## **Purpose**

This document presents an overview of salary data for the Executive Branch of the Federal Government, providing the public and analysts access to commonly requested information about salary for the Federal Workforce.

This document presents data in the form of tables on salary information for the Executive Branch of the Federal Government.

# Coverage

The Office of Personnel Management (OPM) data coverage is often equated to the Federal Executive civilian workforce. The data excludes a few major components of the Executive Branch (most notably the Postal Service and many intelligence agencies) and includes some parts or components of the Legislative and Judiciary Branch. OPM data excludes contractors and contract employees.

For specific exclusions and inclusions, visit FedData on the OPM's website: <a href="http://www.opm.gov/feddata/html/sdminfo.asp">http://www.opm.gov/feddata/html/sdminfo.asp</a>.

## Important Information about the Data

The data provided is comprised of Non-Seasonal Full-Time Permanent (NSFTP) Employees only. NSFTP includes all employees working a 40-hour work week year round with no absolute end date. Non-seasonal Full-Time Permanent (NSFTP) employees make up the majority of the Federal workforce, over 89%. NSFTP counts are comparably the least susceptible to seasonal variation. The implication is that NSFTP statistics offer the most consistent month-to-month comparisons. The data in the following section is restricted to NSFTP. Furthermore, the data is also restricted to employees in pay status (employees receiving a paycheck). <sup>1</sup> The data in the section below represents Fiscal Year 2017, which, in the Federal Government, ended on the 30<sup>th</sup> of September 2017. Lastly, it is important to note that the data reflects places of employment, not places of residence.

#### **Data**

This section presents basic data, in the form of tables, on salary information for the Executive Branch of the Federal Government.

<sup>&</sup>lt;sup>1</sup> Data are always filtered to employees in pay status, meaning only employees currently receiving a paycheck are included.

#### **Table 1. Federal Executive Branch Salary**

Statistics restricted to non-seasonal full-time permanent employees for Fiscal Year 2017 (as of September 2017)

Table 1 shows the average salary and quartiles for Executive Branch of the Federal workforce. The interpretation, for the 25<sup>th</sup> percentile is that, 25% of the Federal workforce salaries are less than or equal to \$56,143; 75% of the workforce salaries are greater than or equal to \$56,143. The interpretation is the same for the median, which is the 50<sup>th</sup> percentile, 50% of the Federal workforce salaries are less than or equal to \$79,386 while 50% are also greater. The 75<sup>th</sup> percentile means 75% of the Federal workforce salaries are less than or equal to \$105,839; 25% of the workforce salaries are greater than \$105,839.

AVERAGE SALARY	25TH PERCENTILE	MEDIAN	75TH PERCENTILE

#### Table 2. Federal Executive Branch salary by Major Agencies

Statistics restricted to non-seasonal full-time permanent employees for Fiscal Year 2017 (as of September 2017)

Table 2 provides the average salary and quartiles by agencies, for commonly requested agencies for Fiscal Year 2017. The table also has a category, "ALL OTHER AGENCIES" which contains all agencies not listed. The interpretation for the quartiles is the same as in table 1. For the 25<sup>th</sup> percentile, 25% of the Federal workforce salaries are less than or equal to the number listed while 75% are greater than or equal to that number. For the median, which is the 50<sup>th</sup> percentile, 50% of the Federal workforce salaries are less than or equal to the number listed while 50% are also greater than or equal to that number. The 75<sup>th</sup> percentile means 75% of the Federal workforce salaries are less than or equal to the number listed while 25% are greater than or equal to that number.

#### **Table 3. Federal Executive Branch Salary by State**

Statistics restricted to non-seasonal full-time permanent employees for Fiscal Year 2017 (as of September 2017)

Table 3 shows the average salary and quartiles of the executive Branch of the Federal workforce for each State and the District of Columbia. It is important to note that the data reflect places of employment, not places of residence. The interpretation for the quartiles is the same as in table 1. For the 25<sup>th</sup> percentile, 25% of the Federal workforce salaries are less than or equal to the number listed while 75% are greater than or equal to that number. For the median, which is the 50<sup>th</sup> percentile, 50% of the Federal workforce salaries are less than or equal to the number listed while 50% are also greater than or equal to that number. #### **Table 4. Federal Executive Branch Salary by Gender**

Statistics restricted to non-seasonal full-time permanent employees for Fiscal Year 2017 (as of September 2017)

Table 4 shows the average salary and quartiles of the executive Branch of the Federal workforce for gender. The interpretation for the quartiles is the same as in table 1. For the 25<sup>th</sup> percentile, 25% of the Federal workforce salaries are less than or equal to the number listed while 75% are greater than or equal to that number. For the median, which is the 50<sup>th</sup> percentile, 50% of the Federal workforce salaries are less than or equal to the number listed while 50% are also greater than or equal to that number. The 75<sup>th</sup> percentile means 75% of the Federal workforce salaries are less than or equal to the number listed while 25% are greater than or equal to that number.

GENDER	AVERAGE SALARY	25TH PERCENTILE	MEDIAN	75TH PERCENTILE
