treatment, then you have a **post-service claim** and must follow the entire disputed claims process detailed in Section 8.

- **To reconsider a non-urgent care claim** Within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

In the case of a pre-service claim and subject to a request for additional information, we have 30 days from the date we receive your written request for reconsideration to do one of the following:

1. Precertify your hospital stay or, if applicable, arrange for the healthcare provider to give you the care or grant your request for prior approval for a service, drug, or supply.
2. Ask you or your provider for more information.
 - You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.
 - If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.
3. Write to you and maintain our denial.

- **To reconsider an urgent care claim** In the case of an appeal of a pre-service urgent care claim, within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

Unless we request additional information, we will notify you of our decision within 72 hours after receipt of your reconsideration request. We will expedite the review process, which allows oral or written request for appeals and the exchange of information by phone, electronic mail, facsimile, or other expeditious methods.

- **To file an appeal with OPM** After we reconsider your **pre-service claim**, if you do not agree with our decision, you may ask OPM to review it by following Step 3 of the disputed claims process detailed in Section 8 of this brochure.

Section 4. Your Cost for Covered Services

This is what you will pay out-of-pocket for covered care:

- **Cost-sharing** Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance, and copayments) for the covered care you receive.
- **Copayments** A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive certain services. The amount of copayment will depend upon whether you are enrolled in the High Option, Standard Option or Prosper, the type of provider, and the service or supply that you receive.

You pay a primary care provider copayment when you visit any primary care provider as described in Section 3. *How You Get Care*. You pay a specialist copayment when you receive care from a specialist as described in Section 3.

For example, for diagnostic and treatment services as described in Section 5(a):

- Under the High Option, you pay a \$10 copayment when you receive diagnostic and treatment services from a primary care provider and a \$20 copayment when you receive these services from a specialty care provider.
- Under the Standard Option, you pay a \$20 copayment when you receive diagnostic and treatment services from a primary care provider and a \$30 copayment when you receive these services from a specialty care provider.
- Under Prosper, you pay a \$30 copayment when you receive diagnostic and treatment services from a primary care provider and a \$40 copayment when you receive these services from a specialty care provider.

- **Deductible** A deductible is a fixed expense you must incur for certain covered services and supplies before we start paying benefits for them. Copayments do not count toward any deductible.

The High and Standard Options have no deductible. The calendar year deductible is \$100 per person for Prosper. Under a Self Plus One or Self and Family enrollment, the deductible is considered satisfied and benefits are payable for all family members when the combined covered expenses applied to the calendar year deductible for family members reach \$200.

Note: If you change plans during Open Season, you do not have to start a new deductible under your prior plan between January 1 and the effective date of your new plan. If you change plans at another time during the year, you must begin a new deductible under your new plan.

If you change options in this Plan during the year, we will credit the amount of covered expenses already applied toward the deductible of your old option to the deductible of your new option.

- **Coinsurance** Coinsurance is the percentage of our allowance that you must pay for your care. Example: In our Plan, you pay 50% of our allowance for infertility services, ovulation stimulants, and oxygen and equipment for home use.

- **Your catastrophic protection out-of-pocket maximum** After your cost-sharing totals \$2,250 per person up to \$4,500 per family enrollment (High Option) or \$3,500 per person up to \$7,000 per family enrollment (Standard Option) or \$4,000 per person up to \$8,000 per family enrollment (Prosper) in any calendar year, you do not have to pay any more for certain covered services. This includes any services required by group health plans to count toward the catastrophic protection out-of-pocket maximum by federal healthcare reform legislation (the Affordable Care Act and implementing regulations).

Example: Your plan has a \$2,250 per person up to \$4,500 per family maximum out-of-pocket limit. If you or one of your covered family members has out-of-pocket qualified medical expenses of \$2,250 in a calendar year, any cost-sharing for qualified medical expenses for that individual will be covered fully by your health plan for the remainder of the calendar year. With a family enrollment, the out-of-pocket maximum will be satisfied once two or more family members have out-of-pocket qualified medical expenses of \$4,500 in a calendar year, and any cost-sharing for qualified medical expenses for all enrolled family members will be covered fully by your health plan for the remainder of the calendar year.

However, cost-sharing for the following services do not count toward your catastrophic protection out-of-pocket maximum, and you must continue to pay cost-sharing for these services:

- Dental services, except accidental injury dental benefit services
- Eyeglass lenses and frames and contact lenses for adults
- Travel benefit

• **Carryover**

If you changed to this Plan during Open Season from a plan with a catastrophic protection benefit and the effective date of the change was after January 1, any expenses that would have applied to that plan's catastrophic protection benefit during the prior year will be covered by your prior plan if they are for care you received in January before your effective date of coverage in this Plan. If you have already met your prior plan's catastrophic protection benefit level in full, it will continue to apply until the effective date of your coverage in this Plan. If you have not met this expense level in full, your prior plan will first apply your covered out-of-pocket expenses until the prior year's catastrophic level is reached and then apply the catastrophic protection benefit to covered out-of-pocket expenses incurred from that point until the effective date of your coverage in this Plan. Your prior plan will pay these covered expenses according to this year's benefits; benefit changes are effective January 1.

Note: If you change options in this Plan during the year, we will credit the amount of covered expenses already accumulated toward the catastrophic out-of-pocket limit of your prior option to the catastrophic protection limit of your new option.

• **When Government facilities bill us**

Facilities of the Department of Veterans Affairs, the Department of Defense and the Indian Health Services are entitled to seek reimbursement from us for certain services and supplies they provide to you or a family member. They may not seek more than their governing laws allow. You may be responsible to pay for certain services and charges. Contact the government facility directly for more information.

• **Important notice about surprise billing - Know Your Rights**

The No Surprises Act (NSA) is a federal law that provides you with protections against "surprise billing" and "balance billing" for out-of-network emergency services; out-of-network non-emergency services provided with respect to a visit to a participating health care facility; and out-of-network air ambulance services. We use "Plan providers" and "Plan facilities" to refer to "in-network" services.

A surprise bill is an unexpected bill you receive for

1. emergency care – when you have little or no say in the facility or provider from whom you receive care, or for
2. non-emergency services furnished by non-Plan providers with respect to patient visits to Plan health care facilities, or for
3. air ambulance services furnished by non-Plan providers of air ambulance services.

Balance billing happens when you receive a bill from the nonparticipating provider, facility, or air ambulance service for the difference between the nonparticipating provider's charge and the amount payable by your health plan.

Your health plan must comply with the NSA protections that hold you harmless from surprise bills.

In addition, we will pay for services obtained at a nonparticipating hospital in the State of Maryland based on Title 19, Subtitle 2, Part II (Health Care Facility Rate Setting) and § 19-710.1 of Maryland's Health-General Article and § 14-205.2 of the Maryland Insurance Article.

- **The Federal Flexible Spending Account Program – *FSAFEDS***
- **Healthcare FSA (HCFSA)** – Reimburses an FSA participant for eligible out-of-pocket healthcare expenses (such as copayments, deductibles, over-the-counter drugs and medications, vision and dental expenses, and much more) for their tax dependents, and their adult children (through the end of the calendar year in which they turn 26).
- **FSAFEDS** – offers paperless reimbursement for your HCFSA through a number of FEHB and FEDVIP plans. This means that when you or your provider files claims with your FEHB or FEDVIP plan, FSAFEDS will automatically reimburse your eligible out-of-pocket expenses based on the claim information it receives from your plan.

Section 5. High Option, Standard Option and Prosper Benefits

See page 16 for how our benefits changed this year. Pages 113, 114, and 115 are a benefits summary of each option. Make sure that you review the benefits that are available under the option in which you are enrolled.

Section 5. High Option, Standard Option and Prosper Benefits Overview28

Section 5(a). Medical Services and Supplies Provided by Physicians and Other Healthcare Professionals30

- Diagnostic and treatment services30

- Summary of Benefits for the Standard Option of Kaiser Permanente - Mid-Atlantic States - 2025114
- Summary of Benefits for Prosper of Kaiser Permanente - Mid-Atlantic States - 2025115

Section 5. High Option, Standard Option and Prosper Benefits Overview

This Plan offers High Option, Standard Option and Prosper. These benefit packages are described in Section 5. Make sure that you review the benefits that are available under the option in which you are enrolled.

The High Option, Standard Option and Prosper Section 5 is divided into subsections. Please read *Important things you should keep in mind* at the beginning of the subsections. Also read the general exclusions in Section 6; they apply to the benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about High Option, Standard Option and Prosper benefits, contact us at 877-KP4-FEDS (877-574-3337) (TTY: 711). You can also visit our website at www.kp.org/feds.

Since 1972, Kaiser Foundation Health Plan of the Mid-Atlantic States, Inc. (Kaiser Permanente) has offered quality integrated healthcare to the FEHB Program. We contract with the Mid-Atlantic Permanente Plan providers to provide our members with quality care and attention, to coordinate your care with the appropriate provider or providers, and to assist us in determining what services, supplies and items are medically necessary. Because we are an integrated system, your care will almost always be rendered by one of Plan provider's primary care providers or specialists, or the contracted hospital that we determine is appropriate for the care you need. Our delivery system offers convenient, comprehensive care all under one roof. You can come to many of our medical facilities and see a primary care provider, pediatrician, Ob/Gyn or specialist, fill prescriptions, have mammograms, complete lab work, get X-rays and more. Also, our sophisticated health technology gives you the opportunity 24 hours a day, 7 days a week to schedule appointments with Plan provider physicians, refill prescriptions at Kaiser Permanente pharmacies, research medical conditions and view your medical information on line.

This Plan offers three options: High Option, Standard Option and Prosper. These Options are designed to include preventive and acute care services provided by our Plan providers, but offer different levels of benefits and services for you to choose between to best fit your healthcare needs. Each option offers unique features.

High Option

Our High Option provides comprehensive benefits. It includes:

- No copayment for all primary care visits for children from infancy through age 4
- No copayment for most preventive care for adults and children
- \$10 per visit to your primary care provider (PCP) for diagnostic services
- \$20 per visit to a specialist for diagnostic services
- \$100 per admission for inpatient admissions, except no charge for inpatient maternity care
- \$7 per prescription or refill for covered preferred generic drugs obtained at a Plan medical center pharmacy; \$17 per prescription or refill for covered preferred generic drugs obtained at an affiliated network pharmacy up to a 30-day supply
- \$30 per prescription or refill for preferred brand-name drugs obtained at a Plan medical center pharmacy; \$50 per prescription or refill for preferred brand-name drugs obtained at an affiliated network pharmacy up to a 30-day supply
- \$45 per prescription or refill for non-preferred drugs obtained at a Plan medical center pharmacy; \$65 per prescription or refill for non-preferred drugs obtained at an affiliated network pharmacy up to a 30-day supply
- \$100 per prescription or refill for specialty drugs obtained at a Plan medical center pharmacy; \$150 per prescription or refill for specialty drugs obtained at an affiliated network pharmacy up to a 30-day supply
- \$30 per office visit for preventive dental care

Standard Option

With the Standard Option your copayments may be higher than the High Option, but the bi-weekly premium is lower. Specific benefits of our FEHB Standard Option include:

- No copayment for all primary care visits for children from infancy through age 17
- No copayment for most preventive care for adults and children
- \$20 per visit to your primary care provider (PCP) for diagnostic services

- \$30 per visit to a specialist for diagnostic services
- \$500 per admission for inpatient admissions, except no charge for inpatient maternity care
- \$10 per prescription or refill for covered preferred generic drugs obtained at a Plan medical center pharmacy; \$20 per prescription or refill for covered preferred generic drugs obtained at an affiliated network pharmacy up to a 30-day supply
- \$40 per prescription or refill for preferred brand-name drugs obtained at a Plan medical center pharmacy; \$60 per prescription or refill for preferred brand-name drugs obtained at an affiliated network pharmacy up to a 30-day supply
- \$60 per prescription or refill for non-preferred drugs obtained at a Plan medical center pharmacy; \$80 per prescription or refill for non-preferred drugs obtained at an affiliated network pharmacy up to a 30-day supply
- \$150 per prescription or refill for specialty drugs obtained at a Plan medical center pharmacy; \$200 per prescription or refill for specialty drugs obtained at an affiliated network pharmacy up to a 30-day supply
- \$30 per office visit for preventive dental care

Prosper

With Prosper, you will pay a deductible for certain services and higher copayments but the premium is the lowest. Specific benefits of our FEHB Prosper include:

- Calendar year deductible of \$100 per person up to \$200 per family.
- No copayment for all primary care visits for children from infancy through age 4.
- No copayment for most preventive care for adults and children.
- \$30 per visit to your primary care provider (PCP) for diagnostic services.
- \$40 per visit to a specialist for diagnostic services.
- \$750 per admission after deductible for inpatient admissions.
- \$10 per prescription or refill for covered preferred generic drugs obtained at a Plan medical center pharmacy; \$20 per prescription or refill for covered preferred generic drugs obtained at an affiliated network pharmacy, up to a 30-day supply.
- \$45 per prescription or refill for preferred brand-name drugs obtained at a Plan medical center pharmacy; \$65 per prescription or refill for preferred brand-name drugs obtained at an affiliated network pharmacy, up to a 30-day supply.
- \$65 per prescription or refill for non-preferred drugs obtained at a Plan medical center pharmacy; \$85 per prescription or refill for non-preferred drugs obtained at an affiliated network pharmacy, up to a 30-day supply.
- \$200 per prescription or refill for specialty drugs obtained at a Plan medical center pharmacy; \$250 per prescription or refill for specialty drugs obtained at an affiliated network pharmacy, up to a 30-day supply.

Section 5(a). Medical Services and Supplies Provided by Physicians and Other Healthcare Professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and we cover them only when we determine they are medically necessary.
- Unless you receive prior approval from us, Plan providers must provide or arrange your care.
- There is no calendar year deductible for the High and Standard Options.
- Under Prosper the calendar year deductible is \$100 per person (\$200 per family enrollment). The calendar year deductible applies to some benefits in this Section. We added “(after the deductible)” when the calendar year deductible applies.
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about how cost-sharing works. Also read Section 9, Coordinating benefits with other coverage, including with Medicare. Different copayments apply for primary care visits and specialty care visits.
- The coverage and cost-sharing listed below are for services provided by physicians and other health care professionals for your medical care. See Section 5(c) for cost-sharing associated with the facility (i.e., hospital, surgical center, etc.).

Family planning (cont.)	High Option	Standard Option	Prosper
<ul style="list-style-type: none"> Kaiser Permanente physicians prescribe the appropriate level of medically necessary contraceptive medications to FEHB members. To ensure physicians can make appropriate exceptions, they have the authority to prescribe brand-name or non-formulary contraceptive drugs for members without administrative review if their opinion is that a particular drug is medically necessary and would be more beneficial for an individual member. Members pay their regular prescription drug copayment for medically necessary brand-name drugs. Information on contraceptive coverage is available to FEHB members on kp.org/feds and kp.org/health-wellness. If you have difficulty accessing contraceptive coverage or other reproductive healthcare, you can contact contraception@opm.gov. For more information about contraception, you can visit the OPM website at Contraceptive Coverage (opm.gov) or email contraception@opm.gov 	Nothing	Nothing	Nothing

Section 5(b). Surgical and Anesthesia Services Provided by Physicians and Other Healthcare Professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Unless you receive prior approval from us, Plan providers must provide or arrange your care.
- There is no calendar year deductible for the High and Standard Options.
- The Prosper calendar year deductible is \$100 per person (\$200 per family enrollment). The calendar year deductible applies to some benefits in this Section. We added “(after the deductible)” when the calendar year deductible applies.
- Be sure to read Section 4. *Your Cost for Covered Services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- The cost-sharing listed below applies to services billed by a physician or other healthcare professional for your surgical care. See Section 5(a) for cost-sharing you pay for services performed during an office visit or 5(c) for cost-sharing you pay for services in an inpatient hospital, outpatient hospital or ambulatory surgical center facility.
- **YOUR PROVIDER MUST GET PRIOR APPROVAL FOR SOME SURGICAL PROCEDURES.** Please refer to the precertification information shown in Section 3 to be sure which services require precertification and identify which surgeries require precertification.

Section 5(d). Emergency Services/Accidents

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- There is no calendar year deductible for the High and Standard Options.
- The Prosper calendar year deductible is \$100 per person (\$200 per family enrollment). The calendar year deductible applies to some benefits in this Section. We added “(after the deductible)” when the calendar year deductible applies.
- Be sure to read Section 4. *Your Cost for Covered Services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

What is a medical emergency?

A medical emergency is the sudden and unexpected onset of a condition or an injury that you believe endangers your life or could result in serious injury or disability, and requires immediate medical or surgical care. Some problems are emergencies because, if not treated promptly, they might become more serious; examples include deep cuts and broken bones. Others are emergencies because they are potentially life-threatening, such as heart attacks, strokes, poisonings, gunshot wounds, or sudden inability to breathe. There are many other acute conditions that we may determine are medical emergencies – what they all have in common is the need for quick action.

What to do in case of emergency:

In a life-threatening emergency-call the local emergency system (e.g., the local 911 phone system). When the operator answers, stay on the phone and answer all questions. If you are not sure whether you are experiencing a medical emergency, please contact our Emergency Line at 800-677-1112.

Emergencies within our service area:

Emergency care is provided at Plan Hospitals 24 hours a day, seven days a week.

If you think you have a medical emergency condition and you cannot safely go to a Plan Hospital, call 911 or go to the nearest hospital. Be sure to tell the emergency room personnel that you are a Plan member so they can notify the Plan. You or a family member must notify us within 48 hours, or as soon as is reasonably possible, by calling 703-359-7878 inside the Washington, DC metropolitan area or toll free 800-777-7904 (TTY: 711).

If you need to be hospitalized, the Plan must be notified within 48 hours or on the first working day following your admission, unless it was not reasonably possible to notify us within that time. If you are in non-Plan facilities and we believe care can be better provided in a Plan facility, we will transfer you when medically feasible.

Benefits are available for care from non-Plan providers in a medical emergency only if delay in reaching a Plan provider would result in death, disability or significant jeopardy to your condition.

When you are sick or injured, you may have an urgent care need. An urgent care need is one that requires prompt medical attention, but is not a medical emergency. If you think you may need urgent care, call the appointment or advice nurse number.

Emergencies outside our service area:

Benefits are available for any medically necessary health service that is immediately required because of injury or unforeseen illness.

If you need to be hospitalized, the Plan must be notified within 48 hours or as soon as is reasonably possible. If we believe care can be better provided in a Plan Hospital, we will transfer you when medically feasible, with any ambulance charges covered in full.

High Option, Standard Option and Prosper

When you are sick or injured, you may have an urgent care need. An urgent care need is one that requires prompt medical attention, but is not a medical emergency. If you think you may need urgent care, call the appointment or advice nurse number. If you are temporarily outside the service area and have an urgent care need due to an unforeseen illness or injury, we cover the medically necessary services and supplies you receive from a non-Plan provider if we find that the services and supplies were necessary to prevent serious deterioration of your health and they could not be delayed until you returned to the service area.

You may obtain emergency and urgent care services from Kaiser Permanente medical facilities and providers when you are in the service area of another Kaiser Permanente plan. The facilities will be listed in the local phone book under Kaiser Permanente. These numbers are available 24 hours a day, seven days a week. You may also obtain information about the location of facilities by calling the dedicated Federal Membership Services Department at 877-KP4-FEDS 877-574-3337 (TTY: 711).

Section 5(e). Mental Health and Substance Use Disorder Benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- There is no calendar year deductible for the High and Standard Options.
- The Prosper calendar year deductible is \$100 per person (\$200 per family enrollment). The calendar year deductible applies to some benefits in this Section. We added “(after the deductible)” when the calendar year deductible applies.
- Be sure to read Section 4. *Your Cost for Covered Services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.
- Unless you receive prior approval from us, Plan providers must provide or arrange your care. Call our Behavioral Health Access Unit at 866-530-8778 to make arrangements.
- If we are unable to provide services in our Plan facilities, you may request a referral to a network provider. If a network provider requests additional visits/time beyond those/that authorized by us, then we must approve a treatment plan.
- We will provide medical review criteria or reasons for treatment plan denials to enrollees, members or providers upon request or as otherwise required.
- OPM will base its review of disputes about treatment plans on the treatment plan’s clinical appropriateness. OPM will generally not order us to pay or provide one clinically appropriate treatment plan in favor of another.

Section 5(f). Prescription Drug Benefits

Important things you should keep in mind about these benefits:

- We cover prescribed drugs and medications, as described in the chart beginning on page 74.
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and we cover them only when we determine they are medically necessary.
- Your prescribers must obtain prior approval/authorizations for certain prescription drugs and supplies before coverage applies. Prior approval authorizations must be renewed periodically.
- We have no calendar year pharmacy deductible.
- Federal law prevents the pharmacy from accepting unused medications.
- Be sure to read Section 4. *Your Cost for Covered Services*, for valuable information about how cost-sharing works. Also read Section 9 about coordinating benefits with other coverage, including with Medicare.

There are important features you should be aware of. These include:

- **Who can write your prescription.** A licensed Plan provider or licensed Plan dentist must prescribe your medication. We cover prescriptions written by a non-Plan provider or filled at a non-Plan pharmacy only for emergencies or out-of-area urgent care (see Section 5(d), *Emergency services/accidents*), or as stated in this section.
- **Where you can obtain them.** You must fill the prescription at a Plan pharmacy, an affiliated network pharmacy, online at www.kp.org/rxrefill or by the Plan mail order program for certain maintenance medication as specified below. We cover prescriptions written by a non-Plan provider or filled at a non-Plan pharmacy only for covered emergencies as specified in Section 5(d). *Emergency Services/Accidents*. Plan members called to active military duty (or members in time of national emergency), who need to obtain prescribed medications, should call a Plan pharmacy.
- **We use a managed formulary.** The medications included in our drug formulary are chosen by a group of Kaiser Permanente physicians, pharmacists and other Plan providers known as the Pharmacy and Therapeutics Committee. The committee meets regularly to consider adding and removing prescription drugs on the drug formulary based on new information or drugs that become available. We describe any additional coverage requirements and limits in our FEHB formulary. These may include step therapy, prior authorization, quantity limits, drugs that can only be obtained at certain specialty pharmacies, or other requirements and limits described in our formulary.

Drugs on our formulary are called, “preferred drugs”. We cover non-preferred prescription drugs (those not listed on our drug formulary for your condition) prescribed by a Plan provider if they would otherwise be covered and 1) a Plan provider believes that a non-preferred drug best treats your medical condition; a preferred drug has been ineffective in the treatment of your medical condition; or a preferred drug causes, or is reasonably expected to cause, a harmful reaction, and 2) a Plan provider receives an approved drug formulary exception from us. For information about drug formulary exceptions, see Section 3, *You need prior Plan approval for certain services*. You pay higher cost-sharing for non-preferred drugs prescribed by a Plan provider. If you request a non-preferred generic or brand-name drug when your Plan provider has prescribed a preferred drug, the non-preferred drug is not covered. However, you may purchase the non-preferred drug from a Plan pharmacy at prices charged to members for non-covered drugs. For more information on our prescription drug FEHB formulary, visit kp.org/formulary or call our Federal Member Services Department at 877-KP4-FEDS (877-574-3337) (TTY: 711).

You pay applicable drug cost-sharing based on the tier a drug is in. Our drugs are categorized into four tiers:

- **Tier 1: Preferred generic drugs.** Generic drugs are produced and sold under their generic names after the patent of the brand-name drug expires. Although the price is usually lower, the quality of generic drugs is the same as brand-name drugs. Generic drugs are also just as effective as brand-name drugs. The Food and Drug Administration (FDA) requires that a generic drug contain the same active drug ingredient in the same amount as the brand-name drug. Preferred generic drugs are listed on our drug formulary.
- **Tier 2: Preferred brand-name and high-cost generic drugs.** Brand-name drugs are produced and sold under the original manufacturer's brand name. Preferred brand-name and high-cost generic drugs are listed on our drug formulary.
- **Tier 3: Non-preferred drugs.** Non-preferred drugs are not listed on our drug formulary.

- **Tier 4: Specialty drugs.** Specialty drugs are high-cost drugs that are on our specialty drug list.

If our allowance for the drug, supply, or supplement is less than the copayment, you will pay the lesser amount. Items can change tier, in accord with formulary guidelines, which may impact the cost-sharing you pay (for example, if a brand-name drug is added to the specialty drug list, you will pay the cost-sharing that applies to drugs on the specialty drug tier, not the cost-sharing for drugs on the brand-name drug tier).

- **These are the dispensing limitations.** We provide up to a 30-day supply for most drugs dispensed in a Plan pharmacy for one copayment based upon (a) the prescribed quantity, (b) the standard manufacturer’s package size, (c) specified dispensing limits, (d) the type of drug, and (e) the place of purchase. Maintenance medications may be obtained for up to a 90-day supply when dispensed in a Plan pharmacy for three copayments or through our mail order program for two copayments. A maintenance drug is a drug that your Plan provider anticipates you will require for 6 months or more to treat a chronic condition. For prescribed contraceptives, you may obtain up to a 12-month supply at a Plan pharmacy or through our mail-delivery program. We cover episodic drugs prescribed to treat sexual dysfunction disorders up to a maximum of 8 doses in any 30-day period or 24 doses in any 90-day period. Most drugs can be mailed from our mail order pharmacy. Some drugs (for example, drugs that are extremely high cost, require special handling, have standard packaging or requested to be mailed outside the states of Maryland and Virginia, and the District of Columbia) may not be eligible for mailing and/or a mail order discount. The pharmacy may reduce the day supply dispensed if the pharmacy determines that the item is in limited supply in the market or for specific drugs (your Plan pharmacy can tell you if a drug you take is one of these drugs). You will pay the lesser amount of the total cost of the drug based on the dispensed day’s supply (prorated copay) or the full copay if full supply is available.
- **A generic equivalent will be dispensed if it is available,** unless your physician specifically requires a name brand. If you receive a name brand drug when an FDA approved generic drug is available, and your physician has not specified Dispense as Written for the name brand drug, you have to pay the difference in cost between the name brand drug and the generic.
- **Why use generic drugs?** Typically generic drugs cost you and us less money than a brand-name drug. Under federal law, generic and brand-name drugs must meet the same standards for safety, purity, strength, and effectiveness.
- **When you do have to file a claim.** You do not need to file a claim when you receive drugs from a Plan pharmacy. You have to file a claim when you receive drugs from a non-Plan pharmacy for a covered out-of-area emergency as specified in Section 5(d). *Emergency Services/Accidents*. For information about how to file a claim, see Section 7. *Filing a Claim for Covered Services*.

Section 5(g). Dental Benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to this brochure's definitions, limitations, and exclusions and are payable only when we determine they are medically necessary.
- If you are enrolled in a Federal Employees Dental and Vision Insurance Program (FEDVIP) dental plan, your FEHB plan preventive and comprehensive dental coverage is the primary payor of any benefit payments and your FEDVIP plan is secondary to your FEHB plan. See Section 9, *Coordinating Benefits with Medicare and Other Coverage*.
- Plan dentists must provide or arrange your care, except as described under the Accidental injury benefit below. LIBERTY Dental Plan (LIBERTY) will provide or arrange for the provision of covered dental services to you through participating dental providers.
- We cover hospitalization for dental procedures only when a non-dental physical impairment exists which makes hospitalization necessary to safeguard the health of the patient. See Section 5(c), *Services Provided by a Hospital or Other Facility, and Ambulance Services*, for inpatient hospital benefits. We do not cover the dental procedure unless it is described below.
- There is no calendar year deductible for the High and Standard Options.
- The Prosper calendar year deductible is \$100 per person (\$200 per family enrollment). The calendar year deductible applies to some benefits in this Section. We added “(after the deductible)” when the calendar year deductible applies.
- Be sure to read Section 4. *Your Costs for Covered Services*, for valuable information about how cost-sharing works.

Section 5(h). Wellness and Other Special Features

Feature	Description
Flexible benefits option	<p>Under the flexible benefits option, we determine the most effective way to provide services.</p> <ul style="list-style-type: none"> • We may identify medically appropriate alternatives to regular contract benefits as a less costly alternative. If we identify a less costly alternative, we will ask you to sign an alternative benefits agreement that will include all of the following terms in addition to other terms as necessary. Until you sign and return the agreement, regular contract benefits will continue. • Alternative benefits will be made available for a limited time period and are subject to our ongoing review. You must cooperate with the review process. • By approving an alternative benefit, we do not guarantee you will get it in the future. • The decision to offer an alternative benefit is solely ours, and except as expressly provided in the agreement, we may withdraw it at any time and resume regular contract benefits. • If you sign the agreement, we will provide the agreed-upon alternative benefits for the stated time period (unless circumstances change). You may request an extension of the time period, but regular contract benefits will resume if we do not approve your request. • Our decision to offer or withdraw alternative benefits is not subject to OPM review under the disputed claims process. However, if at the time we make a decision regarding alternative benefits, we also decide that regular contract benefits are not payable, then you may dispute our regular contract benefits decision under the OPM disputed claims process (see Section 8).
Centers of Excellence	<p>The Centers of Excellence program began in 1987. As new technologies proliferate and become the standard of care, Kaiser Permanente refers members to contracted “Centers of Excellence” for certain specialized medical procedures.</p> <p>We have developed a nationally contracted network of Centers of Excellence for organ transplantation, which consists of medical facilities that have met stringent criteria for quality care in specific procedures. A national clinical and administrative team has developed guidelines for site selection, site visit protocol, volume and survival criteria for evaluation and selection of facilities. The institutions have a record of positive outcomes and exceptional standards of quality.</p>
Services for the deaf, hard of hearing or speech impaired	<p>We provide TTY/text phone number TTY: 711. Sign language services are also available.</p>
Services from other Kaiser Permanente regions	<p>When you visit a different Kaiser Foundation Health Plan service area, you can receive visiting member services from designated providers in that area. Visiting member services are subject to the terms, conditions and cost-sharing described in this FEHB brochure. Certain services are not covered as a visiting member.</p> <p>For more information about receiving visiting member services, including provider and facility locations in other Kaiser Permanente service areas please call our Away from Home Travel Line at 951-268-3900 or visit www.kp.org/feds.</p>

<p>Travel benefit</p>	<p>Kaiser Permanente’s travel benefits for Federal employees provides you with outpatient follow-up and/or continuing medical and mental health and substance use care when you are temporarily (for example, on a temporary work assignment or attending school) outside your home service area by more than 100 miles and outside of any other Kaiser Permanente service area. These benefits are in addition to your emergency services/accident benefit and include:</p> <ul style="list-style-type: none"> • Outpatient follow-up care necessary to complete a course of treatment after a covered emergency. Services include removal of stitches, a catheter, or a cast. • Outpatient continuing care for covered services for conditions diagnosed and treated within the previous 12 months by a Kaiser Permanente healthcare provider or affiliated Plan provider. Services include prescription drug monitoring. <p>You pay \$25 for each follow-up or continuing care office visit. This amount will be deducted from the reimbursement we make to you or to the provider. We limit our payment for this travel benefit to no more than \$1,200 each calendar year. For more information about this benefit you should contact the Plan’s dedicated Federal Member Services Department at 877-KP4-FEDS (877-574-3337) (TTY: 711). File claims as shown in Section 7.</p> <p><i>The following are a few examples of services not included in your travel benefits coverage:</i></p> <ul style="list-style-type: none"> • Non-emergency hospitalization • Infertility treatments • Medical and hospital costs resulting from a normal full-term delivery of a baby outside the service area • Transplants • Durable medical equipment (DME) • Prescription drugs • Home health services
<p>Rewards</p>	<p>Take steps to improve your well-being by completing the Kaiser Permanente Total Health Assessment and a biometric screening. FEHB subscribers and their enrolled spouses (age 18 and over) are eligible for the following reward:</p> <p>High and Standard Options</p> <ul style="list-style-type: none"> • \$200 for completing a confidential, online, Total Health Assessment (available in English or Spanish) and being up to date on the following biometric screenings: blood glucose, blood pressure, Body Mass Index (BMI) and total cholesterol. To view and determine the status of your screenings, go to www.kp.org/feds. If you have not had these screenings recently, you may be required to contact your Kaiser Permanente doctor. You will get a picture of your overall health and a customized action plan with tips and resources to improve your well-being. <p>Prosper</p> <ul style="list-style-type: none"> • \$375 for completing a confidential, online, Total Health Assessment (available in English or Spanish) and being up to date on the following biometric screenings: blood glucose, blood pressure, Body Mass Index (BMI) and total cholesterol. To view and determine the status of your screenings, go to kp.org/feds. If you have not had these screenings recently, you may be required to contact your Kaiser Permanente doctor.

	<p>Program Guidelines (applies to High Option, Standard Option and Prosper) You must accept the Wellness Program Agreement to be eligible to earn rewards. Please go to www.kp.org/feds to learn how to earn your reward and how to view and track the status of your reward activities.</p> <p>You must complete reward activities (Total Health Assessment and a biometric screening) during the plan year. We will issue you a Kaiser Permanente Health Payment Card 4-6 weeks after you complete both activities. We will send each eligible member their own debit card.</p> <p>You may use your Health Payment Card to pay for certain qualified medical expenses, such as:</p> <ul style="list-style-type: none"> • Copayments for office visits, prescription drugs and other services at Kaiser Permanente or other providers • Prescription eyeglasses or contacts • Dental services • Over-the-counter medication for certain diseases • Other medical expenses, as permitted by the IRS <p>Please keep your card for use in the future. As you complete activities, we will add rewards to your card. We will not send you a new card until the card expires. Rewards you earn during this calendar year may be used until March 31 of the next calendar year. Funds are forfeited if you leave this plan.</p> <p>For more information, please go to www.kp.org/feds. If you have questions about completing a Total Health Assessment or biometric screenings, you may call us at 866-300-9867. If you have questions about your account balance or what expenses the Health Payment Card can be used for, you may call the phone number on the back of your Health Payment Card.</p>
<p>Nutrition and behavioral lifestyle support</p>	<p>Kaiser Permanente is committed to investing in the total health of our members. Exercise, nutrition, and weight management resources such as wellness coaching and online Healthy Lifestyle Programs are all available at no cost. We offer our members the tools and resources they need to actively participate in their health at home, online, with their smartphone, and at our facilities. Our members can enroll in a variety of programs that are designed to help them take an active role in their health and make desired lifestyle changes. Unless otherwise noted, most of these programs are available at no additional costs to members because they are embedded within our integrated care delivery model as part of our core offerings. Examples of our wellness programs aimed at weight and nutrition are:</p> <ul style="list-style-type: none"> • Nutrition counseling (such as weight loss and a healthy diet) • Stress reduction programs • Chronic disease self-management programs • Exercise counseling and cardiovascular fitness programs • Smoking Cessation program • Health risk assessments <p>Members can access our Health and Wellness Programs at kp.org/healthyliving.</p>

High risk pregnancies	Early intervention is a hallmark of Kaiser Permanente’s prenatal care program. Prenatal care screenings can help detect or prevent many adverse health outcomes and identify members with high-risk pregnancies. In Kaiser Permanente’s patient-centered model of care, the care plan for patients with high-risk pregnancies is determined based on the patient’s unique needs and condition. This may include ultrasounds, fetal monitoring, and/or additional in-person prenatal visits, and supportive touchpoints with nurses or other care coordinators.
------------------------------	--

Non-FEHB Benefits Available to Plan Members

The benefits on this page are not part of the FEHB contract or premium, **and you cannot file an FEHB disputed claim about them.** The fees you pay for these services do not count toward FEHB deductibles or catastrophic protection out-of-pocket maximums. These programs and materials are the responsibility of the Plan, and all appeals must follow their guidelines. For additional information contact the plan at 877-KP4-FEDS (877-574-3337) (TTY: 711).

Gym Reimbursement

Member Services: 877-KP4-FEDS (877-574-3337) (TTY: 711) www.kp.org/feds

Kaiser Permanente Prosper includes a gym reimbursement program for members over the age of 18 up to \$500 reimbursement for gym membership. To learn more about gym reimbursement, visit kp.org/feds or call the Member Services Department at 877-KP4-FEDS (877-574-3337) (TTY:711).

Health classes and programs - www.kp.org/classes

As a Kaiser Permanente member, you can sign up for in-person, over-the-phone, and online wellness programs and classes designed to help you achieve your health goals. All sessions are taught by your team of experts who walk you through how to make actionable lifestyle changes.

Fitness deals - www.kp.org/exercise

- **ClassPass** makes it easier for you to work out from anywhere. ClassPass partners with 40,000 gyms and studios around the world and offers a range of classes including yoga, dance, cardio, boxing, Pilates, boot camp, and more. You can get unlimited on-demand video workouts at no cost and reduced rates on membership plans to book in-person fitness classes and reserve gym time.
- **One Pass Select Affinity®.** As a Kaiser Permanente member, you get access to more than 20,000 gym locations and over 23,000 online classes. You can have groceries and household essentials delivered right to your door. Flexible fitness options and the ability to use multiple locations.
- **Affinity Musculoskeletal Program®** provides you with access to a variety of high-quality providers for complimentary and alternative medicine for therapies such as acupuncture, massage and chiropractic care. Go to <https://www.myoptumhealthphysicalhealth.com/ProviderDirectory> to locate a provider near you.

Emotional Wellness and Coaching Apps - www.kp.org/selfcareapps

Kaiser Permanente members get access to wellness apps that can help you navigate life's challenges and receive support for emotional wellness. Get help with anxiety, stress, sleep, relationships, and more, anytime you need it.

- **Calm** is an app for meditation and sleep designed to lower stress, reduce anxiety, and more. You can choose from more than 100 programs and activities, including guided meditations, sleep stories, and mindful movement videos.
- **Headspace Care (formerly ginger)** allows you to text one-on-one with an emotional support coach anytime, anywhere, for up to 90 days each year. You can discuss goals, share challenges, and create an action plan with your coach.

Section 6. General Exclusions – Services, Drugs and Supplies We Do Not Cover

The exclusions in this section apply to all benefits. There may be other exclusions and limitations listed in Section 5 of this brochure. **Although we may list a specific service as a benefit, we will not cover it unless it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition. For information on obtaining prior approval for specific services, such as transplants, see Section 3, *You need prior Plan approval for certain services.***

We do not cover the following:

- When a service is not covered, all services, drugs, or supplies related to the non-covered service are excluded from coverage, except when specifically stated as covered in this brochure or for services we would otherwise cover to treat complications of the non-covered service.
- Fees associated with non-payment (including interest), missed appointments and special billing arrangements.
- Care by non-Plan providers, except with prior approval of the Plan, emergencies, travel benefit, or services from other Kaiser Permanente plans (see Emergency services/accidents and Special features).
- Services, drugs, or supplies you receive while you are not enrolled in this Plan.
- Services, drugs, or supplies not medically necessary.
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice.
- Experimental or investigational procedures, treatments, drugs or devices (see specifics regarding transplants).
- Services, drugs, or supplies related to abortions, except, you pay nothing when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest.
- Services, drugs, or supplies you receive without charge while in active military service.
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program.
- Services or supplies we are prohibited from covering under the Federal Law.

Section 7. Filing a Claim for Covered Services

This section primarily deals with post-service claims (claims for services, drugs or supplies you have already received). See Section 3 for information on prior Plan approval and pre-service claims procedures (services, drugs or supplies requiring prior Plan approval), including urgent care claims procedures. When you see Plan providers, receive services at Plan hospitals and facilities, or obtain your prescription drugs at Plan pharmacies, you will not have to file claims. Just present your identification card and pay your copayment or coinsurance.

You may need to file a claim when you receive a service or item from a non-Plan provider or at a non-Plan facility. This includes services such as out-of-network emergency services, out-of-area urgent care and services covered under the travel benefit. Check with the provider to determine if they can bill us directly. Filing a claim does not guarantee payment.

If you need to file the claim, here is the process:

Medical, hospital and drug benefits

In most cases, providers and facilities file claims for you. Providers must file on the form CMS-1500, Health Insurance Claim Form. Your facility will file on the UB-04 form. For claims questions and assistance, call us at 877-KP4-FEDS (877-574-3337) (TTY:711).

When you must file a claim – such as for services you received outside the Plan’s service area – submit it on the CMS-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Covered member’s name, date of birth, address, phone number and ID number
- Name and address of the provider or facility that provided the service or supply
- Dates you received the services or supplies
- Diagnosis
- Type of each service or supply
- The charge for each service or supply
- A copy of the explanation of benefits, payments, or denial from any primary payor – such as the Medicare Summary Notice (MSN)
- Receipts, if you paid for your services

Note: Canceled checks, cash register receipts, or balance due statements are not acceptable substitutes for itemized bills.

Submit your claims to:

Mid-Atlantic Claims Administration
Kaiser Permanente
P.O. Box 371860
Denver, CO 80237-9998

Deadline for filing your claim

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service, unless timely filing was prevented by administrative operations of Government or legal incapacity, provided the claim was submitted as soon as reasonably possible.

Post-Service Claims

We will notify you of our decision within 30 days after we receive your post-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you before the expiration of the original 30-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

If you do not agree with our initial decision, you may ask us to review it by following the disputed claims process detailed in Section 8 of this brochure.

Authorized Representative

You may designate an authorized representative to act on your behalf for filing a claim or to appeal claims decisions to us. For urgent care claims, we will permit a healthcare professional with knowledge of your medical condition to act as your authorized representative without your express consent. For the purposes of this section, we are also referring to your authorized representative when we refer to you.

Notice Requirements

If you live in a county where at least 10% of the population is literate only in a non-English language (as determined by the Secretary of Health and Human Services), we will provide language assistance in that non-English language. You can request a copy of your Explanation of Benefits (EOB) statement, related correspondence, oral language services (such as phone customer assistance), and help with filing claims and appeals (including external reviews) in the applicable non-English language. The English versions of your EOBs and related correspondence will include information in the non-English language about how to access language services in that non-English language.

Any notice of an adverse benefit determination or correspondence from us confirming an adverse benefit determination will include information sufficient to identify the claim involved (including the date of service, the healthcare provider, and the claim amount, if applicable), and a statement describing the availability, upon request, of the diagnosis and procedure codes.

Section 8. The Disputed Claims Process

You may appeal directly to the Office of Personnel Management (OPM) if we do not follow required claims processes. For more information or to make an inquiry about situations in which you are entitled to immediately appeal to OPM, including additional requirements not listed in Sections 3, 7 and 8 of this brochure, please call Member Services at the phone number found on your ID card, Plan brochure, or Plan website.

Please follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your post-service claim (a claim where services, drugs or supplies have already been provided). In Section 3, *If you disagree with our pre-service claim decision*, we describe the process you need to follow if you have a claim for services, referrals, drugs or supplies that must have prior Plan approval, such as inpatient hospital admissions.

To help you prepare your appeal, you may arrange with us to review and copy, free of charge, all relevant materials and Plan documents under our control relating to your claim, including those that involve any expert review(s) of your claim. To make your request, please contact our Member Services Appeals Department by writing to Nine Piedmont Center, 3495 Piedmont Road NE, Atlanta, GA 30305, Attn: Member Services Appeals Unit or calling 877-KP4-FEDS (877-574-3337) (TTY: 711).

Our reconsideration will take into account all comments, documents, records, and other information submitted by you relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

When our initial decision is based (in whole or in part) on a medical judgment (i.e., medical necessity, experimental/investigational), we will consult with a healthcare professional who has appropriate training and experience in the field of medicine involved in the medical judgment and who was not involved in making the initial decision.

Our reconsideration will not take into account the initial decision. The review will not be conducted by the same person, or their subordinate, who made the initial decision.

We will not make our decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) based upon the likelihood that the individual will support the denial of benefits.

Step	Description
1	<p>Ask us in writing to reconsider our initial decision. You must:</p> <ul style="list-style-type: none">a) Write to us within 6 months from the date of our decision; andb) Send your request to us at: Kaiser Foundation Health Plan of the Mid-Atlantic States, Inc., Nine Piedmont Center, 3495 Piedmont Road NE, Atlanta, GA 30305, Attn: Member Services Appeals Unit; andc) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; andd) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms. <p>We will provide you, free of charge and in a timely manner, with any new or additional evidence considered, relied upon, or generated by us or at our direction in connection with your claim and any new rationale for our claim decision. We will provide you with this information sufficiently in advance of the date that we are required to provide you with our reconsideration decision to allow you a reasonable opportunity to respond to us before that date. However, our failure to provide you with new evidence or rationale in sufficient time to allow you to timely respond shall not invalidate our decision on reconsideration. You may respond to that new evidence or rationale at the OPM review stage described in step 4.</p>
2	<p>In the case of a post-service claim, we have 30 days from the date we receive your request to:</p> <ul style="list-style-type: none">a) Pay the claim orb) Write to you and maintain our denial orc) Ask you or your provider for more information.

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

3

If you do not agree with our decision, you may ask OPM to review it.

You must write to OPM within:

- 90 days after the date of our letter upholding our initial decision; or
- 120 days after you first wrote to us - if we did not answer that request in some way within 30 days; or
- 120 days after we asked for additional information.

Write to OPM at: United States Office of Personnel Management, Healthcare and Insurance, Federal Employees Insurance Operations, FEHB 3, 1900 E Street NW, Washington, DC 20415-3630.

Send OPM the following information:

- A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;
- Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;
- Copies of all letters you sent to us about the claim;
- Copies of all letters we sent to you about the claim;
- Your daytime phone number and the best time to call; and
- Your email address, if you would like to receive OPM's decision via email. Please note that by providing your email address, you may receive OPM's decision more quickly.

Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request. However, for urgent care claims, a healthcare professional with knowledge of your medical condition may act as your authorized representative without your express consent.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.

4

OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision or notify you of the status of OPM's review within 60 days. There are no other administrative appeals.

If you do not agree with OPM's decision, your only recourse is to sue. If you decide to file a lawsuit, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that may not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not file a lawsuit until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

Note: **If you have a serious or life-threatening condition** (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and you did not indicate that your claim was a claim for urgent care, then call us at 877-KP4-FEDS (877-574-3337). We will expedite our review (if we have not yet responded to your claim); or we will inform OPM so they can quickly review your claim on appeal. You may call OPM's FEHB 3 at 202-606-0755 between 8 a.m. and 5 p.m. Eastern Time.

Please remember that we do not make decisions about plan eligibility issues. For example, we do not determine whether you or a family member is covered under this Plan. You must raise eligibility issues with your Agency personnel/payroll office if you are an employee, your retirement system if you are an annuitant or the Office of Workers' Compensation Programs if you are receiving Workers' Compensation benefits.

Section 9. Coordinating Benefits with Medicare and Other Coverage

When you have other health coverage

You must tell us if you or a covered family member has coverage under any other health plan or has automobile insurance that pays healthcare expenses without regard to fault. This is called “double coverage.”

When you have double coverage, one plan normally pays its benefits in full as the primary payor and the other plan pays a reduced benefit as the secondary payor. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners’ (NAIC) guidelines. For more information on NAIC rules regarding the coordinating of benefits, visit the NAIC website at www.kp.org/feds.

When we are the primary payor, we will pay the benefits described in this brochure.

When we are the secondary payor, we will determine our allowance. After the primary plan processes the benefit, we will pay what is left of our allowance, up to our regular benefit, except Medicare-eligible members with Original Medicare as primary payor must pay cost-sharing described in this FEHB brochure (see Sections 4 and 5, members with Medicare should also see the Original Medicare Plan portion of this Section 9). We will not pay more than our allowance. If we are the secondary payor, and you received your services from Plan providers, we may bill the primary carrier.

• TRICARE and CHAMPVA

TRICARE is the healthcare program for eligible dependents of military persons, and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled Veterans and their eligible dependents. If TRICARE or CHAMPVA and this Plan cover you, we pay first. See your TRICARE or CHAMPVA Health Benefits Advisor if you have questions about these programs.

Suspended FEHB coverage to enroll in TRICARE or CHAMPVA: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement or employing office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under TRICARE or CHAMPVA.

• Workers’ Compensation

Every job-related injury or illness should be reported as soon as possible to your supervisor. Injury also means any illness or disease that is caused or aggravated by the employment as well as damage to medical braces, artificial limbs and other prosthetic devices. If you are a federal or postal employee, ask your supervisor to authorize medical treatment by use of form CA-16 before you obtain treatment. If your medical treatment is accepted by the Dept. of Labor Office of Workers’ Compensation (OWCP), the provider will be compensated by OWCP. If your treatment is determined not job-related, we will process your benefit according to the terms of this plan, including use of in-network providers. Take form CA-16 and form OWCP-1500/HCF-1500 to your provider, or send it to your provider as soon as possible after treatment, to avoid complications about whether your treatment is covered by this plan or by OWCP.

We do not cover services that:

- You (or a covered family member) need because of a workplace-related illness or injury that the Office of Workers’ Compensation Programs (OWCP) or a similar federal or state agency determines they must provide; or
- OWCP or a similar agency pays for through a third-party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

• Medicaid

When you have this Plan and Medicaid, we pay first.

Suspended FEHB coverage to enroll in Medicaid or a similar state-sponsored program of medical assistance: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these state programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement or employing office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the state program.

When other Government agencies are responsible for your care

We do not cover services and supplies when a local, state, or federal government agency directly or indirectly pays for them.

When third parties cause illness or injuries

When you receive money to compensate you for medical or hospital care for injuries or illness caused by another person, you must reimburse us for any expenses we paid. However, we will cover the cost of treatment that exceeds the amount you received in the settlement.

If you do not seek damages you must agree to let us try. This is called subrogation. If you need more information, contact us for our subrogation procedures.

If you obtain a judgment or settlement from or on behalf of a third party who allegedly caused or is responsible for an injury or illness for which you received covered healthcare services or benefits (“Services”), you must pay us Charges for those Services. “Charges” are: 1) for Services that we pay the provider on a fee-for-service basis, the payments that we made for the Services; and 2) for all other Services, the charges in the provider’s schedule of charges for Services provided to Members less any cost share payments that you made to the provider. Our payments for Services in these circumstances are expressly conditioned on your agreement to comply with these provisions. You are still required to pay cost-sharing to the provider, even if a third party has allegedly caused or is responsible for the injury or illness for which you received Services.

You must also pay us Charges for such Services if you receive or are entitled to receive a recovery from any insurance for an injury or illness alleged to be based on a third party’s or your own fault, such as from uninsured or underinsured motorist coverage, automobile or premises medical payments coverage, or any other first party coverage. You must also pay us Charges for such Services if you receive or are entitled to receive recovery from any Workers' Compensation benefits.

To secure our rights, we will have a lien on and reimbursement right to the proceeds of any judgment or settlement you or we obtain. The proceeds of any judgment or settlement that you or we obtain shall first be applied to satisfy our lien, regardless of whether the total amount of the proceeds is less than the actual losses and damages you incurred. Our right to receive payment is not subject to reduction based on attorney fees or costs under the “common fund” doctrine and is fully enforceable regardless of whether you are “made whole” or fully compensated for the full amount of damages claimed.

We are entitled to full recovery regardless of whether any liability for payment is admitted by any person, entity or insurer. We are entitled to full recovery regardless of whether the settlement or judgment received by you identifies the medical benefits provided or purports to allocate any portion of such settlement or judgment to payment of expenses other than medical expenses. We are entitled to recover from any and all settlements, even those designated as for pain and suffering, non-economic damages and/or general damages only.

In order for us to determine the existence of any rights we may have and to satisfy those rights, you must complete and send us all consents, releases, authorizations, assignments, and other documents, including lien forms directing your attorney and any, insurer to pay us directly. You may not agree to waive, release, or reduce our rights under this provision without our prior, written consent. You must cooperate in doing what is reasonably necessary to assist us with our right of recovery. You must notify us within 30 days of the date you or someone acting on your behalf notifies anyone, including an insurer or attorney, of your intention to pursue or investigate a claim to recover damages or obtain compensation due to your injury or illness. You must not take any action that may prejudice our right of recovery.

If your estate, parent, guardian, or conservator asserts a claim based on your injury or illness, that person or entity and any settlement or judgment recovered by that person or entity shall be subject to our liens and other rights to the same extent as if you had asserted the claim against the party. We may assign our rights to enforce our liens and other rights.

We have the option of becoming subrogated to all claims, causes of action, and other rights you may have against a third party or an insurer, government program, or other source of coverage for monetary damages, compensation, or indemnification on account of the injury or illness allegedly caused by the third party. We will be so subrogated as of the time we mail or deliver a written notice of our exercise of this option to you or your attorney, but we will be subrogated only to the extent of the total of Charges for the relevant Services. Contact us if you need more information about recovery or subrogation.

Surrogacy Agreements

If you enter into a Surrogacy Agreement, you must reimburse us for covered services you receive related to conception, pregnancy, delivery, or postpartum care in connection with the Surrogacy Agreement, except that the amount you must pay will not exceed the payments or other compensation you and any other payee are entitled to receive under the Surrogacy Agreement. A "Surrogacy Agreement" is one in which a person agrees to become pregnant and to surrender the baby (or babies) to another person or persons who intend to raise the child (or children), in exchange for payment or compensation for being a surrogate. The "Surrogacy Agreement" does not affect your obligation to pay your cost-sharing for services received, but we will credit any such payments toward the amount you must pay us under this paragraph. We will only cover charges incurred for any services when you have legal custody of the baby and when the baby is covered as a family member under your Self Plus One or Self and Family enrollment (the legal parents are financially responsible for any services that the baby receives).

By accepting services, you automatically assign to us your right to receive payments that are payable to you or any other payee under the Surrogacy Agreement, regardless of whether those payments are characterized as being for medical expenses. To secure our rights, we will also have a lien on those payments and on any escrow account, trust, or any other account that holds those payments. Those payments (and amounts in any escrow account, trust, or other account that holds those payments) shall first be applied to satisfy our lien. The assignment and our lien will not exceed the total amount of your obligation to us under the preceding paragraph.

Within 30 days after entering into a Surrogacy Agreement, you must send written notice of the Agreement, a copy of the Agreement, including the names, addresses, and phone numbers of all parties involved in the Agreement. You must send this information to:

Kaiser Permanente
Attention: Patient Financial Services
4000 Garden City Drive
Hyattsville, MD 20785
Attn: Surrogacy Coordinator

You must complete and send us consents, releases, authorizations, lien forms, and other documents that are reasonably necessary for us to determine the existence of any rights we may have under this "Surrogacy Agreements" section and to satisfy those rights.

If your estate, parent, guardian, or conservator asserts a claim against a third party based on the Surrogacy Agreement, your estate, parent, guardian, or conservator and any settlement or judgment recovered by the estate, parent, guardian, or conservator shall be subject to our liens and other rights to the same extent as if you had asserted the claim against the third party. We may assign our rights to enforce our liens and other rights.

When you have Federal Employees Dental and Vision Insurance Plan (FEDVIP) coverage

Some FEHB plans already cover some dental and vision services. When you are covered by more than one vision/dental plan, coverage provided under your FEHB plan remains as your primary coverage. FEDVIP coverage pays secondary to that coverage. When you enroll in a dental and/or vision plan on www.BENEFEDS.com or by phone at 877-888-3337, (TTY 877-889-5680), you will be asked to provide information on your FEHB plan so that your plans can coordinate benefits. Providing your FEHB information may reduce your out-of-pocket cost.

Clinical trials

An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application.

We will cover routine care costs and may cover some extra care costs not provided by the clinical trial in accordance with Section 5 when Plan physicians provide or arrange for your care. We encourage you to contact us to discuss specific services if you participate in a clinical trial.

- Routine care costs are costs for routine services such as doctor visits, lab tests, X-rays and scans, and hospitalizations related to treating the patient's condition whether the patient is in a clinical trial or is receiving standard therapy. We cover routine care costs not provided by the clinical trial.
- Extra care costs are costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care. We cover some extra care costs not provided by the clinical trial. We encourage you to contact us to discuss coverage for specific services if you participate in a clinical trial.
- Research costs are costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. The Plan does not cover research costs.

When you have Medicare

For more detailed information on "What is Medicare?" and "Should I Enroll in Medicare?" please contact Medicare at 800-MEDICARE (800-633-4227), (TTY: 877-486-2048) or at www.medicare.gov.

• The Original Medicare Plan (Part A or Part B)

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share.

All physicians and other providers are required by law to file claims directly to Medicare for members with Medicare Part B, when Medicare is primary. This is true whether or not they accept Medicare.

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care.

Claims process when you have the Original Medicare Plan – You will probably not need to file a claim form when you have both our Plan and the Original Medicare Plan.

When we are the primary payor, we process the claim first.

When Original Medicare is the primary payor, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will then provide secondary benefits for covered charges. To find out if you need to do something to file your claim, call us toll free, at 877-KP4-FEDS (877-574-3337) (TTY: 711), 7:30 a.m. to 9:00 p.m., Monday through Friday, or visit our website at www.kp.org/feds.

We do not waive any costs if the Original Medicare Plan is your primary payor.

- **If you enroll in Medicare Part B**

If you enroll in Medicare Part B, we require you to assign your Medicare Part B benefits to the Plan for its services. Assigning your benefits means you give the Plan written permission to bill Medicare on your behalf for covered services you receive in network. You do not lose any benefits or entitlements as a result of assigning your Medicare Part B benefits.

- **Tell us about your Medicare coverage**

You must tell us if you or a covered family member has Medicare coverage, and let us obtain information about services denied or paid under Medicare if we ask. You must also tell us about other coverage you or your covered family members may have, as this coverage may affect the primary/secondary status of this Plan and Medicare.

- **Medicare Part B premium reimbursement**

We offer a program designed to help members with their Medicare Part B premium. This program is called "Medicare Advantage 2". For each month you are enrolled in Medicare Advantage 2, have Medicare Parts A and B or Part B only and are enrolled in Medicare Advantage for Federal Members, you will be reimbursed up to \$200 (up to \$2,400 per year) of your Medicare Part B monthly premium. In addition to reimbursing for the Part B monthly premium, we will cover additional benefits, including lower copayments for office visits, outpatient surgery, inpatient hospital care, emergency care, plus additional coverage for the One Pass[®] fitness program.

You may enroll in this program if:

- You enroll in the Plan's High Option or Standard Option,
- You live in our Medicare Advantage service area,
- You have Medicare Parts A and B, or Medicare Part B only, and you enroll in Medicare Advantage for Federal Members, and
- The FEHB subscriber completes an additional application for enrollment in Medicare Advantage 2.

Reimbursements will begin on the first of the month following receipt of your additional application for enrollment in Medicare Advantage 2 and verification of your Medicare Part B enrollment. During a calendar year, you may enroll in Medicare Advantage 2 only once. If the FEHB subscriber enrolls in Medicare Advantage 2, each family member who enrolls in Medicare Advantage for Federal Members is required to participate in Medicare Advantage 2. If, for any reason, you do not meet the enrollment requirements for Medicare Advantage 2, you will no longer be eligible to participate in the program. Your reimbursement will end and your regular FEHB High Option and Standard Option benefits will resume. You may be required to repay any reimbursements paid to you in error.

To learn more about Medicare Advantage 2 and how to enroll, call us at 877-547-4909 (TTY:711), 8 a.m. to 8 p.m., 7 days a week, or visit our website at www.kp.org/feds. We will send you additional information and an additional application for enrollment in Medicare Advantage 2.

- **Medicare Advantage (Part C)**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare Advantage plan. These are private healthcare choices (like HMOs and regional PPOs) in some areas of the country. To learn more about Medicare Advantage plans, contact Medicare at **800-MEDICARE (800-633-4227) (TTY: 877-486-2048)** or at www.medicare.gov.

If you enroll in a Medicare Advantage plan, the following options are available to you:

This Plan and our Medicare Advantage Plan: We offer a Medicare Advantage plan known as Kaiser Permanente Medicare Advantage for Federal Members. Kaiser Permanente Medicare Advantage for Federal Members enhances your FEHB coverage by lowering cost-sharing for some services and/or adding benefits. High and Standard Option Members can choose between 2 Medicare Advantage plans: "Medicare Advantage 1" (richest benefits) and "Medicare Advantage 2" (some rich benefits) and Part B premium reimbursement. If you live in our Medicare Advantage service area and you have Medicare Parts A and B, or Medicare Part B only, you can enroll in Medicare Advantage for Federal Members. Enrolling in Medicare Advantage for Federal Members does not change your FEHB premium. Your enrollment is in addition to your FEHB High Option, Standard Option or Prosper enrollment; however, your benefits will be provided under the Kaiser Permanente Medicare Advantage for Federal Members plan and are subject to Medicare rules. If you are already enrolled and would like to understand your additional benefits in more detail, please refer to your Medicare Advantage for Federal Members plan's Evidence of Coverage. If you are considering enrolling in our Medicare Advantage for Federal Members, please call us at 301-816-6143 (TTY:866-513-0008), 8:30 a.m. to 5 p.m., Monday through Friday, or visit our website at www.kp.org/feds.

This is a summary of the features of the Kaiser Permanente Medicare Advantage for Federal Members.

This is a summary of the features of the Kaiser Permanente Medicare Advantage for Federal Members. As a Medicare Advantage member, you are still entitled to coverage under the FEHB Program. All benefits are subject to the definitions, limitations, and exclusions set forth in this FEHB brochure and the Kaiser Permanente Medicare Advantage for Federal Members Evidence of Coverage.

This Plan and another plan's Medicare Advantage plan: You may enroll in another plan's Medicare Advantage plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, even out of the Medicare Advantage plan's network and/or service area (if you use our Plan providers). However, we will not waive any of our copayments, coinsurance, or deductibles. If you enroll in a Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage to enroll in a Medicare Advantage plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare Advantage plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare Advantage plan premium.) For information on suspending your FEHB enrollment, contact your retirement or employing office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage or move out of the Medicare Advantage plan's service area.

2025 Benefits and Services: Deductible

High Option without Medicare You pay: None
High Option Medicare Advantage 1 You pay: None
High Option Medicare Advantage 2 You pay: None
Standard Option without Medicare You pay: None

Standard Option Medicare Advantage 2 You pay: \$7,000
Prosper without Medicare You pay: \$8,000
Prosper Medicare Advantage You pay: \$8,000

*You pay the deductible, then cost-sharing

- Medicare prescription drug coverage (Part D)** When we are the primary payor, we process the claim first. If you enroll in another plan's Medicare Part D plan and we are the secondary payor, when you fill your prescription at a Plan pharmacy that is not owned and operated by Kaiser Permanente we will review claims for your prescription drug costs that are not covered by Medicare Part D and consider them for payment under the FEHB plan. Our Kaiser Permanente owned and operated pharmacies will not consider another plan's Medicare Part D benefits. These Kaiser Permanente pharmacies will only provide your FEHB Kaiser Permanente benefits.

You will still need to follow the rules in this brochure for us to cover your care. We will only cover your prescription if it is written by a Plan provider and obtained at a Plan pharmacy or through our Plan mail service delivery program, except in an emergency or urgent care situation.

If you enroll in a Kaiser Permanente Medicare plan, you will get all of the benefits of Medicare Part D plus additional drug benefits covered under your FEHB plan.

Medicare always makes the final determination as to whether they are the primary payor. The following chart illustrates whether Medicare or this Plan should be the primary payor for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly. **(Having coverage under more than two health plans may change the order of benefits determined on this chart.)**

Primary Payor Chart		
A. When you - or your covered spouse - are age 65 or over and have Medicare and you...	The primary payor for the individual with Medicare is...	
	Medicare	This Plan
1) Have FEHB coverage on your own as an active employee		✓
2) Have FEHB coverage on your own as an annuitant or through your spouse who is an annuitant	✓	
3) Have FEHB through your spouse who is an active employee		✓
4) Are a reemployed annuitant with the Federal government and your position is excluded from the FEHB (your employing office will know if this is the case) and you are not covered under FEHB through your spouse under #3 above	✓	
5) Are a reemployed annuitant with the Federal government and your position is not excluded from the FEHB (your employing office will know if this is the case) and...		
• You have FEHB coverage on your own or through your spouse who is also an active employee		✓
• You have FEHB coverage through your spouse who is an annuitant	✓	
6) Are a Federal judge who retired under title 28, U.S.C., or a Tax Court judge who retired under Section 7447 of title 26, U.S.C. (or if your covered spouse is this type of judge) and you are not covered under FEHB through your spouse under #3 above	✓	
7) Are enrolled in Part B only, regardless of your employment status	✓ for Part B services	✓ for other services
8) Are a Federal employee receiving Workers' Compensation		✓*
9) Are a Federal employee receiving disability benefits for six months or more	✓	
B. When you or a covered family member...		
1) Have Medicare solely based on end stage renal disease (ESRD) and...		
• It is within the first 30 months of eligibility for or entitlement to Medicare due to ESRD (30-month coordination period)		✓
• It is beyond the 30-month coordination period and you or a family member are still entitled to Medicare due to ESRD	✓	
2) Become eligible for Medicare due to ESRD while already a Medicare beneficiary and...		
• This Plan was the primary payor before eligibility due to ESRD (for 30 month coordination period)		✓
• Medicare was the primary payor before eligibility due to ESRD	✓	
3) Have Temporary Continuation of Coverage (TCC) and...		
• Medicare based on age and disability	✓	
• Medicare based on ESRD (for the 30 month coordination period)		✓
• Medicare based on ESRD (after the 30 month coordination period)	✓	
C. When either you or a covered family member are eligible for Medicare solely due to disability and you...		
1) Have FEHB coverage on your own as an active employee or through a family member who is an active employee		✓
2) Have FEHB coverage on your own as an annuitant or through a family member who is an annuitant	✓	
D. When you are covered under the FEHB Spouse Equity provision as a former spouse		
	✓	

*Workers' Compensation is primary for claims related to your condition under Workers' Compensation.

Section 10. Definitions of Terms We Use in This Brochure

Assignment	<p>An authorization by you (the enrollee or covered family member) that is approved by us (the Carrier), for us to issue payment of benefits directly to the provider.</p> <ul style="list-style-type: none">• We reserve the right to pay you directly for all covered services. Benefits payable under the contract are not assignable by you to any person without express written approval from us, and in the absence of such approval, any assignment shall be void.• Your specific written consent for a designated authorized representative to act on your behalf to request reconsideration of a claim decision (or, for an urgent care claim, for a representative to act on your behalf without designation) does not constitute an Assignment.• OPM's contract with us, based on federal statute and regulation, gives you a right to seek judicial review of OPM's final action on the denial of a health benefits claim but it does not provide you with authority to assign your right to file such a lawsuit to any other person or entity. Any agreement you enter into with another person or entity (such as a provider, or other individual or entity) authorizing that person or entity to bring a lawsuit against OPM, whether or not acting on your behalf, does not constitute an Assignment, is not a valid authorization under this contract, and is void.
Calendar year	<p>January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.</p>
Clinical trials cost categories	<p>An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is either Federally funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration; or is a drug trial that is exempt from the requirement of an investigational new drug application.</p> <ul style="list-style-type: none">• Routine care costs – costs for routine services such as doctor visits, lab tests, X-rays and scans, and hospitalizations related to treating the patient's condition whether the patient is in a clinical trial or is receiving standard therapy.• Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care.• Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This plan does not cover these costs.
Coinsurance	<p>See Section 4, page 23.</p>
Copayment	<p>See Section 4, page 23.</p>
Cost-sharing	<p>See Section 4, page 23.</p>
Covered services	<p>Care we provide benefits for, as described in this brochure.</p>
Custodial care	<p>(1) Assistance with activities of daily living, for example, walking, getting in and out of bed, dressing, feeding, toileting, and taking medication. (2) Care that can be performed safely and effectively by people who, in order to provide the care, do not require medical licenses or certificates or the presence of a supervising licensed nurse. Custodial care that lasts 90 days or more is sometimes known as long-term care.</p>
Deductible	<p>See Section 4, page 23.</p>

**Experimental or
investigational service**

We do not cover a service, supply, item or drug that we consider experimental, except for the limited coverage specified in Section 9, Clinical trials. We consider a service, supply, item or drug to be experimental when the services, supply, item or drug:

1. has not been approved by the FDA; or
2. is the subject of a new drug or new device application on file with the FDA; or
3. is available as the result of a written protocol that evaluates the service's safety, toxicity, or efficacy; or
4. is subject to the approval or review of an Institutional Review Board; or
5. requires an informed consent that describes the service as experimental or investigational.

We carefully evaluate whether a particular therapy is safe and effective or offers a degree of promise with respect to improving health outcomes. The primary source of evidence about health outcomes of any intervention is peer-reviewed medical literature.

Group health coverage

Healthcare benefits that are available as a result of your employment, or the employment of your spouse, and that are offered by an employer or through membership in an employee organization. Healthcare coverage may be insured or indemnity coverage, self-insured or self-funded coverage, or coverage through health maintenance organizations or other managed care plans. Healthcare coverage purchased through membership in an organization is also "group health coverage."

Healthcare professional

A physician or other healthcare professional licensed, accredited, or certified to perform specified health services consistent with state law.

Hospice care

Hospice is a program for caring for the terminally ill patient that emphasizes supportive services, such as home care and pain and symptom control, rather than curative care. If you make a hospice election, you are not entitled to receive other healthcare services that are related to the terminal illness. If you have made a hospice election, you may revoke that election at any time, and your standard health benefits will be covered.

Medically necessary

Covered services must be medically necessary. Medically necessary means that the service is all of the following: (i) medically required to prevent, diagnose or treat your condition or clinical symptoms; (ii) in accordance with generally accepted standards of medical practice; (iii) not solely for the convenience of you, your family and/or your provider; and, (iv) the most appropriate level of Service which can safely be provided to you. For purposes of this definition, "generally accepted standards of medical practice" means (a) standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community; (b) physician specialty society recommendations; (c) the view of physicians practicing in the relevant clinical area or areas within the Kaiser Permanente Medical Care Program; and/or (d) any other relevant factors reasonably determined by us. Unless otherwise required by law, we decide if a service is medically necessary. You may appeal our decision as set forth in Section 8: The disputed claims process. The fact that one of our Plan providers has prescribed, recommended, or approved a service, item or supply does not, in itself, make it medically necessary or covered under this plan.

**Never event/serious
reportable event**

Certain Hospital Acquired Conditions, as defined by Medicare, including things like wrong-site surgeries, transfusion with the wrong blood type, pressure ulcers (bedsores), falls or trauma, and nosocomial infections (hospital-acquired infections) associated with surgeries or catheters, that are directly related to the provision of an inpatient covered service at a Plan provider.

Observation care

Hospital outpatient services you get while your physician decides whether to admit you as an inpatient or discharge you. You can get observation services in the emergency department or another area of the hospital.

Our allowance

Our allowance is the amount we use to determine our payment and your coinsurance for covered services. We determine our allowance as follows:

- For services and items provided by Kaiser Permanente, the applicable charges in the Plan's schedule of Kaiser Permanente charges for services and items provided to Plan members.
- For services and items for which a provider (other than Kaiser Permanente) is compensated on a capitation basis, the charges in the schedule of charges that Kaiser Permanente negotiates with the capitated provider.
- For items obtained at a pharmacy owned and operated by Kaiser Permanente, the amount the pharmacy would charge a Plan member for the item if a Plan member's benefit plan did not cover the item. This amount is an estimate of: the cost of acquiring, storing, and dispensing drugs, the direct and indirect costs of providing Kaiser Permanente pharmacy services and items to Plan members, and the pharmacy program's contribution to the net revenue requirements of the Plan.
- For services subject to federal surprise billing laws, the amount that we are required to pay (see Section 4 for more information about surprise billing.)
- For non-Plan Providers rendering services in the state of Maryland, our allowance shall not be less than the amount the Health Plan must pay pursuant to §19-710.1 of the Health General Article of the Annotated Code of Maryland.
- For all other services and items, the payments that Kaiser Permanente makes for the services and items or, if Kaiser Permanente subtracts cost-sharing from its payment, the amount Kaiser Permanente would have paid if it did not subtract cost-sharing.

You should also see Important Notice About Surprise Billing – Know Your Rights in Section 4 that describes your protections against surprise billing under the No Surprises Act.

Post-service claims

Any claims that are not pre-service claims. In other words, post-service claims are those claims where treatment has been performed and the claims have been sent to us in order to apply for benefits.

Pre-service claims

Those claims (1) that require precertification, prior approval, or a referral and (2) where failure to obtain precertification, prior approval, or a referral results in a reduction of benefits.

Reimbursement

A carrier's pursuit of a recovery if a covered individual has suffered an illness or injury and has received, in connection with that illness or injury, a payment from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, and the terms of the carrier's health benefits plan require the covered individual, as a result of such payment, to reimburse the carrier Charges for Covered Services out of the payment to the extent of the Covered Services provided. The right of reimbursement is cumulative with and not exclusive of the right of subrogation.

Subrogation

A carrier's pursuit of a recovery from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, as successor to the rights of a covered individual who suffered an illness or injury and has obtained benefits from that carrier's health benefits plan.

Surprise bill

An unexpected bill you receive for:

- emergency care – when you have little or no say in the facility or provider from whom you receive care, or for
- non-emergency services furnished by non-Plan providers with respect to patient visits to Plan health care facilities, or for
- air ambulance services furnished by non-Plan providers of air ambulance services.

Urgent care claims

A claim for medical care or treatment is an urgent care claim if waiting for the regular time limit for non-urgent care claims could have one of the following impacts:

- Waiting could seriously jeopardize your life or health;
- Waiting could seriously jeopardize your ability to regain maximum function; or
- In the opinion of a physician with knowledge of your medical condition, waiting would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

Urgent care claims involve Pre-service claims and not Post-service claims. We will determine whether or not a claim is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.

If you believe your claim qualifies as an urgent care claim, please contact our Member Services Department at 877-KP4-FEDS (877-574-3337). You may also prove that your claim is an urgent care claim by providing evidence that a physician with knowledge of your medical condition has determined that your claim involves urgent care.

Us/We

Us and We refer to Kaiser Foundation Health Plan of the Mid-Atlantic States, Inc.

You

You refers to the enrollee and each covered family member.
